DEPARTMENT**

# Announcing the **SOMA** SOUTH OF MARKET AREA

## HISTORIC RESOURCES SURVEY

The Planning Department has recently completed a survey of historic resources in the South of Market Area (see the map for the survey boundaries). The Department welcomes your input on the survey materials, including factual corrections. No action is required of you, and there are no changes to the permitted uses or zoning of your property as a result of the survey.

The purpose of a survey is to identify and evaluate properties that appear to be historic resources eligible for listing in the National Register of Historic Places and/or California Register of Historical Resources. For more information on specific properties, please go to the website for this project: <http://somasurvey.sfplanning.org>. This web site also contains information on what this survey means to property owners and the public.

**The Planning Department will be holding a community meeting to receive your input and answer questions regarding the survey.**
