

STREETSCAPE GREENING

Turf Block / "Green Fuzz"

Sidewalk Planters

Planted Bulb-outs

PEDESTRIAN LIGHTING

BICYCLE SHARROWS

Schedule:

The design phase of the 22nd Street Green Connection Streetscape project is kicking off now with Public Works leading the design team. 22nd Street construction (paving and streetscape) will follow the 22nd St Caltrain bridge replacement project, currently scheduled from 1/2016 through 10/2016.

Funding:

\$2 million in development impact fees are currently allocated to the project. On August 24, the project team will request the Eastern Neighborhoods Community Advisory Committee recommend an additional \$1.5 million for the 22nd St project.

CONCEPT PLAN

08.11.15

The 22nd Street Green Connection Streetscape project area is from Illinois Street to Pennsylvania Avenue. The project proposes to enhance the public realm of the 22nd Street commercial corridor through tree and understory planting, new pedestrian lighting, replacement of sidewalk concrete where needed and installation of turf block treatments, corner sidewalk bulbouts, new painted crosswalks and bike route markings (sharrows). In addition to

the pedestrian and public realm improvements, the project will strengthen the connection for people cycling from the Illinois St bikeway to the 22nd St Caltrain station at Iowa Street. The 22nd Street Green Connection Streetscape project will coordinate with Public Works paving program's repaving of 22nd Street.
