*P3a. Description: (Describe resource and its major elements. Include design, materials, condition, alterations, size, setting, and boundaries.)

561-567 Fell St. is located on a 30' x 69' lot on the south side of Fell Street between Laguna and Buchanan Streets. Built ca. 1890, 561-567 Fell St is a 3-story, wood frame, multiple family dwelling containing 4 units originally designed in the Stick/Eastlake style. The rectangular-plan building, clad in stucco, is capped by a flat roof. The primary façade faces north and is 3 bays wide. The ground floor features garages in the end bays and a centered set of terrazzo steps with concrete parapet walls leading to the main entrance on the first story. The main entrance is sheltered inside a recessed entry porch with bracketed opening and a cartouche and garland above the opening. The building has two entrances fitted with glazed, paneled wood doors. The left and right bays of the first and second story contain rectilinear bay windows with double-hung, arched wood sash on the first story and squared sash on the second story. The center bays of the second story contain single, flush double-hung, wood sash windows. The primary facade terminates in paneled frieze and bracketed cornice.

The building appears to be in good condition.
