*P3a. Description: (Describe resource and its major elements. Include design, materials, condition, alterations, size, setting, and boundaries.)

536-538 Fell Street is located on a 27.5' x 65' lot on the north side of Fell Street between Buchanan and Laguna Streets. Built in 1870, 536-538 Fell Street is a 3-story, wood frame, multiple family building containing 2 flats originally designed in the Italianate style. The rectangular-plan building, clad in stucco, is capped by a flat roof. The primary façade faces south and is 2 bays wide. The ground story features wood steps and stuccoed parapet walls in the left bay, leading to the main entrance on the first story. The right bay contains a garage. The left bay on the first story has a recessed entry porch sheltering two entrances fitted with modern, paneled, glazed wood doors with transoms. A single vinyl window with fixed top light and bottom awning sash is set immediately left of the porch entrance. The right bay of the first and second stories features a semi-circular bay window with vinyl windows with fixed top lights and bottom awning sash. The left bay on the second story has a chamfered bay window with identical sash. The primary facade terminates in a cornice with dentil molding, frieze panels, and bracketed cornice. The building appears to be in good condition.
