Recommendation: Recommend Approval as Proposed

PLANNING CODE AMENDMENT

This legislation amends Administrative Code, Article IV, Section 31.22(12)(3) Basic Fees to: (1) include language that the fees are subject to the Controller's annual adjustment based on the two-year average consumer price index (CPI) and (2) adjust fees based on this CPI rate.

THE WAY IT IS NOW:

The Controller annually adjusts planning application fees, excluding appeal fees, by the two-year average consumer price index (CPI) for the San Francisco/San Jose Primary Metropolitan Statistical Area (PMSA).

CEQA Basic Fees (Administrative Code, Article IV, Section 31.22(12)(3) Basic Fees): Section 31.22(12)(3) reads: The Controller will annually adjust the fee amounts specified in Section 31.22(a)(1), (2), (5), (7), (8), (9), (10), and (11), Section 31.22 (c), Section 31.23(d) and Section 31.23.1(a) and (b) by the two-year average consumer price index (CPI) change for the San Francisco/San Jose PMSA.

THE WAY IT WOULD BE:

A CPI increase of 2.07% will be applied to all fees except for appeal fees.

<u>CEQA Basic Fees (Administrative Code, Article IV, Section 31.22(12)(3) Basic Fees)</u>: The Additional code references will be made to the current 31.22(12)(3) code: "The Controller will annually adjust the fee amounts specified in Section 31.22(a)(1), (2), (5), (7), (8), (9), (10), and (11), and (12), Section 31.22(b)(1) and (6), Section 31.22 (c), Section 31.23(d) and Section

31.23.1(a) and (b) by the two-year average consumer price index (CPI) change for the San Francisco/San Jose PMSA." **Projected Revenue Impact: \$0** (These fees are currently adjusted annually by the Controller's Office).

REQUIRED COMMISSION ACTION

The proposed ordinance is before the Commission so that it may recommend adoption, rejection, or adoption with modifications to the Board of Supervisors.

RECOMMENDATION

The Department recommends that the Commission adopt the Draft Resolution recommending the proposed Ordinance. The legislation would ensure all fee languages clearly states yearly adjustments.

BASIS FOR RECOMMENDATION

All planning application fees are subject to the Controller's annual adjustment based on the two-year average consumer price index (CPI) change for the San Francisco/San Jose Primary Metropolitan Statistical Area (PMSA). The existing rule for CEQA Basic Fees does not include this language, and the proposed change simply adds this language.

ENVIRONMENTAL REVIEW

The proposal to amend Article 3.5 of the Planning Code would result in no physical impacts on the environment. The proposed amendment is exempt from environmental review under Section 15060(c)(2) of the CEQA Guidelines.

PUBLIC COMMENT

As of the date of this report, the Planning Department has received no letters in support or opposition to the proposal from the public.

Recommendation Recommend Approval

RECOMMENDING ADOPTION OF A PROPOSED ORDINANCE THAT WOULD AMEND ADMINISTRATIVE CODE, ARTICLE IV, SECTION 31.22(12)(3) BASIC FEES TO (1) INCLUDE LANGUAGE THAT THE FEES ARE SUBJECT TO THE CONTROLLER'S ANNUAL ADJUSTMENT BASED ON THE TWO-YEAR AVERAGE CONSUMER PRICE INDEX (CPI), AND (2) ADJUST FEES BASED ON THIS CPI RATE, AND MAKES SECTION 302 AND ENVIRONMENTAL FINDINGS.

PREAMBLE

Whereas, all planning application fees are subject to the Controller's annual adjustment based on the two-year average consumer price index (CPI) change for the San Francisco/San Jose Primary Metropolitan Statistical Area (PMSA). The existing rule for CEQA Basic Fees does not include this language, and the proposed change simply adds this language.

The Historic Preservation Commission (hereinafter "Commission") conducted a duly noticed public hearing at a regularly scheduled meeting to consider the proposed Ordinances on May 18, 2011.

The Planning Department (hereinafter "Department") has not received any letters or phone calls in support or in opposition to the proposed Ordinance.

MOVED, that the Commission hereby recommends the ADOPTION of the proposed Ordinance based on the following findings:

FINDINGS

Having reviewed the materials identified in the preamble above, and having heard all testimony and arguments, this Commission finds, concludes, and determines as follows:

Exhibit C: Historic Preservation Motion No. xxxxx

Hearing Date: May 18, 2011

CASE NO. 2011.0427T Administrative Code Fee Changes

CEQA Basic Fees (Administrative Code, Article IV, Section 31.22(12)(3) Basic Fees): The Additional code references will be made to the current 31.22(12)(3) code: "The Controller will annually adjust the fee amounts specified in Section 31.22(a)(1), (2), (5), (7), (8), (9), (10), and (11), and (12), Section 31.22(b)(1) and (6), Section 31.22 (c), Section 31.23(d) and Section 31.23.1(a) and (b) by the two-year average consumer price index (CPI) change for the San Francisco/San Jose Primary Metropolitan Statistical Area (PMSA)."

DECISION

The Commission, after carefully balancing the competing public and private interests, and based upon the Recitals and Findings set forth above, in accordance with the standards specified in the Code, hereby approves an amendment to Administrative Code, Article IV, Section 31.22(12)(3) Basic Fees to include language that the fees are subject to the Controller's annual adjustment based on the two-year average Consumer Price Index (CPI) and adjust fees based on this CPI rate.

I hereby certify that the foregoing Motion was ADOPTED by the Historic Preservation Commission on May 18, 2011.

Proposed Fee Change Legislation

FY2011-2012

May 2011

Tom DiSanto, Chief Administrative Officer

Keith DeMartini, Finance Manager

Agenda

- 1. Annual Consumer Price Index (CPI) Adjustments
- 2. Correcting CPI Language for Administrative Code Section 31.22(12)(3) – CEQA Basic Fees
- 3. Place a 50% cap on initial fees based on estimated construction cost
- 4. Plan to comprehensively update all fees in FY11-12

CPI Adjustments

2.07% CPI rate increase this year

- Every year, the Controller will annually adjust the fee amounts by the two-year average consumer price index (CPI) change for the San Francisco/San Jose Primary Metropolitan Statistical Area (PMSA).
- All fees in the Schedule of Application Fees will be adjusted, and the Planning and Administrative Code will be updated.

CPI Language in Admin Code

Correcting CPI Language for Administrative Code Section 31.22(12)(3) – CEQA Basic Fees:

"The Controller will annually adjust the fee amounts specified in Section 31.22(a)(1), (2), (5), (7), (8), (9), (10), and (11), and (12), Section 31.22(b)(1) and (6), Section 31.22 (c), Section 31.23(d) and Section 31.23.1(a) and (b) by the two-year average consumer price index (CPI) change for the San Francisco/San Jose PMSA."

50% Cap on Initial Fees

Basis for Recommendation

- For many small-scale construction projects, the implementation of the existing rule has sometimes resulted in the initial fee amount being *more than* 50% of the estimated construction cost.
- The high initial fee amount has deterred applicants from following through on a project.
- The change encourages applicants to follow through on these projects.
- Does not represent a significant revenue impact compared to the department's overall revenue budget.

50% Cap on Initial Fees

Place a cap on the initial fee amount at *no more than* 50% of the estimated construction cost of the project

- 1. Conditional Use Applications (*Planning Code, Section 352(a*)
- 2. Commission and Variance Applications (*Planning Code, Section 352(b)*)
- 3. Downtown (C-3) District Review (Section 309) and Coastal Zone Permit (Section 330) Applications (*Planning Code, Section 352(c)*)
- 4. Certificate of Appropriateness (*Planning Code, Section 356(c*))
- 5. Building Permit Applications (*Planning Code, Section 355*)
 - a. Change in Use or Alteration of an Existing Building
 - b. New Construction

50% Cap on Initial Fees

Summary of potential lost revenue and volume of applications and permits that would have been subject to the 50% limitation if the proposed change had been in place during the past three fiscal years.

Potential Lost Revenue & Volume Summary	FY08-09 Actual	FY09-10 Actual	FY10-11 Projection	3-Year Average
Planning Application Fees – Lost Revenue	\$2,410	\$1,325	\$6,271	\$3,335
Application Volume	5	5	7	6
DBI Permit Costs (Planning)	\$8,702	\$7,820	\$4,383	\$6,968
Permit Volume	63	49	29	47
Total Potential Lost Revenue	\$11,112	\$9,145	\$10,653	\$10,303

Plan to Update Fee Schedule

- Cost of Services Study
 - Last conducted by PRM in May 2006
 - Comprehensive analysis of DBI and Planning services to understand cost of services
 - Assess appropriateness of current fees
 - Study took 1 year to complete and cost ~\$50K
 - Resulted in cost study models for DBI and Planning, and baseline for fees

Plan to Update Fee Schedule

- The 50% cap on initial fees is the necessary first step before comprehensively reviewing all fees
 - This change will help inform analysis for other fee changes
- Many fees may need to be adjusted based on actual,
 more accurate cost of services over the past 5 years
- In FY11-12, Planning will conduct a comprehensive analysis of cost of services provided compared to current fees in order to recommend fee changes
