*P3a. Description: (Describe resource and its major elements. Include design, materials, condition, alterations, size, setting, and boundaries.)

108 Fillmore Street is located on a rectangular lot on the east side of Fillmore Street between Germania and Hermann Streets. Built in 1904, 108 Fillmore Street is a heavily remodeled, 4-story, wood-frame, multiple-family dwelling containing 2 flats. The rectangular-plan building, clad in stucco on the façade and wood channel siding on the secondary elevations, is capped by a flat roof. The primary façade faces west and is 1.5 bays wide. The full-width bay of the first floor features an integrated garage, while the half bay features a recessed entry with a glass door and sidelights. The upper three floors are generally characterized by centered banks of metal frame, fixed and casement windows in the full bay and vertical ribbon windows in the half bay. The fourth story has a large shed wall dormer centered on the main bay. The building ends in a plain roofline.

The building appears to be in good condition, but is unrecognizable as a building constructed in 1904 due to alterations that occurred in 2001.
