PROJECT DESCRIPTION

The Nob Hill Masonic Center ("Center") has operated since 1958, hosting activities associated with the Freemasons, as well as a variety of events that include music, comedy, and cultural performances, civic events (such as graduations and naturalization ceremonies), exhibitions, and corporate meetings. The assembly and entertainment functions of the Center became nonconforming in 1978, when the subject property was rezoned to the RM-4 District, which does not permit such activities. The proposal is to continue the operation of the nonconforming entertainment and assembly uses, as well as the existing food and beverage service uses, which are conditionally permitted within the Nob Hill Special Use District. No enlargement or intensification of the existing nonconforming use, and no change to the physical configuration of the Center is proposed as part of the request for Conditional Use authorization. The maximum capacity of the auditorium would remain at 3,282 persons.

SITE DESCRIPTION AND PRESENT USE

The Project Site is located on the south side of California Street between Jones and Taylor Streets, Block 0253, Lot 020. The subject property is located within the RM-4 (Residential Mixed, High Density) District, the 65-A Height and Bulk District, and the Nob Hill Special Use District. The Project Site gently slopes along the California Street frontage, but is steeply sloped along the Taylor Street frontage. The Center occupies nearly the entire site, and includes approximately 118,000 square feet of assembly and entertainment space, 17,000 square feet of administrative space utilized by the Freemasons, and a parking garage containing approximately 565 off-street parking spaces. The property measures 49,841 square feet, including a 25-foot wide flag portion fronting on Pine Street. This flag portion provides access to a loading area, and secondary access to the parking garage.

SURROUNDING PROPERTIES AND NEIGHBORHOOD

The Project Site is located within the Nob Hill neighborhood, an area characterized by a mix of hotel, institutional, and high-density residential uses. Neighborhood-serving commercial uses are scattered at various corners throughout the neighborhood, as well as along nearby commercial strips on Polk Street, Pacific Avenue, and the Chinatown neighborhood to the east. Several prominent institutional uses (including the Grace Cathedral and the Pacific Union Club) and hotels (the Fairmont and the Mark Hopkins Intercontinental) are clustered in the immediate vicinity on California Street between Powell and Jones Streets.

The scale of existing buildings varies greatly in the vicinity of the Project Site. Taller buildings, some exceeding twelve stories in height, are clustered near the crest of Nob Hill. This cluster accentuates and exaggerates the underlying topography, creating a recognizable orientation point within the skyline of the City. Buildings are generally lower to the in the downslope areas, averaging four to five stories in height. The building immediately to the west is a 16-story residential tower, while the remainder of the block to the south is comprised of lower-scale residential uses.

ENVIRONMENTAL REVIEW

The requested Conditional Use authorization is exempt from the California Environmental Quality Act, pursuant to California Code of Regulations Sections 15060(c)(2), because the continued operation of the existing uses will not result in a direct or reasonably foreseeable indirect physical change in the environment.

HEARING NOTIFICATION

TYPE	REQUIRED PERIOD	REQUIRED NOTICE DATE	ACTUAL NOTICE DATE	ACTUAL PERIOD

PUBLIC COMMENT

Staff has received a large number of communications regarding the project. A significant number of these communications have questioned the historic frequency and number of events (particularly live entertainment events) that have occurred in the past and would serve as a baseline for future operating conditions. Several communications also claim that the Center has infrequently served alcohol at prior events, at fewer beverage stations than the five stations proposed for continued operation. Members of the public have also raised concerns regarding traffic, noise (from patron activity and loading operations), parking impacts (from patrons, tour buses, and equipment trucks), and changes in the type of events that would be held at the Center.

ISSUES AND OTHER CONSIDERATIONS

- The existing Center was operated as a permitted use until 1978, when the subject property was rezoned to the RM-4 Zoning District. The RM-4 District does not permit entertainment and

assembly uses, therefore, the Center became non-conforming with this rezoning. Planning Code Section 185(e) permits nonconforming uses to continue operation beyond specified termination dates through the Conditional Use authorization process, provided that no intensification or enlargement of the use is proposed. Section 238(d) permits eating and drinking uses (except large fast-food restaurants) within the Nob Hill SUD, through the Conditional Use authorization process.

- The Project Sponsor proposes to operate five food and beverage stations concession stations within the Center, and has represented that this would be a continuation of the average number of food and beverages stations that have historically operated within the Center. Until 2010, individual event promoters were responsible for obtaining "one-day" permits from the California Department of Alcoholic Beverage Control (ABC). These permits applied to the premises of the Center, and did not describe a specific number of concession stations. There is insufficient evidence to reliably establish an historic average in terms of the number of these stations. Therefore, the draft motion does not include any conditions with respect to the quantity of stations. However, the Planning Commission may impose conditions of approval to limit the number of concession stations, at its discretion. Staff requests that the Commission consider whether to impose such limitations.
- Staff reviewed a list of events held at the Center from the years 2002 through 2007, and separately counted the number of events that would be considered "live entertainment" events, based on definitions within the Planning Code and the Police Code. Such events include music concerts, comedic performances, fashion shows, pageants, and proms. During this period, the Center hosted an average of 54 live entertainment events per year, and an average of 175 events that did not involve live entertainment.

A draft condition has been added to the motion that limits the number of annual events that may be held at the center, in order to reflect historic operating conditions. A longstanding Zoning Administrator interpretation of Planning Code Section 186.1(b) establishes that a 25% increase in the gross floor area of a particular use is not considered to be a significant intensification. In practice, this 25% threshold has been applied to other situations where the intensity of a use is quantified through a measurement other than gross floor area. Although this interpretation does not strictly address the issue of the number of events, it would be appropriate to apply this interpretation to allow an increase of 25% in the number of annual events held at the Center compared to the average number of events held between the years 2002 through 2007. Therefore, a draft condition has been added to the motion that limits the Center to an annual total of 68 live entertainment events, and 219 non-live entertainment events.

- On September 10, 2009, the Zoning Administrator issued a Letter of Determination ("LOD") regarding the Center, which included a determination that the Center is a non-conforming use. The LOD further stated that Section 182(b)(1) allows a non-conforming use located within a quarter-mile of an Individual Area Neighborhood Commercial District ("NCD") to receive Conditional Use authorization to change to another use which is permitted as a conditional use at the first story in an NC-1 District, and in the Individual Area NCD. The Center is located

within 1/4 mile of the Polk Street NCD, and both the Polk Street NCD and the NC-1 District allow "Other Entertainment" uses with Conditional Use authorization.

On March 4, 2010, the Commission approved a Conditional Use authorization to change the existing non-conforming use of the Center to an "Other Entertainment" use, pursuant to the process identified within the LOD. As part of this approval, the interior of the Center would have been reconfigured to upgrade the stage, sound, and lighting equipment, install eight food and beverage stations, and remove some permanent seating to increase the maximum patron capacity to 3,500. This approval included numerous operational conditions, including limitations on the annual number of events, with specific limitations placed on the number of live entertainment events. This approval was subsequently appealed to the Board of Supervisors, who approved the Conditional Use authorization on May 4, 2010 and imposed additional conditions, including limiting patron capacity to 3,300 persons and reducing the number of annual live entertainment events from 95 to 85.

In April 2011, the Superior Court of California ruled that the Zoning Administrator erred in finding that the renovation of the Center and the requested change in use could be approved through the process identified in Section 182(b). The Court also rejected the determination of the Planning Department that the project was Categorically Exempt from the California Environmental Quality Act. However, the Court upheld the determination of the Zoning Administrator that the Center, in its current form, is a non-conforming use. Through the process identified in Section 185(e), the sponsor is now requesting to continue this non-conforming use, with no intensification or enlargement of the use, and no change in patron capacity.

- The Center has operated since the 1950's, without substantial operational conditions, other than those imposed by the Planning Code and other applicable regulations. Conditions of approval are proposed to maintain the historic level of operating intensity and to minimize impacts to the surrounding neighborhood. These conditions would limit the number of annual events and operating hours, promote safety and security, address parking and traffic control, set parameters for loading operations, limit hours for serving alcoholic beverages, and establish a program to monitor and enforce these conditions.

Where appropriate, staff has incorporated into the draft motion the conditions of approval from the previous Conditional Use authorization in 2010. However, staff did not include two previous conditions that addressed actions by the Police Department, and were not within the direct authority of the Planning Department. Specifically, the first condition stated that, based on a pattern of safety and security problems with a particular event at other venues, the Chief of Police may order that the event shall not be held at the Center. The second condition specified that two or more off-duty officers must be hired for events with more than 1,250 pre-sold tickets. The Commission may wish to consider whether to impose such requirements on the continued operation of the Center.

REQUIRED COMMISSION ACTION

In order for the project to proceed, the Commission must grant Conditional Use authorization to allow the continuation of the existing nonconforming assembly and entertainment uses, as well as the continuation of the existing food and beverage service uses, pursuant to Planning Code Sections 185(e) and 303.

BASIS FOR RECOMMENDATION

- *The project would allow the continued operation of the Masonic Center as a venue of regional cultural, entertainment, and civic importance.*
- *Extensive conditions of approval have been included with the draft motion to minimize impacts of the venue to the surrounding neighborhood.*
- *On balance, the conditions of approval will allow the venue to continue operating in a manner that is desirable for the community and the City as a whole, and is compatible with the area.*

ADOPTING FINDINGS RELATED TO THE APPROVAL OF A CONDITIONAL USE AUTHORIZATION TO CONTINUE THE EXISTING NONCONFORMING ASSEMBLY AND ENTERTAINMENT USES OF THE "NOB HILL MASONIC CENTER", AND TO CONTINUE THE EXISTING FOOD AND BEVERAGE SERVICE USES WITHIN THE CENTER, PURSUANT TO PLANNING CODE SECTIONS 185(e) AND 303, ON A PROPERTY WITHIN THE RM-4 (RESIDENTIAL MIXED, MEDIUM DENSITY) DISTRICT, THE 65-A HEIGHT AND BULK DISTRICT, AND THE NOB HILL SPECIAL USE DISTRICT.

PREAMBLE

On August 12, 2011, Steven Vettel, acting on behalf of Allan Casalou, ("Project Sponsor", representing the California Masonic Memorial Temple), submitted a request with the City and County of San Francisco Planning Department ("Department") for a Conditional Use authorization (Case No. 2011.0471C) to continue the existing non-conforming assembly and entertainment uses, as well as the existing food and beverage service uses, at the Nob Hill Masonic Center ("Center") located at 1111 California Street ("Project Site"), within the RM-4 Zoning District and the Nob Hill Special Use District ("SUD"), pursuant to Planning Code Section ("Section") 238(d). No enlargement, intensification, or extension of the existing nonconforming use is proposed as part of the request for Conditional Use authorization.

The requested Conditional Use authorization is exempt from the California Environmental Quality Act, pursuant to California Code of Regulations Sections 15060(c)(2), because the continued operation of the

existing uses will not result in a direct or reasonably foreseeable indirect physical change in the environment.

On January 19, 2012, the San Francisco Planning Commission ("Commission") conducted a duly noticed public hearing at a regularly scheduled meeting on Conditional Use Application No. 2011.0471C.

The Commission has heard and considered the testimony presented to it at the public hearing and has further considered written materials and oral testimony presented on behalf of the applicant, Department staff, and other interested parties.

MOVED, that the Commission hereby authorizes the Conditional Use requested in Application No. 2011.0471C, subject to the conditions contained in "EXHIBIT A" of this motion, based on the following findings:

FINDINGS

Having reviewed the materials identified in the preamble above, and having heard all testimony and arguments, this Commission finds, concludes, and determines as follows:

1. The above recitals are accurate and constitute findings of this Commission.
2. **Project Description.** The Center has operated since 1958, hosting activities associated with the Freemasons, as well as a variety of events that include music, comedy, and cultural performances, civic events (such as graduations and naturalization ceremonies), exhibitions, and corporate meetings. The assembly and entertainment functions of the Center became nonconforming in 1978, when the subject property was rezoned to the RM-4 District, which does not permit such activities. The proposal is to continue the operation of the nonconforming entertainment and assembly uses, as well as the existing food and beverage service uses, which are conditionally permitted within the Nob Hill Special Use District. No enlargement or intensification of the existing nonconforming use, and no change to the physical configuration of the Center is proposed as part of the request for Conditional Use authorization. The maximum capacity of the auditorium would remain at 3,282 persons.

The Center has operated since the 1950's without substantial operational conditions, other than those imposed by the Planning Code and other applicable regulations. Conditions of approval are proposed to maintain the historic level of operating intensity and to minimize impacts to the surrounding neighborhood. These conditions would limit the number of annual events and operating hours, promote safety and security, address parking and traffic control, set parameters for loading operations, limit hours for serving alcoholic beverages, and establish a program to monitor and enforce these conditions.

3. **Site Description and Present Use.** The Project Site is located on the south side of California Street between Jones and Taylor Streets, Block 0253, Lot 020. The subject property is located

within the RM-4 (Residential Mixed, High Density) District, the 65-A Height and Bulk District, and the Nob Hill Special Use District. The Project Site gently slopes along the California Street frontage, but is steeply sloped along the Taylor Street frontage. The Center occupies nearly the entire site, and includes approximately 118,000 square feet of assembly and entertainment space, 17,000 square feet of administrative space utilized by the Freemasons, and a parking garage containing approximately 565 off-street parking spaces. The property measures 49,841 square feet, including a 25-foot wide flag portion fronting on Pine Street. This flag portion provides access to a loading area, and secondary access to the parking garage.

4. **Surrounding Properties and Neighborhood.** The Project Site is located within the Nob Hill neighborhood, an area characterized by a mix of hotel, institutional, and high-density residential uses. Neighborhood-serving commercial uses are scattered at various corners throughout the neighborhood, as well as along nearby commercial strips on Polk Street, Pacific Avenue, and the Chinatown neighborhood to the east. Several prominent institutional uses (including the Grace Cathedral and the Pacific Union Club) and hotels (the Fairmont and the Mark Hopkins Intercontinental) are clustered in the immediate vicinity on California Street between Powell and Jones Streets.

The scale of existing buildings varies greatly in the vicinity of the Project Site. Taller buildings, some exceeding twelve stories in height, are clustered near the crest of Nob Hill. This cluster accentuates and exaggerates the underlying topography, creating a recognizable orientation point within the skyline of the City. Buildings are generally lower to the in the downslope areas, averaging four to five stories in height. The building immediately to the west is a 16-story residential tower, while the remainder of the block to the south is comprised of lower-scale residential uses.

5. **Public Comment.** Staff has received a large number of communications regarding the project. A significant number of these communications have questioned the historic frequency and number of events (particularly live entertainment events) that have occurred in the past and would serve as a baseline for future operating conditions. Several communications also claim that the Center has infrequently served alcohol at prior events, at fewer beverage stations than the five stations proposed for continued operation. Members of the public have also raised concerns regarding traffic, noise (from patron activity and loading operations), parking impacts (from patrons, tour buses, and equipment trucks), and changes in the type of events that would be held at the Center.
6. **Planning Code Compliance:** The Commission finds that the project is consistent with the relevant provisions of the Planning Code in the following manner:
 - A. **Uses.** Section 185(e) permits nonconforming uses to continue operation beyond specified termination dates through the Conditional Use authorization process, provided that no intensification or enlargement of the use is proposed. Section 238(d) permits eating and drinking uses (except large fast-food restaurants) within the Nob Hill SUD, through the Conditional Use authorization process.

The existing Center was operated as a permitted use until 1978, when the subject property was rezoned to the RM-4 Zoning District. The RM-4 District does not permit entertainment and assembly uses, therefore, the Center became non-conforming with this rezoning. The Project Sponsor is requesting Conditional Use authorization to continue the operation of the nonconforming assembly and entertainment uses of the Center, without any enlargement or intensification. Conditions of approval are proposed to maintain the historic level of operating intensity and to minimize impacts to the surrounding neighborhood.

The Project Sponsor proposes to operate five food and beverage stations concession stations within the Center, and has represented that this would be a continuation of the average number of food and beverages stations that have historically operated within the Center. Until 2010, individual event promoters were responsible for obtaining "one-day" permits from the California Department of Alcoholic Beverage Control (ABC). These permits applied to the premises of the Center, and did not describe a specific number of concession stations. There is insufficient evidence to reliably establish an historic average in terms of the number of these stations. Therefore, this motion does not include any conditions with respect to the quantity of stations.

- B. Off-Street Parking.** Section 151 theater or auditorium uses to provide one parking space for every eight seats up to 1,000 seats, plus one space for each ten seats in excess of 1,000.

The existing Masonic Center garage contains 565 parking spaces. However, 205 of these spaces are currently leased to monthly leaseholders. A condition of approval has been added requiring that the Center provide off-street parking spaces within the garage in perpetuity for the use of event patrons, in an amount which conforms to the requirements of Planning Code Section 151. This conditions stipulates that the number of spaces may not be reduced or otherwise made unavailable due to monthly leases or other commitments of spaces within the garage.

- C. Loading.** Section 152 requires off-street freight loading for uses above a certain size. An Other Entertainment use that measures between 100,001 to 200,000 square feet of gross floor area would be required to provide one off-street loading space.

The gross floor area of the Center measures approximately 118,000 square feet. An existing loading dock is accessed via Pine Street and measures approximately 35 feet in length by 10 feet in width. This loading space fails to meet several aspects of the Planning Code as follows:

- 1) Enclosure: Pursuant to Section 155(p), a loading area within 50 feet of an "R" District shall be completely enclosed within a building if the area is used in regular night operation. Given the nature of the proposed Other Entertainment use, it is expected that this loading dock would be used at night. The dock is unenclosed and is located within an "R" District, and therefore fails to meet the enclosure requirement of the Planning Code.*
- 2) Dual-Use of Loading Dock: According to the Project Sponsor, the loading dock area also partially serves as a secondary driveway for vehicles to access the Masonic Center parking garage.*

Because the existing loading dock does not comply with these aspects of the Planning Code, the Center is considered to be a "noncomplying structure" as defined by Section 180(a)(2). The Planning Code calculates loading requirements based on the gross floor area of a structure. Because the Project would continue the existing operation of the Center, and would not increase the overall gross floor area of the structure, the Project is not considered an intensification that would increase the number of required loading spaces pursuant to the Planning Code.

- D. **Hours of Operation.** Section 185(e) does not specify hours of operation of nonconforming uses which are permitted to continue operation through Conditional Use authorization.

A Condition of approval have been added requiring that all weeknight events end by 11:00PM, and all weekend events end by 11:30PM. In addition, this condition would allow the Project Sponsor to seek authorization from the San Francisco Police Department, the Planning Department, and the Entertainment Commission for up to three events per year that extend until 1:00AM.

7. **Planning Code Section 303(c)** establishes criteria for the Planning Commission to consider when reviewing applications for Conditional Use Authorization. On balance, the Project does comply with said criteria in that:

- A. The proposed use or feature, at the size and intensity contemplated and at the proposed location, will provide a development that is necessary or desirable for, and compatible with, the neighborhood or the community.

The Center is a venue of regional cultural, entertainment, and civic importance that has hosted a wide variety of events since 1958. In addition to activities associated with the Freemasons, these events include music, comedy, and cultural performances, civic events (such as graduations and naturalization ceremonies), exhibitions, and corporate meetings. However, the operation of a venue with Citywide and regional significance, has the potential to cause a number of substantial impacts to the surrounding area.

The Center has operated since the 1950's without substantial operational conditions, other than those imposed by the Planning Code and other applicable regulations. The imposition of conditions of approval will allow the Center to continue operating as a important entertainment, cultural, and civic venue while minimizing impacts to the surrounding neighborhood. Conditions have been added that limit the number of events and operating hours, promote safety and security, address parking and traffic control, set parameters for loading operations, limit hours for serving alcoholic beverages, and establish a program to monitor and enforce these conditions. On balance, these conditions will allow the venue to continue operating in a manner that is desirable for the community and the City as a whole, and is compatible with the area, and reflects historic operating conditions at the Center.

- B. The proposed use or feature will not be detrimental to the health, safety, convenience, or general welfare of persons residing or working in the vicinity, or injurious to property, improvements, or potential development in the vicinity, with respect to aspects including, but not limited to the following:

- i. Nature of proposed site, including its size and shape, and the proposed size, shape and arrangement of structures;

The size and shape of the site and the size, shape, and arrangement of the building would not change. With the imposition of the conditions of approval for the Project, the site and the building are adequate for the proposed use.

- ii. The accessibility and traffic patterns for persons and vehicles, the type and volume of such traffic, and the adequacy of proposed off-street parking and loading, including provision of car-share parking spaces, as defined in Section 166 of this Code;

The Center includes a garage with 565 parking spaces. A condition of approval has been added requiring that the Center provide off-street parking spaces within the garage in perpetuity for the use of event patrons, in an amount which conforms to the requirements of Planning Code Section 151. In addition, the Grace Cathedral garage and the Crocker garage are each located within one-half block of the Project Site and offer a total of 330 parking spaces. These garages could therefore accommodate parking needs which are not met within the Masonic Center garage. The Project Sponsor proposes to offer fixed-priced parking for larger events, with parking that can be pre-purchased at the time that the patron orders tickets for an event.

The area is moderately well-served by transit, with four MUNI lines (1 - California, 27 - Bryant, and the California and Powell-Hyde Cable Car lines) available within two blocks of the Project Site. In addition, patrons have the option to arrive at the Center by taxi, walking, or bicycling.

Because the Pine Street loading dock is unsuitable for use by large delivery vehicles, such loading is proposed to occur from the curbside parking on California Street. The Planning Code does not specifically regulate curbside parking, however, several operational conditions of approval have been added to help minimize impacts related to this curbside loading activity. Specifically, the Project Sponsor must seek approval from the San Francisco Police Department to designate a temporary truck and passenger loading zone on the south side of California Street, extending from the Masonic Center garage entrance approximately 185 feet to the west, prior to and during large events. This zone would serve multiple purposes, as enumerated and restricted by the conditions of approval, and as summarized below:

- 1) *Large trucks would park within this zone during the transfer of stage equipment and other materials for events. After the unloading activities conclude, the delivery trucks would be stored off site for the duration of the event. The trucks would return to load the materials at the end of the event, and would not be parked overnight on California Street.*

- 2) *Up to two performer buses may park within this zone beginning at to 1.5 hours prior to the beginning of an event, and may remain within the zone during the duration of the event. No more than two performer buses may park within this zone at any time, and no performer buses shall be permitted to park within this zone overnight. The Project Sponsor shall be required to install shore power (following receipts of all necessary approvals) to provide electrical power to these performer buses and avoid the use of*

engines or generators. The sponsor must also research the viability of utilizing off-street parking facilities in the vicinity to park performer buses during events.

3) The remainder of the zone (not occupied by performer buses or delivery trucks) is intended for passenger drop-off, taxi loading, and queuing for vehicles entering the Masonic Center garage.

- iii. The safeguards afforded to prevent noxious or offensive emissions such as noise, glare, dust and odor;

All events scheduled for the Center would occur within the interior of the building. Therefore, all noise directly resulting from events such as concerts is attenuated and is not perceptible outside of the building. The majority of pedestrian queuing for events would occur within the interior of the building, in the main lobby area, reducing conversational noise from waiting patrons. Shore power will be installed adjacent to street parking spaces that will accommodate performer bus parking, so that engines or generators will not need to run continuously to power accessories within these parked vehicles. Rubber or vinyl mats and curb and ramp transition strips would be placed to reduce the noise generated by loading activities requiring dollies or other rolling conveyances. The project proposes no interior or exterior changes to the Center, therefore, the Project is not expected to generate new dust or glare.

- iv. Treatment given, as appropriate, to such aspects as landscaping, screening, open spaces, parking and loading areas, service areas, lighting and signs;

The Project Site is completely built-out and no changes are proposed to the exterior with regards to landscaping, open spaces, lighting, or signs. Conditions of approval have been added to ensure that the parking, loading, and other functions associated with the events at the Center operate in a manner that minimizes impacts to the surrounding neighborhood. These conditions are discussed further under item 8(B)(ii) above.

- C. That the use as proposed will comply with the applicable provisions of the Planning Code and will not adversely affect the General Plan.

The Project complies with the applicable requirements of the Planning Code, and will not adversely affect the policies of the General Plan as discussed under Item #8 below.

- 8. **General Plan Compliance.** The Project is, on balance, consistent with the following Objectives and Policies of the General Plan:

ARTS ELEMENT

OBJECTIVE I-1:

RECOGNIZE THE ARTS AS NECESSARY TO THE QUALITY OF LIFE FOR ALL SEGMENTS OF SAN FRANCISCO.

Policy I-1.1

Promote inclusion of artistic considerations in local decision-making.

Policy I-1.2

Officially recognize on a regular basis the contributions arts make to the quality of life in San Francisco.

Policy I-1.4

Provide access to the creative process and cultural resources for all neighborhoods, cultural communities, and segments of the city and its populations.

OBJECTIVE VI-1

SUPPORT THE CONTINUED DEVELOPMENT AND PRESERVATION OF ARTISTS' AND ARTS ORGANIZATIONS' SPACES.

Policy VI-1.4

Preserve existing performing spaces in San Francisco.

The Center is a venue of regional cultural, entertainment, and civic importance that has hosted a wide variety of events since 1958. Some events of these events have been associated with the Freemasons, civic events, and exhibitions. However, the Center has a longstanding tradition of hosting performance arts events, including music of all genres, comedy, dance, and cultural performances. These events strengthen the recognition and reputation of San Francisco as a city that is supportive of the arts. Such activities strengthen the recreational and cultural vitality of San Francisco, bolster tourism, and support the local economy by drawing patrons from throughout the region. The Project would allow for the continued operation and viability of the Center as a venue to host performing arts events.

COMMERCE AND INDUSTRY ELEMENT

OBJECTIVE 8:

ENHANCE SAN FRANCISCO'S POSITION AS A NATIONAL CENTER FOR CONVENTIONS AND VISITOR TRADE.

Policy 8.1

Guide the location of additional tourist related activities to minimize their adverse impacts on existing residential, commercial, and industrial activities.

These policies includes guidelines that seek to avoid the negative impacts to residential uses resulting from entertainment venues. Conditions have been added that limit the number of evening events and operating hours, promote safety and security, address parking and traffic control, set parameters for loading operations, limit hours for serving alcoholic beverages, and establish a program to monitor and enforce these conditions. These conditions of approval will allow the Center to continue its existing operation while minimizing impacts to the surrounding neighborhood.

9. **Planning Code Section 101.1(b)** establishes eight priority-planning policies and requires review of permits for consistency with said policies. On balance, the project does comply with said policies in that:

- A. That existing neighborhood-serving retail uses be preserved and enhanced and future opportunities for resident employment in and ownership of such businesses be enhanced.

The Project would not displace any retail establishments or compromise employment opportunities in the area.

- B. That existing housing and neighborhood character be conserved and protected in order to preserve the cultural and economic diversity of our neighborhoods.

The Project would not displace any existing housing. The conditions of approval will ensure that the venue will operate in a manner that preserves and enhances the cultural and economic diversity of the neighborhood and the City, while minimizing negative impacts to the character of the area.

- C. That the City's supply of affordable housing be preserved and enhanced.

The Project will not result in the loss of any existing affordable housing units

- D. That commuter traffic not impede MUNI transit service or overburden our streets or neighborhood parking.

For patrons who wish to drive private vehicles to events, adequate parking exists at the Masonic Center garage, and other nearby garages. The area is moderately well-served by transit, and patrons may choose to arrive to the event by a mode other than private vehicles (transit, taxis, walking, or bicycles). Conditions of approval have been added to address parking and circulation of performer buses, equipment trucks, and patron vehicles.

- E. That a diverse economic base be maintained by protecting our industrial and service sectors from displacement due to commercial office development, and that future opportunities for resident employment and ownership in these sectors be enhanced.

The Project does not include any commercial office space, and will enhance opportunities for service sector employment.

- F. That the City achieve the greatest possible preparedness to protect against injury and loss of life in an earthquake.

The Project does not involve any construction activities that would compromise the structural integrity of the existing building.

- G. That landmarks and historic buildings be preserved.

No exterior or interior changes are proposed for the Project. Any future alterations and signage would be required to comply with applicable preservation standards.

- H. That our parks and open space and their access to sunlight and vistas be protected from development.

The Project, which does not include any physical expansion of the existing building envelope, would not impact any parks or open spaces or their access to sunlight.

10. The Project is consistent with and would promote the general and specific purposes of the Code provided under Section 101.1(b) in that, as designed, the Project would contribute to the character and stability of the neighborhood and would constitute a beneficial development.
11. The Commission hereby finds that approval of the Conditional Use authorization would promote the health, safety and welfare of the City.

DECISION

That based upon the Record, the submissions by the Applicant, the staff of the Department and other interested parties, the oral testimony presented to this Commission at the public hearings, and all other written materials submitted by all parties, the Commission hereby **APPROVES Conditional Use Application No. 2011.0471C** subject to the following conditions attached hereto as "EXHIBIT A" in general conformance with plans on file, dated January 19, 2012, and stamped "EXHIBIT B", which is incorporated herein by reference as though fully set forth.

APPEAL AND EFFECTIVE DATE OF MOTION: Any aggrieved person may appeal this Conditional Use Authorization to the Board of Supervisors within thirty (30) days after the date of this Motion No. XXXXX. The effective date of this Motion shall be the date of this Motion if not appealed (After the 30-day period has expired) OR the date of the decision of the Board of Supervisors if appealed to the Board of Supervisors. For further information, please contact the Board of Supervisors at (415) 554-5184, City Hall, Room 244, 1 Dr. Carlton B. Goodlett Place, San Francisco, CA 94102.

I hereby certify that the Planning Commission ADOPTED the foregoing Motion on January 19, 2012.

Linda D. Avery
Commission Secretary

AYES:

NAYS:

ABSENT:

ADOPTED: January 19, 2012

EXHIBIT A

AUTHORIZATION

This authorization is for a conditional use to allow the continuation of the existing nonconforming assembly and entertainment uses, as well as the existing food and beverage service uses (d.b.a. Nob Hill Masonic Center) located at 1111 California Street, Block 0253, Lot 020 pursuant to Planning Code Sections 185(e) and 303 within the RM-4 District, the 65-A Height and Bulk District, and the Nob Hill Special Use District; in general conformance with plans, dated January 19, 2012, and stamped "EXHIBIT B" included in the docket for Case No. 2011.0471C and subject to conditions of approval reviewed and approved by the Commission on January 19, 2012 under Motion No XXXXXX. This authorization and the conditions contained herein run with the property and not with a particular Project Sponsor, business, or operator.

RECORDATION OF CONDITIONS OF APPROVAL

Prior to the commencement of use for the Project the Zoning Administrator shall approve and order the recordation of a Notice in the Official Records of the Recorder of the City and County of San Francisco for the subject property. This Notice shall state that the project is subject to the conditions of approval contained herein and reviewed and approved by the Planning Commission on January 19, 2012 under Motion No XXXXXX.

SEVERABILITY

The Project shall comply with all applicable City codes and requirements. If any clause, sentence, section or any part of these conditions of approval is for any reason held to be invalid, such invalidity shall not affect or impair other remaining clauses, sentences, or sections of these conditions. This decision conveys no right to construct, or to receive a building permit. "Project Sponsor" shall include any subsequent responsible party.

CHANGES AND MODIFICATIONS

Changes to the approved plans may be approved administratively by the Zoning Administrator. Significant changes and modifications of conditions shall require Planning Commission approval of a new Conditional Use authorization.

Conditions of approval, Compliance, Monitoring, and Reporting

PERFORMANCE

1. **Validity and Expiration.** The authorization and right vested by virtue of this action is valid for three years from the effective date of the Motion. The approved use must be commenced within three years of the approval of this Conditional Use authorization. The Planning Commission may, in a public hearing, consider the revocation of the approvals granted if the use has not commenced within three (3) years of the date of the Motion approving the Project.

For information about compliance, contact Code Enforcement, Planning Department at 415-575-6863, www.sf-planning.org

Monitoring

PARKING AND TRAFFIC

2. **Parking Requirement.** The Project Sponsor shall make available to the general public within the Masonic Center garage no less than number of off-street parking spaces required by Planning Code Section 151 for "theater or auditorium" uses (a minimum of 1 parking space per 8 patron occupancy for the first 1,000 patrons, plus 1 space per 10 patrons above 1,000 patrons in the Auditorium). The number of spaces shall not be reduced or otherwise be made unavailable for the use of the Masonic Center due to monthly leases or other arrangements.

For information about compliance, contact Code Enforcement, Planning Department at 415-575-6863, www.sf-planning.org

3. **Parking Fee.** There shall be a fixed parking fee for events with more than 1,250 ticketed attendees.

For information about compliance, contact Code Enforcement, Planning Department at 415-575-6863, www.sf-planning.org

4. **Pre-Paid Parking.** The Project Sponsor shall offer pre-paid parking to event attendees who purchase tickets in advance of the event date through an on-line ticket service. Such pre-paid parking passes shall specify the location of the garage for which the ticket has been paid (either the Masonic Center garage or any other nearby garage that enters into a cooperating agreement with the Project Sponsor for pre-paid parking) and the location of the garage's entrance.

For information about compliance, contact Code Enforcement, Planning Department at 415-575-6863, www.sf-planning.org

5. **Bicycle Parking.** The Project Sponsor shall provide not less than 26 Class I or Class II bicycle parking spaces at the property, consistent with Planning Code Section 155.2.

For information about compliance, contact Code Enforcement, Planning Department at 415-575-6863, www.sf-planning.org

6. **Pine Street Access.** The Project Sponsor shall allow access to the Masonic Center garage through the Pine Street loading dock prior to events for holders of pre-paid parking tickets in order to reduce vehicle queuing on California Street. The Pine Street loading dock shall also be used for exiting from the garage after events.

For information about compliance, contact Code Enforcement, Planning Department at 415-575-6863, www.sf-planning.org

7. **Traffic Management.** The Project Sponsor shall minimize vehicular queuing on California Street by use of the following strategies events with more than 1,250 ticketed patrons:

- Increase traffic staffing inside the California Street garage entrance to increase the rate of vehicular entry to the garage.
- Position security personnel (including San Francisco Police Department services when warranted) outside the garage to assist with controlling and directing

Monitoring

traffic, including directing patrons to other nearby garages if and when the Masonic Center garage is full.

- Convert the center lane of the existing garage entrance ramp to a second inbound lane to increase queuing room within the garage.
- Event staff shall ensure that u-turns are prevented and that the cable car lane is free-flowing.

For information about compliance, contact Code Enforcement, Planning Department at 415-575-6863, www.sf-planning.org

8. **Overflow Parking.** The Project Sponsor shall consult with nearby public garages to inform arriving patrons that those garages can be used to park for performances and events when the Center's garage is full.

For information about compliance, contact Code Enforcement, Planning Department at 415-575-6863, www.sf-planning.org

9. **Loading Zone.** The Project Sponsor shall apply for designation of a truck and bus loading zone and passenger zone for drop-off by taxis and other vehicles and additional garage queuing for the approximately 185-foot long curb zone on California Street between the entrance to the Center garage and Gramercy Tower (1177 California Street) driveway, to be in effect only prior to and during events at the Masonic Center. The drop-off zone shall be sufficient to accommodate a minimum of three taxis or private vehicles dropping off passengers at one time.

For information about compliance, contact Code Enforcement, Planning Department at 415-575-6863, www.sf-planning.org

10. **Loading on California Street.** The Project Sponsor shall seek a special event “no parking” permit from the Police Department whenever it anticipates loading or bus operations on California Street and direct trucks to park in that zone. No double-parking of trucks shall be permitted. The Project Sponsor may load and unload from the California Street curb only stage sets, performance equipment, and related materials associated with specific events. Pursuant to the regulations of the Department of Building Inspection, a sign shall be posted on the access ramp during loading and unloading operations that notifies disabled persons of the duration of the loading and provides specific information about alternative means of disabled access into the building, which alternative access shall be maintained at all times during loading and unloading operations on California Street. After the conclusion of unloading activities, trucks using the California Street curb loading zone shall depart the premises, park off-site, and not return for loading until near the conclusion of the performance. No overnight curb parking of trucks shall be permitted on California Street.

For information about compliance, contact Code Enforcement, Planning Department at 415-575-6863, www.sf-planning.org

11. **Loading Noise.** To minimize noise during loading and unloading operations on California Street, the Project Sponsor shall install prior to loading and unloading activities a resilient surface material, such as rubber or vinyl, on truck ramps, pavement, sidewalk and the ramp and incorporate transition strips between different surfaces and shall direct that truck

Monitoring

engines be turned off except when moving the vehicle or functions that require engine power are occurring, such as lowering or raising of hydraulic ramps.

For information about compliance, contact Code Enforcement, Planning Department at 415-575-6863, www.sf-planning.org

12. Personnel conducting loading and unloading activities on California Street shall be instructed to minimize the volume of conversation and prohibit the playing of amplified music outside the building during loading and unloading, particularly during nighttime hours.

For information about compliance, contact Code Enforcement, Planning Department at 415-575-6863, www.sf-planning.org

13. **Performer Bus Parking.** During the one and one-half hour period prior to the start of events, no more than two performer buses shall park on the south side of California Street, so that the remainder of the 185-foot long curbside area is available for attendee unloading and loading and vehicle queuing into the garage. The Project Sponsor shall direct any additional buses to park in other bus parking zone(s) the City chooses to designate near the corner of California and Taylor Streets, such as on Taylor Street adjacent to Huntington Park or on the north side of California Street. The Project Sponsor shall make best available efforts to evaluate and demonstrate to the Zoning Administrator the physical and operational feasibility of storing performer buses at nearby off-street parking facilities during events.

For information about compliance, contact Code Enforcement, Planning Department at 415-575-6863, www.sf-planning.org

14. **"Shore" Power.** The Project Sponsor shall provide electric power on the south side of California Street for event buses in order to ensure the quiet and clean powering of these vehicles and shall direct that all performer buses parking at this zone connect to this electric power and not run their engines or generators.

For information about compliance, contact Code Enforcement, Planning Department at 415-575-6863, www.sf-planning.org

15. The project sponsor shall seek permission from the appropriate City agency or adjacent property owners to install electric power adjacent to any other City-designated bus parking zone that is within ½ block of the property, if feasible, so that, if there is a feasible method of providing electric power, the Project Sponsor shall direct performer buses to connect to this electric power and not run their engines or generators.

For information about compliance, contact Code Enforcement, Planning Department at 415-575-6863, www.sf-planning.org

16. **Overnight Bus Parking Prohibited.** Overnight curb parking of buses or habitable trailers for performers, support staff, or other associated with the operations or productions at the property shall not be permitted on either side of California Street. The Project Sponsor shall include in any contract or agreement, or rules or guidance given to any performers, support staff, or others associated with the operations or productions at the property a requirement to abide by this condition. The Project Sponsor shall remain responsible for compliance with this condition, regardless of such notice or contractual provisions.

Monitoring

For information about compliance, contact Code Enforcement, Planning Department at 415-575-6863, www.sf-planning.org

MONITORING - AFTER ENTITLEMENT

17. **Enforcement.** Violation of any of the Planning Department conditions of approval contained in this Motion or of any other provisions of Planning Code applicable to this Project shall be subject to the enforcement procedures and administrative penalties set forth under Planning Code Section 176 or Section 176.1. The Planning Department may also refer the violation complaints to other city departments and agencies for appropriate enforcement action under their jurisdiction.

For information about compliance, contact Code Enforcement, Planning Department at 415-575-6863, www.sf-planning.org

18. **Monitoring.** The Project requires monitoring of the conditions of approval in this Motion. The Project Sponsor or the subsequent responsible parties for the Project shall pay fees as established under Planning Code Section 351(e) (1) and work with the Planning Department for information about compliance.

For information about compliance, contact Code Enforcement, Planning Department at 415-575-6863, www.sf-planning.org

19. **Revocation due to Violation of Conditions.** Should implementation of this Project result in complaints from interested property owners, residents, or commercial lessees which are not resolved by the Project Sponsor and found to be in violation of the Planning Code and/or the specific conditions of approval for the Project as set forth in Exhibit A of this Motion, the Zoning Administrator shall refer such complaints to the Commission, after which it may hold a public hearing on the matter to consider revocation of this authorization.

For information about compliance, contact Code Enforcement, Planning Department at 415-575-6863, www.sf-planning.org

Operation

OPERATION

20. **Garbage, Recycling, and Composting Receptacles.** Garbage, recycling, and compost containers shall be kept within the premises and hidden from public view, and placed outside only when being serviced by the disposal company. Trash shall be contained and disposed of pursuant to garbage and recycling receptacles guidelines set forth by the Department of Public Works.

For information about compliance, contact Bureau of Street Use and Mapping, Department of Public Works at 415-554-5810, <http://sfdpw.org>

21. **Sidewalk Maintenance.** The Project Sponsor shall maintain the main entrance to the building and all sidewalks abutting the subject property in a clean and sanitary condition in compliance with the Department of Public Works Streets and Sidewalk Maintenance Standards.

For information about compliance, contact Bureau of Street Use and Mapping, Department of Public Works, 415-695-2017, <http://sfdpw.org>

22. **Noise Control.** The premises shall be adequately soundproofed or insulated for noise and operated so that incidental noise shall not be audible beyond the premises and fixed-source equipment noise shall not exceed the decibel levels specified in the San Francisco Noise Control Ordinance.

For information about compliance with the fixed mechanical objects such as rooftop air conditioning, restaurant ventilation systems, and motors and compressors with acceptable noise levels, contact the Environmental Health Section, Department of Public Health at (415) 252-3800, www.sfdph.org

For information about compliance with the construction noise, contact the Department of Building Inspection, 415-558-6570, www.sfdbi.org

For information about compliance with the amplified sound including music and television contact the Police Department at 415-553-1012 or 415-5530123, www.sf-police.org

23. **Community Liaison.** Prior to issuance of a building permit to construct the project and implement the approved use, the Project Sponsor shall appoint a community liaison officer to deal with the issues of concern to owners and occupants of nearby properties. The Project Sponsor shall provide the Zoning Administrator with written notice of the name, business address, and telephone number of the community liaison. Should the contact information change, the Zoning Administrator shall be made aware of such change. The community liaison shall report to the Zoning Administrator what issues, if any, are of concern to the community and what issues have not been resolved by the Project Sponsor.

For information about compliance, contact Code Enforcement, Planning Department at 415-575-6863, www.sf-planning.org

24. **Notices Posted at Bars and Entertainment Venues.** Notices urging patrons to leave the establishment and neighborhood in a quiet, peaceful, and orderly fashion and to not litter or block driveways in the neighborhood, shall be well-lit and prominently displayed at all entrances to and exits from the establishment.

For information about compliance, contact the Entertainment Commission, at 415 554-6678, www.sfgov.org/entertainment

Operation

25. **Entertainment and Assembly.** The entertainment and assembly functions shall be performed within the enclosed building only. The building shall be adequately soundproofed or insulated for noise and operated so that incidental noise shall not be audible beyond the premises or in other sections of the building and fixed-source equipment noise shall not exceed the decibel levels specified in the San Francisco Noise Control Ordinance. Bass and vibrations shall also be contained within the enclosed structure. The Project Sponsor shall obtain all necessary approvals from the Entertainment Commission within a reasonable timeframe following project approval. The authorized entertainment use shall also comply with all of the conditions imposed by the Entertainment Commission.

For information about compliance, contact the Entertainment Commission, at 415 554-6678, www.sfgov.org/entertainment

26. **Lighting.** All Project lighting shall be directed onto the Project site and immediately surrounding sidewalk area only, and designed and managed so as not to be a nuisance to adjacent residents. Nighttime lighting shall be the minimum necessary to ensure safety, but shall in no case be directed so as to constitute a nuisance to any surrounding property.

For information about compliance, contact Code Enforcement, Planning Department at 415-575-6863, www.sf-planning.org

27. **Event Operations Manual.** The Project Sponsor shall maintain, update over time, provide to event personnel, and make available to the Planning Department an event Operations Manual to include:

- A security plan to ensure neighborhood safety before, during and after performances, including in Huntington Park and near Grace Cathedral.
- A traffic control plan, including deployment of traffic control personnel outside the venue to assist patron unloading and loading, queuing into the garage, and enforcement of the Parking and Traffic, Loading and Performer Bus Parking conditions set forth below.
- Trash pick-up program within two hours after each event in the four blocks bounded by Sacramento, Jones, Pine and Mason Streets.
- Direction to event personnel to assure compliance with these conditions of approval.

28. **Patron Queuing.** All patron queuing for events with general admission attendance shall occur within the Masonic Center property, including the main lobby and in the plaza fronting on California Street.

For information about compliance, contact Code Enforcement, Planning Department at 415-575-6863, www.sf-planning.org

29. **Food and Beverage Service.** Food and beverage service is limited to service to patrons of on-site assembly and entertainment events within the Nob Hill Masonic Center. There shall be no operations of a restaurant, either full-service or self-service, open to members of the public who are not patrons of assembly or entertainment uses within the Masonic Center.

Operation

For information about compliance, contact Code Enforcement, Planning Department at 415-575-6863, www.sf-planning.org

30. **Alcohol Sales.** Following the conclusion of the last intermission of an event, or one hour prior to the conclusion of an event within no intermission, a maximum of three concession stands may serve alcoholic beverages. One hour prior to the conclusion of an event, line markers shall be placed at the end of each of the lines. No patron approaching a line for a concession stand after the placement of the line marker will be served an alcoholic beverage, with the intent that alcohol service will conclude 45 minutes prior to the end of an event. There shall be no minimum purchase of alcohol required, and a maximum of two alcoholic beverages may be served per order.

For information about compliance, contact Code Enforcement, Planning Department at 415-575-6863, www.sf-planning.org

MAXIMUM OCCUPANCY AND EVENTS

MAXIMUM OCCUPANCY AND EVENTS

Occupancy. No more than 3,282 patrons shall be permitted for events in the auditorium on the main floor level and mezzanine of the Masonic Center.

For information about compliance, contact Code Enforcement, Planning Department at 415-575-6863, www.sf-planning.org

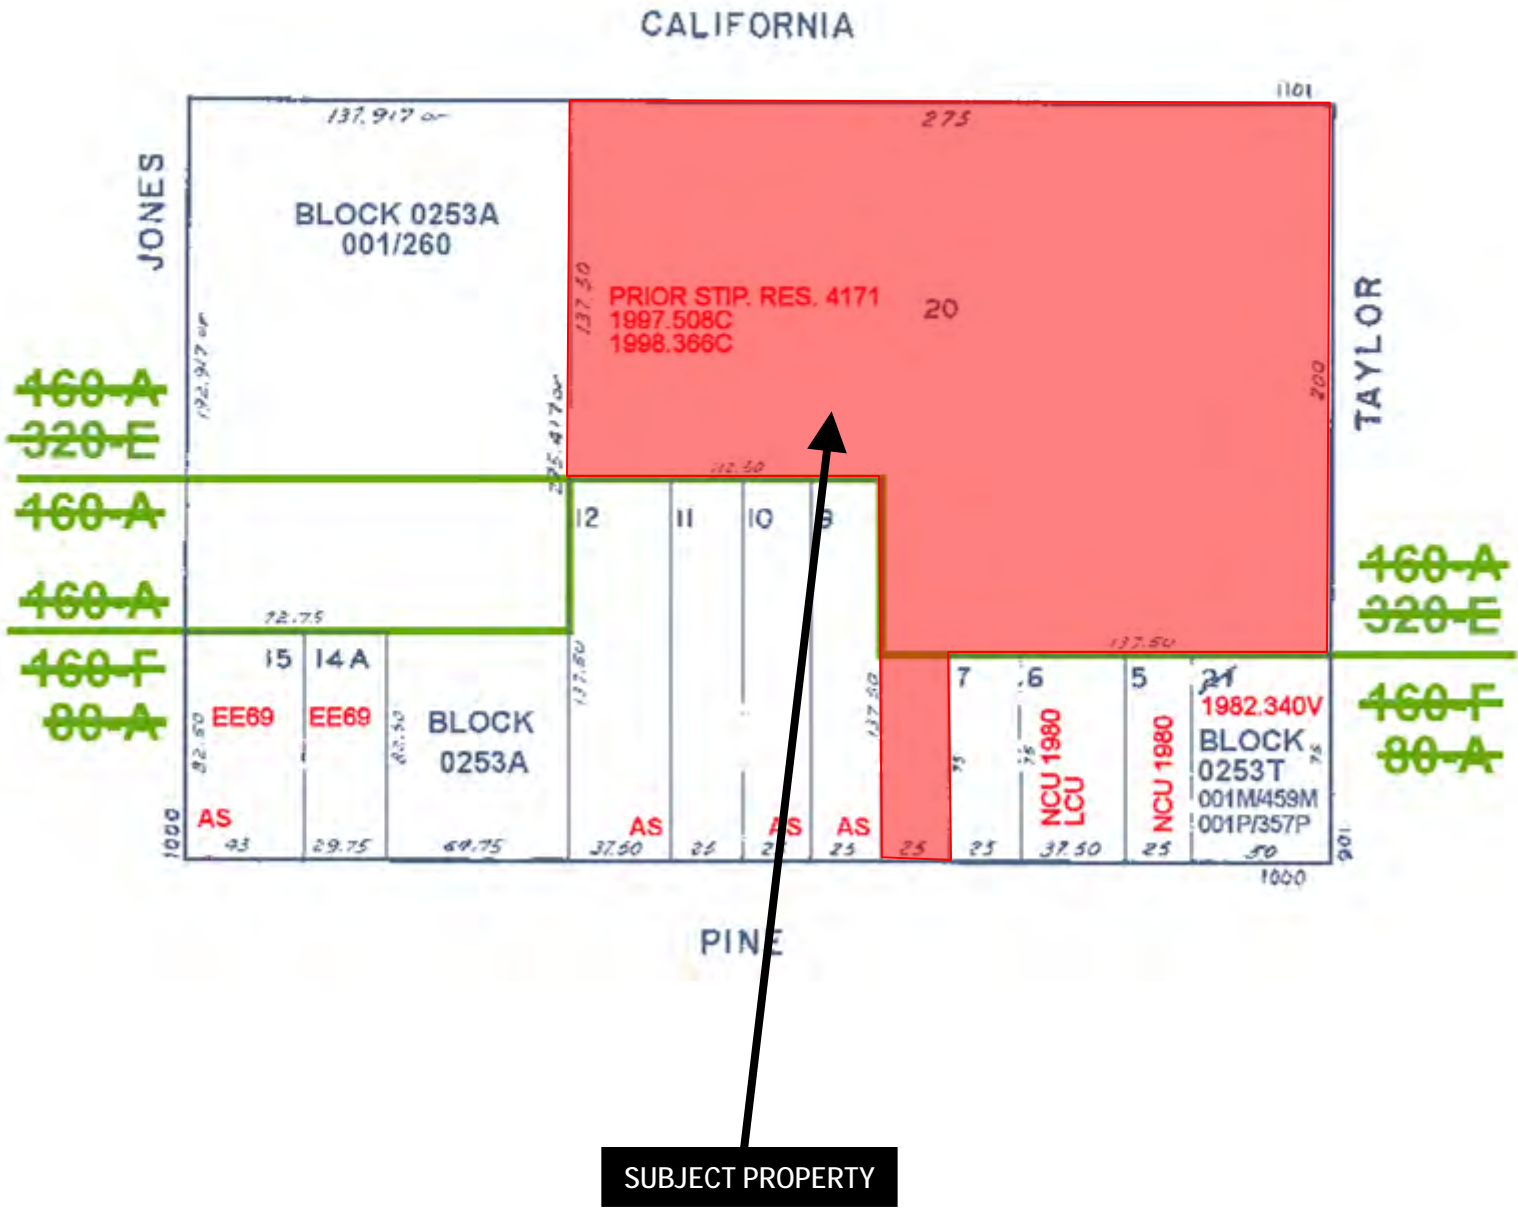

Number of Events. There shall be an annual maximum of 68 live entertainment events, and an annual maximum of 219 events not involving live entertainment, held at the Masonic Center. Notwithstanding these limitations, there shall be no limitations on the number of events that are attended by 250 patrons or fewer.

For information about compliance, contact Code Enforcement, Planning Department at 415-575-6863, www.sf-planning.org

Event Hours. All events shall conclude by 11:00PM on weeknights (non-holiday Sunday-Thursday evenings) and 11:30PM on weekends (Friday, Saturday, and holiday evenings). Up to three events per year may extend until 1:00AM, subject to prior consultation with and approval by the San Francisco Police Department, the San Francisco Planning Department, and the Entertainment Commission a minimum of 30 days prior to the date of such an event.

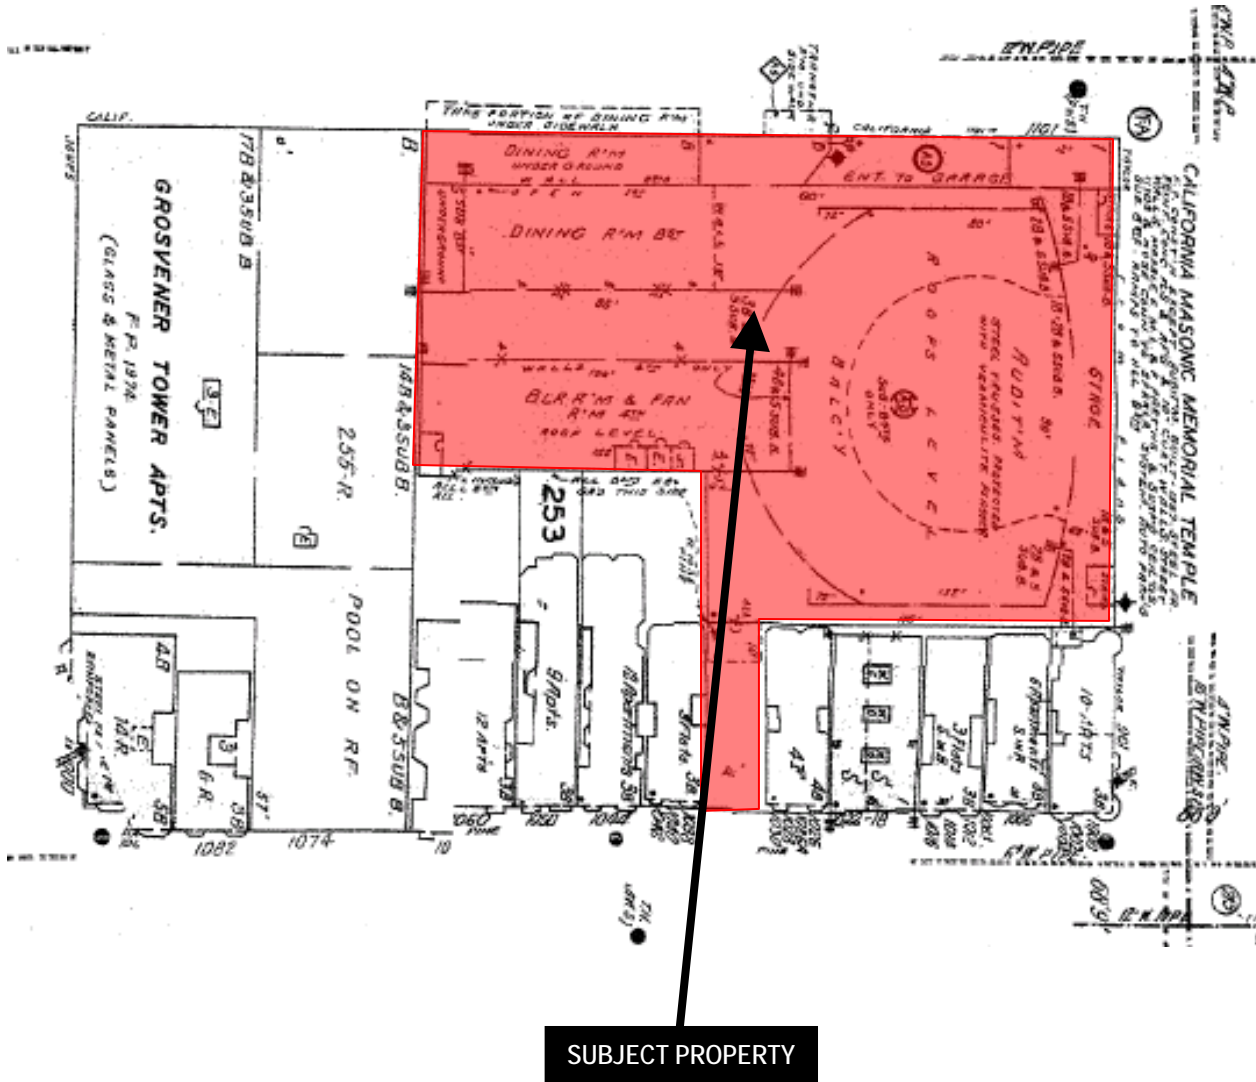

For information about compliance, contact Code Enforcement, Planning Department at 415-575-6863, www.sf-planning.org

Matt Prieshoff
C.O.O. - Northern California
Senior Vice President- California Venues
251 Rhode Island Street, Suite 200
San Francisco, CA 94103

Dear Mr. Prieshoff,

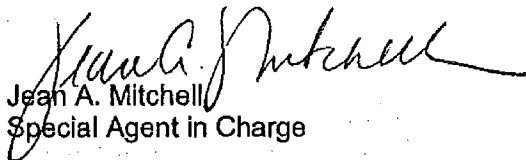

Please allow me to take this opportunity to express my sincere gratitude to you on behalf of the U.S. Secret Service for the support the Live Nation staff provided during the visit of the President of the United States from April 20 – 21, 2011. Your staff was instrumental in planning and executing the comprehensive site security plan at the Masonic Center in San Francisco during the visit. Without your invaluable assistance the implementation and execution of an effective and safe security plan would not have been possible.

Particularly challenging during this visit was the security plan for the Masonic Center, which involved numerous local officials and their protective details, as well as nearly 2,000 general public. The entire Live Nation staff provided extraordinary leadership throughout the trip and ensured that the exterior and interior security plans remained steadfast. The Live Nation staff's flexibility, professionalism, and communication directly contributed to a safe and successful visit, and for that we are truly appreciative.

Please convey to Barbara Bouman, Dick Genteschel, and your staff our sincerest gratitude for their dedication and hard work.

We look forward to working with you again on future protective visits.

Respectfully,

Jean A. Mitchell

**RE: Conditional Use Application to Continue Historic Use
California Memorial Masonic Temple (1111 California)**

Dear Mr. Guy,

I have been attending and monitoring the hearings before the Department of Alcoholic Beverage Control ("ABC") along with several of my neighbors at 1170 Sacramento Street. As a result, I was able to obtain a copy of the conditional use application submitted by the California Memorial Masonic Temple ("Applicant") to continue the historic use at the Temple. Included within is an exhibit showing the schedule of events at the Masonic Temple between 2001 and 2009 (2001-2009 events), and a summary. I am extremely disturbed that the Department has already determined to issue a categorical exemption for this application before it has carefully and independently reviewed the data presented by the Applicant. I object to the summary of events presented by the Applicant in that it bears little resemblance to reality for the following reasons.

By simply counting the number of 2001-2009 events attached to the Application, I found the number the summary of events attached to the Application is grossly exaggerated and little resemblance to the truth. The following is a table comparing the total number of events.

TOTAL NUMBER OF EVENT DAYS BY YEAR

Year	Total from Application Summary	Total from Application Schedule of Events
2005	357	176
2006	189	179
2007	221	221
2008	211	140

Stephen L. Patton
1170 Sacramento Street #2A
San Francisco, CA 94108

Mr. Kevin Guy
Page 2 of 4

September 16, 2011

ABC was provided with a schedule of events between 2002 and 2007 by Masonic Temple. Although this schedule is identical to the schedule of events that is part of the court record in the case challenging the categorical exemption to the previously conditional use permit set aside by the court, it was reformatted to show the size (large or small), the time, and the locations of the rooms where the events took place. This format allows one to quickly check the summary.

Using this more user friendly format, I was able to determine that the Applicant grossly inflates the number of Live Entertainment events days and the number of meeting/conference/convention days. For example, naturalization ceremonies, tests, examinations and Bar Review classes that last only a few hours were included in the Meeting/Conference/conventions category rather than under Special Events.

When the numbers of naturalization ceremonies, tests, examinations and bar review classes were deducted from the Meeting/Conference/Convention category, the numbers drop dramatically.

TOTAL NUMBER OF MEETINGS/CONFERENCES/CONENTION BY YEAR

Year	Total Application Summary Of Mtg./Conf/Convention	Total Schedule of Mtg./Conf. Events
2005	77	29
2006	77	62
2007	109	26
2008	53	43

Similar discrepancies are found for all other categories including the very glaring fact that Live Entertainment, included lectures by Al Gore, Dr. Dyer and others as well as political fund raising

Stephen L. Patton
1170 Sacramento Street #2A
San Francisco, CA 94108

Mr. Kevin Guy
Page 3 of 4

September 16, 2011

event by Hilary Clinton that clearly should be categorized as Special events. Furthermore, the number of attendees to the live entertainment events and their end times historically has had different levels of impact on the neighborhood. Any entertainment event with an end time before 8 PM would have substantially less impact on residents than concerts that end at 10:30 PM or 11 PM.

The impact of the events on the neighborhood depends on their size, time of day, type of event and if food and/or alcoholic beverages are provided. The summary lumps both large and small events in the summary and does not present the entire picture of the events that occur at the Masonic Temple in nearly any category including those most disruptive and impactful on the neighborhood: Live Entertainment events and large conventions.

The Applicant clearly has demonstrated its ability to provide the Department and public detailed information of the historic events by size, type, location, start and end times, and what events food and/or alcoholic beverages were made available. The Department must request that the Applicant provide such information for year 2001 through 2010. This will allow the Department, the Planning Commission and our residents to fully understand the entire scope of the historical data. I find it impossible to understand how you can analyze a project without all the facts, the information provided in the application contains few facts but many distortions. It completely distorts the historical diversity of the events hosted over the last ten years not to mention that no data has been presented for the fifty years (a true historical perspective) prior to 2001 even though the Masonic Temple has provided information on live entertainment given in the 50's and 60's in the past when it wished to make a case in their favor.

Applicant's proposed conditions must absolutely be rejected by the Department because those conditions would intensify the activities at the Masonic Temple. There is no basis for a condition of approval for five food and alcohol service stations. Historically, the Masonic Temple has only been granted temporary liquor licenses. Many of us who have attended concerts at the Masonic Temple remember being able to obtain a drink at the bar set up at the main lobby and the balcony lobby, but never beyond the

Stephen L. Patton
1170 Sacramento Street #2A
San Francisco, CA 94108

Mr. Kevin Guy
Page 4 of 4

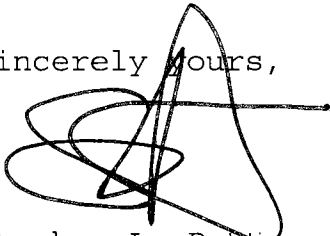

September 16, 2011

gates to the auditorium or the door from the balcony lobby to the balcony area.

It is my understanding that the Court has determined that a categorical exemption cannot be issued for an intensification of activities at the Masonic Temple.

When you have received the detailed breakdown in the format presented to the ABC and the start time of the events, please forward a copy to **Stephen L. Patton** at SLP@gomezandpatton.com. Thank you for your cooperation in advance.

Sincerely yours,

A handwritten signature in black ink, appearing to be 'Stephen L. Patton', written over the closing 'Sincerely yours,'.

Subject Live Nation and Masonic Auditorium

- I am not opposed to the Masonic Temple continuing as per historical use.
- But I am extremely disturbed that the Department has already determined to issue a categorical exemption for this application before it has carefully and independently reviewed the data presented by the Applicant.
- I object to the summary of events presented by the Applicant in that it bears little resemblance to reality for the following reasons:
- 1-the summary of events attached to the Application is grossly exaggerated and no resemblance to the truth.
- 2-the Applicant grossly inflates the number of Live Entertainment events and the number of meetings/conferences/ conventions.
- For example, naturalization ceremonies, tests, examinations and Bar Review classes that last only a few hours were included in the Meeting/Conference/Conventions category rather than under Special Events.
- When the numbers of naturalization ceremonies, tests, examinations and bar review classes were deducted from the Meeting/Conference/Convention category, the numbers drop dramatically.
- Similar discrepancies are found for all other categories including the very glaring fact that Live Entertainment, included lectures by Al Gore, Dr. Dyer and others as well as political fund raising event by Hilary Clinton that clearly should be categories as Special events.
- The number of attendees to the live entertainment events and their end times historically has had different levels of impact on the neighborhood. Any entertainment event with an end time before 8 PM would have substantially less impact on resident than concerts than ends at 10:30 PM or 11 PM.
- The impact of the events on the neighborhood depends on their size,

time of day, type of event and if food and/or alcoholic beverages are provided. The summary lumps both large and small events in the summary and does not present the entire picture of the events that occur at the Masonic Temple in nearly any category including those most disruptive and impactful on the neighborhood: Live Entertainment events and large conventions.

- The Applicant clearly has demonstrated its ability to provide the Department and the public detailed information of the historic events by size, type, location, start and end times, and what events food and/or alcoholic beverages were made available because they have presented such information to the Department of Alcoholic Beverage Control.
- The Department must ask the Applicant to provide such information for year 2001 through 2010. This will allow us, the Planning Department and the Planning Commission to understand the entire scope of the historical data.
- Neither the public nor the Department can analyze a project without all the facts, and the information provided in the application contains few facts but many distortions.
- It completely distorts the historical diversity of the events hosted over the last ten years not to mention that no data has been presented for the fifty years (a true historical perspective) prior to 2001 even though the Masonic Temple has provided information on live entertainment given in the 50's and 60's in the past when it suited their purposes.
- I believe Applicant's proposed conditions must absolutely be rejected by the Department because those conditions would intensify the activities at the Masonic Temple.
- There is no basis for a condition of approval for five food and alcohol service stations. Historically, the Masonic Temple has only been granted temporary liquor licenses. Only a small percentage of the scheduled events served alcohol. Many of us who have attended concerts at the Masonic Temple remember being able to obtain a drink at the bar set up at the main lobby and the balcony lobby, but never beyond the gates to the auditorium or the door from the lobby to the balcony area.
- It is my understanding that the Court has determined that a categorical exemption cannot be issued for an intensification of activities at the Masonic Temple.
- To finish, although I am in favor of the continuation of historical use at the Masonic Memorial Temple, I also want such use to reflect historical reality in terms of usage, diversity, times of use, and size. And we insist that conditions of approval include good neighbor policies as we have

asked for all along.

Mr. Kevin Guy
Planning Department
City of San Francisco
1650 Mission Street, Fourth Floor
San Francisco, California 94103

*Re: Conditional Use Application for Continuation of "Historic Use" of
Masonic Temple*

Dear Mr. Guy:

I am writing to request that the Planning Department and the Planning Commission reject the application submitted to the City by the California Memorial Masonic Temple, located at 1111 California Street, to continue using those premises for live entertainment purposes, *as the application is currently framed.*

I write as a resident of the Nob Hill neighborhood and Gramercy Towers, located adjacent to the Temple. Living literally next door to the Temple and having attended events and meetings there, I am familiar with the premises and the manner in which events have been held at the facility. In considering my request, please forgive any irregularities in the use technical terminology in these Planning Department matters, as I am not an expert in this field.

I and others in my neighborhood have no objection to the continuation of "historic use," and would support the application if it were framed properly and accurately to allow the continuation of uses on those premises that are truly historical. As the application is currently framed, however, it distorts the record of historical use. If granted, the application would expand and intensify the use of the Temple in ways that will have a detrimental effect on the neighborhood.

The application appears to be framed so as to allow the applicant to circumvent the rulings of the Superior Court in *Nob Hill Association v. City and County of San Francisco*, No. CPF-10-510495, and *Nob Hill Association v. City and County of San Francisco*, No. CPF-10-510-365, in which the Court held that live entertainment use is a lawful non-conforming use, and which prohibit the expansion or intensification of present uses of the facility without additional environmental review. A reasonable person could conclude that the purpose of the application, as it is currently framed, is to allow the applicants to "get their foot in the door" to establish precedents for uses that are not lawfully permitted, but would be approved in the future under the guise of historical use.

Please consider, for example, the factors discussed below.

Frequency of live entertainment events. The application appears to indicate that the “historical use” of the facility for live entertainment events includes an average of 51 such events per year between 2005 and 2008. This representation seems to contradict the applicant’s testimony before the Alcoholic Beverage Commission, in support of a parallel application for a permanent liquor license (see below), that “historical use” included no more than 39.25 live entertainment events per year for the same period. The latter figure, moreover, includes both daytime and evening events. If nighttime events ending after 8 PM are discounted (because the traffic and noise impacts are substantially less significant) the average number of such events is reduced to 35.

The misrepresentations above appear to have lured the Department into violating the orders of the Superior Court in the above-referenced cases. As noted above, the Court set aside the previous issuance of a categorical exemption because the applicant’s project called for an intensification of use. In the face of that order, the Department now has determined that it will issue another categorical exemption for this application. Given the numbers above, however, it is obvious that this application would allow for an intensification of use again, under the guise of historic use.

Service of alcoholic beverages. The neighborhood is very concerned about the proposed conditions of approval, which would allow the installation of as many as five permanent bars in the facility. At present, there are no permanent bars and the facility has no permanent liquor license. Historical use, therefore, would support no permanent bars and no permanent liquor license. Historically, when event promoters decided to serve alcohol, there have been only two bars – one in the main lobby area and one in the balcony lobby – and alcohol has been served before the start of concert and during intermission, not during the entire concert and not in the concert venue. It appears from the application that the Temple is attempting to increase the number of bars and the times and places where alcohol is served, again under the guise of historic use, as a step toward future modifications. Even if our concerns about these expansionist plans are wrong, the following fact remains: the installation of permanent bars to be served under a permanent liquor license is not supported by historic use.

Parking of entertainer buses. The neighbors also are very concerned about the use of California Street and the other streets adjoining Huntington Park (Taylor Street, Sacramento Street and Mason Street) for semi-permanent parking of huge vans and motor coaches before, during and after events at the Temple. Historical use would not support the installation of “shore power” to facilitate such parking or any parking of such vehicles at all, except for “standing” for brief periods at the Temple’s white zone on California Street for loading and unloading.

Food service. The Department should be aware that there are no restaurants or any fast food service stations in the Temple, and that the only food preparation facility is a kitchen below the ground floor that is used for serving catered meals for banquet-type events. Thus, historical use would not support any fast-food, sandwich, heavy-snack or other food service operations that are proposed.

Occupancy at events. As you probably are aware, one of the most objectionable features of the applicant's long-term plan is the removal of seating from the auditorium as part of a conversion of the facility and its use for standing-room live entertainment events. Obviously, historical use would not support such a conversion, or such events. The application indicates that existing capacity will be maintained, but lacks a provision that would prohibit the removal of seating. It would be reasonable to conclude that this omission was intentional, and is calculated to allow the Temple to circumvent the Court's orders. Even if the omission was innocent, however, a provision to prohibit the removal of seating should be included now in order to ensure that present and future use remains consistent with historical use.

Hours of events. The application, as it is currently framed, would allow evening events to run to 11:30 PM on a regular basis and until 1:00 AM under certain circumstances. I am aware of no historical uses that would support events that run this late. Historically, evening events have ended at 10:30 PM with a few exceptions ending at 11 PM.

Statement of Conditions. Appended to the application at Exhibit C is a proposed statement of conditions that purports to represent, or to be supported by, the historical use of the Temple. This document is inaccurate and unsupportable as a representation of historical use. In addition, I am advised by our attorney that the proposed conditions of approval in this Exhibit, as submitted by the applicant, do not include many of the standard conditions of approval.

Therefore, I have attached for your consideration a proposed alternative to the statement of conditions that would be more accurate and consistent with historic use, *if* the number and frequency of events were brought into line with historic use. For your convenience in comparing the original document to the alternative, I have provided a red-lined copy of the alternative, as well as a clean copy.

In summary and conclusion, please consider that an overwhelming majority of the residents and businesses in the Nob Hill neighborhood object strenuously to the applicants' long term proposals. We would not object to the continuation of the "historical use" of the facility, if the Planning Department were to apply that term accurately and fairly. As it is presently framed, the application does neither.

Thank you for considering this request.

Sincerely,

Stanley W. Landfair

RECEIVED
OCT 18 2011
CITY & COUNTY OF S.F.
PLANNING COMMISSION

RE: Case #2011.0471C for 1111 California, Masonic Temple Conditional Use Application

Dear President Olague,

My name is Annette M. Berger and I reside at 1177 California Street. I submit the following statement based on personal knowledge. I will be out of the country for the 10/27 hearing and authorize a neighbor to read my statement at the meeting. I can testify under oath to the statements I make in this letter.

I am writing to you because I am concerned about the misrepresentations in the Conditional Use Permit application with regard to the historical use of the venue.

I have lived next door to the California Masonic Memorial Temple since 1976 and have attended concerts at the Masonic Temple for many years. From February 2001 until 2006, I worked as an usher at the Masonic and have firsthand experience with its historical use. During this time I worked at concerts, graduations and exhibitions. I was the head usher in the balcony, part of a special staff who were ticket takers working the gates into the auditorium. I was in charge of the balcony and was stationed in the balcony for most of the events.

Most events did not serve alcohol. If there was alcohol service, it was mainly limited to a single bar in the ground floor lobby outside the gates to the auditorium. It was rare that there was a bar in the balcony. I have not seen more than two bars. In my experience, alcohol was served before the events started and at intermission only. Alcohol was not served during performances and NO alcohol or food was allowed beyond the gates and inside the auditorium. Bottled water was the only beverage permitted inside the auditorium. This is similar to other venues where I have ushered including Davies Symphony Hall, the Opera House and Herbst Auditorium.

Even with the limited alcohol service, I recall a few occasions when people overindulged and "got sick". This was on the main floor.

Subject Case #2011.0471C 1111 California, Masonic Temple

Dear Mr. Guy,

I live one block from the Masonic Temple and have done so for over nine years. I have not had an issue with the historical use of the Masonic Temple prior to LiveNation's arrival as a tenant there.

I participated in the previous CUP hearing process where Commissioner Moore likened the proposed Masonic intensification to "trying to put 12lbs. into a 6lb. bag" and felt it was asking too much from Nob Hill. Her insightful comments demonstrated that as a professional planner, she clearly understands the unique planning and many safety issues involved in the use of the Masonic Temple as a full scale Entertainment Venue and the consequential impact on the neighborhood. I was grateful for her expert opinion on the matter.

On the flip side, I was disappointed with the lack of concern for the rights and welfare of the neighbors shown by others in the Planning Department. I was disheartened that the decisions made by the Planning Department were dictated by politics and the previous Mayor's office rather than the actual facts.

Since the original CUP, I became involved with the ABC hearings and am quite familiar with the testimonies given there by Allan Cassalou, the Secretary of the Masons. The Masons had supplied a schedule of events for ABC discovery and the ABC testimony went over that schedule in great detail event by event. I have reviewed the calendar attached to new CU application. The numbers are inconsistent with the ABC submission.

In reviewing the event calendar included with the CUP application, I was reminded that several of the events noted were actually cancelled or did not take place--which came out in ABC testimony. I googled a few for 2008 and found proof of canceled events counted in the totals.

- **Emmylou Harris** July 26, 2008-CANCELLED
- **Sara Evans** Sept. 4, 2008-CANCELLED
- **Herbie Hancock** Sept. 20, 2008-CANCELLED

With these cancelled shows, the Masons are artificially inflating event data. The Planning Department must go through the list of events carefully and deduct those events from the list of events.

Further I also find that the Masons' characterization of event categories misleading and calculated to further inflate the # of "Live Entertainment" events.

For example, they are classifying speakers such as Dr. Wayne Dyer and Psychic Sylvia Browne, Al Gore, Bill O'Reilly, Glenn Beck and other lecturers as "Live Entertainment". Aside from definition of what constitutes a live entertainment event, there is a vast difference between a "Speaker" event and a "Concert" in terms of the impacts on a neighborhood.

As for historical alcohol service, at the ABC hearing, Mr. Cassalou under oath representing the Masons was not able to answer any questions about the number of events where alcohol was served because the event promoters or their caterers applied for the temporary license. Nor could he verify the number of bars or the location of the bars or provide definitive answers on historical alcohol service. The Applicant's claims in the CUP application about alcohol service are unsubstantiated by their testimony at the ABC.

The only undisputed fact that came out at the ABC hearing was that there was never any permanent liquor

license at the venue and not all shows had alcohol.

I have been to events and shows at the Masonic Temple both pre- and post- the LiveNation lease. My experience was that prior to LiveNation, not all shows/events had alcohol. And if they did, alcohol consumption was not permitted in the auditorium. Since LiveNation, I cannot remember seeing more than two bars --one on the main floor of the lobby and upstairs on the 2nd floor outside of the gates to the auditorium. When I inquired if there was a 3rd bar in the California room, I was told it was not open.

The proposed condition of approval allowing five bars is based on no historic facts and is a gross intensification that vastly increases the use of liquor which would be illegal. Further to allow a permanent license at the venue- so all events could have alcohol service- is also a gross intensification that would be illegal.

I also object to LiveNation's recent attempt to add a "Snack Bar" concession stand inside the gates to the auditorium in a former "Coat Check" at the Daniel Tosh concert in 1/29 and again at BB King on 9/26 in order to justify and to deliberately skew the historic use relating to liquor. Their own documents submitted to the ABC note this was a "former coat check area".

The event data that was provided is artificially inflated with cancelled concerts and full of mis-categorized events that purposefully overstate the # of "Live Entertainment" events. Further the Applicant purposely supplied data limited to a 4 year period (2005-2008) for a venue that's been in operation for over 53 years since 1958. They are basing their figures on just 7.5% of the of the building's total lifetime of operation.

It is concerning that the Applicant submitted different data to the ABC, including data from 2001, 2009 and 2010, but not to the Planning Department for this Application. Why?

The Planning Department must demand complete data from the Applicant to ensure an accurate historical baseline is first established that includes the following:

- **# and Type of Shows**
- **Attendance figures and or Rooms used**
- **Start and end times**
- **Proof of alcohol service**
- **Proof of # and location of bars**
- **Areas where alcohol consumption was allowed**

Without accurate historic data, the Planning Commission cannot make an informed decision on this new conditional use application.

For this reason, we demand that the Planning Department reject the proposed conditions of approval related to alcohol service, the alleged number of historic entertainment events, the number of loading days on California, parking of performer buses, and the number of events in the Applicant's application.

Sadly, this neighborhood has been unfairly victimized by City politics before. Please ensure this conditional use hearing moves forward based on facts and we have fair hearing this time. Thank you for your kind help in this matter.

Sincerely yours,

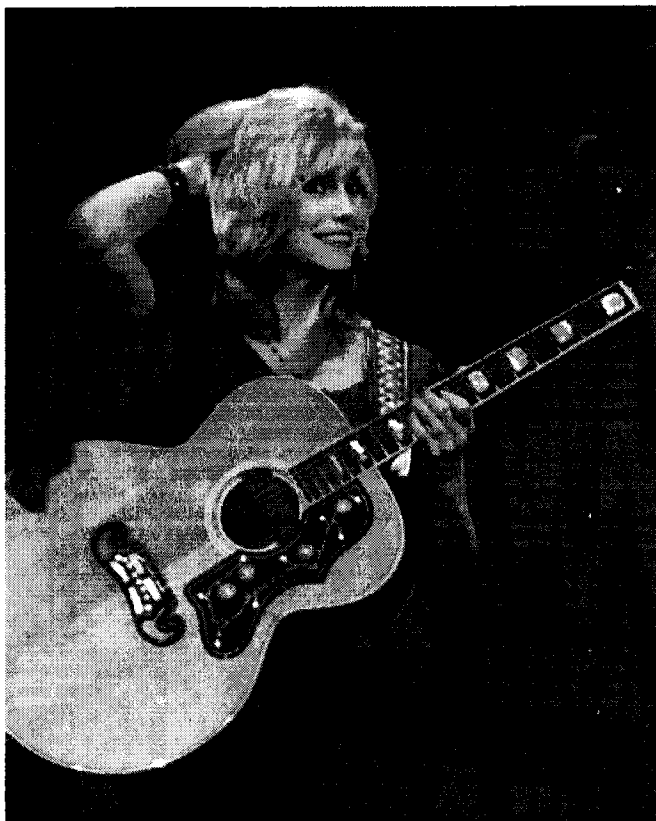

Amy Harmer

Sara Evans cancels concert

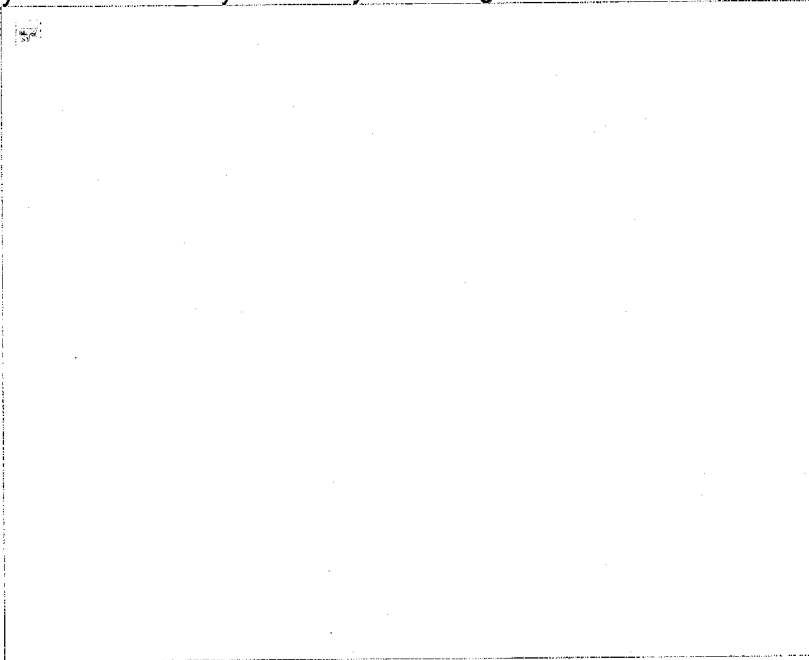

Posted by [Jim Harrington](#) on September 3rd, 2008 at 12:00 am | Categorized as [General](#) | Tagged as [Masonic](#), [Sara Evans](#)

Country star Sara Evans **won't be appearing** as scheduled on Thursday, Sept. 4, at the Nob Hill Masonic in San Francisco, according to the promoters. The show has been canceled. Refunds at place of purchase.

No reason was given for the scratch. If I had to guess, however, I'd say that ticket sales had something to do with it. But that's just my guess.

If you are bummed about not getting the chance to see Sara (a performer that I quite like), you can soothe yourself by watching this video:

Hi, – uncovered your current web-site by chance whilst drifting round the net this afternoon, and glad that I did! I like the page structure and different shades, but I ought to mention that I'm having issues when it loads. I'm using ELinks 0.10 internet browser for mac, and the header will not align correctly. i'm convinced I've made use of an identical design on a client's web-site, but the menu seems alright on mine. I suspect the mistake is with my outdated browser & I'm guessing today's the day to upgrade!

Herbie Hancock Cancels Show at Masonic Center

By Oscar Pascual

published: Mon., Sep. 8 2008 @ 2:03PM

Bad news -- there will be no futuristic jazz fusion courtesy of Herbie Hancock in SF. Bummer:

SHOW CANCELLED.

HERBIE HANCOCK
Saturday, September 20th, Doors 7:00PM Show 8:00PM
Nob Hill Masonic Center

Due to unforeseen circumstances, Herbie Hancock & Live Nation regretfully announce the cancellation of the previously scheduled Herbie Hancock performance at the Nob Hill Masonic Center on Saturday, September 20th.

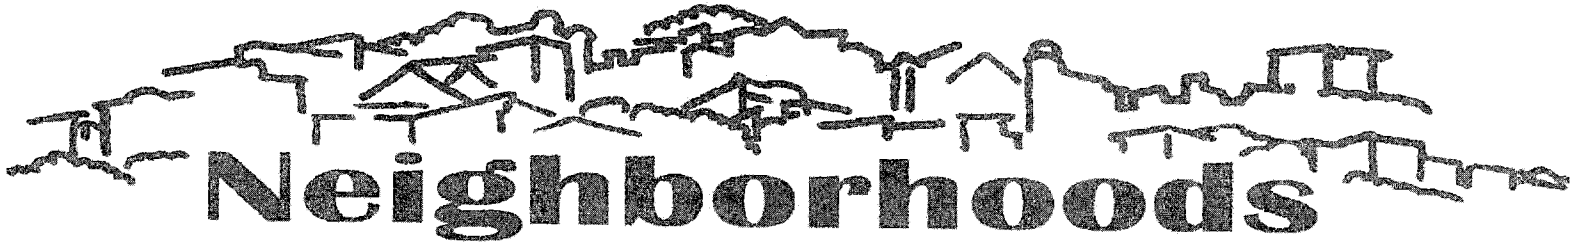

Ticket refunds are available at point of purchase.

Herbie Hancock's performance at the Mountain Winery on September 19th is still on sale.
Tickets for the Mountain Winery show are available at www.mountainwinery.com and www.livenation.com.

Live Nation will offer Masonic ticket holders a discount for Herbie Hancock's performance at the Mountain Winery.
An e-mail with additional details on this offer will be sent to ticket holders via Live Nation shortly.

Christina Olague, President
Planning Commission
San Francisco, CA 94105

Re: Nob Hill Masonic Center 1111 California Street

Dear President Olague and Commissioners:

At its April 20, 2010 General Assembly meeting CSFN took action to formally oppose Live Nation's proposed renovation of the Masonic Temple.

Resolved:

The Coalition for San Francisco Neighborhoods (CSFN) strongly urges the Board of Supervisors to uphold the appeal of and thereby deny the issuance of the Categorical Exemption by the Planning Department to exempt from environmental review under the California Environmental Quality Act the proposed renovation construction project at 1111 California Street (Nob Hill Masonic Center)

- The Masonic Temple's original contract with the City prohibited use as an entertainment venue. The City's approval of Live Nations' project at the Masonic Temple was flawed and is being challenged in court.
- That subject project—for Live Nation's proposed use—has required over 50 conditions for approval is clearly indicative that it should not be approved. The site is located within 100 feet of residential buildings and is in close proximity to a church, school and playground which violates ABC regulations.
- The 200 major events proposed by Live Nations per year are 200 too many. Each major event will follow with off-site activities for staging, for knock-down, and clean up which will occur between 12 midnight and 3 AM or 4 AM; in addition, major events will have 2,500 customers leaving at one time after midnight. This will be extremely disruptive to a residential neighborhood and is unacceptable.
- CSFN regrets that conditions were negotiated without the knowledge and approval of neighborhood residents.

CSFN strongly opposed the project and the granting of a Categorical Exemption on April 20, 2010 and CSFN has not changed its position.

Yours truly,

Judy Berkowitz, President
Coalition for San Francisco Neighborhoods

Petition for Writ of Mandate, Superior Court of the State of California

✓
ZA
determination

The Nob Hill Association, The Nob Hill Coalition as well as individual residents filed for a Judicial Review of the controversial determination by the Planning Department. The plaintiffs alleged abuse of discretion on the part of the Zoning Administrator in partially applying parts of the Polk Street Building Code to the Nob Hill Special Use District. They request that the findings of the Planning Department be reviewed and rejected by the court as an illegal interpretation of the building codes by the Planning Department.

[Read the Filing here.](#)

Board of Supervisors Hearing - May
4th at 4pm - Conditional Use Permit
and Categorical Exemption.

A petition needed to garner 20% of all owners of property within 300 feet of the Masonic in order to have the Conditional Use Permit appealed to the Board of Supervisors. Ultimately 36% of all owners signed and the Petition will now be heard by the Board of Supervisors on May 4th at 4pm.

Residents of the neighborhood also filed an Appeal against the Categorical Exemption issued by the Planning Department that would allow the changes to the Masonic to go ahead without a full environmental review as required under the California Environmental Quality Act (CEQA). The Board of Supervisors will review the case and decide whether to send the project back to the Planning Department in order that they do their job properly instead of waiving the need for more rigorous study of the environmental impacts to the neighborhood.

Coalition for San Francisco Neighborhoods (CSFN) unanimously joins Appeals.

The CSFN, which represents 44 neighborhood organizations across San Francisco (see below) voted unanimously to urge the SF Board of Supervisors to uphold the Nob Hill neighborhood's appeal and thereby deny the Categorical Exemption and Conditional Use Permit.

Status Report

The Battle Lines Are Drawn. You Must Come And Be Heard By The Commissioners.

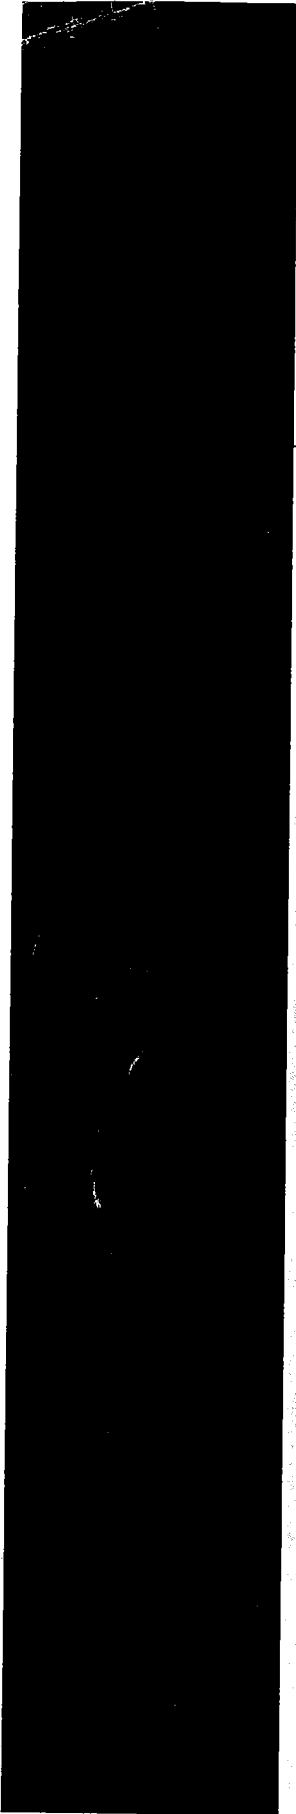

Next Thursday, March 4th at 1h30pm, The Planning Commission will debate the Conditional Use Permit Application filed by the Masons of California and LiveNation.

EVERYONE HAS THE RIGHT TO SPEAK FOR ONE MINUTE.

It is **CRITICAL** that you all be heard. Now. Make the time. Make a difference. Come And Ask The Commissioners to Deny The Application. Unless they approve OUR Conditions of Use. **See our brief here.**

We have given up enough. LiveNation refuses to budge. **See our Press Release here.**

The Planning Department has determined that what works for Polk Street works for Nob Hill. We **STRONGLY** disagree.

We are concerned about the massive disruption that LiveNation will bring to our neighborhood on a daily basis. We are concerned for the safety of our children and elderly loved ones. These concerns have not been addressed AND THEY MUST BE.

Come and be heard. Before they take away your peace of mind and quality of life.

Call To Action

Everyone has a right to be heard at this hearing. You have one minute. Come and ask that the Commissioners DENY this application unless our demands are met.

Please be prepared to arrive early as LiveNation will have their supporters there in droves. None of them live in our neighborhood of course.

October 21, 2011

Mr. Scott Sanchez, Zoning Administrator
San Francisco Planning Department
1650 Mission Street, #400
San Francisco, CA 94103-2479

Dear Mr. Sanchez:

Re: 1111 California Street, Nob Hill Masonic Center

The Directors of the board of 1200 California Street are the duly elected representatives of all shareholders of the Corporation.

The 1200 California Street Corporation objects strenuously to the Applicant's characterizations as represented in its summary of events. Though the residents of 1200 California Street remain unopposed to the continuation of the historic, accurately recorded uses of the Masonic Temple, they believe that the Department acted in error in its issuance of a categorical exemption prior to a more careful and independent review of the facts and a more thorough consideration of the prospective impact on the Nob Hill neighborhood and its residents.

As the Department and Commission are well aware, the impacts of any event in any public place in any neighborhood in San Francisco are predicated on the types of events, their sizes, their scheduled times of day or evening, provision of alcohol, and any number of other relevant details. The Applicant's summary misrepresents the realities, seizing only on those areas of interest suitable for its purposes, does not discriminate between a Presidential campaign and other events, and in no way conveys the clearly documented, disruptive impact evidenced by live entertainment events typically associated with LiveNation. Though the Applicant is conversant with some details of previous events situated at the Masonic, as were conveyed at the Alcoholic Beverage Control hearings, it has completely distorted the overall character and diversity of events associated with the Masonic Temple during its 50-year history, focusing only on those events that were consistent with its objectives.

Historically, only a small percentage of the events at the Masonic Temple served alcohol at all, and those required the securing of temporary liquor licenses. Many of us remember wonderful concerts, obtaining a drink at the bar in the main and/or

Page two
October 15, 2011

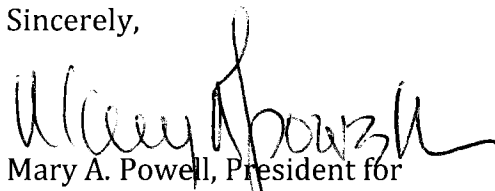

balcony lobbies, but never beyond the doors within the auditorium or elsewhere. We are extremely distressed at the exacerbation of existing traffic and parking congestion, and most importantly, the potential prospect of the atmosphere of Grace Cathedral stairs and labyrinth, Huntington Park and the immediate environs being overtaken and very adversely impacted by the LiveNation proposed use.

Separately, many of the shareholders of this building are very concerned about being counted at the upcoming hearing on October 27. Many residents came to City Hall in the attempt to attend and/or participate in the first hearings on this matter, and were precluded from doing so because of people already seated in the hearing room, other area(s) assigned did not have adequate seating capacity, and those who remained were relegated to the hallway, standing without acknowledgment or the ability to participate. Some were able to sign in, most were not. Though 1200 California Street residents will be properly represented on October 27, we also respectfully request that those designated to conduct these hearings do whatever is necessary so that those who have come to participate from both/all sides of the equation are equally represented in the hearing room audience, are much more thoroughly polled outside the hearing room so that they may speak at the appropriate time should they wish and/or better counted for the purposes of assessing the actual balance of those present at this hearing, pro and con.

LiveNation appears to have misused the historical data to justify a use to which it is clearly not entitled. Moreover, it is our understanding that the Courts determined that a categorical exemption cannot be issued for an intensification of activities at the Masonic Temple. The 1200 California Street Corporation, representing 92 shareholders, requests the Department's further rejection of the planned use, its associated services and activities as requested by the Applicant.

Thank you very much for your consideration and attention.

Sincerely,

Mary A. Powell, President for
The Board of Directors
The 1200 California Street Corporation

***Re: Request to Re-Schedule Continued Hearing Regarding Application for
Conditional Use Application for Masonic Temple***

Dear President Olague and Commissioners:

We are writing on behalf of the Nob Hill Coalition (“NHC”) and the Nob Hill Association (“NHA”), with the understanding that there is a proposal to continue hearing on the above-referenced application from October 27, 2011 to November 17, 2011. We assume that the continuance is for good cause is consistent with the needs of the Commission and therefore raise no objection. In light of the continuance, however, the NHC and NHA hereby request that the hearing be rescheduled until after the Holiday period, and specifically until January 12, 2012, in order to give all parties with an interest in this matter the fairest opportunity to be heard.

We have several reasons for this request. While related, these reasons are enumerated separately below. They lead to our suggestion that the Planning Department should provide the Commission and the public two weeks prior to the hearing a detailed analysis of the conditions of use advanced in support of the Application and those advanced by the NHA and the NHC, including all of the evidence presented on both sides. This would be the most transparent and fairest way to proceed, and will enhance the ability of the public to review your staff’s analysis and to present you with additional comments before the hearing, before the Commission rules.

1. The recently announced continuance of the hearing from October 27, 2011 to November 17, 2011 will prejudice persons who oppose or wish to comment on the Application.

The NHC and NHA represent and are comprised of many hundreds of residents of the Nob Hill Special Use District, all citizens of San Francisco, with a sincere and legitimate interest in the disposition of this application, which vitally affects their neighborhood and their homes. The hearing on the Application has been scheduled for October 27 for many weeks. As the Commission is aware, November 17 falls very late in the week immediately preceding the Thanksgiving holidays, when many will be traveling to visit relatives or having relatives visit.

As you can surmise from their written submissions (see below) and from attendance at past hearings on this issue approximately two years ago, many of these interested parties have arranged their professional and family schedules to allow them to participate on October 27, and likely will not be able to participate now with the sudden rescheduling of the hearing to November 17.

2. *The Application and the submissions in opposition require detailed factual analysis, which would be accomplished more thoroughly and fairly if the hearing is re-scheduled for January 12.*

The NHC and NHA comments were submitted timely on Wednesday, October 19. On Friday, two days later, the notice continuing the hearing on the Application was posted on the Commission's agenda, with an indication that the Planning Department has made a "Preliminary Recommendation" for "Approval with Conditions." Presumably because the hearing is being continued, submissions opposing or favoring the Application have not been posted.

Rescheduling of this matter should take into account that the issues for resolution are primarily factual, which would be resolved more fairly and accurately if your staff is allowed a longer period of time to review and analyze the documents submitted by the NHC and NHA. As background, the Application is for continued use of the premises under Section 185(e) of the City Planning Code, which prohibits the "enlargement, intensification [and] extension of the use." The Application has been filed against the backdrop of the decisions of the Superior Court in *Nob Hill Association v. City and County of San Francisco*, No. CPF-10-510495, and *Nob Hill Association v. City and County of San Francisco*, No. CPF-10-510-365, which effectively enjoin any such enlargement, intensification and extension, and thus put the Commission in a delicate position of determining, based on the evidence, what conditions fall within the "historic use" of the Temple.

Continuing the hearing until January 12, 2012 will allow your staff to present a recommendation that is factually accurate and legally correct and to let the affected parties know what facts will serve as the basis for the Commission's decision well in advance. NHC and NHA (as well as a number of individual residents) submitted substantial objections to the Application because the Application, as presently framed, is not consistent with factual evidence as to historic use. It is the position of both the NHC and NHA that the Application should be granted, *provided*, that the conditions of approval are truly consistent with the historic use of the Temple. Unlike other conditional use applications where the decision is based primarily on the sound discretion of the Commission, the decision here is primarily a factual one, which must be based on a consideration of the evidence.

3. *Greater transparency in the reason for continuing the hearing until November 17 is appropriate.*

The NHC and NHA would like to know if the hearing is being continued from October 27 to November 17 in order to allow the Applicant to submit further evidence in support of its Application or for the Planning Department to conduct further analysis, in response to the NHC or NHA submissions. If so, any materials or analyses submitted after October 27 should be made available to the public for further review and comment well in advance of the re-scheduled

hearing. We are concerned that the November 17 date will not allow a sufficient time for informed review, if further submissions or analyses currently are being made.

4. Rescheduling the hearing until January 12, 2012 is appropriate in light of the many upcoming Holidays.

If the hearing is held after November 17, as we believe it should be, the question is whether it should be rescheduled during December. For reasons mentioned above, many residents will be away at times during the Thanksgiving – New Year’s period, which includes a number of important religious holidays, including Hanukkah, Kwanza and Christmas. Thus, any date in December will present the same scheduling difficulties for interested members of the public that the November 17 date presents now, and will frustrate the opportunity for parties to participate meaningfully in the hearing before the Commission.

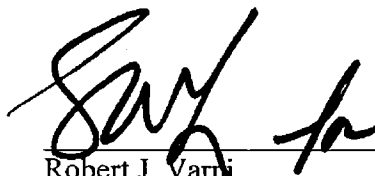

5. Rescheduling the hearing until January 12, 2012 will not prejudice the Applicant.

Again, the matter for resolution before the Commission is primarily factual. The facts will not change between now and January 12, 2012, and the Applicant will receive consideration of the same facts if the hearing is held then as it will receive on November 17, 2011. On the other hand, members of NHA and NHC will be prejudiced if the hearing is held on November 17 or in December, because many of them will not be able to attend due to the Thanksgiving and the December Holidays, and will be deprived of their due process right to address the Commission. Moreover, in order to remove any possibility of prejudice to the Applicant, the NHA and NHC will agree, and hereby do agree, that they will not object to any events at the Temple that are currently scheduled to take place between those dates.

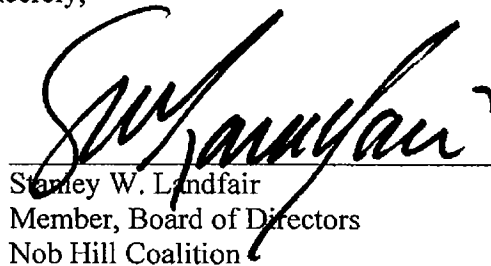

In conclusion, and as a final reason to reschedule the hearing, the NHA and NHC submit that it would be in the spirit of the upcoming Holiday Season to defer consideration of the Application until January 12, 2012, since it is being continued already until November 17, 2011. We emphasize that the NHA and NHC do not oppose the Application, *provided* that its consideration is truly consistent with the historic use of the Temple. We seek only to improve the process by which the Commission and all of the interested parties (including the Applicant) can determine what the conditions of historic use have been. *All* of us share the same interest in getting this right.

Thank you for considering this request.

Sincerely,

Robert J. Varni

History: This message has been replied to.

I am writing to show my support for Live Nation's continuation of existing operation of the Masonic Center and Live Nation's professional management, and encourage the approval of the Conditional Use Permit application. I urge the Commissioners not to restrict the number of events at the venue in a manner that is out of step with the historical use of the venue or out of step with other entertainment venues in the city.

I have a condo a few blocks away from the Masonic and am on the board of Grace Cathedral and feel that we would greatly restrict the spreading of the fine culture of our city. I strongly support Music in our city and think that the Masonic is a fine venue for it. They will never get another qualified events operator like Live Nation again if we lose them now and it is important to support them at this critical juncture.

October 19, 2011

Ms. Christina Olague
Commission President
San Francisco Planning Commission
1650 Mission Street, Suite 400
San Francisco, CA 94103

Dear President Olague:

Re: Application for conditional use authorization to continue nonconforming commercial and entertainment uses at California Masonic Memorial Temple, 1111 California Street, San Francisco, CA 94108 #2011.0471C

I own and occupy a residence in the vicinity of the referenced premises and have significant concerns about the potential for expanded and intensified entertainment and alcoholic beverage service should a conditional use permit be granted to the California Masonic Memorial Temple at 1111 California Street, San Francisco 94108 ("Masonic")

The current application for conditional use authorization results from the fact that Masonic no longer has any legal entitlement to operate as an entertainment venue serving alcoholic beverages. Masonic's status as a legal nonconforming use expired per Planning Code Section 185 in 2008, 50 years following the 1958 completion of its construction. Masonic's Conditional Use Authorization issued by the Planning Commission in 2010 was terminated by order of the Superior Court of California for the County of San Francisco (See attached letter dated August 10, 2011 from Steven Vettel to John Hinman. EXHIBIT "A") Masonic now seeks to continue to operate as a commercial and entertainment venue notwithstanding such use is not consistent with current zoning. Masonic is seeking Planning Commission authorization to continue uses that became nonconforming in 1968.

Following Masonic's construction it began operations in 1958 consistent with then current zoning. In 1968 the property was rezoned. Masonic became subject to the zoning requirements of the Nob Hill Special Use District (Planning Code sec. 238.) Entertainment uses are not permitted within the Nob Hill Special Use District. Counsel for Masonic acknowledges that "entertainment and assembly use became a legal nonconforming use when the underlying land was rezoned back to a Residential zoning district along with the creation of the Nob Hill Special Use District, in 1968." (Letter dated February 24, 2010 from Steven L. Vettel to Ron Miguel,

President, San Francisco Planning Commission.) In 1978 the property was again rezoned to RM-4 which does not permit entertainment or eating and drinking uses.

REQUIRED FINDINGS – NECESSARY CONDITIONS

Applicable Law

The Planning Commission must evaluate all the relevant facts and make findings satisfying the substantial evidence test that all the criteria for a conditional use permit based on RELEVANT historic use are satisfied (emphasis added). (Jacobson v. Los Angeles, 69 C.A.3d, 344, 391 (1977.))

When an existing use is permitted to continue as a nonconforming use it must be similar to the use when the zoning ordinance making it non-conforming was enacted (Hansen Brothers Enterprises v. Board of Supervisors, 12 C.4th 533 (1996).) The nonconforming use cannot be expanded, enlarged or intensified (Planning Code sec. 185(e)).

“The activity of the owner in the use of his property at the time it becomes subject to a zoning ordinance and not his plans regarding the future use of that property determines the scope of the nonconforming use excepted from the restrictions imposed by the [zoning] ordinance” (Paramount Rock Co. v. San Diego, 180 Cal. App. 2d 217, 232 (1960).) As a matter of law, the Planning Commission may not consider nonconforming uses during periods following enactment of the zoning ordinance that renders the use nonconforming unless they are the same as or similar to the use prior to those uses becoming nonconforming. Use after 1968 that amounts to intensification (e.g. more concerts, more nighttime events, increased alcohol service) was not and is not lawful. A failure of authorities to enforce the zoning laws to limit unlawful use does not enable an applicant for a conditional use permit to claim entitlement to a use that amounts to an expansion or intensification of the use that was made of a property prior to the date the use became nonconforming. In determining the permissible scope of nonconforming use that may be permitted as a conditional use, it is unlawful for the Planning Commission to rely on only a portion of the period of nonconforming use. That is especially true when there has been an intensification or expansion of the nonconforming use during certain periods following the date of enactment of a zoning ordinance rendering the use nonconforming.

Masonic’s Historic Use

Masonic operated as a nonconforming use since the initial 1968 rezoning following its construction. The relevant factual inquiry required to be made by the Planning Commission is what was the nature and extent of the use at Masonic during the period 1958–1968 prior to the date that the Masonic’s use became nonconforming? The Planning Commission is duty-bound to structure conditions on any conditional use authorization to insure that future uses will not deviate from what had been the typical, average use of Masonic during the years 1958–1968. It is not permissible under the law for the Planning Commission to authorize use based on expanded and/or different use during some period following the date that the Masonic’s use

became nonconforming. Certainly the Planning Commission may not base its decision regarding the appropriate historic use on some period carefully (and purposely) selected by the applicant.

Masonic has been the site of a number of events, the vast majority being events such as commencement ceremonies, naturalization ceremonies, trade shows and seminars. During the relevant period 1958 – 68 the best available evidence is that the average number of live entertainment events per year was 12. For the period 1958–78 it was 14. Moreover, during the Masonic's 50+ year history it has never had a permanent license from the Department of Alcoholic Beverage Control and has selectively sought "daily" licenses from the Department (10 in all of 2009, 2 of which were catering permits) according to the Department.

Clearly, it is the intention of Masonic to expand and intensify the entertainment use to include routine food and alcoholic beverage service. Masonic has entered into a lease agreement with Live Nation Worldwide, Inc., the world's largest promoter of live entertainment events. Live Nation in turn has entered into a Concession Agreement dated 22 July 2009 with Avatar Foods International Inc., (dba Global Gourmet Catering.) That Concession Agreement requires Avatar to use its best efforts to maximize receipts from the sale of food and beverages and, specifically, to "at all times ensure that there is no less than one (1) point of sale for every one hundred (100) patrons in attendance at each event." Further, Avatar has applied for a permanent bona fide eating place license to serve alcoholic beverages indicating an intention to intensify alcohol service over what was the case historically.¹

Necessary Conditions

San Francisco Planning Code Sec. 303 mandates a finding based on substantial evidence that the proposed use of Masonic is desirable and compatible with the neighborhood (303(c)(1)) and will not be detrimental to, among other things, the safety, convenience or general welfare of persons residing in the vicinity (303(c)(2)). The impacts on the residents in the vicinity of Masonic must be no greater than those resulting from the entertainment and commercial use of Masonic during the period 1958 – 1968, the period before Masonic's operations became nonconforming uses.

The applicant refers to its "Project" as the "continuation of existing operations" and asserts that Masonic proposes no changes to its operations. Applicant concedes that any conditional use authorization may not result in any enlargement or intensification of the relevant nonconforming uses. As noted above, the law is clear in that it is neither "existing operations" or "current use" (which may in fact have been an impermissible intensification and expansion of the use during the period prior to the use becoming nonconforming) nor the use during some

¹ See Town of Los Gatos v. State Board of Equalization, 141 C.A.2d 344 (1956). In that case it was held that the granting of a hard liquor license to a business operating pursuant to a beer and wine license in effect changed the character of the business to a substantial degree and was an unwarranted enlargement of a nonconforming use. The court noted that it is common knowledge that a restaurant with a full liquor license is quite a different sort of enterprise from a restaurant that sells only beer and wine and "is a more ambitious establishment, partaking at least to some degree of the characteristics of a nightclub." Similarly, operation by Masonic under a permanent liquor license would be inconsistent with existing zoning, not consistent with historic use and would not be a permitted conditional use.

period selected by the applicant that is determinative. Rather, the nature and extent of any permitted nonconforming use is that which obtained during the period 1958–68.

It is incumbent on the Planning Commission to ascertain for the period 1958–68 the average for each year of (1) the number of events, (2) the number of nighttime entertainment events, (3) the number of large events, (4) the number of large nighttime entertainment events, (5) number of such events at which alcoholic beverages were served, (6) average attendance at such events and (7) customary event end times. The numbers so ascertained must be made conditions limiting the number and type of future events permitted in any conditional use authorization.

Number of Live Nighttime Entertainment Events

Given that it is clearly the intention of the owner of Masonic to maximize revenues from the entertainment use of the Masonic by increasing entertainment use beyond what is the relevant historic use (i.e. by increasing the number, type and size of live concerts²) the failure to appropriately condition any use authorization will only mean an intensification of the negative impacts on the residents of Nob Hill—impassable sidewalks, impacted streets, noise incident to entering and exiting crowds.

The number of live entertainment events must be limited by the imposition of a condition on any conditional use authorization to the average number of events that occurred during the period 1958 – 68.³ Moreover, it is necessary for the Planning Commission to also limit by condition the number of nighttime live entertainment events.

The best available data, based on exhaustive research by neighborhood volunteers, is that the annual average number of nighttime live entertainment events during the period 1958–1968 was approximately 12. The annual average number of live nighttime entertainment events during 1958–1978 was approximately 14. (See the attached Exhibit “B.”)⁴

Any conditional use authorization based on historic use must include a condition substantially as follows:

² Cf. the lease between California Masonic Memorial Temple and Live Nation Worldwide, Inc., the world’s largest concert promoter.

³ Any significant increase in those numbers in the years following 1968 when entertainment use first became nonconforming was an unlawful intensification of that use.

⁴ Masonic’s summary total of nighttime live entertainment events during the period 2005 – 2008 is fallacious and is not even supported by Masonic’s own data. Several of the listed events are in fact rental dates and not actual events with a ticketed audience (e.g. Vagina Monologues on 2/9 – 2/12, 2002 – the actual event took place on 2/12 only.) Also, some listed events were cancelled (e.g. Emmylou Harris 7/26/08, Sara Evans 9/4/08, Herbie Hancock 9/20/08. Masonic’s assertion that its summary of events during the period 2005 – 2008 is most representative of existing operations is not only incorrect (see the attached Letter of Annette Berger), it is irrelevant as the base for determining historic use is the period 1958 - 1968.

- *IN ANY YEAR THERE SHALL BE NO MORE THAN _____ ()⁵ LIVE ENTERTAINMENT EVENTS BEGINNING AT OR AFTER 7:00P.M.*

Number of Events with Alcoholic Beverage Service

Historically, relatively few events involved the sale of alcoholic beverages. A former usher at Masonic events observed that “most of the events did not have alcoholic service.”(Letter of Annette Berger. Exhibit “C”) Noteworthy is the fact that alcoholic beverage service was limited, even in the recent years 2001 – 2006 (Berger Letter.) Consistent with the observations of Annette Berger it is evident from the records of the Department of Alcoholic Beverage Control that even recently alcoholic beverage service was limited. The Department’s investigator noted in her report incident to Masonic’s subtenant’s application for a Type 47 “bona fide eating place” alcoholic beverage license that in the most recent year investigated (2009) there were only 10 licensed events. However, one of the 10 events noted in the report (on 9/26) was actually a dinner at Grace Cathedral, so there were 9 licensed events or 24% of the total 37 events.

The service of alcoholic beverages clearly exacerbates the problems associated with large crowds exiting a live entertainment event, especially in the nighttime when many patrons may have already imbibed. Historically alcoholic beverage service was permitted only pursuant to occasional “daily permits” and even in recent years (recall that the relevant period for permitted historic use is 1958 – 1968) alcoholic beverage service was limited to approximately 9 events per year. Thus, it is essential that the Planning Commission include a condition in any conditional use authorization as follows:

- *IN ANY YEAR THERE SHALL BE NO MORE THAN _____ ()⁶ EVENTS AT WHICH ALCOHOLIC BEVERAGES MAY BE SERVED.*

Food and Beverage Service

It is evident from the accounts of persons that have worked at the Masonic in recent years and those that have attended events in recent years that there have never been more than two bars, even at the largest events. The recent large events (Jeff Beck and Conan O’Brien) with an estimated crowd of 3,000 had two bars, one in the main lobby, and one on the second floor (balcony). Based on the configuration of the bars set forth in the “Catering or Event Authorization Application” filed with the Department of Alcoholic Beverage Control (see attachments Exhibit “D”), there were 15 points of sale. Accordingly, to minimize the adverse impacts on the safety and quiet enjoyment of the residents of Nob Hill a condition on any conditional use authorization must be imposed substantially as follows:

⁵ The Planning Commission must ascertain the true annual average number of live nighttime entertainment events during the period 1958 – 1968 and condition any use authorization by limiting the permitted number of live nighttime entertainment events to that average number. The best available information obtained by neighborhood volunteers shows an annual average during the relevant period of 12 with the highest number of 20.

⁶ No more than 24% of the permitted total of annual events.

- *A PERMANENT LICENCE TO SERVE ALCOHOLIC BEVERAGES IS NOT A PERMITTED USE*
- *EATING AND DRINKING USE IS LIMITED TO SERVICE TO PATRONS OF ON-SITE ASSEMBLY AND ENTERTAINMENT EVENTS WITHIN THE MASONIC CENTER. AT ANY EVENT AT WHICH FOOD AND ALCOHOLIC BEVERAGES MAY BE SERVED THERE SHALL BE NO MORE THAN TWO (2) TEMPORARY CONCESSION STANDS SELLING FOOD AND BEVERAGES, ONE LOCATED IN THE MAIN LOBBY AND ONE IN THE BALCONY AREA. AT ANY EVENT AT WHICH ALCOHOLIC BEVERAGES MAY BE SERVED THERE SHALL BE NO MORE THAN FIFTEEN (15) POINTS OF SALE.*
- *WHEN PERMITTED, ALCOHOLIC BEVERAGE SERVICE AT NIGHTTIME ENTERTAINMENT EVENTS SHALL BE LIMITED TO THE PERIOD PRIOR TO THE BEGINNING OF A PERFORMANCE AND DURING THE INTERMISSION. ALCOHOLIC BEVERAGE SERVICE IS NOT PERMITTED FOLLOWING THE CONCLUSION OF INTERMISSION. THERE SHALL BE NO MINIMUM ALCOHOLIC BEVERAGE PURCHASE REQUIREMENT AND NO MORE THAN TWO (2) DRINKS MAY BE SOLD TO ANY ONE PERSON IN A SINGLE TRANSACTION.*

Event Size

It goes without saying that the negative impacts on a residential neighborhood resulting from large events, especially large entertainment events at which alcoholic beverages are served, are far more extensive than events with small patronage. Recent⁷ data based on attendance numbers furnished to the Department of Alcoholic Beverage Control for the full year 2009 and data furnished to the San Francisco Entertainment Commission for the period November 13, 2010 through December 26, 2010 shows that the number of evening entertainment events beginning after 7:00 P.M. with more than 2,000 patrons was eleven (11) (40% of the total number of calculated events.) The total number of events measured during that period with attendance between 1500 and 2000 was eleven (11) or 41% of the total. (Exhibit "E".)

Accordingly, in order to insure that the negative impacts on the quiet enjoyment, safety and general welfare of the Nob Hill residents are not worsened by reason of intensification of use at Masonic, a condition must be imposed in any conditional use authorization as follows⁸:

- *IN ANY YEAR THERE SHALL BE NO MORE THAN EIGHT (8) NIGHTTIME LIVE ENTERTAINMENT EVENTS WITH ATTENDANCE IN EXCESS OF 2000 PERSONS AND THERE SHALL BE NO MORE THAN SIXTEEN (16) NIGHTTIME LIVE ENTERTAINMENT EVENTS WITH ATTENDANCE IN EXCESS OF 1500 PERSONS.*

Event Duration

The best available evidence demonstrates that nighttime events at Masonic ended by 10:30 P.M with a rare event ending at 11:00 P.M. Clearly the later an event ends and crowds depart into the Nob Hill neighborhood (especially if there has been alcoholic beverage service) the more disruptive it is to nearby residents. Accordingly, in order to optimize the potential for quiet enjoyment and safety of the

⁷ Recall that the relevant measure of permitted historic use (number of events, number of nighttime live entertainment events, number of events at which alcohol was served) is that which occurred during the period 1958 – 1968.

⁸ Numbers have been adjusted to reflect the fact that the relevant historic use that may be permitted by conditional use authorization is that which occurred during the period 1958 – 1968.

residents of Nob Hill a condition must be included in any conditional use authorization based on historic use as follows:

- *ALL EVENTS TAKING PLACE SUNDAY – THURSDAY AND SHALL END NO LATER THAN 10:00 P.M AND ALL EVENTS TAKING PLACE FRIDAY – SATURDAY AND ON EVENINGS IMMEDIATELY PRECEDING A MAJOR HOLIDAY SHALL END NO LATER THAN 10:30 P.M. WITH UP TO THREE (3) WEEKEND EVENTS PER YEAR ENDING NO LATER THAN 11:00P.M.*

Other Conditions

In addition to the conditions set forth above, there must be conditions governing the future use of Masonic based on relevant historic use to limit the negative impacts on the residents of Nob Hill consistent with those set forth in Exhibit "M" to the submission of the Nob Hill Association in connection with the hearing on Masonic's application.

Conclusion

Masonic's application for a conditional use authorization based on historic use as submitted must be denied. The applicant completely fails to support its claims of historic use.

Respectfully submitted,

Donald L. Humphreys

Re: 1111 California Street (Nob Hill Masonic Center)
San Francisco Planning Code Section 185(e) conditional use

Dear John:

Enclosed is a copy of the Planning Code Section 185(e) conditional use application that the California Masonic Memorial Temple is filing on August 12, 2011, with the San Francisco Planning Department. This application seeks to extend the nonconforming legal entertainment and assembly use of the Masonic Center, including alcoholic beverage service during events, beyond the 50 year "termination" period specified in Section 185 for nonconforming uses located in residential zoning districts.

This application became necessary after the San Francisco Superior Court voided the Section 182(b) conditional use permit that the Planning Commission and Board of Supervisors approved in 2010 based on the court's determination that the CEQA review for that permit was inadequate. The current conditional use is necessary in order for the Masonic to continue to operate as a nonconforming use until the Section 182(b) permit can be reinstated following completion of a new CEQA document in 2012.

Zoning Administrator Scott Sanchez has advised us that the San Francisco Planning Commission will hear this application sometime in October 2011. Although we cannot guarantee that the Commission will issue the discretionary permit (or that the Board of Supervisors will uphold the permit should it be appealed to the Board), we are confident that will be the case. We believe the Planning Department staff will recommend approval (the Department recommended approval of the 2010 conditional use). A majority of the present Planning Commissioners supported the 2010 conditional use to intensify the Masonic Center, and a supermajority of the Board upheld that action.

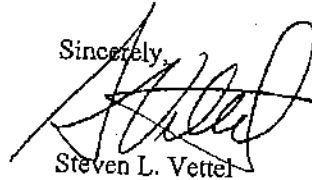

Mr. Sanchez has also advised us that the Planning Department's standard practice is not to initiate any enforcement action against an expiring nonconforming use, provided an application to cure the expiration has been filed, and that the Department would follow its

John A. Hinman, Esq.
August 10, 2011
Page 2

standard practice in this case. Therefore, we do not believe that any enforcement action to halt ongoing operations at the Masonic Center will be initiated by the Department prior to the October 2011 hearing. Mr. Sanchez has indicated he is available to discuss and confirm this information with the ABC. His contact number is (415) 558-6350.

Sincerely,

Steven L. Vettel

Ms. Christina Olague
President of Planning Commission
1650 Mission Street, 4th Floor
San Francisco, CA 94103

RE: Case #2011.0471C for 1111 California, Masonic Temple Conditional Use Application

Dear President Olague,

My name is Annette M. Berger and I reside at 1177 California Street. I submit the following statement based on personal knowledge. I will be out of the country for the 10/27 hearing and authorize a neighbor to read my statement at the meeting. I can testify under oath to the statements I make in this letter.

I am writing to you because I am concerned about the misrepresentations in the Conditional Use Permit application with regard to the historical use of the venue.

I have lived next door to the California Masonic Memorial Temple since 1976 and have attended concerts at the Masonic Temple for many years. From February 2001 until 2006, I worked as an usher at the Masonic and have firsthand experience with its historical use. During this time I worked at concerts, graduations and exhibitions. I was the head usher in the balcony, part of a special staff who were ticket takers working the gates into the auditorium. I was in charge of the balcony and was stationed in the balcony for most of the events.

Most events did not serve alcohol. If there was alcohol service, it was mainly limited to a single bar in the ground floor lobby outside the gates to the auditorium. It was rare that there was a bar in the balcony. I have not seen more than two bars. In my experience, alcohol was served before the events started and at intermission only. Alcohol was not served during performances and NO alcohol or food was allowed beyond the gates and inside the auditorium. Bottled water was the only beverage permitted inside the auditorium. This is similar to other venues where I have ushered including Davies Symphony Hall, the Opera House and Herbst Auditorium.

Even with the limited alcohol service, I recall a few occasions when people overindulged and "got sick". This was on the main floor.

I would also like to point out a major safety concern. The balcony stairs are incredibly steep and unsafe. I have seen many people slip and fall on them in my time working there. Any increase in use of alcohol at the balcony level will pose a real danger to persons sitting in the balcony area. I am concerned that there is no plan to add banisters to the balcony stairs in the proposed plans.

The food available was usually finger foods, coffee and sandwiches. No cooked foods. This food was available in the ground floor Lobby. The "Snack Bar" that LiveNation is now using for concessions in between the gates and auditorium entrance on the ground floor is in fact a Coat Check and was not used for concessions when I worked there.

During my tenure at the Masonic, ushers worked for 4 hour shifts. I recall that shows ended by 10:30PM and remember only a few shows went past 10:30PM.

As for attendance, there were few sold out shows like a Van Morrison or an occasional SF Jazz performance. Attendance was usually on the "smaller side" for concerts and ethnic performances and some shows some like "Broadway on Ice" in December 2004 had very poor attendance due to lack of advertising by the promoters.

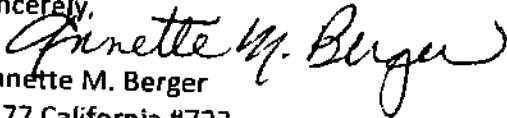

The ticket takers in my group counted all tickets and bundled them into bunches of 100. We submitted a final count and the tickets to an employee of the Masonic; however, I am not sure what was done with this attendance information.

Since LiveNation has taken over the operations, my observation is that the shows seem to have become larger in nature and attract a younger demographic. I have been present at several Live Nation performances and alcohol was allowed in the auditorium.

The Department must investigate the information provided by the Masons and make sure that they are correct. It is very important to me that the historical use of the venue is accurately documented in this hearing process.

Thank you for letting me share my personal experiences.

Sincerely,

Annette M. Berger
1177 California #723

STATEMENT OF CONDITIONS Exhibit M.

Appended to the Application at “Exhibit C” was the Project Sponsor’s proposed conditions of approval that purport to represent, or to be supported by, the historical use of CMMT.

NHA has demonstrated with evidence that the Project Sponsor’s “Exhibit C” is both inaccurate and flawed in its representation of historical use.

Therefore, NHA has presented to the Commission proposed alternative conditions of approval that are more accurately aligned with historic use to be used in conjunction with “Exhibit C”.

MAXIMUM OCCUPANCY AND EVENTS CONDITIONS (Revised by NHA)

- There shall be no increase in the current seating capacity (3,282) of the auditorium and no seats shall be removed. General Admission concerts are not permitted. (Added to reflect historical use.)
- There shall be NO MORE THAN 31 “Live Evening Entertainment Events” of which NO MORE THAN 24 Concerts are permitted per year. (Added to reflect historical use.)
- In order that the cumulative annual attendance at evening events be consistent with historical use, the Project Sponsor shall select and host events of the type and size not to exceed the following tiers for 24 total historical concerts per year:
 - A maximum of 8 concerts per year (or 33%) may have over 2,500 attendees.
 - A maximum of 9 concerts per year may have over 2,000 attendees.
 - A maximum of 19 concerts per year may have over 1,500 attendees.
 - A minimum of 5 concerts per year may have up to 1,500 attendees.
- All events shall end by 10:00 PM on weeknights (non-holiday, Sunday-Thursday evenings) and 10:30 PM on weekends (Friday, Saturday and pre-holiday evenings), with the exception that 3 weekend events may end by 11:00 PM in accordance with historic use. (Revised to reflect historical use.)
- Queuing for all events shall occur within the interior of the Masonic Center property, *i.e.* the Main Lobby and Exhibition Hall. (Revised to reflect historical use.)

SECURITY AND SAFETY CONDITIONS (Revised by NHA)

- A minimum of 2 off-duty SFPD officers will be hired by the Project Sponsor specifically to monitor Huntington Park. One officer will be stationed inside the park and the other officer will patrol the perimeter of Huntington Park (California, Taylor, Sacramento, and Sproule Streets) during concerts and for one hour before, during, and one hour after concerts conclude.

LOADING (Revised by NHA)

- Loading and unloading on California shall be limited to 35 calendar days per year.

- Use of CMMT auditorium aisles for equipment transport (removal or installation) during intermission is strictly prohibited.

PERFORMER BUS PARKING CONDITIONS (Revised by NHA)

- Deleted Applicant’s proposed condition of approval #20 and #21. (Deleted to reflect historical use.)
- There shall be no parking of performer’s buses on California Street, except during periods of loading and unloading. (Revised to reflect historical use.)
- Overnight curb parking of buses or Habitual trailers for performers, support staff, and/or others associated with the operations or productions of events or concerts shall not be permitted on either side of California Street or the adjacent streets on top of Nob Hill. The petitioner shall include in any contract or agreement or rules or guidance given to any performers, support staff or others associated with the operations or productions at the CMMT a requirement to abide by this condition. The Project Sponsor shall remain responsible for compliance with this condition, regardless of such notice or contractual provisions.

FOOD & BEVERAGE SERVICE CONDITIONS (Revised by NHA)

- NO permanent liquor license is permitted. All liquor licenses shall be temporary one-day permits only similar to historic use. (Revised to reflect historical use.)
- Alcoholic beverages shall be served at no more than 7 concerts per year or 28.5% of total events in accordance with historical use . (Revised to reflect historic use as demonstrated by ABC permits.)
- Eating and drinking uses shall be limited to service to patrons of on-site assembly and entertainment events within the Nob Hill Masonic Center.
- A maximum of up to two (2) temporary concessions stands selling food and beverages. Both concessions stands must be outside of the gates into the auditorium with one located in the main lobby and one located in the lobby of the balcony and no larger in size/and # of servers as shown in historical diagrams provide by ABC; There shall be no operations of a restaurant, whether full-service or self-service, no service to persons who are not patrons of assembly or entertainment uses of the Masonic Center. (Revised to reflect historical use.)
- Alcoholic beverages may be served only before events and immediately prior to events and during intermission. No alcoholic beverages or food shall be permitted inside the auditorium. (Revised to reflect historical use.)
- There shall be no minimum purchase of alcoholic beverages and there shall be a maximum of two drinks served per order.

DC:50821034.1

Exhibit C

GENERAL CONDITIONS

1. Noise and odors shall be regulated so as not to be a nuisance to nearby businesses or residents [No 2008.1072EC Condition #4]
2. An enclosed waste storage area shall be provided within the establishment. All trash and recycling containers shall be kept within the building until pick-up by the disposal company. [No 2008.1072EC Condition #6]

MAXIMUM OCCUPANCY AND EVENTS

- ~~3. No more than 3,282 patrons shall be permitted for events in the auditorium on the main floor level and mezzanine of the Masonic Center. [No 2008.1072EC Condition #9]~~
- ~~4. All events shall conclude by 11:00PM on weeknights (non-holiday Sunday-Thursday evenings) and 11:30PM on weekends (Friday, Saturday, and pre-holiday evenings). Up to three events per year may extend until 1:00AM on weekends (Friday, Saturday, and pre-holiday evenings), subject to prior consultation with and approval by the San Francisco Police Department and the Entertainment Commission a minimum of 30 days prior to the date of such an event. [No 2008.1072EC Condition #13]~~
- ~~5. All patron queuing for events with general admission attendance shall occur within the interior of the Masonic Center property, i.e. the main lobby and Exhibition Hall. [No 2008.1072EC Condition #14]~~

SECURITY AND SAFETY

6. The petitioner shall maintain, update over time, provide to event personnel, and make available to the Police Department and Entertainment Commission an event Operations Manual to include:
 - A security plan to ensure neighborhood safety before, during and after performances, including in Huntington Park and Near Grace Cathedral.
 - A traffic control plan, including deployment of traffic control personnel outside the venue to assist patron unloading and loading, queuing into the garage, and enforcement of the Parking and Traffic, Loading and Performer Bus Parking conditions set forth below.
 - Trash pick-up program within two hours after each event in the four blocks bounded by Sacramento, Jones, Pine and Mason Streets.
 - Direction to event personnel to assure compliance with these conditions of approval. [No 2008.1072EC Condition #15]

PARKING AND TRAFFIC

7. The petitioner shall make available to the general public within the Masonic Center garage no less than number of off-street parking spaces required by Planning Code Section 151 for "theater or auditorium" uses (a minimum of 1 parking space per 8 patron occupancy for the first 1,000 patrons, plus 1 space per 10 patrons above 1,000 patrons in the Auditorium). The number of spaces shall not be reduced or otherwise be made unavailable for the use of the Masonic Center due to monthly leases or other arrangements. [No 2008.1072EC Condition #16]
8. There shall be a fixed parking fee for events with ~~more than 1,250 ticketed attendees~~. [No 2008.1072EC Condition #17]
9. The petitioner shall offer pre-paid parking to event attendees who purchase tickets in advance of the event date through an on-line ticket service. Such pre-paid parking passes shall specify the location of the garage for which the ticket has been paid (either the Masonic Center garage or any other nearby garage that enters into a cooperating agreement with the petitioner for pre-paid parking) and the location of the garage's entrance. [No 2008.1072EC Condition #18]
10. The petitioner shall allow access to the Masonic Center garage through the Pine Street loading dock prior to events in order to reduce vehicle queuing on California Street. The Pine Street loading dock shall also be used for exiting from the garage after events. [No 2008.1072EC Condition #19]
11. The petitioner shall minimize vehicular queuing on California Street by use of the following strategies for events with ~~more than 1,250 ticketed patrons~~:
 - Increase traffic staffing inside the California Street garage entrance to increase the rate of vehicular entry to the garage.
 - Position security personnel (including San Francisco Police Department services when warranted) outside the garage to assist with controlling and directing traffic, including directing patrons to other nearby garages if and when the Masonic Center garage is full.
 - Convert the center lane of the existing garage entrance ramp to a second inbound lane to increase queuing room within the garage.
 - Event staff shall ensure u-turns are prevented and that the cable car lane is free flowing. [No 2008.1072EC Condition #20]
12. The petitioner shall consult with nearby public garages to inform arriving patrons that those garages can be used to park for performances and events when the Center's garage is full. [No 2008.1072EC Condition #21]
13. The petitioner shall apply for designation of a truck and bus loading zone and passenger zone for drop-off by taxis and other vehicles and additional garage queuing for the approximately 185-foot long curb zone on California Street between the entrance to the Center garage and Gramercy Tower (1177 California Street) driveway, to be in effect

only prior to and during events at the Masonic Center. The drop-off zone shall be sufficient to accommodate a minimum of three taxis or private vehicles dropping off passengers at one time. [No 2008.1072EC Condition #22]

14. The petitioner shall provide not less than 26 Class I or Class II bicycle parking spaces at the property, consistent with Planning Code Section 155.2. [No 2008.1072EC Condition #23]

LOADING

15. The petitioner shall seek a special event "no parking" permit from the Police Department whenever it anticipates loading or bus operations on California Street and direct trucks to park in that zone. No double-parking of trucks shall be permitted. The petitioner may load and unload from the California Street curb only stage sets, performance equipment, and related materials associated with specific events. Pursuant to the regulations of the Department of Building Inspection, a sign shall be posted on the access ramp during loading and unloading operations that notifies disabled persons of the duration of the loading and provides specific information about alternative means of disabled access into the building, which alternative access shall be maintained at all times during loading and unloading operations on California Street. [No 2008.1072EC Condition #26, modified to remove provision related to previously proposed alteration]
16. To minimize noise during loading and unloading operations on California Street, the petitioner shall install prior to loading and unloading activities a resilient surface material, such as rubber or vinyl, on truck ramps, pavement, sidewalk and the ramp and incorporate transition strips between different surfaces and shall direct that truck engines be turned off except when moving the vehicle or functions that require engine power are occurring, such as lowering or raising of hydraulic ramps. [No 2008.1072EC Condition #27]
17. Personnel conducting loading and unloading activities on California Street shall be instructed to minimize the volume of conversation and prohibit the playing of amplified music outside the building during loading and unloading, particularly during nighttime hours.
 - (a) There shall be no loading and unloading on California Street before 7:00am.
 - (b) Scheduled event loading on California Street shall be limited to ~~12~~ days per year.[No 2008.1072EC Condition #28]
18. After the conclusion of unloading activities, trucks using the California Street curb loading zone shall depart the premises, park off-site, and not return for loading until near the conclusion of the performance. No overnight curb parking of trucks shall be permitted on California Street. [No 2008.1072EC Condition #29]
19. The petitioner shall make best available efforts to complete loading activities as efficiently and quietly as possible following the conclusion of an event.

PERFORMER BUS PARKING

20. ~~During the one and one-half hour period prior to the start of events, no more than two performer buses shall park on the south side of California Street, so that the remainder of the 185-foot long curbside area is available for attendee unloading and loading and vehicle queuing into the garage. The petitioner shall direct any additional buses to park in other bus parking zone(s) the City chooses to designate near the corner of California and Taylor Streets, such as on Taylor Street adjacent to Huntington Park or on the north side of California Street. The petitioner shall make best available efforts to evaluate and demonstrate to the Zoning Administrator the physical and operational feasibility of storing performer buses at nearby off-street parking facilities during events.~~
(a) ~~The petitioner shall make commercially reasonable best efforts to secure space in the closest parking garage to park the maximum number of performer buses that can fit inside that garage and if space is secured from the garage owner, that number of buses shall be parked inside the garage. [No 2008.1072EC Condition #31]~~
21. ~~The petitioner shall provide electric power on the south side of California Street for event buses in order to ensure the quiet and clean powering of these vehicles and shall direct that all performer buses parking at this zone connect to his electric power and not run their engines or generators. [No 2008.1072EC Condition #32]~~
22. Overnight curb parking of buses or habitual trailers for performers, support staff, or other associated with the operations or productions at the property shall not be permitted on either side of California Street. The petitioner shall include in any contract or agreement, or rules or guidance given to any performers, support staff, or others associated with the operations or productions at the property a requirement to abide by this condition. The petitioner shall remain responsible for compliance with this condition, regardless of such notice or contractual provisions. [No 2008.1072EC Condition #34]

FOOD AND BEVERAGE SERVICE

23. ~~The eating and drinking uses are limited to service to patrons of on-site assembly and entertainment events within the Nob Hill Masonic Center. This allows for the operation of a maximum of five concessions stands selling food and beverages. There shall be no operations of a restaurant, full-service or self-service, open to members of the public who are not patrons of assembly or entertainment uses within the Masonic Center. [No 2008.1072EC Condition #35]~~
24. ~~Following the conclusion of the last intermission of an event, a maximum of two publicly accessible concession stands and one "VIP" concession stand (not accessible by the general public) may serve alcoholic beverages. One hour prior to the conclusion of an event, line markers shall be placed at the end of each of the lines. No patron approaching a line for a concession stand after the placement of the line marker will be served an alcoholic beverage, with the intent that alcohol service will conclude 45 minutes prior to the end of an event.~~

- (a) There shall be no minimum purchase required and a maximum of two drinks served per order. [No 2008.1072EC Condition #36]

PERFORMANCE AND ENFORCEMENT

25. The petitioner shall appoint a community liaison officer to deal with issues of concern to the owners and occupants of nearby properties and shall give written notice of the name, business address and telephone number of the community liaison officer to the Zoning Administrator and the owners of properties in the area bounded by Sacramento Street, Mason Street, Pine Street and Jones Street. The telephone number of the community liaison shall be monitored for a reasonable period of time prior to, during and after events until patrons have disbursed from the neighborhood. [No 2008.1072EC Condition #38]
26. The petitioner shall be required to comply with all noise ordinance limits in Municipal Police Code 29, or any successor ordinance. [No 2008.1072EC Condition #42]
27. If an event has presented a pattern of safety and security problems in previous concert seasons or at other venues, then the petitioner shall consult with the Police Department to determine whether the petitioner can provide adequate safety and through utilization of its security personnel, contracted private security, and/or on-duty or off-duty Police officers. To the extent that the Chief of Police reasonably determines, based entirely on the ability to provide safety and security and not on the expressive content of the event, that the petitioner cannot provide adequate safety and security for any proposed event or that the event's historical pattern establishes that safety and security issues cannot be adequately handled at the venue regardless of the petitioner's security plan, the Chief of Police may order that the event shall not be held. This provision does not supersede any subsequent regulations regarding place of entertainment permits. [No 2008.1072EC Condition #43]
28. The petitioner shall comply with Administrative Code Section 10-B, and if off-duty officers are hired pursuant to subsections thereof, a minimum of two officers be hired for events with 1,250 or more presold tickets; if SFPD determines that more than two officers are required, the petitioner shall provide the additional officers. [No 2008.1072EC Condition #44]
29. The petitioner shall encourage the use of public transit through its on-line marketing sites, including links to transit providers. [No 2008.1072EC Condition #45]

267612703098.1

Nob Hill Association, 235 Montgomery Street, Suite 870, San Francisco, CA 94104

October 19, 2011
Ms. Christina Olague, President
San Francisco Planning Commission
1650 Mission Street, Fourth Floor
San Francisco, California 94103

Re: Application for Conditional Use Authorization for Masonic Temple, 1111 California Street, #2011.0471C

Dear President Olague:

The Nob Hill Association (“NHA” or “Association”) was founded in 1928 and is San Francisco’s oldest neighborhood organization. At present, NHA represents 805 members, many of whom have lived in the neighborhood for several decades and are quite familiar with operations at the California Memorial Masonic Temple (“CMMT”), before and after its association with the current lessee, LiveNation.

The Association and its members would support the Application for Conditional Use Authorization, if it were based on the historical use of the venue. For the reasons outlined below, we do not believe the conditions of approval described in the Application are representative of the existing use of the facility, as required under Section 185(e) of the City Planning Code. Rather, they allow for the “enlargement, intensification [and] extension of the [existing] use,” in violation of Section 185(e). We must object to the application, therefore, in its present form.

In reviewing the Application, the Department and the Planning Commission should note that the assertions made by the Project Sponsor are nothing more than that – *assertions*. The Project Sponsor has shown *no evidence* with its Application to support its claims.

To assist the Department and the Commission in its review of the Application, we have summarized the below areas where the conditions proposed exceed, intensify or extend beyond the historical conditions of use. In these areas, we believe the Applicant’s representations regarding historical use of the venue are materially false, and omit important information. These areas include the following:

- **Food & Beverage Service**
- **End Times for Events**
- **Number And Type Of Events**
- **Historical Attendance**
- **Parking of Performer Buses and Motor Coaches**
- **Loading and Unloading**
- **Removal of Seating and Prohibition of General Admission Concerts**
- **Safety And Security**

In addressing these areas, we have included not only our assertions, but also various forms of documentation to support them. We request that this material be included in the record of these proceedings, so that they may be considered by the Commission and any future appeals.

Based on the information, it appears this Application is an "end run" around the recent decisions of the Superior Court, designed to move the Project Sponsor closer to its plans for expansion. The Application intends to intensify existing uses, in a form disguised as "historical use". Furthermore, the proposed conditions of approval for this operation do not "fix" the impacts of the expansion for residents.

As stated, NHA and its membership would support a continuation of CMMT operations based on accurate historical use. However, due to the inconsistencies, omissions, exaggerations and falsehoods encountered in the review of this Application, NHA must reject it as currently framed and respectfully asks the Commission to join us in this position.

NHA believes a continuance of this hearing is *essential* so that the Commission may ask the Project Sponsor to resubmit the Application based on historical data including but not limited to: number and type of events, start and end times, attendance, alcohol service (proof of service, # and locations of bars), loading, etc. so that an accurate baseline may first be established.

If the Commission is so inclined to move ahead with the Application, then the proposed conditions of approval must be modified to conform to the accurate historical conditions of use as described in this document and supported by the factual evidence provided. NHA has suggested modified conditions, which appear as **Exhibit M** to this letter, and are based on historic use.

In closing, the primary objective of the Nob Hill Association in submitting these objections is to maintain the historic use of the CMMT in our neighborhood and to protect residents from any unlawful attempts at intensification -- both now and in the future. Thank you for considering our concerns.

Sincerely,

Robert P. Varni
President, Nob Hill Association

Mr. Scott Sanchez, Zoning Administrator
Ms. Linda Avery

Food & Beverage Service

The NHA is greatly concerned that the proposed conditions of approval would allow up to five bars in the venue and alcohol service at all events. In support of this request, the Application claims that “[e]xisting operations ...entail serving alcoholic and other beverages, as well as snacks and other food, from up to five temporary concession stands during some events, with alcohol served at an average of about 37 daytime and nighttime large (*i.e.*, over 1500 person) and small events.”

The Project Sponsor’s claims are unsubstantiated, and are contradicted by (1) testimony at the Alcohol Beverage Control (ABC) hearings and (2) historical records provided by the ABC.

During the ABC hearings, Mr. Alan Cassalou, Grand Secretary of the Masons, testifying under oath, was unable to answer questions about the number of events where alcohol was served because the event promoters or their caterers applied for the temporary licenses. Nor was Mr. Cassalou able to verify the number or location of bars or give definitive answers on historical alcohol service. The only undisputed facts from the ABC hearing were these: there never has been a permanent liquor license at the venue and alcohol has not been served at all events.

The documents provided below establish the following:

- The premises have never been licensed by the ABC. **Exhibit A.**
- ABC 1-day permits (Catering or Event Authorization Applications) confirm that CMMT has most recently used one or up to two *temporary* bars -- even for its largest 3,000+ person shows like Conan O’Brien and Jeff Beck. **Exhibit B.** Permit diagrams confirm that these temporary bars were positioned outside of the auditorium gates in the Ground Floor Lobby and the Second Floor Lobby, as photographed at the Daniel Tosh show on 1/29/11. **Exhibit C.**
- Temporary permits for CMMT, provided by the ABC for 2009 and 2010 thru June 7, 2010 (**Exhibit A**) show that 14 permits were issued and 16 events (or **28.5%** of all 56 events total) were licensed to serve alcohol during the period. **Exhibit D.**
- A neighbor who worked at CMMT verified that prior to the Project Sponsor’s current lessee, alcoholic beverages were not served at all events. When alcoholic beverages were served, they were served only before the start of concerts and at intermission, from only one or two temporary bars in the main and balcony lobbies. No alcoholic beverages or food were allowed inside the auditorium; rather only bottled water was permitted. The food available was usually finger foods, coffee and sandwiches. **Exhibit E.**
- Historically, CMMT never operated as a permanent facility for food and drink. The Application would distort historic use relating to alcohol service by extending service hours, allowing alcohol service during performances, permitting alcoholic beverages to be brought inside the auditorium, and **converting** the former coat check room as a new concession stand. -All of which are contrary to documented historic use by neighbors. **Exhibit F.**

Summary: To avoid enlargement, intensification and extension of use, the conditions of approval must align any service of food and beverage with historic use, as follows: (1) there can be NO permanent license to serve alcoholic beverages at the venue and any ABC licenses should be limited to one-day permits; (2) alcohol service must be restricted to a maximum of 28% of all events or 7 concerts in conjunction with historical use; (3) there should be no more than 1-2 temporary concession stands, located outside the auditorium on the main floor and balcony lobbies and no larger in size/and # of servers as shown in historical diagrams provide by ABC; (4) alcohol service should be limited to before the show and at intermission only; (5) alcoholic beverages should not be permitted inside the auditorium; and (6) the former coat check facility on the on main floor may not be used for concessions.

Because Section 185(e) prevents any “enlargement, intensification [and] extension of the [existing] use,” the figures above should not be rounded, negotiated or otherwise adjusted upward; rather they should represent the maximum allowed, so as to avoid any unlawful enlargement, intensification or extension cited by Section 185(e).

End Times for Events

The end times for events as proposed by the Applicant -- 11:00 PM on weekdays and 11:30 PM on weekends, and up to 1:00 AM for three events per year -- have **no** factual basis in history and are a blatant extension of historical hours of operations for the venue. This expansion of hours of operation will greatly impact the nearby residents in the quiet enjoyment of their homes.

Nob Hill is one of the highest density residential neighborhoods in San Francisco. In 1978, the underlying zoning district of the Nob Hill Special Use District was reclassified from R-5 to R-4 (residential, mixed, high-density). The ABC reports there are 539 residents who live within 100 feet from the Masonic. In particular, the condominium apartments know as the Gramercy Towers are located only **18 inches** from the CMMT.

The Charles M. Salter Sound Study, submitted during the ABC hearings by the CMMT concessionaire, showed that exiting crowds from a Van Morrison concert on October 8, 2010 exceeded the allowable ambient noise (L90) + 8dBA for a period of more than ten minutes. This event was only a medium-sized concert, with an estimated attendance of just 2,500 attendees, which ended before 10:00 PM. Sold out capacity at the auditorium is much larger at 3,282 people.

An analysis of the Project Sponsor's "Nob Hill Masonic Center Calendar" from 2001-2008, which appears below as **Exhibit G**, shows that for "Live Evening Entertainment Events," actual documented end-times were as follows:

- 44% ended by 10:00 PM
- 36% ended by 10:30 PM
- 14% ended by 11:00 PM
- No shows went until 1:00 AM.

Statements from persons in the neighborhood who attended and observed events at the CMMT show that most shows in the years from 2001-2006 ended by 10:30PM. **Exhibit E**. In addition, Mr. Allan Cassalou, Secretary of the Masons, testified at the above-referenced ABC hearing that most SF Jazz events concluded by 10:30PM.

Summary: To avoid enlargement, intensification and extension of use, the conditions of approval should restrict the end times of events to align with historic use, as follows:

All events must end by 10:00 PM on weeknights (non-holiday, Sunday-Thursday evenings) and 10:30 PM on weekends (Friday, Saturday and pre-holiday evenings.) As an exception, up to 3 weekend events (*i.e.*, 14% of events) may end by 11:00 PM.

Because Section 185(e) prevents any "enlargement, intensification [and] extension of the [existing] use," the figures above should not be rounded, negotiated or otherwise adjusted upward; rather they should represent the maximum allowed, so as to avoid any unlawful enlargement, intensification or extension cited by Section 185(e).

Number And Type Of Events

The NHA has been a neighborhood organization serving Nob Hill for the past 83 years. We believe it is both unfair and inappropriate under the law to limit any analysis of historic use to only four years, as the Applicant proposes. Because the CMMT has been operational for 53 years, that is only 7.5% of the lifetime of the building and its uses. It could be argued that a fair examination of historic use would require CMMT to go back to the period from 1958 until entertainment became a non-conforming use.

Restricting its analysis to only a recent period, the Applicant claims the “historical use” of the facility to be 47 “live evening entertainment events,” the stated average from 2005-2008, which they claim to be the “most representative of the Masonic’s operating level.” They further claim an average of 245 events per year for the 4 years.

NHA reviewed the “Project Summary Table” (Item 4 of the Application) which shows the yearly average for events claim based on FY 2005-2008. **Exhibit J**

In their Exhibit B, the Application claims that the average number of “live evening entertainment events” for FY 2005, 2006, 2007 and 2008 is 49, 40, 47, and 51 respectively. In the same table, they claim that the total number of events is 357 for 2005, 189 for 2006, 221 for 2007, and 211 for 2008. **Exhibit J**

Examination of **Exhibit J**, however, a table entitled “Nob Hill Masonic Center Entertainment and Assembly Events 2001-2009,” on which their annual and 4-year averages are allegedly based, shows a vast and inexplicable discrepancy in the total number of events per year:

- 2005: 145 total events (a difference of 212 events)
- 2006: 152 total events (a difference of 37 events)
- 2007: 155 total events (a difference of 66 events)
- 2008: 139 total events (a difference of 72 events)

Exhibit J similarly shows the number of Evening Concerts after 6:00 PM (including Ethnic/Cultural Performances) during these years were as follows:

- 2005: 29
- 2006: 20
- 2007: 26
- 2008: 18

The four-year average of these figures is only 23.25 concerts per year. This is significantly lower than the 47 “Live Evening Entertainment Events” that the Application claims.

NHA is further troubled that testimony by the Applicant to the Alcohol Beverage Control (ABC) as part of its application for a permanent liquor license directly conflicts with many of its claims in this Application. In these hearings, the Project Sponsor stated that the historical use of the CMMT included 39.25 live entertainment events per year for the same period. If nighttime events ending after 8:00 PM are removed, the average number is reduced to 35 per year.

In this Application, it appears the Project Sponsor has intentionally inflated the overall number of events and the number of “Live Evening Entertainment Events” in two ways. First, the Applicant has included events that were cancelled. **Exhibit H**. Second, the Applicant has lumped many different event types into a very broad and impermissible “one-size-fits-all” categorization called “Live Evening Entertainment Events.” This is a

clear attempt by the Project Sponsor to get closer to their stated goal of 95 “Live Evening Entertainment Events” in the conditional use application set aside by the court.

Of the different types of “Live Evening Entertainment Events”, large concerts have the greatest potential significant impacts on the neighborhood. Other events, more frequent and more common in the past, include educational lectures, speeches, amateur dance or talent competitions, fashion shows, or other special events, have less impact.

Neighbors have documented the negative impacts from recent large concerts, such as noise, traffic congestion/gridlock, impaired cable car safety/emergency stops, overcrowded sidewalks, pedestrian/vehicular conflict, delayed emergency response times, loitering, vandalism, and public drunkenness. **Exhibit I.**

NHA believes that to reflect historical use and avoid intensification, the conditions of approval must go “one step farther” and specify not just the total number of Live Evening Entertainment Events, but also the number of large concerts that may be allowed. If the Conditions of Approval do not address these categories of events specifically, then any permit would have this potential for abuse. The Applicant might contend that 100% of the “Live Evening Entertainment Events” allowed under the permit are approved for large concerts. As shown above, this would be inconsistent with historic use and would result in a massive intensification. This is a very serious concern because LiveNation, who is the world’s largest concert promoter, as the lessee of the venue will have total control over the management and operations of the Temple.

Due to the inconsistencies in the Project Sponsor’s own tables and supporting data that are part of the application, NHA took the additional measure to cross-check data against the CMMT Nob Hill Masonic Center Calendars for 2005-2008. **Exhibit G.** This revealed a historical average of **31.5** “Live Evening Entertainment Events” per year. Of this total, only **24.75** events were Concerts (which included both Concerts and Ethnic/Cultural Concerts – both of which have the most similar impacts on the neighborhood.) The table below demonstrates breakdown by event type.

Live Evening Entertainment Events by Type (2005-2008)	TOTAL:	Average/Year	% of Total
Concerts:	65	16.25	52%
Ethnic/Cultural Concerts: (Foreign language)	34	8.5	27%
Lectures/Education:	16	4	13%
Charity Benefit:	6	1.75	5%
Amateur Talent:	4	1	3%
Total Events:	125	31.5	100%
<i>Source: CMMT Nob Hill Masonic Center Calendars 2005-2008</i>			

As an additional supporting data point, a review of local newspapers from 1995-2002 showed an average of **15** “Live Evening Entertainment Events” per year at CMMT for this eight year period. **Exhibit K.** This is in alignment with the number of Concerts shown by the Nob Hill Masonic Center Calendars for 2005-2008. *(Please reference Phil Gough Submission for actual newspaper photocopies.)*

Summary: To avoid intensification and enlargement and extension of use, the conditions of approval must allow for: (1) No more than 31 “Live Evening Entertainment Events” per year. (2) No more than 24 Concerts per year to be permitted within this allocation of 31 “Live Evening Entertainment Events”.

If the conditions of approval do not align with the historical average and limit the number of Concerts to this historical average, the neighborhood is at grave risk of an exponential intensification of Concert events, which is strictly prohibited by the Superior Court's order and a clear violation of Section 185(e).

Because Section 185(e) prevents any "enlargement, intensification [and] extension of the [existing] use," the figures above should not be rounded, negotiated or otherwise adjusted upward; rather they should represent the maximum allowed, so as to avoid any unlawful enlargement, intensification or extension cited by Section 185(e).

Historical Attendance

The number of persons in attendance at CMMT events correlates directly to the potential for significant impacts, such as noise, traffic congestion and gridlock, impairments to cable car safety and the need for emergency stops, overcrowding on sidewalks, conflicts between pedestrian and vehicular traffic, delays in emergency responses, loitering, vandalism, public drunkenness.

The cumulative attendance at CMMT events is a valuable data point in determining the strain on the neighborhood environment, and comparing it with historic use. It is well documented that the infrastructure in the Nob Hill neighborhood is strained already by recent larger sized concerts. **Exhibit I.**

If there is nothing in the conditions of approval to take cumulative attendance into account, then the Applicant has de facto authorization to operate at 100% of its capacity (3,282) for all concerts/events. This would be in essence a “blank check” to increase the cumulative annual attendance exponentially, resulting in an undeniable intensification of use.

The Project Sponsor has supplied no attendance figures in the Application. However, their submissions to the ABC and the Entertainment Commission, which appear at **Exhibit D**, show the pattern of historical attendance depicted in the table below. Any increase from this attendance baseline would intensify historical use.

Attendance	Number of Concerts	Percentage of Total
0- 500	0	0%
501-1000	0	0%
1001-1500	5	19%
1501-2000	11	41%
2001-2500	2	7%
2501-3282	9	33%

Source: ABC data for 2009 and Entertainment Commission data, Nov. 13-Dec. 26, 2010

Summary: To avoid intensification and enlargement and extension of use, the conditions of approval must include a control on cumulative annual attendance consistent with historic use.

NHA suggests that the most effective way to accomplish this is to require the Applicant to structure attendance based upon the verified annual historic use of 24 total concerts per year with attendance tiers as follows:

- A maximum of 8 concerts per year (or 33%) may have over 2,500 attendees.
- A maximum of 9 concerts per year may have over 2,000 attendees.
- A maximum of 19 concerts per year may have over 1,500 attendees.
- A minimum of 5 concerts per year may have up to 1,500 attendees.

Because Section 185(e) prevents any “enlargement, intensification [and] extension of the [existing] use,” the figures above should not be rounded, negotiated or otherwise adjusted upward; rather they should represent the

maximum allowed, so as to avoid any unlawful enlargement, intensification or extension cited by Section 185(e).

Parking of Performer Buses and Motor Coaches

NHA strongly rejects any condition of approval for extended Performer Bus parking (#20) on California Street in front of CMMT and for creation of “bus parking zone(s)” elsewhere in the neighborhood including adjacent to Huntington Park for performer buses, and for the installation of shore power on the south side of California in front of CMMT (#21) and elsewhere on Nob Hill. There is no historic basis for approval for these conditions. Both conditions allow an increased presence of performer buses and motor coaches in front of CMMT, and in and around Huntington Park/Nob Hill which is a blatant expansion of CMMT operations and an obvious intensification of use.

Summary: To avoid intensification, enlargement and extension of use, the conditions of approval must prohibit the parking of performer buses and motor coaches and other large vehicles on California Street, except during periods of loading and unloading. There should be no installation of shore power in front of CMMT or in the sidewalks around Huntington Park to facilitate or expand such parking, and there should be no creation of “Bus Zones” in and around Huntington Park. No overnight parking of buses or trailers or other similar vehicles should be permitted. The Project Sponsor should be responsible for communicating this to performers and their support staff, and for ensuring that this condition is carried out.

Loading and Unloading

The Application proposes a condition of approval (# 17(b)) that would limit scheduled loading and unloading on California Street to 125 days per year. This figure does not reflect historical use. Rather, it is a carry-over figure from the CUP that was approved by the Planning Commission before and found unlawful by the Superior Court as an intensification of use.

The “intensified” CUP application from 2010 showed 125 “loading” days on California Street, which included loading and unloading for all events. Assuming that freight loading on California Street is only for concerts, that is the equivalent of 1 concert to 1.47 loading days. If the same ratio is applied here with a verified historic use of only 24 concerts per year, the number of loading days consistent with historical use is 35 rather than 125.

Additionally, it was brought to the attention of NHA, that auditorium aisles were used to remove musical equipment during the intermission for the September 26, 2011 BB King concert; the unloading of equipment during intermission endangered both the audience and the event crew. (**Exhibit L**) There can be no historical basis for the CMMT to use aisles for removing performer equipment during intermission (when the auditorium is occupied), because this is an obvious violation of fire and safety rules. Because the CMMT shows a propensity for this behavior, the Commission must address loading and unloading activities that pose a public safety hazard for the event attendees and employees of CMMT.

Summary: To avoid intensification and enlargement and extension of use, all loading and unloading should use the Pine Street loading dock and this loading area must be enclosed. California Street should be used for loading only when trucks are too large to fit into the Pine Street loading dock.

Scheduled loading days on California Street should be limited to a ratio of 1.47 loading days per 1 concert day. Therefore, the current application with historical use of 24 concerts/year would be eligible for a maximum of 35 calendar loading days per year.

NHA requests conditions of approval mandating no more than 35 scheduled event loading days on California Street and prohibiting the use of CMMT auditorium aisles for equipment transport (removal or installation) during intermission.

Because Section 185(e) prevents any “enlargement, intensification [and] extension of the [existing] use,” the figures above should not be rounded, negotiated or otherwise adjusted upward; rather they should represent the maximum allowed, so as to avoid any unlawful enlargement, intensification or extension cited by Section 185(e).

Removal of Seating and Prohibition of General Admission Concerts

NHA forcefully opposed/opposes the Project Sponsor's long term plans to remove seating in the auditorium to create a general admission standing room-only concert venue. The present application is silent on this point., and provides that only the existing capacity of the auditorium be maintained. NHA believes that the removal of seating and the hosting of general admission events are not consistent with historical use. Therefore, if the Commission approves the conditional use application, conditions of approval prohibiting removal of fixed seating in the CMMT auditorium must be imposed and likewise general admission live entertainment events should be prohibited.

SUMMARY: To avoid intensification and enlargement and extension of use, the conditions of approval must prohibit any increase in the current seating capacity (3,282) of the auditorium and prohibit the removal of fixed seating from the auditorium and any general admission live entertainment events.

Safety And Security

Protection and beautification of Huntington Park is the primary mission of the Nob Hill Foundation, which is funded by the NHA. There is documented evidence of vandalism and public drunkenness in Huntington Park from LiveNation concerts. **Exhibit I.**

Summary: NHA requests a condition of approval that a minimum of two (2) off-duty SFPD officers will be hired by the Project Sponsor specifically to monitor and protect Huntington Park. One officer should be stationed inside the park and the other officer should patrol the perimeter of Huntington Park (California, Taylor, Sacramento Streets and Sproule Lane) one hour before, during, and one hour after concerts conclude.

STATEMENT OF CONDITIONS Exhibit M.

Appended to the Application at "Exhibit C" was the Project Sponsor's proposed conditions of approval that purport to represent, or to be supported by, the historical use of CMMT.

NHA has demonstrated with evidence that the Project Sponsor's "Exhibit C" is both inaccurate and flawed in its representation of historical use.

Therefore, NHA has presented to the Commission proposed alternative conditions of approval that are more accurately aligned with historic use to be used in conjunction with "Exhibit C".

MAXIMUM OCCUPANCY AND EVENTS CONDITIONS (Revised by NHA)

- There shall be no increase in the current seating capacity (3,282) of the auditorium and no seats shall be removed. General Admission concerts are not permitted. (Added to reflect historical use.)
- There shall be NO MORE THAN 31 "Live Evening Entertainment Events" of which NO MORE THAN 24 Concerts are permitted per year. (Added to reflect historical use.)
- In order that the cumulative annual attendance at evening events be consistent with historical use, the Project Sponsor shall select and host events of the type and size not to exceed the following tiers for 24 total historical concerts per year:
 - A maximum of 8 concerts per year (or 33%) may have over 2,500 attendees.
 - A maximum of 9 concerts per year may have over 2,000 attendees.
 - A maximum of 19 concerts per year may have over 1,500 attendees.
 - A minimum of 5 concerts per year may have up to 1,500 attendees.
- All events shall end by 10:00 PM on weeknights (non-holiday, Sunday-Thursday evenings) and 10:30 PM on weekends (Friday, Saturday and pre-holiday evenings), with the exception that 3 weekend events may end by 11:00 PM in accordance with historic use. (Revised to reflect historical use.)
- Queuing for all events shall occur within the interior of the Masonic Center property, *i.e.* the Main Lobby and Exhibition Hall. (Revised to reflect historical use.)

SECURITY AND SAFETY CONDITIONS (Revised by NHA)

- A minimum of 2 off-duty SFPD officers will be hired by the Project Sponsor specifically to monitor Huntington Park. One officer will be stationed inside the park and the other officer will patrol the perimeter of Huntington Park (California, Taylor, Sacramento, and Sproule Streets) during concerts and for one hour before, during, and one hour after concerts conclude.

LOADING (Revised by NHA)

- Loading and unloading on California shall be limited to 35 calendar days per year.

- Use of CMMT auditorium aisles for equipment transport (removal or installation) during intermission is strictly prohibited.

PERFORMER BUS PARKING CONDITIONS (Revised by NHA)

- Deleted Applicant's proposed condition of approval #20 and #21. (Deleted to reflect historical use.)
- There shall be no parking of performer's buses on California Street, except during periods of loading and unloading. (Revised to reflect historical use.)
- Overnight curb parking of buses or Habitual trailers for performers, support staff, and/or others associated with the operations or productions of events or concerts shall not be permitted on either side of California Street or the adjacent streets on top of Nob Hill. The petitioner shall include in any contract or agreement or rules or guidance given to any performers, support staff or others associated with the operations or productions at the CMMT a requirement to abide by this condition. The Project Sponsor shall remain responsible for compliance with this condition, regardless of such notice or contractual provisions.

FOOD & BEVERAGE SERVICE CONDITIONS (Revised by NHA)

- NO permanent liquor license is permitted. All liquor licenses shall be temporary one-day permits only similar to historic use. (Revised to reflect historical use.)
- Alcoholic beverages shall be served at no more than 7 concerts per year or 28.5% of total events in accordance with historical use . (Revised to reflect historic use as demonstrated by ABC permits.)
- Eating and drinking uses shall be limited to service to patrons of on-site assembly and entertainment events within the Nob Hill Masonic Center.
- A maximum of up to two (2) temporary concessions stands selling food and beverages. Both concessions stands must be outside of the gates into the auditorium with one located in the main lobby and one located in the lobby of the balcony and no larger in size/and # of servers as shown in historical diagrams provide by ABC; There shall be no operations of a restaurant, whether full-service or self-service, no service to persons who are not patrons of assembly or entertainment uses of the Masonic Center. (Revised to reflect historical use.)
- Alcoholic beverages may be served only before events and immediately prior to events and during intermission. No alcoholic beverages or food shall be permitted inside the auditorium. (Revised to reflect historical use.)
- There shall be no minimum purchase of alcoholic beverages and there shall be a maximum of two drinks served per order.

DC:50821034.1

Exhibit C

GENERAL CONDITIONS

1. Noise and odors shall be regulated so as not to be a nuisance to nearby businesses or residents [No 2008.1072EC Condition #4]
2. An enclosed waste storage area shall be provided within the establishment. All trash and recycling containers shall be kept within the building until pick-up by the disposal company. [No 2008.1072EC Condition #6]

MAXIMUM OCCUPANCY AND EVENTS

3. ~~No more than 3,282 patrons shall be permitted for events in the auditorium on the main floor level and mezzanine of the Masonic Center. [No 2008.1072EC Condition #9]~~
4. ~~All events shall conclude by 11:00PM on weeknights (non-holiday Sunday-Thursday evenings) and 11:30PM on weekends (Friday, Saturday, and pre-holiday evenings). Up to three events per year may extend until 1:00AM on weekends (Friday, Saturday, and pre-holiday evenings), subject to prior consultation with and approval by the San Francisco Police Department and the Entertainment Commission a minimum of 30 days prior to the date of such an event. [No 2008.1072EC Condition #13]~~
5. ~~All patron queuing for events with general admission attendance shall occur within the interior of the Masonic Center property, i.e. the main lobby and Exhibition Hall. [No 2008.1072EC Condition #14]~~

SECURITY AND SAFETY

6. The petitioner shall maintain, update over time, provide to event personnel, and make available to the Police Department and Entertainment Commission an event Operations Manual to include:
 - A security plan to ensure neighborhood safety before, during and after performances, including in Fluntington Park and Near Grace Cathedral.
 - A traffic control plan, including deployment of traffic control personnel outside the venue to assist patron unloading and loading, queuing into the garage, and enforcement of the Parking and Traffic, Loading and Performer Bus Parking conditions set forth below.
 - Trash pick-up program within two hours after each event in the four blocks bounded by Sacramento, Jones, Pine and Mason Streets.
 - Direction to event personnel to assure compliance with these conditions of approval. [No 2008.1072EC Condition #15]

PARKING AND TRAFFIC

7. The petitioner shall make available to the general public within the Masonic Center garage no less than number of off-street parking spaces required by Planning Code Section 151 for "theater or auditorium" uses (a minimum of 1 parking space per 8 patron occupancy for the first 1,000 patrons, plus 1 space per 10 patrons above 1,000 patrons in the Auditorium). The number of spaces shall not be reduced or otherwise be made unavailable for the use of the Masonic Center due to monthly leases or other arrangements. [No 2008.1072EC Condition #16]
8. There shall be a fixed parking fee for events with more than 1,250 ticketed attendees. [No 2008.1072EC Condition #17]
9. The petitioner shall offer pre-paid parking to event attendees who purchase tickets in advance of the event date through an on-line ticket service. Such pre-paid parking passes shall specify the location of the garage for which the ticket has been paid (either the Masonic Center garage or any other nearby garage that enters into a cooperating agreement with the petitioner for pre-paid parking) and the location of the garage's entrance. [No 2008.1072EC Condition #18]
10. The petitioner shall allow access to the Masonic Center garage through the Pine Street loading dock prior to events in order to reduce vehicle queuing on California Street. The Pine Street loading dock shall also be used for exiting from the garage after events. [No 2008.1072EC Condition #19]
11. The petitioner shall minimize vehicular queuing on California Street by use of the following strategies for events with more than 1,250 ticketed patrons:
 - Increase traffic staffing inside the California Street garage entrance to increase the rate of vehicular entry to the garage.
 - Position security personnel (including San Francisco Police Department services when warranted) outside the garage to assist with controlling and directing traffic, including directing patrons to other nearby garages if and when the Masonic Center garage is full.
 - Convert the center lane of the existing garage entrance ramp to a second inbound lane to increase queuing room within the garage.
 - Event staff shall ensure u-turns are prevented and that the cable car lane is free flowing. [No 2008.1072EC Condition #20]
12. The petitioner shall consult with nearby public garages to inform arriving patrons that those garages can be used to park for performances and events when the Center's garage is full. [No 2008.1072EC Condition #21]
13. The petitioner shall apply for designation of a truck and bus loading zone and passenger zone for drop-off by taxis and other vehicles and additional garage queuing for the approximately 185-foot long curb zone on California Street between the entrance to the Center garage and Gramercy Tower (1177 California Street) driveway, to be in effect

only prior to and during events at the Masonic Center. The drop-off zone shall be sufficient to accommodate a minimum of three taxis or private vehicles dropping off passengers at one time. [No 2008.1072EC Condition #22]

14. The petitioner shall provide not less than 26 Class I or Class II bicycle parking spaces at the property, consistent with Planning Code Section 155.2. [No 2008.1072EC Condition #23]

LOADING

15. The petitioner shall seek a special event "no parking" permit from the Police Department whenever it anticipates loading or bus operations on California Street and direct trucks to park in that zone. No double-parking of trucks shall be permitted. The petitioner may load and unload from the California Street curb only stage sets, performance equipment, and related materials associated with specific events. Pursuant to the regulations of the Department of Building Inspection, a sign shall be posted on the access ramp during loading and unloading operations that notifies disabled persons of the duration of the loading and provides specific information about alternative means of disabled access into the building, which alternative access shall be maintained at all times during loading and unloading operations on California Street. [No 2008.1072EC Condition #26, modified to remove provision related to previously proposed alteration]
16. To minimize noise during loading and unloading operations on California Street, the petitioner shall install prior to loading and unloading activities a resilient surface material, such as rubber or vinyl, on truck ramps, pavement, sidewalk and the ramp and incorporate transition strips between different surfaces and shall direct that truck engines be turned off except when moving the vehicle or functions that require engine power are occurring, such as lowering or raising of hydraulic ramps. [No 2008.1072EC Condition #27]
17. Personnel conducting loading and unloading activities on California Street shall be instructed to minimize the volume of conversation and prohibit the playing of amplified music outside the building during loading and unloading, particularly during nighttime hours.
 - (a) There shall be no loading and unloading on California Street before 7:00am.
 - (b) Scheduled event loading on California Street shall be limited to ~~120~~ days per year.[No 2008.1072EC Condition #28]
18. After the conclusion of unloading activities, trucks using the California Street curb loading zone shall depart the premises, park off-site, and not return for loading until near the conclusion of the performance. No overnight curb parking of trucks shall be permitted on California Street. [No 2008.1072EC Condition #29]
19. The petitioner shall make best available efforts to complete loading activities as efficiently and quietly as possible following the conclusion of an event.

PERFORMER BUS PARKING

20. ~~During the one and one-half hour period prior to the start of events, no more than two performer buses shall park on the south side of California Street, so that the remainder of the 185-foot long curbside area is available for attendee unloading and loading and vehicle queuing into the garage. The petitioner shall direct any additional buses to park in other bus parking zone(s) the City chooses to designate near the corner of California and Taylor Streets, such as on Taylor Street adjacent to Huntington Park or on the north side of California Street. The petitioner shall make best available efforts to evaluate and demonstrate to the Zoning Administrator the physical and operational feasibility of storing performer buses at nearby off-street parking facilities during events.~~
- ~~(a) The petitioner shall make commercially reasonable best efforts to secure space in the closest parking garage to park the maximum number of performer buses that can fit inside that garage and if space is secured from the garage owner, that number of buses shall be parked inside the garage. [No 2008.1072EC Condition #31]~~
21. ~~The petitioner shall provide electric power on the south side of California Street for event buses in order to ensure the quiet and clean powering of these vehicles and shall direct that all performer buses parking at this zone connect to his electric power and not run their engines or generators. [No 2008.1072EC Condition #32]~~
22. Overnight curb parking of buses or habitual trailers for performers, support staff, or other associated with the operations or productions at the property shall not be permitted on either side of California Street. The petitioner shall include in any contract or agreement, or rules or guidance given to any performers, support staff, or others associated with the operations or productions at the property a requirement to abide by this condition. The petitioner shall remain responsible for compliance with this condition, regardless of such notice or contractual provisions. [No 2008.1072EC Condition #34]

FOOD AND BEVERAGE SERVICE

23. ~~The eating and drinking uses are limited to service to patrons of on-site assembly and entertainment events within the Nob Hill Masonic Center. This allows for the operation of a maximum of five concessions stands selling food and beverages. There shall be no operations of a restaurant, full-service or self-service, open to members of the public who are not patrons of assembly or entertainment uses within the Masonic Center. [No 2008.1072EC Condition #35]~~
24. ~~Following the conclusion of the last intermission of an event, a maximum of two publicly-accessible concession stands and one "VIP" concession stand (not accessible by the general public) may serve alcoholic beverages. One hour prior to the conclusion of an event, line markers shall be placed at the end of each of the lines. No patron approaching a line for a concession stand after the placement of the line marker will be served an alcoholic beverage, with the intent that alcohol service will conclude 45 minutes prior to the end of an event.~~

- (a) There shall be no minimum purchase required and a maximum of two drinks served per order. [No 2008.1072EC Condition #36]

PERFORMANCE AND ENFORCEMENT

25. The petitioner shall appoint a community liaison officer to deal with issues of concern to the owners and occupants of nearby properties and shall give written notice of the name, business address and telephone number of the community liaison officer to the Zoning Administrator and the owners of properties in the area bounded by Sacramento Street, Mason Street, Pine Street and Jones Street. The telephone number of the community liaison shall be monitored for a reasonable period of time prior to, during and after events until patrons have disbursed from the neighborhood. [No 2008.1072EC Condition #38]
26. The petitioner shall be required to comply with all noise ordinance limits in Municipal Police Code 29, or any successor ordinance. [No 2008.1072EC Condition #42]
27. If an event has presented a pattern of safety and security problems in previous concert seasons or at other venues, then the petitioner shall consult with the Police Department to determine whether the petitioner can provide adequate safety and through utilization of its security personnel, contracted private security, and/or on-duty or off-duty Police officers. To the extent that the Chief of Police reasonably determines, based entirely on the ability to provide safety and security and not on the expressive content of the event, that the petitioner cannot provide adequate safety and security for any proposed event or that the event's historical pattern establishes that safety and security issues cannot be adequately handled at the venue regardless of the petitioner's security plan, the Chief of Police may order that the event shall not be held. This provision does not supersede any subsequent regulations regarding place of entertainment permits. [No 2008.1072EC Condition #43]
28. The petitioner shall comply with Administrative Code Section 10-B, and if off-duty officers are hired pursuant to subsections thereof, a minimum of two officers be hired for events with 1,250 or more presold tickets; if SFPD determines that more than two officers are required, the petitioner shall provide the additional officers. [No 2008.1072EC Condition #44]
29. The petitioner shall encourage the use of public transit through its on-line marketing sites, including links to transit providers. [No 2008.1072EC Condition #45]

Avatar Foods International Inc.
47-484162

Premises:

Premise is a three (3) story auditorium/entertainment venue which includes a ground floor, main level, and mezzanine. Premises dimensions are approximately 250' x 300'. Premises contains a parking garage with 565 spaces. The premises is located in a mixed-use (commercial and high density residential) neighborhood. Hours of operation vary with the type of entertainment provided. Entertainment provided will consist of amplified music and live entertainment. Per the ABC-257 dated 10/21/09, shows would start at 8:00 PM and end around 12:00 AM, midnight. The doors would open around 7:00 PM for food and drink service. The applicant expects that 50% of total sales would consist of alcoholic beverages. (Exhibit #A)

On 04/06/10, I conducted a premise inspection at the location and took photographs of the inside and outside of the premises, nearby consideration points, and residents within 100' (R61.4). (Exhibit #B)

I met with Avatar Foods International Incorporated Vice President Laura Lyons and Live Nation Senior Vice President Maatt Prieshoff. Prieshoff and Lyons explained to me that the Premises would be operating as a ticketed venue and would only be open to the public during specific events. Given this information, I advised Prieshoff and Lyons that this type of license would not be operating under Section 23038 of the Business and Professions (BP) Code, but rather under Section 23787 BP. I explained the difference between the two sections to both Prieshoff and Lyons. They understood and agreed that Section 23787 would be more appropriate for their operation.

Licensed History:

The premises has never been licensed by the Department. From 01/01/09 to the present, the Department has issued eight (8) one day "Daily" licenses, as well as seven (7) catering permits for various functions at the premises. (Exhibit #C)

In 2009 the Dept. issued the above listed permits for the following events: 10 (Ten)* ←

Event Date	Event Type	Estimated Attendance	Type*
4/22/09	Private Reception	200 people	C
5/15/09	Concert	2300 people	C

Avatar Foods International Inc.
47-484162

In 2010 the Dept. issued the above listed permits for the following events: (5) Five

Event Date	Event Type	Estimated Attendance	Type*
4/10/10	Conference	50 people	C
4/16/10	Concert	3000 people	C
4/22/10	Comedy show	3000 people	C
4/23/10	Comedy show	3000 people	C
5/1/10	Graduation	1500 people	C

* C = catering or event permit D=one day daily license permit

Section 23790 (Zoning):

Premises complies with local zoning requirements: Yes No

Conditional use permit required: Yes No

On 11/18/09, the Department received the ABC-205 Zoning Affidavit stating the premises is located within zone RM-1. Per Rick Crawford of the San Francisco Planning Department, the type 47 On-Sale General license is not permitted in zone RM-1 per Section 209.8 of the San Francisco Planning Code. (Exhibit #D)

On 02/26/10, The San Francisco Planning Department approved with conditions, Planning Commission Motion #18042, involving Case #2008 1072C. (Exhibit #E)

Section 23789 (Consideration Points):

There are three (3) consideration points located within 600' of the location:

Address	Proximity/Separation	Contact/Results
Cathedral School for Boys 1275 Sacramento St.	Approx. 300' N/Separated by sidewalks, California St., Grace Cathedral.	ABC-205 letter mailed on 11/19/09. Protest letter received on 12/04/09 from Rev Peter James Lee, Interim Dean. (Exhibit #E)
Grace Cathedral 1100 California St.	Approx. 100' N/Separated by sidewalks, California St.,	ABC-205 letter mailed on 11/19/09. To date, no response has been received.
Neighborhood Park Council C/O Huntington Park 451 Hayes St.	Approx. 125' E/Separated by sidewalks, California & Taylor St.,	ABC-205 letter mailed on 11/19/09. To date, no response has been received.

Ms. Christina Olague
President of Planning Commission
1650 Mission Street, 4th Floor
San Francisco, CA 94103

RE: Case #2011.0471C for 1111 California, Masonic Temple Conditional Use Application

Dear President Olague,

My name is Annette M. Berger and I reside at 1177 California Street. I submit the following statement based on personal knowledge. I will be out of the country for the 10/27 hearing and authorize a neighbor to read my statement at the meeting. I can testify under oath to the statements I make in this letter.

I am writing to you because I am concerned about the misrepresentations in the Conditional Use Permit application with regard to the historical use of the venue.

I have lived next door to the California Masonic Memorial Temple since 1976 and have attended concerts at the Masonic Temple for many years. From February 2001 until 2006, I worked as an usher at the Masonic and have firsthand experience with its historical use. During this time I worked at concerts, graduations and exhibitions. I was the head usher in the balcony, part of a special staff who were ticket takers working the gates into the auditorium. I was in charge of the balcony and was stationed in the balcony for most of the events.

Most events did not serve alcohol. If there was alcohol service, it was mainly limited to a single bar in the ground floor lobby outside the gates to the auditorium. It was rare that there was a bar in the balcony. I have not seen more than two bars. In my experience, alcohol was served before the events started and at intermission only. Alcohol was not served during performances and NO alcohol or food was allowed beyond the gates and inside the auditorium. Bottled water was the only beverage permitted inside the auditorium. This is similar to other venues where I have ushered including Davies Symphony Hall, the Opera House and Herbst Auditorium.

Even with the limited alcohol service, I recall a few occasions when people overindulged and "got sick". This was on the main floor.

I would also like to point out a major safety concern. The balcony stairs are incredibly steep and unsafe. I have seen many people slip and fall on them in my time working there. Any increase in use of alcohol at the balcony level will pose a real danger to persons sitting in the balcony area. I am concerned that there is no plan to add banisters to the balcony stairs in the proposed plans.

The food available was usually finger foods, coffee and sandwiches. No cooked foods. This food was available in the ground floor Lobby. The "Snack Bar" that LiveNation is now using for concessions in between the gates and auditorium entrance on the ground floor is in fact a Coat Check and was not used for concessions when I worked there.

During my tenure at the Masonic, ushers worked for 4 hour shifts. I recall that shows ended by 10:30PM and remember only a few shows went past 10:30PM.

As for attendance, there were few sold out shows like a Van Morrison or an occasional SF Jazz performance. Attendance was usually on the "smaller side" for concerts and ethnic performances and some shows some like "Broadway on Ice" in December 2004 had very poor attendance due to lack of advertising by the promoters.

The ticket takers in my group counted all tickets and bundled them into bunches of 100. We submitted a final count and the tickets to an employee of the Masonic; however, I am not sure what was done with this attendance information.

Since LiveNation has taken over the operations, my observation is that the shows seem to have become larger in nature and attract a younger demographic. I have been present at several Live Nation performances and alcohol was allowed in the auditorium.

The Department must investigate the information provided by the Masons and make sure that they are correct. It is very important to me that the historical use of the venue is accurately documented in this hearing process.

Thank you for letting me share my personal experiences.

Sincerely,

Annette M. Berger
1177 California #723

Does anybody know why the Emmylou Harris show was cancelled, other than scheduling conflict?

Sara Evans cancels concert

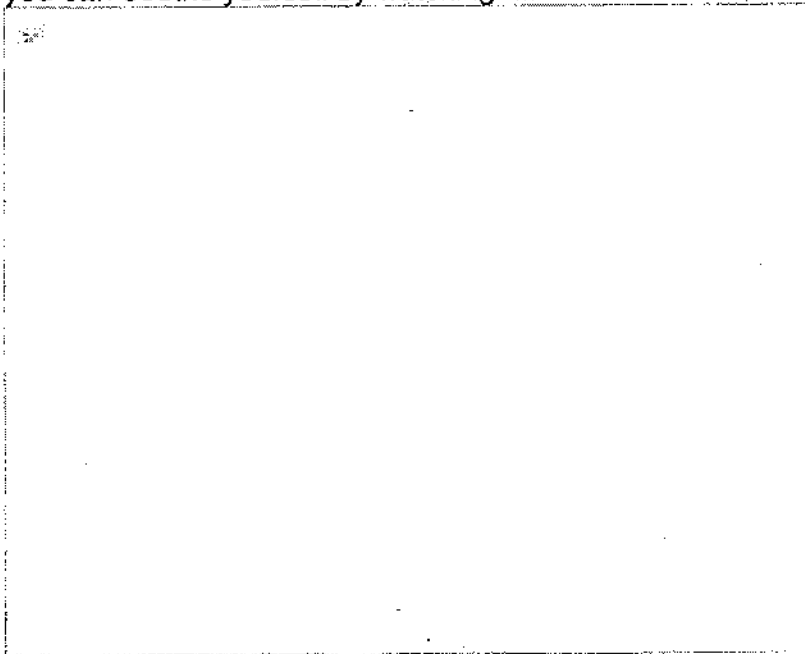

Posted by Jim Harrington on September 3rd, 2008 at 12:00 am | Categorized as General | Tagged as Masonic, Sara Evans

Country star Sara Evans **won't be appearing** as scheduled on Thursday, Sept. 4, at the Nob Hill Masonic in San Francisco, according to the promoters. The show has been canceled. Refunds at place of purchase.

No reason was given for the scratch. If I had to guess, however, I'd say that ticket sales had something to do with it. But that's just my guess.

If you are bummed about not getting the chance to see Sara (a performer that I quite like), you can soothe yourself by watching this video:

Hi, -- uncovered your current web-site by chance whilst drifting round the net this afternoon, and glad that I did! I like the page structure and different shades, but I ought to mention that I'm having issues when it loads. I'm using ELinks 0.10 internet browser for mac, and the header will not align correctly. I'm convinced I've made use of an identical design on a client's web-site, but the menu seems alright on mine. I suspect the mistake is with my outdated browser & I'm guessing today's the day to upgrade!

Herbie Hancock Cancels Show at Masonic Center

By Oscar Pascual

published: Mon., Sep. 8 2008 @ 2:03PM

Bad news -- there will be no futuristic jazz fusion courtesy of Herbie Hancock in SF. Bummer:

SHOW CANCELLED.

HERBIE HANCOCK

Saturday, September 20th, Doors 7:00PM Show 8:00PM
Nob Hill Masonic Center

Due to unforeseen circumstances, Herbie Hancock & Live Nation regretfully announce the cancellation of the previously scheduled Herbie Hancock performance at the Nob Hill Masonic Center on Saturday, September 20th.

Ticket refunds are available at point of purchase.

Herbie Hancock's performance at the Mountain Winery on September 19th is still on sale.
Tickets for the Mountain Winery show are available at www.mountainwinery.com and www.livenation.com.

Live Nation will offer Masonic ticket holders a discount for Herbie Hancock's performance at the Mountain Winery.
An e-mail with additional details on this offer will be sent to ticket holders via Live Nation shortly.

Dear President Chiu and Supervisors,

In the last two weeks, there have been two tragic fatalities involving MUNI making headlines in our City (April 21st and 22nd)

Based on the terribly dangerous conditions I personally observed while riding the MUNI California Cable Car line Car #54 on April 16th prior to the Jeff Beck concert at the Masonic Center which are documented in detail below, I respectfully urge you to deny the Categorical Exemption and grant a full Environmental Impact Report on the 1111 California Project.

- On Friday, April 16th after 7.30PM, I was traveling eastbound on the California Street Cable #54 and found myself stuck on the cable car for 30 minutes due to the gridlock traffic caused by concert arrivals.
- I had boarded the cable car at Larkin and California Street and once we reached Hyde St., the gridlock became so bad, it brought the cable line to a complete stop.
- It took a total of 10 minutes for the cable car to go from Hyde St. to the Masonic Grand Lodge which is only 2 blocks. The gripman actually had to jump off the cable car and physically direct the vehicles out of the cable car lane one by one. This left only a single gripman and the passengers on the cable car which was very concerning.
- Once the cable car finally had a clear path, the taxis and visiting cars who did not understand that you can't block the cable car in motion would drive right in front of the moving cable car which created an immediate backup and brought the cable to an emergency stop putting everyone at risk of getting seriously hurt.
- Once the cable car finally reached the Masonic Grand Lodge, the traffic became even worse with cars trying to enter the Masonic Grand Lodge Parking Garage and Crocker Garage. All the jaywalking all across California St. made the situation even more unsafe.

- At this time the driver radioed headquarters and asked them to send a supervisor to evaluate if the situation was too unsafe for the cable car to operate. His exact words to headquarters were **"We need to close this line down, it's too unsafe"**.
- As you can see from my attached photo a Silver SUV is making an illegal turn across the solid center yellow lines into the Crocker Garage and the Honda is completely blocking the cable car route. I witnessed so many illegal U-turns during the gridlock period, that I lost count.
- It took a total 19 minutes to go from Hyde St. to Powell and 30 minutes total for the complete ride from Larkin to Drumm. I later observed that the California Cable Car did indeed shut down due to the amount of traffic.

'As is', the combination of gridlock and cable cars that exist today on California Street when there are concerts at the Masonic is recipe for danger... the allowed increases in frequency, capacity, and general admission format...not to mention the increase in # of bars serving alcohol will only make matters much worse. They will make gridlock and cable car/vehicular conflict a commonplace occurrence on California Street 1 in every 3 day given the aggressive 300% increase in events the City approved.

Overall, this alarming experience makes me realize that the Planning Department has not adequately evaluated the potential significant impacts of this project. The lack of a full Environmental Impact Report on this Project endangers the health and safety of all San Franciscans.

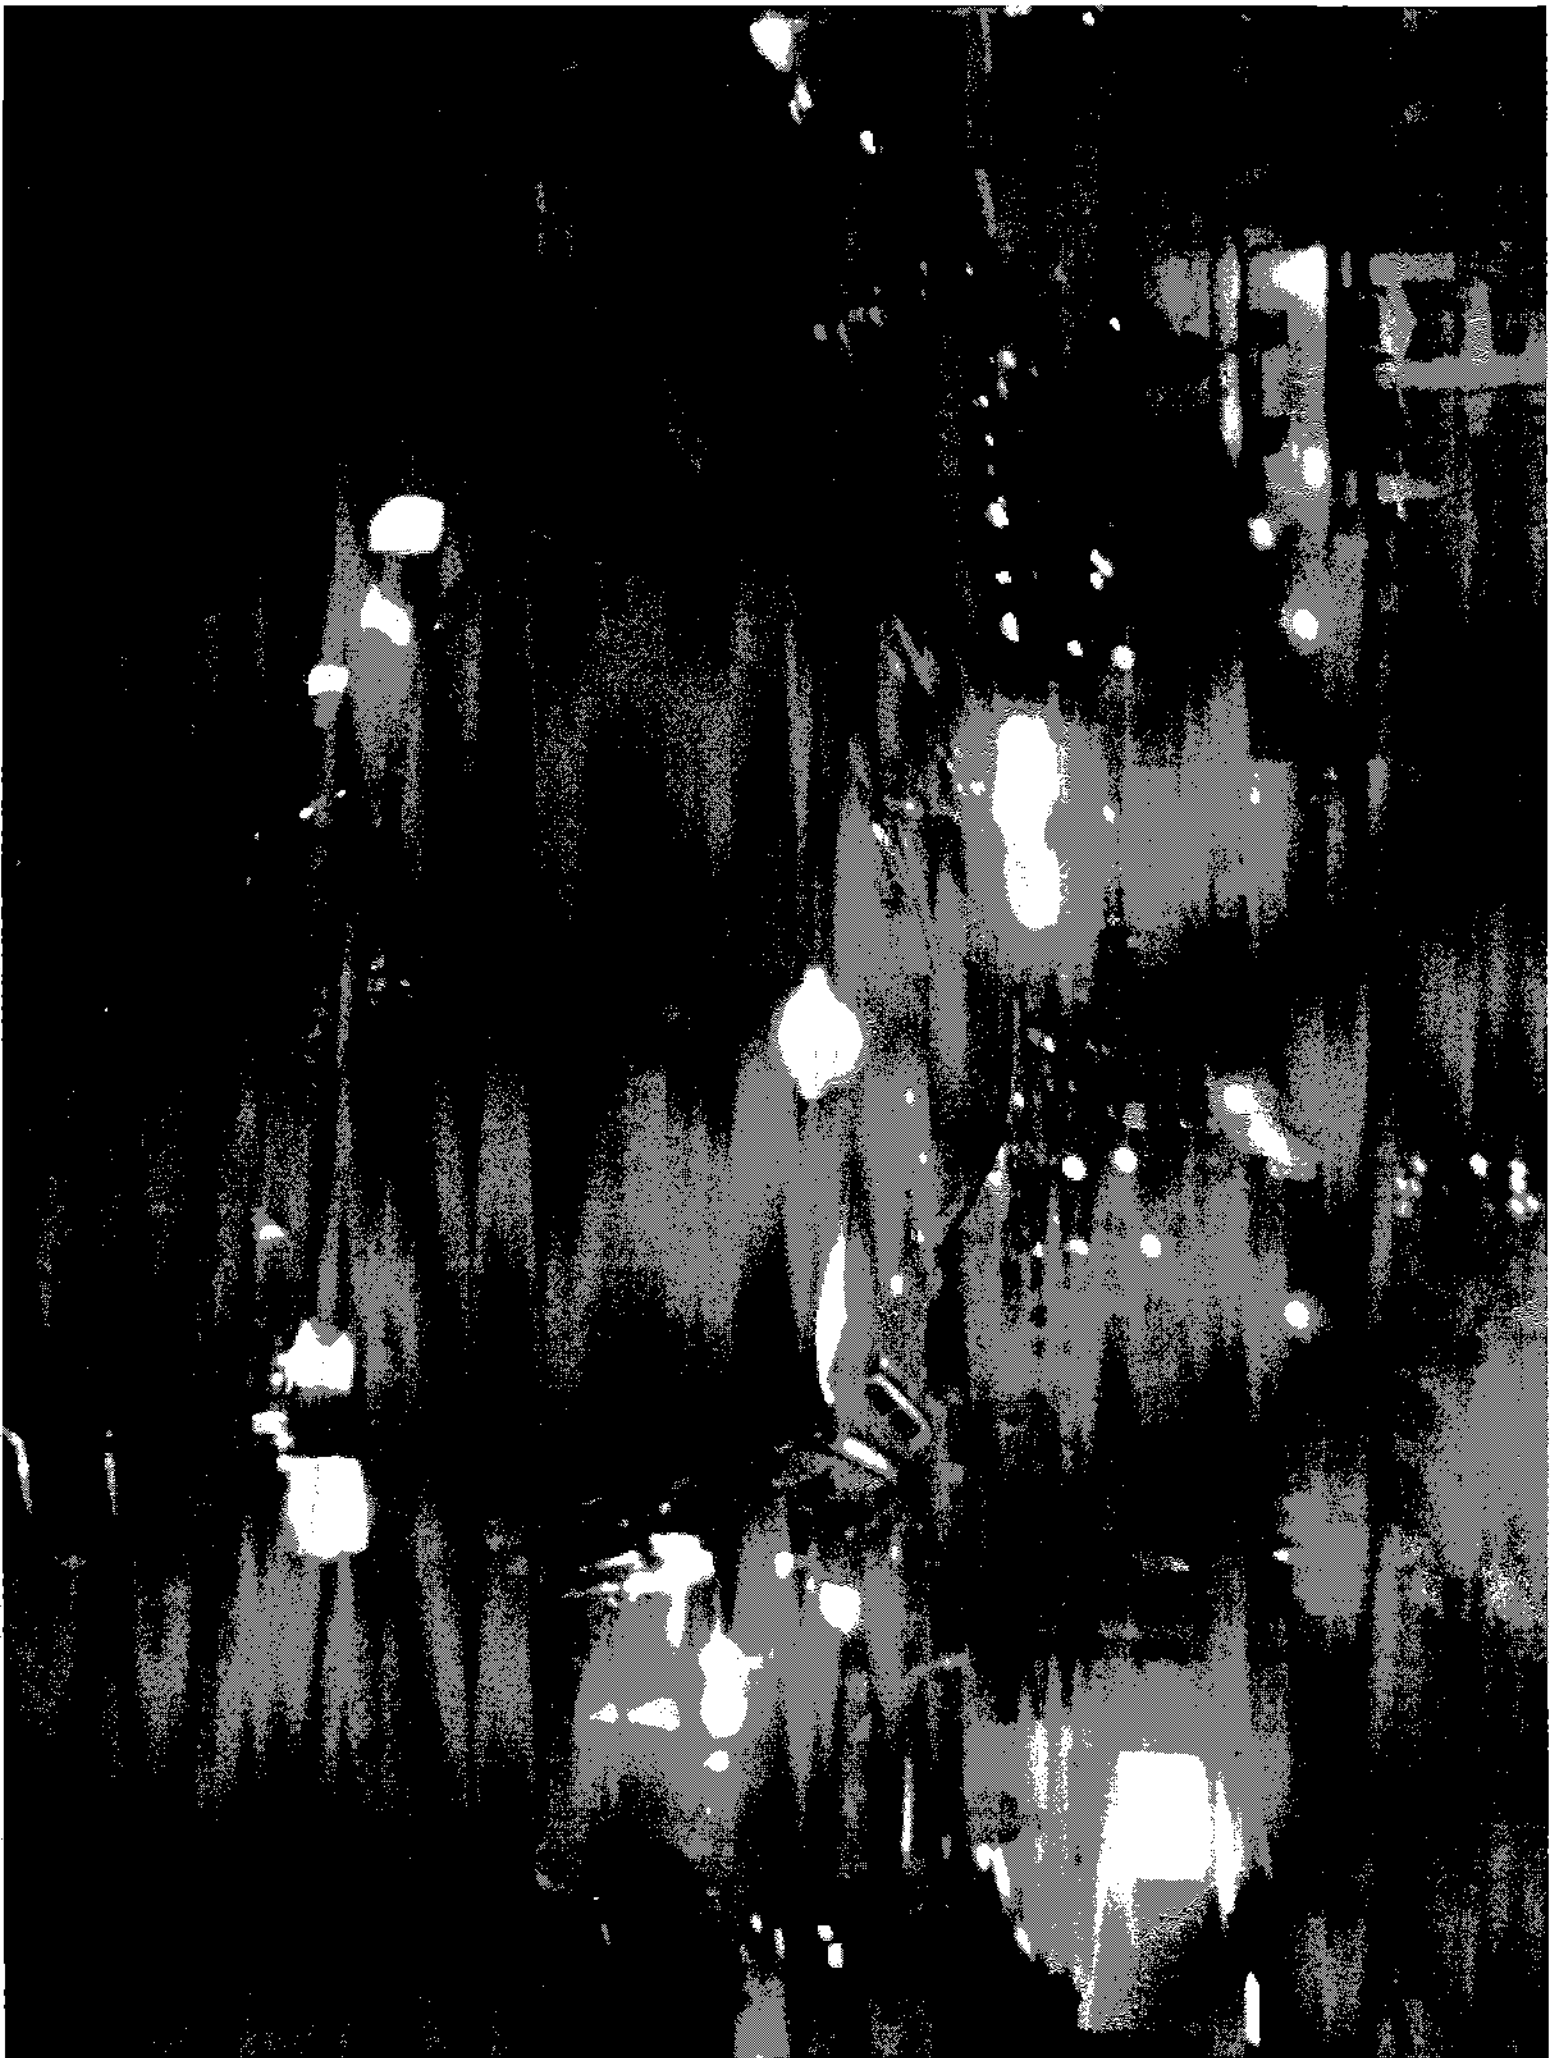

I respectfully urge you to grant the appeal of the issuance of a Categorical Exemption from environmental review and request the Planning Department to prepare a full Environmental Impact Report, and grant the appeal of the Conditional Use Authorization for 1111 California Street/California Masonic Memorial Temple.

Please do not let this project further contribute to the growing list of MUNI tragedies in our City.

Very truly yours,

Matt Ferriss

Attention Board of Supervisors,

May 1, 2010

We are writing this letter to explain some very obvious problems with the events that are taking place at the Masonic Theatre. We have been residents in Nob Hill since 2003. Some recent examples of why the request from Live Nation for increased capacity needs to be reconsidered

During events the approaching streets become very congested and impassable. During a recent Friday night concert (April 16th) it took us 25 minutes to drive from Hyde street to the Masonic Temple for parking. That is only 2 ½ blocks! This traffic grid lock continued for at least another 1 ½ hours. All traffic is pushed into one lane because there is no drop off zone and therefore the merging (parking traffic) and drop off traffic for the event are lined up back down to Hyde Street. This back up therefore also affects the right hand lane because normal traffic cannot drive through Nob Hill. The other streets running parallel to California are both 1 way streets.

During another recent concert (Conan O'Brien) there was an emergency at 11:00 pm in the condo building on California next to the Masonic and traffic was at a stand still including the loading trucks and buses which had pulled up in front of the Masonic. The fire truck was stopped in the intersection of Jones/California continually blowing its horn to try and get traffic to move down California. Finally after many minutes they were able to move the parked buses and loading trucks to ease the traffic flow and make room for the fire truck to stop in front of the building.

In addition to the traffic and pedestrian traffic there are many other indirect issues that are brought with these concerts. There is security hired but they are next to ineffective. I watched one evening a security person standing in the intersection of Taylor and California attempting to direct traffic but was next to completely ineffective. He let numerous people stand in the red lights which blocks both directions and even let drivers take left hand turns from Taylor onto California. These are the same security people who are letting full time ticket scalpers solicit tickets to traffic and pedestrian's standing next to them without saying anything.

These are just some specific examples but the increase in traffic, graffiti, littering (trash and cigarette butts) are real problems that are a result of these existing events at Live Nation/Masonic so we can expect it elevated once more people are permitted to attend and the occurrences increase.

Thanks,

Dean and Karla Harris

My name is Laurel Heicher. I am speaking on behalf of myself and John Silva. We live one block away from the Masonic Center.

We ask that you do **not** approve this conditional use permit, citing the recent LiveNation-sponsored "Fluffy" event on January 30th. The noise, pollution, and damage were so bad that John registered a complaint with 311, the Planning Commission, and the San Francisco Police Department.

Traffic was gridlocked, especially along Pine and Taylor, with subsequent noise, pollution, and flared tempers among impatient motorists; making already-congested traffic all the more dangerous.

Huntington Park was trashed by drunken attendees, who plastered the lights, benches, and fountains with "Fluffy" stickers—and also left the park littered with empty and broken beer bottles, food containers, cigarette buds, and vomit.

Philip Ellissetche, gardener with the Park & Recreation Department, spent four and a half hours cleaning up the mess.

If LiveNation really wants to ensure the safety and cleanliness of our neighborhood, why didn't they start with this event? Instead, they have given us a true picture of the noise, pollution, and damage that we can expect if this permit is approved.

Laurel L. Heicher

Please consider the environment before printing this email

Subject: Re: Neighborhood Emails To Planning Commission.

i registered a complaint with 311, the Planning Department and the SFPD about the recent traffic/noise/pollution and damage caused by the people that attended the "Fluffy" event at the Masonic on Jan 30th. Huntington park was a disaster the next morning with Fluffy stickers adhered to the Park's lights, benches and fountain. The park was littered with beer bottles, cigarette butts as well as other evidence of drunkenness. This will be a common occurrence if the Planning Department allows Live Nation to complete their proposed changes to the Masonic Center.

Thanks for the update... john

EXHIBIT J

4. Project Summary Table

Please describe any additional project features that are not included in this table:

The Project seeks approval for the continuation of existing operations of the California Masonic Memorial Temple (the "Masonic") pursuant to Planning Code section 185(e), which authorizes the Planning Commission to grant conditional use authorization for continuation of the Masonic's nonconforming use as long as such approval does not include any enlargement, intensification or extension of the use.

On September 9, 2009, the Masonic received notice under Planning Code section 185(f) that it was subject to the termination provisions of subsection 185(b) because the Type I building is older than 50 years and it became non-conforming more than 20 years ago. On May 4, 2010, the Masonic received conditional use approval that permitted its existing operations as a conditional use under Section 182(b), as well as approved modifications to increase the capacity of the auditorium to 3,300 persons and to add eight permanent food and beverage concession areas. The Planning Commission and Board of Supervisors imposed 45 conditions of approval on its approval. However, on April 28, 2011, that conditional use approval was voided by the San Francisco Superior Court in Case Nos. 510495 and 510501 necessitating this application.

This application would involve no physical or operational changes and would allow the Masonic only to continue its existing operations as a commercial assembly and entertainment venue with a total capacity of 4,674 persons (3,282-person capacity Masonic Auditorium on the main floor and mezzanine; 1,392-person capacity Exhibition Hall and California Rooms on the ground floor), as well as the its use during the annual Masons of California convention each autumn. Upon completion of a CEQA document, as ordered by the Superior Court, the Masonic will renew its conditional use application for its proposed modifications.

The Masonic's existing operations consist of an average of about 245 total event-days per year distributed by type and time as follows, with a wide variety of attendee figures, up to a maximum of 3,282 attendees maximum:

Event Type	Daytime*	Nighttime*	All-Day*	Total
Live Entertainment	4	47	0	51
Meetings/Conferences	41	20	27	88
Tradeshows/Exhibits	6	6	56	68
Special Events	17	13	8	38
<i>Total</i>	<i>68</i>	<i>86</i>	<i>91</i>	<i>245</i>

* Daytime events are defined as those which ends before 6pm, nighttime as those which end after 6pm, and all-day as those which start before 6pm and end after 6pm.

Dear Mr. Guy,

On September 26, I was fortunate enough to have tickets to see two musical legends Buddy Guy and BB King at the Masonic Auditorium. It had always been on my "bucket list" to see Mr. King perform. Overall it was a good show with people seated in the fixed seating enjoying the music.

However, I was surprised that you could bring alcoholic drinks to your seats. I realized this as most of the people around me had cocktails in their hands during the show and, unfortunately, one fan was over served and made a spectacle of himself during the performance being escorted out of the theater by guards.

The obvious and excessive consumption of alcohol is most definitely a new experience in the venue which seems to have been instituted since Live Nation has taken over the operations of the premises. That was definitely not a historical use. In the past, only bottled water was permitted inside the auditorium.

During the show there was a concerning violation of the most basic fire and safety rules and that I would like to bring to your attention. After the opening act ended, and when crew had to remove all of Buddy Guy's equipment from the stage to make room for BB King's equipment, the event staff:

- 1-CARRIED the equipment down from the stage directly in front of one of the auditorium aisles
- 2-WHEELED the equipment straight up that aisle
- 3-WHEELED the equipment DIRECTLY THROUGH THE EXIT MARKED "HANDICAPPED EXIT"

This is just another example that the venue was never designed with its main function as a concert venue and was originally designed as a Private lodge for the Masons ritual.

During this period of approximately 20-30 minutes, it was unsafe to be in the way of this heavy equipment being pushed up the spectator aisle in the middle of an audience. Further the blocked aisle could have been a danger if there had been a fire or medical emergency as access/exit would have been impaired.

Additionally during the period where both the first and second act performers were physically present, I noticed TWO performer buses parked outside of which ONLY ONE seemed to have

electrical-power. The other was using gas generators creating both noise and fumes.

My concert experience is another example of why neighbors/concertgoers like myself are concerned with the current operation of the Masonic Temple as a concert venue and insist that the Commission and Department impose strict conditions of use that must be implemented to maintain accurate past historical use for the venue to ensure the safety of the audience and the neighborhood alike. If this is not done, it would be an intensification and illegal.

Thank you for listening to my concerns.

Sincerely yours,

Pedro Mascaro

EXHIBIT M

STATEMENT OF CONDITIONS Exhibit M.

Appended to the Application at "Exhibit C" was the Project Sponsor's proposed conditions of approval that purport to represent, or to be supported by, the historical use of CMMT.

NHA has demonstrated with evidence that the Project Sponsor's "Exhibit C" is both inaccurate and flawed in its representation of historical use.

Therefore, NHA has presented to the Commission proposed alternative conditions of approval that are more accurately aligned with historic use to be used in conjunction with "Exhibit C".

MAXIMUM OCCUPANCY AND EVENTS CONDITIONS (Revised by NHA)

- There shall be no increase in the current seating capacity (3,282) of the auditorium and no seats shall be removed. General Admission concerts are not permitted. (Added to reflect historical use.)
- There shall be NO MORE THAN 31 "Live Evening Entertainment Events" of which NO MORE THAN 24 Concerts are permitted per year. (Added to reflect historical use.)
- In order that the cumulative annual attendance at evening events be consistent with historical use, the Project Sponsor shall select and host events of the type and size not to exceed the following tiers for 24 total historical concerts per year:
 - A maximum of 8 concerts per year (or 33%) may have over 2,500 attendees.
 - A maximum of 9 concerts per year may have over 2,000 attendees.
 - A maximum of 19 concerts per year may have over 1,500 attendees.
 - A minimum of 5 concerts per year may have up to 1,500 attendees.
- All events shall end by 10:00 PM on weeknights (non-holiday, Sunday-Thursday evenings) and 10:30 PM on weekends (Friday, Saturday and pre-holiday evenings), with the exception that 3 weekend events may end by 11:00 PM in accordance with historic use. (Revised to reflect historical use.)
- Queuing for all events shall occur within the interior of the Masonic Center property, *i.e.* the Main Lobby and Exhibition Hall. (Revised to reflect historical use.)

SECURITY AND SAFETY CONDITIONS (Revised by NHA)

- A minimum of 2 off-duty SFPD officers will be hired by the Project Sponsor specifically to monitor Huntington Park. One officer will be stationed inside the park and the other officer will patrol the perimeter of Huntington Park (California, Taylor, Sacramento, and Sproule Streets) during concerts and for one hour before, during, and one hour after concerts conclude.

LOADING (Revised by NHA)

- Loading and unloading on California shall be limited to 35 calendar days per year.

- Use of CMMT auditorium aisles for equipment transport (removal or installation) during intermission is strictly prohibited.

PERFORMER BUS PARKING CONDITIONS (Revised by NHA)

- Deleted Applicant's proposed condition of approval #20 and #21. (Deleted to reflect historical use.)
- There shall be no parking of performer's buses on California Street, except during periods of loading and unloading. (Revised to reflect historical use.)
- Overnight curb parking of buses or Habitual trailers for performers, support staff, and/or others associated with the operations or productions of events or concerts shall not be permitted on either side of California Street or the adjacent streets on top of Nob Hill. The petitioner shall include in any contract or agreement or rules or guidance given to any performers, support staff or others associated with the operations or productions at the CMMT a requirement to abide by this condition. The Project Sponsor shall remain responsible for compliance with this condition, regardless of such notice or contractual provisions.

FOOD & BEVERAGE SERVICE CONDITIONS (Revised by NHA)

- NO permanent liquor license is permitted. All liquor licenses shall be temporary one-day permits only similar to historic use. (Revised to reflect historical use.)
- Alcoholic beverages shall be served at no more than 7 concerts per year or 28.5% of total events in accordance with historical use . (Revised to reflect historic use as demonstrated by ABC permits.)
- Eating and drinking uses shall be limited to service to patrons of on-site assembly and entertainment events within the Nob Hill Masonic Center.
- A maximum of up to two (2) temporary concessions stands selling food and beverages. Both concessions stands must be outside of the gates into the auditorium with one located in the main lobby and one located in the lobby of the balcony and no larger in size/and # of servers as shown in historical diagrams provide by ABC; There shall be no operations of a restaurant, whether full-service or self-service, no service to persons who are not patrons of assembly or entertainment uses of the Masonic Center. (Revised to reflect historical use.)
- Alcoholic beverages may be served only before events and immediately prior to events and during intermission. No alcoholic beverages or food shall be permitted inside the auditorium. (Revised to reflect historical use.)
- There shall be no minimum purchase of alcoholic beverages and there shall be a maximum of two drinks served per order.

Exhibit C

GENERAL CONDITIONS

1. Noise and odors shall be regulated so as not to be a nuisance to nearby businesses or residents [No 2008.1072EC Condition #4]
2. An enclosed waste storage area shall be provided within the establishment. All trash and recycling containers shall be kept within the building until pick-up by the disposal company. [No 2008.1072EC Condition #6]

MAXIMUM OCCUPANCY AND EVENTS

3. ~~No more than 3,282 patrons shall be permitted for events in the auditorium on the main floor level and mezzanine of the Masonic Center. [No 2008.1072EC Condition #9]~~
4. ~~All events shall conclude by 11:00PM on weeknights (non-holiday Sunday-Thursday evenings) and 11:30PM on weekends (Friday, Saturday, and pre-holiday evenings). Up to three events per year may extend until 1:00AM on weekends (Friday, Saturday, and pre-holiday evenings), subject to prior consultation with and approval by the San Francisco Police Department and the Entertainment Commission a minimum of 30 days prior to the date of such an event. [No 2008.1072EC Condition #13]~~
5. ~~All patron queuing for events with general admission attendance shall occur within the interior of the Masonic Center property, i.e. the main lobby and Exhibition Hall. [No 2008.1072EC Condition #14]~~

SECURITY AND SAFETY

6. The petitioner shall maintain, update over time, provide to event personnel, and make available to the Police Department and Entertainment Commission an event Operations Manual to include:
 - A security plan to ensure neighborhood safety before, during and after performances, including in Huntington Park and Near Grace Cathedral.
 - A traffic control plan, including deployment of traffic control personnel outside the venue to assist patron unloading and loading, queuing into the garage, and enforcement of the Parking and Traffic, Loading and Performer Bus Parking conditions set forth below.
 - Trash pick-up program within two hours after each event in the four blocks bounded by Sacramento, Jones, Pine and Mason Streets.
 - Direction to event personnel to assure compliance with these conditions of approval. [No 2008.1072EC Condition #15]

PARKING AND TRAFFIC

7. The petitioner shall make available to the general public within the Masonic Center garage no less than number of off-street parking spaces required by Planning Code Section 151 for "theater or auditorium" uses (a minimum of 1 parking space per 8 patron occupancy for the first 1,000 patrons, plus 1 space per 10 patrons above 1,000 patrons in the Auditorium). The number of spaces shall not be reduced or otherwise be made unavailable for the use of the Masonic Center due to monthly leases or other arrangements. [No 2008.1072EC Condition #16]
8. There shall be a fixed parking fee for events with ~~more than 1,250 ticketed attendees~~. [No 2008.1072EC Condition #17]
9. The petitioner shall offer pre-paid parking to event attendees who purchase tickets in advance of the event date through an on-line ticket service. Such pre-paid parking passes shall specify the location of the garage for which the ticket has been paid (either the Masonic Center garage or any other nearby garage that enters into a cooperating agreement with the petitioner for pre-paid parking) and the location of the garage's entrance. [No 2008.1072EC Condition #18]
10. The petitioner shall allow access to the Masonic Center garage through the Pine Street loading dock prior to events in order to reduce vehicle queuing on California Street. The Pine Street loading dock shall also be used for exiting from the garage after events. [No 2008.1072EC Condition #19]
11. The petitioner shall minimize vehicular queuing on California Street by use of the following strategies for events with ~~more than 1,250 ticketed patrons~~:
 - Increase traffic staffing inside the California Street garage entrance to increase the rate of vehicular entry to the garage.
 - Position security personnel (including San Francisco Police Department services when warranted) outside the garage to assist with controlling and directing traffic, including directing patrons to other nearby garages if and when the Masonic Center garage is full.
 - Convert the center lane of the existing garage entrance ramp to a second inbound lane to increase queuing room within the garage.
 - Event staff shall ensure u-turns are prevented and that the cable car lane is free flowing. [No 2008.1072EC Condition #20]
12. The petitioner shall consult with nearby public garages to inform arriving patrons that those garages can be used to park for performances and events when the Center's garage is full. [No 2008.1072EC Condition #21]
13. The petitioner shall apply for designation of a truck and bus loading zone and passenger zone for drop-off by taxis and other vehicles and additional garage queuing for the approximately 185-foot long curb zone on California Street between the entrance to the Center garage and Gramercy Tower (1177 California Street) driveway, to be in effect

only prior to and during events at the Masonic Center. The drop-off zone shall be sufficient to accommodate a minimum of three taxis or private vehicles dropping off passengers at one time. [No 2008.1072EC Condition #22]

14. The petitioner shall provide not less than 26 Class I or Class II bicycle parking spaces at the property, consistent with Planning Code Section 155.2. [No 2008.1072EC Condition #23]

LOADING

15. The petitioner shall seek a special event "no parking" permit from the Police Department whenever it anticipates loading or bus operations on California Street and direct trucks to park in that zone. No double-parking of trucks shall be permitted. The petitioner may load and unload from the California Street curb only stage sets, performance equipment, and related materials associated with specific events. Pursuant to the regulations of the Department of Building Inspection, a sign shall be posted on the access ramp during loading and unloading operations that notifies disabled persons of the duration of the loading and provides specific information about alternative means of disabled access into the building, which alternative access shall be maintained at all times during loading and unloading operations on California Street. [No 2008.1072EC Condition #26, modified to remove provision related to previously proposed alteration]
16. To minimize noise during loading and unloading operations on California Street, the petitioner shall install prior to loading and unloading activities a resilient surface material, such as rubber or vinyl, on truck ramps, pavement, sidewalk and the ramp and incorporate transition strips between different surfaces and shall direct that truck engines be turned off except when moving the vehicle or functions that require engine power are occurring, such as lowering or raising of hydraulic ramps. [No 2008.1072EC Condition #27]
17. Personnel conducting loading and unloading activities on California Street shall be instructed to minimize the volume of conversation and prohibit the playing of amplified music outside the building during loading and unloading, particularly during nighttime hours.
 - (a) There shall be no loading and unloading on California Street before 7:00am.
 - (b) Scheduled event loading on California Street shall be limited to ~~12~~ days per year.[No 2008.1072EC Condition #28]
18. After the conclusion of unloading activities, trucks using the California Street curb loading zone shall depart the premises, park off-site, and not return for loading until near the conclusion of the performance. No overnight curb parking of trucks shall be permitted on California Street. [No 2008.1072EC Condition #29]
19. The petitioner shall make best available efforts to complete loading activities as efficiently and quietly as possible following the conclusion of an event.

PERFORMER BUS PARKING

20. ~~During the one and one-half hour period prior to the start of events, no more than two performer buses shall park on the south side of California Street, so that the remainder of the 185-foot long curbside area is available for attendee unloading and loading and vehicle queuing into the garage. The petitioner shall direct any additional buses to park in other bus parking zone(s) the City chooses to designate near the corner of California and Taylor Streets, such as on Taylor Street adjacent to Huntington Park or on the north side of California Street. The petitioner shall make best available efforts to evaluate and demonstrate to the Zoning Administrator the physical and operational feasibility of storing performer buses at nearby off-street parking facilities during events.~~
~~(a) The petitioner shall make commercially reasonable best efforts to secure space in the closest parking garage to park the maximum number of performer buses that can fit inside that garage and if space is secured from the garage owner, that number of buses shall be parked inside the garage. [No 2008.1072EC Condition #31]~~
21. ~~The petitioner shall provide electric power on the south side of California Street for event buses in order to ensure the quiet and clean powering of these vehicles and shall direct that all performer buses parking at this zone connect to his electric power and not run their engines or generators. [No 2008.1072EC Condition #32]~~
22. Overnight curb parking of buses or habitual trailers for performers, support staff, or other associated with the operations or productions at the property shall not be permitted on either side of California Street. The petitioner shall include in any contract or agreement, or rules or guidance given to any performers, support staff, or others associated with the operations or productions at the property a requirement to abide by this condition. The petitioner shall remain responsible for compliance with this condition, regardless of such notice or contractual provisions. [No 2008.1072EC Condition #34]

FOOD AND BEVERAGE SERVICE

23. ~~The eating and drinking uses are limited to service to patrons of on-site assembly and entertainment events within the Nob Hill Masonic Center. This allows for the operation of a maximum of five concessions stands selling food and beverages. There shall be no operations of a restaurant, full-service or self-service, open to members of the public who are not patrons of assembly or entertainment uses within the Masonic Center. [No 2008.1072EC Condition #35]~~
24. ~~Following the conclusion of the last intermission of an event, a maximum of two publicly-accessible concession stands and one "VIP" concession stand (not accessible by the general public) may serve alcoholic beverages. One hour prior to the conclusion of an event, line markers shall be placed at the end of each of the lines. No patron approaching a line for a concession stand after the placement of the line marker will be served an alcoholic beverage, with the intent that alcohol service will conclude 45 minutes prior to the end of an event.~~

- (a) There shall be no minimum purchase required and a maximum of two drinks served per order. [No 2008.1072EC Condition #36]

PERFORMANCE AND ENFORCEMENT

25. The petitioner shall appoint a community liaison officer to deal with issues of concern to the owners and occupants of nearby properties and shall give written notice of the name, business address and telephone number of the community liaison officer to the Zoning Administrator and the owners of properties in the area bounded by Sacramento Street, Mason Street, Pine Street and Jones Street. The telephone number of the community liaison shall be monitored for a reasonable period of time prior to, during and after events until patrons have disbursed from the neighborhood. [No 2008.1072EC Condition #38]
26. The petitioner shall be required to comply with all noise ordinance limits in Municipal Police Code 29, or any successor ordinance. [No 2008.1072EC Condition #42]
27. If an event has presented a pattern of safety and security problems in previous concert seasons or at other venues, then the petitioner shall consult with the Police Department to determine whether the petitioner can provide adequate safety and through utilization of its security personnel, contracted private security, and/or on-duty or off-duty Police officers. To the extent that the Chief of Police reasonably determines, based entirely on the ability to provide safety and security and not on the expressive content of the event, that the petitioner cannot provide adequate safety and security for any proposed event or that the event's historical pattern establishes that safety and security issues cannot be adequately handled at the venue regardless of the petitioner's security plan, the Chief of Police may order that the event shall not be held. This provision does not supersede any subsequent regulations regarding place of entertainment permits. [No 2008.1072EC Condition #43]
28. The petitioner shall comply with Administrative Code Section 10-B, and if off-duty officers are hired pursuant to subsections thereof, a minimum of two officers be hired for events with 1,250 or more presold tickets; if SFPD determines that more than two officers are required, the petitioner shall provide the additional officers. [No 2008.1072EC Condition #44]
29. The petitioner shall encourage the use of public transit through its on-line marketing sites, including links to transit providers. [No 2008.1072EC Condition #45]

Subject: California Masonic Memorial Temple Conditional Use Application to Continue Lawful Non-Conforming Use Pursuant to Planning Code Section 185(e) Planning Department Case No. 2011.0471C

Dear President Olague:

This office represents the Nob Hill Coalition (“Coalition”), whose membership consists of residents of Nob Hill that are affected by the operations of the California Masonic Memorial Temple (“CMMT” or the “Applicant”) located at 1111 California Street (“the Site”). On October 27, 2011, the Planning Commission (“Commission”) will conduct a hearing on CMMT’s application for conditional use authorization (“Application”) seeking continuation of its lawful non-conforming “commercial assembly and entertainment use,” which expired in 2008. It is noted that the Coalition does not object to the continuation of the lawful non-conforming use. However, Planning Code¹ section 185(e) allows for continuation of the lawful non-conforming use so long as there is no “enlargement, intensification or extension of the non-conforming use.”

We understand that, based on CMMT’s stated purpose in the Application, which is “to continue the existing operations of the California Masonic Temple’s legal non-conforming commercial assembly and entertainment venue,” the Planning Department issued a categorical exemption for the Application prior to performing any independent analysis of the event data provided by CMMT. However, the Application and proposed condition of approval submitted by CMMT grossly misrepresents and exaggerates the historic use of the Temple. As submitted, the Application actually both intensifies and enlarges the lawful non-conforming use. CMMT’s application is nothing more than a blatant attempt to circumvent the Court’s decision setting aside the previously granted conditional use permit because it was an intensification of the lawful non-conforming use without proper environmental review. Therefore, the Coalition requests that the Commission reject the Application as framed and CMMT’s proposed conditions of approval (attached as Exhibit C to the Application).

¹ Further section references are to the Planning Code

Commissioner Christina Olague

ZONING HISTORY OF THE SITE

CCMT purchased the Site in 1947 when it was located in the then Second Residential Zoning District. Thereafter, CMMT applied to reclassify the site to a Commercial District. The City Planning Commission adopted Resolution No. 4171 in 1953 and reclassified the Site to Commercial, allowing CMMT to construct a Temple and a public garage at the Site. Construction of the Temple was completed in 1958. Between 1960 and 1964, the site was rezoned to R-5, which allows for non-commercial private clubs or lodges that were not used primarily for a gainful business as principal permitted use, but disallowed public garages. In 1968, as part of a City-wide rezoning, the Nob Hill Special Use District (“Nob Hill SUD”) was created as an overlay district, the boundaries of which included the Site. Public parking garages were not allowed in the R5 zone or the Nob Hill SUD, and the parking garage at the Site became a lawful non-conforming use. During this time, the neighbors did not complain about the occasional for-profit performance, because the events took place infrequently as an ancillary use and the neighbors recognized that monies were needed for the upkeep of the facility on the Site.

In 1978, the underlying zoning district of the Nob Hill SUD was reclassified from R-5 to RM-4 (residential, mixed, high-density). Fraternal organizations, such the CMMT, were not permitted and that use of the Temple also became a lawful non-conforming use. In 1991, the Nob Hill SUD was amended again to allow private lodges and clubhouses, which are not operated as a gainful (for profit) business but can be authorized as a conditional use under Section 238(a); the garage remained a lawful non-conforming use. Under Section 178(a)(2), the use of the Temple as a fraternal organization became a conditional use by operation of law; the public garage, entertainment and assembly uses remained as lawful conditional uses.

Under Section 185(b), the lawful non-conforming public garage and assembly/entertainment uses at the Site terminated in 2008 and could continue *only* if CMMT applied for a conditional use to continue these lawful non-conforming uses. CMMT never applied for a conditional use to continue the non-conforming use until a neighbor filed a complaint alleging that the uses in CMMT were illegal; then in 2009 CMMT applied for and was granted a conditional use application to intensify the non-conforming assembly and entertainment uses. That conditional use authorization was set recently aside by the San Francisco Superior Court as in violation of CEQA in a lawsuit brought by, among others, the Coalition. (*Nob Hill Association et.al. v. City and County of San Francisco et.al.*, San Francisco Superior Court No. CPF-10-510495).

PROJECT DESCRIPTION

The Notice issued by the Planning Department described CMMT's Project as follows:

“Request for Conditional Use Authorization to continue the existing nonconforming entertainment and assembly use of the ‘Nob Hill Masonic Center,’ and to continue operation of the existing food and beverage service uses within the Center pursuant to Planning Code Sections 185(e) and 303.”

Therefore, this Application seeks conditional use authorization *only* to continue the non-conforming uses at the Temple under Section 185(e). The Application represents that the Project will involve no physical or operational changes to the Temple's current use as a commercial assembly and entertainment venue. The Application claims that there were an average of 245 events per year between 2005 and 2008, of which 51 were live entertainment events, 88 were meetings/conferences/conferences, 68 were trade shows/exhibits and 38 were special events.² These summaries, attached to the Application, are also attached hereto for your convenience as **Exhibit 1**. CMMT's annual average is based on Exhibit B of the Application, which is a schedule of events from 2002-2008 (Application Schedule).³ For the reasons discussed below, an examination of the event data attached to the Application shows an unlawful and inappropriate intensification of use.

NO ENVIRONMENTAL REVIEW WAS PERFORMED

Based on CMMT's representation that the conditional use application only seeks to continue a lawful non-conforming use, the Department found that no environmental review is required. In an e-mail to a neighbor inquiring about the environmental review process, the Department stated as follows:

The renewal of the historic use through the CU is an activity not subject to CEQA per Guidelines Section 15060. The current operation of the Masonic is considered the baseline for analysis under CEQA and since the renewal of the historic use would result in no physical alteration or intensification of the existing building/use, the renewal is considered an activity not subject to CEQA.

² These annual averages were based on the events for years 2005 to 2008 presented in a second summary by event category and time of date. CMMT contends that these years are the “most representative of its existing operating level before event reservations were curtailed in anticipation of construction of the proposed [capacity and food and beverage] modifications.”

³ The 2002-2008 event schedules were the same as those in the Administrative Record in the case challenging the Zoning Administrator's Letter of Determination.

Commissioner Christina Olague
October 19, 2011
Page 4 of 16

The Coalition objects to the conclusion that no environmental review is required.⁴ It does not appear that the Department independently reviewed the event data submitted to ascertain if in fact there is an intensification of uses.

**ANALYSIS OF THE HISTORICAL USE DATA SHOWS
THAT CMMT GROSSLY EXAGGERATED THE NUMBER OF EVENTS
AND PAST ALCOHOLIC BEVERAGE SERVICE AT THE TEMPLE**

The Application for a permanent license for five bars and the alleged average annual number of events, is premised on a manipulation of the historic event data, which inflates certain categories of uses. The Coalition notes that CMMT submitted a different schedule of events for the year 2002 to 2007 to the Department of Alcoholic Beverage Control Board (“ABC Schedule”).⁵ The ABC Schedule organized the events by category, size (large or small), location in the Temple complete with start-and-end-time.⁶ CMMT also submitted to ABC additional historical data for year 2009 and 2010 that were marked as ABC Exhibit Q that was not included in the conditional use package.⁷

1. ***Criteria To Be Used In Determining Historic Use.***

CMMT’s summary of events in Exhibit A only covers the average of the total number of events in years 2005 through 2008. It can be argued that a fair examination of historic use would require CMMT to go back to 1958, before the entertainment use became a non-conforming use and was far less frequent. This is not clear in the Planning Code. Even if the relevant period of time is

⁴ CEQA Guideline Section 15060(c) provides that “Once an application is deemed complete, a lead agency must first determine whether an activity is subject to CEQA before conducting an initial study. An activity is not subject to CEQA if:

- (1) The activity does not involve the exercise of discretionary powers by a public agency;
- (2) The activity will not result in a direct or reasonably foreseeable indirect physical change in the environment; or
- (3) The activity is not a project as defined in Section 15378.

In this case, the Application as framed will result in a direct and reasonable foreseeable indirect physical change in the environment in the vicinity of the Temple.

⁵ The events in the schedule provided to the ABC and marked as Exhibit B2 were identical to those in the Administrative Record of the case challenging the issuance of a Categorical Exemption for the 2010 CU authorization. A copy of the ABC 2002-2007 Schedule is attached hereto as **Exhibit 2**.

⁶ The ABC proceeding includes a formal hearing conducted before an administrative law judge. Presentation of evidence is subject to the rules of evidence and witnesses testify under oath. The evidence presented at the ABC hearing is therefore more reliable than the summary representations made to the Department in support of the Application.

⁷ Copies of the 2009 and 2010 schedule of events submitted to ABC are attached hereto as **Exhibit 3**.

Commissioner Christina Olague

October 19, 2011

Page 5 of 16

more recent, it is unfair and inaccurate to restrict the consideration to such a generalized representation of a period consisting of only four years while omitting the two most recent years.

Determination of lawful non-conforming historic use is based on facts and must be determined on a case-by-case basis. It is the Coalition's position that, in evaluating the historic lawful non-conforming use, this Commission must consider the following components in arriving at the historic use:

- A. Because CMMT provided historical data covering the last 10 years (2000 through 2010) as part of their sworn testimony in the ABC hearing, the period used to define historic use must include a minimum of 10 years of data. Any period less than 10 years would be unreasonable;
- B. Events must be separated by size, because small events have substantially less impact on the neighborhood than large events;
- C. Events must be categorized by type, because large live entertainment events have more noise, parking, traffic and other impacts than lectures, seminars or receptions;
- D. The start-and-end-time of events must be considered, because they also have impact on the neighborhood;
- E. Location and frequency of loading and unloading should be included, because they impact traffic, noise and aesthetics, and thus create their own impact on the neighborhood; and
- F. The conditions under which alcoholic beverages and food are served (including frequency, duration, and location of service stations within the facility) should be included, because they affect the conduct of patrons, before during and after events, both at the Site and in the neighborhood (as the regulation of such activities by the ABC recognizes).

2. *Analysis of Historic Uses Applying the Above Criteria*

The Coalition reviewed the historic event information provided by CMMT to the Department and to ABC to determine whether CMMT's event numbers, loading/unloading, and alcoholic beverage service stations are supported by CMMT's application. The Coalition's findings are summarized below.

Commissioner Christina Olague
October 19, 2011
Page 6 of 16

A. Number of Events For the Last Ten Years

When the Coalition reviewed the historic event data for year 2001 through 2010, the Coalition used the following methodology:

- Compare the ABC Schedule and the Application Schedule. The comparison showed there were 12 events in the Application Schedule that were not included to the ABC Schedule⁸ and 53 events in the ABC schedule of events that were not included in the Application Schedule of events.
- Use the ABC Schedule as the base document. The Coalition decided to use the ABC schedule, because it is organized in a way that one can accurately count the total events by category, size, and time, and to include the 12 events in the Application Schedule but omitted in the ABC Schedule, which would skew the data favorably to the CMMT. Furthermore, the information in the ABC schedule was presented in a legal proceeding where the rules of evidence apply and testimony was given under oath and therefore probably closer to being accurate.
- Examine and revise the Event Categories to conform them to the facts. The Coalition examined the event list and moved events that were improperly categorized into their proper categories.⁹ When an event could not be clearly identified, a Google search was conducted of the names of the entertainers or lecturers to place them in the correct categories. Additionally, because the end time of an event has different impact when it is after 8 PM, the Coalition added a category for events ending before 8 PM and removed them from the evening event category. A summary of events developed by the Coalition under this process is attached hereto as **Exhibit 6**.
- Compare the Coalition's list with lists generated by other residents. This comparison was performed to ensure that the Coalition's totals for each year are similar to the counts by other residents, since the CMMT summary shows approximately 357 events in 2005, which is 181 events more than that in the Coalition's summary for the same year.¹⁰ At the hearing,

⁸ A copy of the additional events not in the 2002-2007 event schedule is attached hereto as **Exhibit 4**.

⁹ For example, lectures by Al Gore, Hilary Clinton and others listed under live-entertainment were reclassified and placed under Special Events, and Citizenship ceremonies were removed from the Meeting/Conference/Convention category and put under Special Events.

¹⁰ Mr. Galanos, another neighbor, merged all the data from the various sources (ABC, CATEX, LOD submittals). He then used software to extract the data in searchable form and created a spreadsheet. The data (naturalization, exams, etc) were re-categorized, cleaned up the start and end times, added a column that calculates number of hours an event covers. He then summarized all the data using Excel's built in analysis tools and presented the data in tabular form. His data

Commissioner Christina Olague

October 19, 2011

Page 7 of 16

this Commission will have received or will hear testimony from nearby residents, who independently reviewed the Application Schedule and the ABC Schedule, Googled each event to verify the accuracy of the time of the event, the dates of the events and the type of events. They found that cancelled events were included in the Applicant's schedule of events, while others could not be verified by Google searches. The cancelled events and events that could not be verified were not discounted in the Coalition's summary.

A close examination of CMMT's summary of the Application Schedule simply does not stand up to scrutiny. The inescapable conclusion is that the CMMT grossly exaggerated the number of events in its Application. *When properly categorized, the average number of annual live entertainment events drops from an average of 47 live evening entertainment events in the Application to an average of 35 large all day and evening live entertainment events in the last ten years.*¹¹

It is evident that CMMT grossly misrepresents the scope and impact of the alleged historic use of the Temple in an attempt to illegally increase of the number of evening live entertainment events and the day time meeting/conferences/conventions events -- events with the most impact on the neighborhood. The facts reveal that the Application *is designed to enlarge and intensify* the Temple's lawful non-conforming use in violation of Section 185(e). The Commission should reject the Application as currently framed and continue the hearing to allow its staff sufficient time to perform an *independent* analysis of the Application event data, the ABC event data, and to request additional event data prior to 2001, and to include event data from 2009 and 2010 that CMMT failed to include in its Application because the decreased use in those years skews their data downward.

B. Alcoholic Beverage and Food Service Stations.

In its Application, CMMT failed to provide any evidence to support the frequency or duration of alcoholic services in its proposed conditions of approval. The number of bars are only identified in its proposed conditions of approval. At the ABC hearings, Mr. Alan Cassalou, the Grand Secretary of the Temple, testified under oath that he has no idea how often alcoholic beverages were served, where the beverage stations were located, or at what events alcoholic

shows 179 events in 2005. A copy of Mr. Galanos' data forms is in the files of the Planning Department and a copy of his summary of events is attached hereto as **Exhibit 5**

¹¹ The Coalition's 33.7 average annual large entertainment events assume that all 27 entertainment events in 2010 are large evening events and also included all 62 large evening events in 2004 which included 14 talent search shows and 9 Broadway On Ice shows where were anomalies for the ten year period.

Commissioner Christina Olague

October 19, 2011

Page 8 of 16

beverages were served. Similarly, the last column of the ABC Schedule (Exhibit 2) showed that the Masonic Temple has no record of the events where alcoholic beverages were serviced.¹²

The record is also clear that the Masonic Temple *never* had a permanent liquor license, only temporary licenses that were requested and obtained by individual event sponsors. The documents provided by ABC at the ABC hearings and in response to public record requests show no permanent liquor license. In 2010, the ABC staff investigation report for a double transfer of a liquor license from another location stated that the Masonic Temple “has never been licensed by the Department” and there were only “eight (8) one day licenses, and seven (7) catering permits for various functions” from 1/1/09 to 6/2/10. In 2009, ABC granted 12 permits for events (10 concerts, a reception for 200 people and a dinner for 500 people) for the Masonic Temple; of these events only one event had an estimated 3,500 attendees; majority of the concerts only have 2000 attendees per event day.

In 2010, ABC granted five (5) permits (3 concert/comedy shows attended by an estimate of 3000 attendees each, 1 graduation attended by 1,500 attendees, and 1 conference with 50 attendees) for the premises of the Masonic Temple. Live Nation’s recent applications for temporary liquor licenses included plans showing the locations of alcoholic beverages for the Jeff Beck Concert and the Conan O’Brien Comedy Show with estimated attendees of about 3,000 for each concert. All the plans attached to the ABC applications for events at the Temple clearly show no more than *two* bar locations (one in the main lobby and one in the balcony lobby). Copies of ABC applications for temporary liquor license are attached hereto and referred to collectively as **Exhibit 7**.

In contrast to claims by the CMMT, the Commission has a letter from Annette Berger, who worked as an usher at the Temple from 2001 to 2006. She was the head usher at the balcony level. Ms. Berger states in her letter to the Commission that during the years when she was an usher, most events did *not* include alcoholic beverage services. When alcohol was served, it was mainly limited to a single bar at the main lobby and, on rare occasion, there would be a single bar set up in the balcony lobby. Except for water, no alcohol or food was allowed inside the Auditorium. Finally, she states that drinks were served only before the start of an event and during intermission. The Berger letter also contradicts CMMT’s representation that existing and historical operation of the Temple included serving snacks and other food throughout the Temple, from up to five temporary concession stands. This statement in Ms. Berger’s letter is consistent with the information provided by ABC and contradicts information provided by CMMT in their application. A copy of Ms. Berger’s letter is attached hereto as **Exhibit 8**.

The undisputed evidence is that alcohol was served at the Temple occasionally and always under one-day temporary licenses, *never* a permanent license. Furthermore, there were never more than *two* locations where alcoholic beverages were served and no alcoholic beverages were served

¹² Copies of the transcript Mr. Cassalou’s testimony is in the Planning Department’s case files.

Commissioner Christina Olague

October 19, 2011

Page 9 of 16

after intermission. In order to avoid intensification, any conditions of approval must limit alcoholic beverage service to the historic conditions, with no more than *two* bars, with service limited to before the event and during intermission, and no alcoholic beverages should be allowed in the main auditorium.

C. Event End Time

Based on the ABC Schedule, most evening events have ended between 10 PM and 10:30 PM. Only 36 events in the past ten years were listed as ending at 11 PM or later, of which 12 were evening large events, the other 24 were small events (mostly examinations, receptions and tradeshow). Therefore, in order to avoid intensification, the conditions of approval should include a condition that evening events should end no later than 10:30 PM and only one large live entertainment or large special event per year may end at 11 PM.

D. Size of Events

While CMMT provides a spreadsheet of purported historical events, the Application fails to identify the location within the Temple where the events were held. Since events of different sizes would take place in an appropriately sized room, the Commission must rely on the evidence in the ABC Schedule to ascertain the sizes of historic events, as summarized by the Coalition (see Exhibit 5).

E. Loading and Unloading, On-street Bus Parking

Loading and Unloading

Prior to the 2010 conditional use hearing, Live Nation informed the neighbors that for concerts, California Street would be used for stage sets delivered by truck that could not fit into the Pine Street loading dock; such deliveries would arrive in the morning and that reloading back onto the trucks would take no more than 1 ½ hours immediately after the concert. Therefore, to the extent that some of the concerts would require the use of California Street, there would not be more than one (1) loading/unloading day per concert. Furthermore, CMMT does not give a reason why the Pine Street loading dock is insufficient for the majority of events such as examinations, graduation, citizenship ceremonies, lectures, stock holder's meetings, and other small conferences or conventions held at the Temple. To the extent that events such as the Apple conference utilized buses, the buses should unload the attendees and return to pick them up at the end of the day. Therefore, there is no basis for CMMT's proposed condition of approval for 125 days requiring loading and unloading on California Street. That figure was allowed as a condition of approval for an application that allowed (contrary to CEQA) for an *intensification* of the lawful non-conforming use. That point aside, the number is not substantiated by any evidence.

Commissioner Christina Olague

October 19, 2011

Page 10 of 16

Finally, it appears that the figure was calculated in a misleading way. It appears that CMMT used *event* days, rather than loading and unloading days, as their base data, in order to achieve a baseline that will allow for more events and loading days. However, each day of a multi-day event is not an individual event; rather the entire multi-day event must be counted as just one event. Loading/unloading of equipment necessary for a multi-day event would occur the day of (or the day before) and on the last day (or day after) the event. Thus, in determining the impact of loading and unloading, the appropriate number is the number of events and not the number of event days.

The requirement for constant bus loading and freight loading and unloading on California Street was caused by the intensification of use presented in CMMT's 2009 conditional use application. CMMT's avoidance of using the loading dock because it is not as convenient as commandeering parking, public and handicapped access along California Street is not an acceptable and impermissible intensification of use.

Existing Loading Dock

The loading dock for the Temple, located on Pine Street, is served by a freight elevator from the loading level to the California room/Exhibit Hall level ("lower level") below the main auditorium. All small events that take place in the lower level can be serviced by the loading dock. All large events, such as lectures, graduation or citizenship ceremonies and other special events can be serviced by small vans or trucks that can use the loading lock.¹³ All trucks less than 40' long should be required to use the loading dock, rather than take residential permit parking spaces out of service simply because that would be more convenient for the Applicant. Based on the foregoing, the Applicant's request for 125 days of loading and unloading on California Street should be rejected and CMMT should be required to submit evidence to justify its assertions for any condition approving loading or unloading on California Street.

3. CMMT's Proposed Conditions of Approval Must Be Modified By This Commission.

The Commission also has before it a letter from Stan Landfair, a neighbor who resides next door to the Temple. In his October 6, 2011 letter, Mr. Landfair provides this Commission with his objections to the CMMT conditions of approval. The Coalition agrees with Mr. Landfair's objections, because his modifications correct inaccuracies in the proposal submitted by the Applicant and ensure that there will be no intensification of the historic uses. The Coalition urges this Commission to accept Mr. Landfair's comments and modified conditions. For the Commission's convenience, Mr. Landfair's letter and a redlined copy of his proposed modifications are attached

¹³ Before any legal proceedings were initiated challenging the issuance of a categorical exemption and the conditional use authorization in 2010, and before the court issued its decisions on those challenges, The Masonic Temple actually did not use the loading dock for food and beverage services or other deliveries by trucks that are less than 40' long.

Commissioner Christina Olague

October 19, 2011

Page 11 of 16

hereto as **Exhibit 9**. Additionally, the Commission should include the averages in the Coalition's Exhibit 7 or in other neighbors' testimony regarding the maximum number of daytime events, all day events, events ending before 8 PM, evening events by type, as well as the other standard conditions of approval.

COMPLIANCE WITH SECTION 303(c) CONDITIONAL USE CRITERIA

If the number of events accurately reflected the average number of events for a minimum of the last ten years by category, size, time of events, alcoholic beverage service, food service, and the historic pattern of loading and unloading, the Coalition would agree that a conditional use for historic uses would comply with the Section 303(c) criteria, as well as with the applicable General Plan Policies and Objectives. However, CMMT's application is replete with gross over-exaggerations and deception. The average number of events presented in the summaries in the CMMT Application or the summary submitted to ABC attached here to as **Exhibit 10** (and marked as Exhibit C by the ABC administrative law judge) cannot be the basis for granting CMMT's Conditional Use application, because the Project would exceed the scope of the Project in the Notice sent to the neighbors and the public and would not meet the following Section 303 criteria.

1. That the proposed use or feature, at the size and intensity contemplated and at the proposed location, will provide a development that is necessary or desirable for, and compatible with, the neighborhood or the community.

Based on the historic use criteria, the CU Applicant before this Commission clearly constitutes an intensification of use. Under CMMT's summary of annual historical use, the Temple will hold a total of 245 events a year.¹⁴ The Site is located in an RM-4 district, overlaid with the Nob Hill SUD. One of the purposes of a residential district is the "promotion of a balanced and convenient neighborhood have appropriate public improvements and services, suitable nonresidential activities that meet the needs of residents, and other amenities that contribute to the livability of residential areas." (Planning Code section 206(e).) The primary purpose in creating the Nob Hill SUD was to ensure that the balance between the residential and limited commercial uses atop Nob Hill be maintained.

As demonstrated in Exhibit 6, there is not one single year from 2001 through 2010 in which there were more than 223 events (other than 267 in 2004). CMMT's claim of 357 events in 2005 is

¹⁴ As noted above, the Applicant claims that the 245 events per year included 68 daytime events (4 live events, 41 meetings/conferences/convention, 6 tradeshow/Exhibitions, and 17 special events), 86 nighttime events (47 live nighttime events, 20 meetings/conferences/convention, 6 tradeshow/Exhibitions, and 8 special events) and 91 all day events (27 meetings/conferences/convention, 56 tradeshow/Exhibitions, and 8 special events.) See Attachment to CU application, page 1.

Commissioner Christina Olague

October 19, 2011

Page 12 of 16

without any factual foundation. See Exhibit 5. CMMT has purposely manipulated the event numbers to vastly exceed the historic number of events held annually at the Temple in order to increase the quantity, size and times of large evening and day time events — which is what CMMT seeks to do by this CU application under the guise of historic use. The size and intensity of use contemplated at the Temple by the Application is not necessary or desirable for, or compatible with the neighborhood or the community. Moreover, their environmental impact has not been analyzed.

2. That such use or feature as proposed will not be detrimental to the health, safety, convenience or general welfare of persons residing or working in the vicinity, or injurious to property improvements or potential developments in the vicinity, with respect to aspects including but not limited to the following:

- A. *The nature of the proposed site, including its size and shape, and the proposed size, shape and arrangement of structures.*

While the Application states that there is no expansion of use, the described operation of the venue is actually substantially different from the historic operations. Furthermore, the current operation of evening entertainment events by Live Nation use creates a safety hazard. During the recent BB King concert, neighbors witnessed that, between sets, the opening act's equipment was wheeled off the stage, up the aisle, and through the door marked as a handicapped and emergency exit.¹⁵ In fact, all aisles inside the auditorium serve as emergency exits. Using the aisle for loading and unloading during intermission creates an obvious safety hazard that is detrimental to the health, safety, convenience or general welfare of the concert attendees. In order to address this flagrant disregard of public safety, the criterion can only be met with a condition of approval that all stage sets and equipment between sets cannot be removed through the aisles in the seating area or any emergency exit.

- B. *The accessibility and traffic patterns for persons and vehicles, the type and volume of such traffic and the adequacy of proposed off-street parking and loading;*

The intensification of use has not been analyzed to ascertain its impacts, environmental or otherwise, on the neighborhood. Consolidation of the average annual number of events by four broad categories (the event name, date and starting time of the event) by the Applicant makes it impossible for this Commission and the public to determine the increased impact of the Project on vehicular and/or pedestrian traffic pattern or the adequacy of the proposed off-street parking and

¹⁵ Mr. Pedro Mascaró sent an e-mail to the Commissioners on October 7, 2011 describing the loading and unloading inside the auditorium during the concert, albeit between sets.

Commissioner Christina Olague
October 19, 2011
Page 13 of 16

loading policies. Therefore, this criterion can be met only if the Commission imposes a condition of approval based on the number of events by category, size and time, using the information submitted by the Coalition and other neighbors that expressed concerns with the Application.

- C. *The safeguards afforded to prevent noxious or offensive emissions such as noise, glare, dust and odor;*

At the 2010 hearings, the Board of Supervisors and this Commission heard testimony about offensive glare from residents on Pine Street, and loud noise generated by late night unloading and loading on both California and Pine Streets. Much of the offensive noise and glare are associated with the operations by Live Nation, the current lessee of the Temple. The CMMT's proposed conditions of approval are insufficient to protect the public from noxious glare and noise. In addition to other conditions that the Commission must impose, a condition requiring the enclosure of the current loading area off Pine Street to help mitigate late evening–early morning noise generated by automobiles exiting on metal ramps, unloading/loading and glare. A copy of the transcript of testimony about the impact of large concerts on Cable Car operation is attached hereto as **Exhibit 11**.

- D. *Treatment given, as appropriate, to such aspects as landscaping, screening, open spaces, parking and loading areas, services areas, lighting and signs; and*

To the extent that a smoking area is designated outside the building, mitigation measures should be imposed to ensure that cigarette smoke will not enter the open windows of the apartments located adjacent to the Temple. It would be preferable impose a condition of approval disallowing smoking on the premises of the Temple, including the plaza and other outdoor spaces.

CMMT proposes numerous conditions in Exhibit C to the Application to support its conclusion that the Project will not be detrimental to the health, safety and convenience or general welfare of persons residing or working in the vicinity of the Temple. However, the Coalition has clearly demonstrated that the Project and that CMMT's proposed conditions of approval are in fact an intensification of the historic uses. The increased impacts on traffic, on-street parking, and noise would be detrimental to the health, safety, convenience and general welfare of persons residing or working in the vicinity, injurious to property improvements or potential development in the vicinity, and detrimental to the peaceful enjoyment of the homes of the nearby residents.

THE PROJECT DOES NOT MEET CERTAIN SECTION 101(b) (1) PRIORITY POLICIES

The priority policy set forth in Section 101(b)(4) states that “Commuter traffic will impede Muni Transit service and overburden streets and neighborhoods.” In this case, any intensification of events will have a adverse impact on the California Street Cable Car line. At the February 2010 CU

Commissioner Christina Olague

October 19, 2011

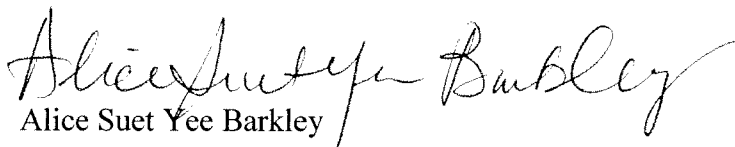

Page 14 of 16

and Cat Ex Appeal hearings, there was testimony that prior to one of the concerts, the Cable Car was stopped because of traffic and ultimately taken offline. See Exhibit 11.

CONCLUSION

The Commission should ask for an application that is based on accurate historic data wherein events are separated into categories of size, start and end time, number and frequency of alcoholic beverage services.¹⁶ A critical evaluation of the historical use is necessary because CMMT is attempting to establish an artificially high historical use that CMMT will use as the artificial baseline for future applications to further increase and intensify use. At a bare minimum, the Application should be scrutinized carefully. Conditions should be imposed to ensure that there is no intensification or expansion of the lawful non-conforming uses. If the Application were modified to would merely continue the *true* historic uses without intensification, as articulated in the Coalition's summary of the list of events, then the Coalition would have no objection to and would support a continuation of the historic uses at the Temple. The Coalition urges the Commission to remember that Nob Hill is primarily a residential district. Based on the foregoing, it is respectfully submitted that the conditional use application as currently framed must be rejected due to its numerous inaccuracies.

Very truly yours

TABLE OF EXHIBITS

- EXHIBIT 1 CMMT's Average Number of Events Per Year.
- EXHIBIT 2 2002-2007 Schedule of Events submitted to ABC
- EXHIBIT 3 2009 and 2010 Schedule of Events submitted to ABC
- EXHIBIT 4 List of Events not in ABC Schedule of Event but in Application Schedule of Events.
- EXHIBIT 5 Summary of Events complied by Greg Galanos for years
- EXHIBIT 6 Summary of Events complied by The Coalition for Years 2001-2010
- EXHIBIT 7 Applications for Temporary Alcoholic Beverage Licenses
- EXHIBIT 8 Letter to Planning Commission Dated October 9, 2010 from Ms. Annette Berger
- EXHIBIT 9 Stan Landfair's October 6, 2011 letter to this Commission with a redlined Copy of Mr. Landfair's objections to CMMT's proposed conditions of approval.
- EXHIBIT 10 CMMT's average annual number of events submitted to ABC
- EXHIBIT 11 Testimony About Concert Event Interference with Cable Car Operations Before the Board of Supervisors in June, 2010.

Exhibit 1

4. Project Summary Table

Please describe any additional project features that are not included in this table:

The Project seeks approval for the continuation of existing operations of the California Masonic Memorial Temple (the "Masonic") pursuant to Planning Code section 185(e), which authorizes the Planning Commission to grant conditional use authorization for continuation of the Masonic's nonconforming use as long as such approval does not include any enlargement, intensification or extension of the use.

On September 9, 2009, the Masonic received notice under Planning Code section 185(f) that it was subject to the termination provisions of subsection 185(b) because the Type I building is older than 50 years and it became non-conforming more than 20 years ago. On May 4, 2010, the Masonic received conditional use approval that permitted its existing operations as a conditional use under Section 182(b), as well as approved modifications to increase the capacity of the auditorium to 3,300 persons and to add eight permanent food and beverage concession areas. The Planning Commission and Board of Supervisors imposed 45 conditions of approval on its approval. However, on April 28, 2011, that conditional use approval was voided by the San Francisco Superior Court in Case Nos. 510495 and 510501 necessitating this application.

This application would involve no physical or operational changes and would allow the Masonic only to continue its existing operations as a commercial assembly and entertainment venue with a total capacity of 4,674 persons (3,282-person capacity Masonic Auditorium on the main floor and mezzanine; 1,392-person capacity Exhibition Hall and California Rooms on the ground floor), as well as its use during the annual Masons of California convention each autumn. Upon completion of a CEQA document, as ordered by the Superior Court, the Masonic will renew its conditional use application for its proposed modifications.

The Masonic's existing operations consist of an average of about 245 total event-days per year distributed by type and time as follows, with a wide variety of attendee figures, up to a maximum of 3,282 attendees maximum:

Event Type	Daytime	Nighttime*	All-Day*	Total
Live Entertainment	4	47	0	51
Meetings/Conferences	41	20	27	88
Tradeshows/Exhibits	6	6	56	68
Special Events	17	13	8	38
<i>Total</i>	<i>68</i>	<i>86</i>	<i>91</i>	<i>245</i>

* Daytime events are defined as those which ends before 6pm, nighttime as those which end after 6pm, and all-day as those which start before 6pm and end after 6pm.

PROTESTED

SEE REVERSE FOR REPORT: 1. MORAL CHARACTER 2. PREMISES 3. FINANCING

Premises:

Premise is a three (3) story auditorium/entertainment venue which includes a ground floor, main level, and mezzanine. Premises dimensions are approximately 250' x 300'. Premises contains a parking garage with 565 spaces. The premises is located in a mixed-use (commercial and high density residential) neighborhood. Hours of operation vary with the type of entertainment provided. Entertainment provided will consist of amplified music and live entertainment. Per the ABC-257 dated 10/21/09, shows would start at 8:00 PM and end around 12:00 AM, midnight. The doors would open around 7:00 PM for food and drink service. The applicant expects that 50% of total sales would consist of alcoholic beverages. (Exhibit #A)

On 04/06/10, I conducted a premise inspection at the location and took photographs of the inside and outside of the premises, nearby consideration points, and residents within 100' (R61.4). (Exhibit #B)

I met with Avatar Foods International Incorporated Vice President Laura Lyons and Live Nation Senior Vice President Maatt Prieshoff. Prieshoff and Lyons explained to me that the Premises would be operating as a ticketed venue and would only be open to the public during specific events. Given this information, I advised Prieshoff and Lyons that this type of license would not be operating under Section 23038 of the Business and Professions (BP) Code, but rather under Section 23787 BP. I explained the difference between the two sections to both Prieshoff and Lyons. They understood and agreed that Section 23787 would be more appropriate for their operation.

Licensed History:

The premises has never been licensed by the Department. From 01/01/09 to the present, the Department has issued eight (8) one day "Daily" licenses, as well as seven (7) catering permits for various functions at the premises. (Exhibit #C)

In 2009 the Dept. issued the above listed permits for the following events: 10 (Ten)

<u>Event Date</u>	<u>Event Type</u>	<u>Estimated Attendance</u>	<u>Type*</u>
4/22/09	Private Reception	200 people	C
5/15/09	Concert	2300 people	C
6/13/09	Concert	3500 people	D
6/21/09	Concert	1500 people	D
9/18/09	Concert	2000 people	D
9/24/09	Concert	2000 people	D
9/26/09	Dinner	500 people	D
10/23-25/09	Concert	2000 people each day	D
11/08/09	Concert	2000 people	D
11/15/09	Concert	2000 people	D

* C = catering or event permit D=one day daily license permit

In 2010 the Dept. issued the above listed permits for the following events: (5) Five

<u>Event Date</u>	<u>Event Type</u>	<u>Estimated Attendance</u>	<u>Type*</u>
4/10/10	Conference	50 people	C
4/16/10	Concert	3000 people	C
4/22/10	Comedy show	3000 people	C
4/23/10	Comedy show	3000 people	C
5/1/10	Graduation	1500 people	C

* C = catering or event permit D=one day daily license permit

Section 23790 (Zoning):

Premises complies with local zoning requirements: Yes No

Conditional use permit required: Yes No

On 11/18/09, the Department received the ABC-255 Zoning Affidavit stating the premises is located within zone RM-1. Per Rick Crawford of the San Francisco Planning Department, the type-47 On-Sale General license is not permitted in zone RM-1 per Section 209.8 of the San Francisco Planning Code. (Exhibit #D)

On 02/26/10, The San Francisco Planning Department approved with conditions, Planning Commission Motion #18042, involving Case #2008.1072C. (Exhibit #E)

Section 23789 (Consideration Points):

There are three (3) consideration points located within 600' of the location:

<u>Address</u>	<u>Proximity/Separation</u>	<u>Contact/Results</u>
Cathedral School for Boys 1275 Sacramento St.	Approx. 300' N/Separated by sidewalks, California St., Grace Cathedral.	ABC-205 letter mailed on 11/19/09. Protest letter received on 12/04/09 from Rev Peter James Lee, Interim Dean. (Exhibit #L)
Grace Cathedral 1100 California St.	Approx. 100' N/Separated by sidewalks, California St.,	ABC-205 letter mailed on 11/19/09. To date, no response has been received.
Neighborhood Park Council C/O Huntington Park 451 Hayes St,	Approx. 125' E/Separated by sidewalks, California & Taylor St.,	ABC-205 letter mailed on 11/19/09. To date, no response has been received.

Exhibit 8

October 9, 2011

Ms. Christina Olague
President of Planning Commission
1650 Mission Street, 4th Floor
San Francisco, CA 94103

RE: Case #2011.0471C for 1111 California, Masonic Temple Conditional Use Application

Dear President Olague,

My name is Annette M. Berger and I reside at 1177 California Street. I submit the following statement based on personal knowledge. I will be out of the country for the 10/27 hearing and authorize a neighbor to read my statement at the meeting. I can testify under oath to the statements I make in this letter.

I am writing to you because I am concerned about the misrepresentations in the Conditional Use Permit application with regard to the historical use of the venue.

I have lived next door to the California Masonic Memorial Temple since 1976 and have attended concerts at the Masonic Temple for many years. From February 2001 until 2006, I worked as an usher at the Masonic and have firsthand experience with its historical use. During this time I worked at concerts, graduations and exhibitions. I was the head usher in the balcony, part of a special staff who were ticket takers working the gates into the auditorium. I was in charge of the balcony and was stationed in the balcony for most of the events.

Most events did not serve alcohol. If there was alcohol service, it was mainly limited to a single bar in the ground floor lobby outside the gates to the auditorium. It was rare that there was a bar in the balcony. I have not seen more than two bars. In my experience, alcohol was served before the events started and at intermission only. Alcohol was not served during performances and NO alcohol or food was allowed beyond the gates and inside the auditorium. Bottled water was the only beverage permitted inside the auditorium. This is similar to other venues where I have ushered including Davies Symphony Hall, the Opera House and Herbst Auditorium.

Even with the limited alcohol service, I recall a few occasions when people overindulged and "got sick". This was on the main floor.

I would also like to point out a major safety concern. The balcony stairs are incredibly steep and unsafe. I have seen many people slip and fall on them in my time working there. Any increase in use of alcohol at the balcony level will pose a real danger to persons sitting in the balcony area. I am concerned that there is no plan to add banisters to the balcony stairs in the proposed plans.

The food available was usually finger foods, coffee and sandwiches. No cooked foods. This food was available in the ground floor Lobby. The "Snack Bar" that LiveNation is now using for concessions in between the gates and auditorium entrance on the ground floor is in fact a Coat Check and was not used for concessions when I worked there.

During my tenure at the Masonic, ushers worked for 4 hour shifts. I recall that shows ended by 10:30PM and remember only a few shows went past 10:30PM.

As for attendance, there were few sold out shows like a Van Morrison or an occasional SF Jazz performance. Attendance was usually on the "smaller side" for concerts and ethnic performances and some shows some like "Broadway on Ice" in December 2004 had very poor attendance due to lack of advertising by the promoters.

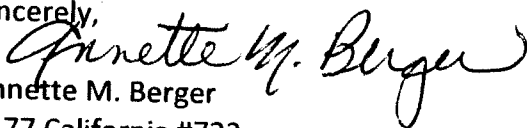

The ticket takers in my group counted all tickets and bundled them into bunches of 100. We submitted a final count and the tickets to an employee of the Masonic; however, I am not sure what was done with this attendance information.

Since LiveNation has taken over the operations, my observation is that the shows seem to have become larger in nature and attract a younger demographic. I have been present at several Live Nation performances and alcohol was allowed in the auditorium.

The Department must investigate the information provided by the Masons and make sure that they are correct. It is very important to me that the historical use of the venue is accurately documented in this hearing process.

Thank you for letting me share my personal experiences.

Sincerely,

Annette M. Berger

1177 California #723

San Francisco, California 94103

*Re: Conditional Use Application for Continuation of "Historic Use" of
Masonic Temple*

Dear Mr. Guy:

I am writing to request that the Planning Department and the Planning Commission reject the application submitted to the City by the California Memorial Masonic Temple, located at 1111 California Street, to continue using those premises for live entertainment purposes, *as the application is currently framed.*

I write as a resident of the Nob Hill neighborhood and Gramercy Towers, located adjacent to the Temple. Living literally next door to the Temple and having attended events and meetings there, I am familiar with the premises and the manner in which events have been held at the facility. In considering my request, please forgive any irregularities in the use technical terminology in these Planning Department matters, as I am not an expert in this field.

I and others in my neighborhood have no objection to the continuation of "historic use," and would support the application if it were framed properly and accurately to allow the continuation of uses on those premises that are truly historical. As the application is currently framed, however, it distorts the record of historical use. If granted, the application would expand and intensify the use of the Temple in ways that will have a detrimental effect on the neighborhood.

The application appears to be framed so as to allow the applicant to circumvent the rulings of the Superior Court in *Nob Hill Association v. City and County of San Francisco*, No. CPF-10-510495, and *Nob Hill Association v. City and County of San Francisco*, No. CPF-10-510-365, in which the Court held that live entertainment use is a lawful non-conforming use, and which prohibit the expansion or intensification of present uses of the facility without additional environmental review. A reasonable person could conclude that the purpose of the application, as it is currently framed, is to allow the applicants to "get their foot in the door" to establish precedents for uses that are not lawfully permitted, but would be approved in the future under the guise of historical use.

Please consider, for example, the factors discussed below.

Frequency of live entertainment events. The application appears to indicate that the “historical use” of the facility for live entertainment events includes an average of 51 such events per year between 2005 and 2008. This representation seems to contradict the applicant’s testimony before the Alcoholic Beverage Commission, in support of a parallel application for a permanent liquor license (see below), that “historical use” included no more than 39.25 live entertainment events per year for the same period. The latter figure, moreover, includes both daytime and evening events. If nighttime events ending after 8 PM are discounted (because the traffic and noise impacts are substantially less significant) the average number of such events is reduced to 35.

The misrepresentations above appear to have lured the Department into violating the orders of the Superior Court in the above-referenced cases. As noted above, the Court set aside the previous issuance of a categorical exemption because the applicant’s project called for an intensification of use. In the face of that order, the Department now has determined that it will issue another categorical exemption for this application. Given the numbers above, however, it is obvious that this application would allow for an intensification of use again, under the guise of historic use.

Service of alcoholic beverages. The neighborhood is very concerned about the proposed conditions of approval, which would allow the installation of as many as five permanent bars in the facility. At present, there are no permanent bars and the facility has no permanent liquor license. Historical use, therefore, would support no permanent bars and no permanent liquor license. Historically, when event promoters decided to serve alcohol, there have been only two bars – one in the main lobby area and one in the balcony lobby – and alcohol has been served before the start of concert and during intermission, not during the entire concert and not in the concert venue. It appears from the application that the Temple is attempting to increase the number of bars and the times and places where alcohol is served, again under the guise of historic use, as a step toward future modifications. Even if our concerns about these expansionist plans are wrong, the following fact remains: the installation of permanent bars to be served under a permanent liquor license is not supported by historic use.

Parking of entertainer buses. The neighbors also are very concerned about the use of California Street and the other streets adjoining Huntington Park (Taylor Street, Sacramento Street and Mason Street) for semi-permanent parking of huge vans and motor coaches before, during and after events at the Temple. Historical use would not support the installation of “shore power” to facilitate such parking or any parking of such vehicles at all, except for “standing” for brief periods at the Temple’s white zone on California Street for loading and unloading.

Food service. The Department should be aware that there are no restaurants or any fast food service stations in the Temple, and that the only food preparation facility is a kitchen below the ground floor that is used for serving catered meals for banquet-type events. Thus, historical use would not support any fast-food, sandwich, heavy-snack or other food service operations that are proposed.

Occupancy at events. As you probably are aware, one of the most objectionable features of the applicant's long-term plan is the removal of seating from the auditorium as part of a conversion of the facility and its use for standing-room live entertainment events. Obviously, historical use would not support such a conversion, or such events. The application indicates that existing capacity will be maintained, but lacks a provision that would prohibit the removal of seating. It would be reasonable to conclude that this omission was intentional, and is calculated to allow the Temple to circumvent the Court's orders. Even if the omission was innocent, however, a provision to prohibit the removal of seating should be included now in order to ensure that present and future use remains consistent with historical use.

Hours of events. The application, as it is currently framed, would allow evening events to run to 11:30 PM on a regular basis and until 1:00 AM under certain circumstances. I am aware of no historical uses that would support events that run this late. Historically, evening events have ended at 10:30 PM with a few exceptions ending at 11 PM.

Statement of Conditions. Appended to the application at Exhibit C is a proposed statement of conditions that purports to represent, or to be supported by, the historical use of the Temple. This document is inaccurate and unsupportable as a representation of historical use. In addition, I am advised by our attorney that the proposed conditions of approval in this Exhibit, as submitted by the applicant, do not include many of the standard conditions of approval.

Therefore, I have attached for your consideration a proposed alternative to the statement of conditions that would be more accurate and consistent with historic use, *if* the number and frequency of events were brought into line with historic use. For your convenience in comparing the original document to the alternative, I have provided a red-lined copy of the alternative, as well as a clean copy.

In summary and conclusion, please consider that an overwhelming majority of the residents and businesses in the Nob Hill neighborhood object strenuously to the applicants' long term proposals. We would not object to the continuation of the "historical use" of the facility, if the Planning Department were to apply that term accurately and fairly. As it is presently framed, the application does neither.

Thank you for considering this request.

Sincerely,

Stanley W. Landfair

Application for Conditional Use Authorization (Planning Code § 185(e): Continuation of Use)
1111 California Street, San Francisco, California

~~Application for Conditional Use Authorization (Planning Code § 185(e): Continuation of Use)~~
~~1111 California Street, San Francisco, California~~

Exhibit C

GENERAL GENERAL CONDITIONS

1. Noise and odors shall be regulated so as not to be a nuisance to nearby businesses or residents [~~No 2008.1072EC Condition #4 and Applicant's No. 1~~]
2. An enclosed waste storage area shall be provided within the establishment. All trash and recycling containers shall be kept within the building until pick-up by the disposal company. [~~No 2008.1072EC Condition #6 and Applicant's No. 2~~]

MAXIMUM OCCUPANCY AND EVENTS

3. ~~There shall be no increase to the current seating capacity and no seats shall be removed. [Modified and replace No. 2008.1072EC, Condition #9 because the seats are part of the historic uses.]~~
4. ~~No more than 3,282 patrons shall be permitted for events in the auditorium on the main floor level and mezzanine of the Masonic Center. [No 2008.1072EC Condition #9]~~
4. All events shall conclude by ~~10:30~~ 11:00PM on weeknights (non-holiday Sunday-Thursday evenings) and ~~11:00PM~~ 30PM on weekends (Friday, Saturday, and pre-holiday evenings). [~~Modified to Up to three events per year may extend until 1:00AM on weekends (Friday, Saturday, and pre-holiday evenings), subject to prior consultation with and approval by the San Francisco Police Department and the Entertainment Commission a minimum of 30 days prior to the date of such an event. [No, 2008.1072EC Condition #15 and Applicant's #4 by deleting all event ending after 11 PM because there is no historic precedent to events ending after 11 PM. Extending the hours to 1 PM even for a limited number of events will be a change to the historic use, 13]~~]
5. All patron queuing for ~~any and all~~ events with ~~general admission attendance~~ shall occur within the interior of the Masonic Center property, i.e. the main lobby and Exhibition Hall. [~~Modified No 2008.1072EC Condition #14 and Applicant's #5]~~]

SECURITY AND SAFETY

6. The petitioner shall maintain, update over time, provide to event personnel, ~~the Planning Department, and make available to the Police Department and Entertainment Commission an event Operations Manual that includes to include:~~
 - A security plan to ensure neighborhood safety before, during and after

Application for Conditional Use Authorization (Planning Code § 185(e): Continuation of Use)
1111 California Street, San Francisco, California

performances, including in Huntington Park and Near- Grace Cathedral.

- A traffic control plan, including deployment of traffic control personnel outside the venue to assist patron unloading and loading, queuing into the garage , and enforcement of the Parking and Traffic, Loading and Performer Bus Parking conditions set forth below.
- Trash pick-up program within two hours after each event in the four blocks bounded by Sacramento, Jones, Pine and Mason Streets.
- Written directions~~Direction to ensure event personnel to assure compliance with these conditions of approval by event personnel. [Modified - [No 2008.1072EC Condition #15 and Applicant's #6]~~

PARKING AND TRAFFIC

7. The ~~Applicant~~petitioner shall make available to the general public within the Masonic Center garage no less than number of off-street parking spaces required by Planning Code Section 151 for "theater or auditorium" uses (a minimum of 1 parking space per 8 patron occupancy for the first 1,000 patrons, plus 1 space per 10 patrons above 1,000 patrons in the Auditorium). The number of spaces shall not be reduced or otherwise be made unavailable for the use of the Masonic Center due to monthly leases or other arrangements. [~~No 2008.1072EC Condition #16 and Applicant's #7~~]
8. There shall be a fixed parking fee for all events, [~~Modified with more than 1,250 ticketed attendees.~~]~~[No 2008.1072EC Condition #17 and Applicant's #8]~~
9. The ~~Applicant~~petitioner shall offer pre-paid parking to event attendees who purchase tickets in advance of the event date through an on-line ticket service. Such pre-paid parking passes shall specify the location of the garage for which the ticket has been paid (~~either the Masonic Center garage or any other nearby garage that enters into a cooperating agreement with the petitioner for pre-paid parking~~) and the location of the garage's entrance. [~~Modified~~ No 2008.1072EC Condition #18 and Applicant's #9]
10. The ~~Applicant~~petitioner shall allow access to the Masonic Center garage through the Pine Street loading dock prior to events in order to reduce vehicle queuing on California Street. The Pine Street loading dock shall also be used for exiting from the garage after events, provided that it does not interfere with loading and unloading activities. [~~Modified.~~]~~[No 2008.1072EC Condition #19 and Applicant's #10]~~
11. The ~~Applicant~~petitioner shall minimize vehicular queuing on California Street by use of the following strategies ~~for events with more than 1,250 ticketed patrons~~:
 - Increase traffic staffing inside the California Street garage entrance to increase the rate of vehicular entry to the garage. *
 - Position security personnel (including San Francisco Police Department services when warranted) outside the garage to assist with controlling and directing traffic, including directing patrons to other nearby garages if and when the Masonic Center garage is full.
 - Convert the center lane of the existing garage entrance ramp to a second inbound lane to increase queuing room within the garage.
 - Event staff shall ensure u-turns are prevented and that the cable car lane is free flowing. [~~Modified~~ No 2008.1072EC Condition #20 and Applicant's #11. Eliminated the minimum number of attendees before triggering this condition because the number of attendees will not be known until the evening of the

Application for Conditional Use Authorization (Planning Code § 185(e); Continuation of Use)
1111 California Street, San Francisco, California

concert since some attendees will not purchase pre-paid tickets.]

12. The Applicant shall provide information on-line and through security personnel at the Masonic Temple's garage entrance about the locations and entrances of petitioner shall ~~consult with nearby public garages to inform arriving patrons that these garages can be used to park for performances and events when the Center's garage is full. [Modified No 2008.1072EC Condition #21 and Applicant's #12]~~

13-13.

Application for Conditional Use Authorization (Planning Code § 185(e): Continuation of Use)
1111 California Street, San Francisco, California

The Applicant~~petitioner~~ shall apply to the SFPD or DPW to close the 5 spaces of the parking lane for ~~designation of a truck and bus loading zone and passenger zone for drop-off by taxis and other vehicles and additional garage queuing for events~~ the approximately 185-foot long curb zone on California Street between the entrance to the Center garage and Gramercy Tower (1177 California Street) driveway one hour, to be in effect

Exhibit C

GENERAL CONDITIONS

1. Noise and odors shall be regulated so as not to be a nuisance to nearby businesses or residents [No 2008.1072EC Condition #4 and Applicant's No. 1]
2. An enclosed waste storage area shall be provided within the establishment. All trash and recycling containers shall be kept within the building until pick-up by the disposal company. [No 2008.1072EC Condition #6 and Applicant's No. 2]

MAXIMUM OCCUPANCY AND EVENTS

3. There shall be no increase to the current seating capacity and no seats shall be removed. [Modified and replace No. 2008.1072EC, Condition #9 because the seats are part of the historic uses.]
4. All events shall conclude by 10:30 PM on weeknights (non-holiday Sunday-Thursday evenings) and 11:00PM on weekends (Friday, Saturday, and pre-holiday evenings). [Modified to No. 2008.1072EC Condition #15 and Applicant's #4 by deleting all event ending after 11 PM because there is no historic precedent to events ending after 11 PM. Extending the hours to 1 PM even for a limited number of events will be a change to the historic use.]
5. All patron queuing for any and all events shall occur within the interior of the Masonic Center property, i.e. the main lobby and Exhibition Hall. [Modified No 2008.1072EC Condition #14 and Applicant's #5]

SECURITY AND SAFETY

6. The petitioner shall maintain, update over time, provide to event personnel, the Planning Department, the Police Department and Entertainment Commission an event Operations Manual that includes:
 - A security plan to ensure neighborhood safety before, during and after performances, including in Huntington Park and Near Grace Cathedral.
 - A traffic control plan, including deployment of traffic control personnel outside the venue to assist patron unloading and loading, queuing into the garage , and enforcement of the Parking and Traffic, Loading and Performer Bus Parking conditions set forth below.
 - Trash pick-up program within two hours after each event in the four blocks bounded by Sacramento, Jones, Pine and Mason Streets.
 - Written directions to ensure compliance with these conditions of approval by event personnel. [Modified No 2008.1072EC Condition #15 and Applicant's #6]

PARKING AND TRAFFIC

7. The Applicant shall make available to the general public within the Masonic Center garage no less than number of off-street parking spaces required by Planning Code Section 151 for "theater or auditorium" uses (a minimum of 1 parking space per 8 patron occupancy for the first 1,000 patrons, plus 1 space per 10 patrons above 1,000 patrons in the Auditorium). The number of spaces shall not be reduced or otherwise be made unavailable for the use of the Masonic Center due to monthly leases or other arrangements. [No 2008.1072EC Condition #16 and Applicant's #7]
8. There shall be a fixed parking fee for all events. [Modified No 2008.1072EC Condition #17 and Applicant's #8]
9. The Applicant shall offer pre-paid parking to event attendees who purchase tickets in advance of the event date through an on-line ticket service. Such pre-paid parking passes shall specify the location of the garage and the location of the garage's entrance. [Modified No 2008.1072EC Condition #18 and Applicant's #9]
10. The Applicant shall allow access to the Masonic Center garage through the Pine Street loading dock prior to events in order to reduce vehicle queuing on California Street. The Pine Street loading dock shall also be used for exiting from the garage after events, provided that it does not interfere with loading and unloading activities. [Modified No 2008.1072EC Condition #19 and Applicant's #10]
11. The Applicant shall minimize vehicular queuing on California Street by use of the following strategies:
 - Increase traffic staffing inside the California Street garage entrance to increase the rate of vehicular entry to the garage.
 - Position security personnel (including San Francisco Police Department services when warranted) outside the garage to assist with controlling and directing traffic, including directing patrons to other nearby garages if and when the Masonic Center garage is full.
 - Convert the center lane of the existing garage entrance ramp to a second inbound lane to increase queuing room within the garage.
 - Event staff shall ensure u-turns are prevented and that the cable car lane is free flowing. [Modified No 2008.1072EC Condition #20 and Applicant's #11. Eliminated the minimum number of attendees before triggering this condition because the number of attendees will not be known until the evening of the concert since some attendees will not purchase pre-paid tickets.]
12. The Applicant shall provide information on-line and through security personnel at the Masonic Temple's garage entrance about the locations and entrances of nearby public garages that can be used to park for performances and events when the Center's garage is full. [Modified No 2008.1072EC Condition #21 and Applicant's #12]

13. The Applicant shall apply to the SFPD or DPW to close the 5 spaces of the parking lane for passenger drop-off by taxis and other vehicles and additional for events between the entrance to the Center garage and Gramercy Tower (1177 California Street) driveway one hour prior to, during and one hour after events start time at the Masonic Center. The drop-off zone shall be sufficient to accommodate a minimum of three taxis or private vehicles dropping off passengers at one time. [Modified No 2008.1072EC Condition #22 and Applicant's #13]
14. The Applicant shall provide no less than 26 Class I or Class II bicycle parking spaces at the property, consistent with Planning Code Section 155.2. [Modified No 2008.1072EC Condition #23 and Applicant's #24]

LOADING

15. The Applicant shall seek a special event "no parking" permit from the Police Department whenever it anticipates loading or bus operations on California Street and direct trucks to park in that zone. No double-parking of trucks or buses shall be permitted. The Applicant may load and unload from the California Street curb only stage sets, performance equipment, and related materials associated with specific events. [Modified No. 2008.1072EC Condition #26, modified to remove provision related to previously proposed alteration and Applicant's #15 by removing the second and third sentence of this condition as No. 18 herein.]
16. All deliveries by vans and truck under 40', all food and beverage services and office supplies shall utilize the loading dock off Pine Street. [New]
17. Moved as No. 22.
18. Pursuant to the regulations of the Department of Building Inspection, a sign shall be posted on the access ramp during loading and unloading operations that notifies disabled persons of the duration of the loading and provides specific information about alternative means of disabled access into the building, which alternative access shall be opened to the public at all times during loading and unloading operations on California Street. The handicapped ramp shall remain open 1 ½ hour before, during and 45 minutes after an event. [Modified No 2008.1072EC Condition #26 and Applicant's 15, modified to remove provision related to previously proposed alteration]
19. To minimize noise during loading and unloading operations on California Street, the petitioner shall install prior to loading and unloading activities a resilient surface material, such as rubber or vinyl, on truck ramps, pavement, sidewalk and the ramp and incorporate transition strips between different surfaces and shall direct that truck engines be turned off except when moving the vehicle or functions that require engine power are occurring, such as lowering or raising of hydraulic ramps. All loading after an event shall be completed within 90 minutes after the end of performance but in any event no later than 11:15 pm on weekdays or 12:30 am on weekends. [Modified No 2008.1072EC Condition #27 and Applicant's #16]

21. The Applicant shall enclose the freight loading area to minimize noise from loading, unloading and cars entering from and exiting the garage to Pine Street. [New]
22. Personnel conducting loading and unloading activities on California Street shall be instructed to minimize the volume of conversation and prohibit the playing of music, amplified or otherwise, outside the building during loading and unloading, particularly during nighttime hours.
 - (a) There shall be no loading and unloading on California Street before 7:00am or after midnight during week days or after 12:30 PM on week ends.
 - (b) Scheduled event loading on California Street shall be limited to (to be determined) days per year before 8pm and 30 days per year after 8pm. [Modified No 2008.1072EC Condition #28 and Applicant's 17]
23. After the conclusion of unloading activities, trucks using the California Street curb loading zone shall depart the premises, park off-site, and not return for loading until near the conclusion of the performance, if necessary. No overnight or all day parking of trucks shall be permitted on California Street. [Modified No 2008.1072EC Condition #29 and Applicant's #18]
24. The petitioner shall complete loading activities as efficiently and quietly as possible following the conclusion of an evening event. [Modified Applicant's #19
]

PERFORMER BUS PARKING

25. **Deleted Applicant's proposed conditional of approval #20 and # 21.**
26. There shall be no parking of performer's buses on California Street, except for loading and unloading. [New #20]
27. Overnight curb parking of buses or habitual trailers for performers, support staff, or other associated with the operations or productions at the property shall not be permitted on either side of California Street, nor on Jones , Taylor, Mason and Sacramento Streets between Pine and Clay Street. The Applicant shall include in any contract or agreement, or rules given to any performers, support staff, or others associated with the operations or productions at the property a requirement to abide by this condition. The petitioner shall remain responsible for compliance with this condition, regardless of such notice or contractual provisions. [Modified No 2008.1072EC Condition #34 and applicant's 22.]

FOOD AND BEVERAGE SERVICE

28. The eating and drinking uses are limited to service to patrons of on-site assembly and entertainment events within the Nob Hill Masonic Center. This allows for the operation

of two temporary concession stands selling food and beverages, one located at the main lobby area and the second one located at the lobby of the balcony seating area, which are the historic locations for such concessions. There shall be no operations of a restaurant, full-service or self-service, open to members of the public who are not patrons of assembly or entertainment uses within the Masonic Center. [Modified No 2008.1072EC Condition #35 and Applicant's #23]

29. There shall be no minimum purchase required and a maximum of two drinks served per order. [Modified No 2008.1072EC Condition #36 and Applicant's 24(a)]

(a) All liquor licenses shall be temporary similar to historic uses. [New]

PERFORMANCE AND ENFORCEMENT

30. The Applicant shall appoint a community liaison officer to deal with issues of concern to the owners and occupants of nearby properties and shall give written notice of the name, business address and telephone number of the community liaison officer to the Zoning Administrator and the owners of properties in the area bounded by Sacramento Street, Mason Street, Pine Street and Jones Street. The community liaison shall monitor the telephone prior to, during and after events until patrons have dispersed from the neighborhood to ensure that complaints are resolved rapidly and/or addressed. [Modified No 2008.1072EC Condition #38 and Applicant's #25]

31. The Applicant shall be required to comply with all noise ordinance limits in Municipal Police Code 29, or any successor ordinance. [No 2008.1072EC Condition #42 and Applicant's #26]

32. If an event has presented a pattern of safety and security problems in previous concert seasons or at other venues, then the petitioner shall consult with the Police Department to determine whether the petitioner can provide adequate safety and through utilization of its security personnel, contracted private security, and/or on-duty or off-duty Police officers. To the extent that the Chief of Police reasonably determines, based entirely on the ability to provide safety and security and not on the expressive content of the event, that the petitioner cannot provide adequate safety and security for any proposed event or that the event's historical pattern establishes that safety and security issues cannot be adequately handled at the venue regardless of the petitioner's security plan, the Chief of Police may order that the event shall not be held. This provision does not supersede any subsequent regulations regarding place of entertainment permits. [No 2008.1072EC Condition #43 and Applicant's #27]

33. The Applicant shall comply with Administrative Code Section 10-B, and if off-duty officers are hired pursuant to subsections thereof, a minimum of two officers be hired for events with 1,250 or more presold tickets; if SFPD determines that more than two officers are required, the petitioner shall provide the additional officers. [Modified No 2008.1072EC Condition #44 and Applicant's #28]

*Application for Conditional Use Authorization (Planning Code § 185(e): Continuation of Use)
1111 California Street, San Francisco, California*

33. The Applicant shall encourage the use of public transit through its on-line marketing sites, including links to transit providers. [Modified No 2008.1072EC Condition #45 and Applicant's #29.]

*Application for Conditional Use Authorization (Planning Code § 185(e): Continuation of Use)
1111 California Street, San Francisco, California*

GENERAL CONDITIONS

1. ~~Noise and odors shall be regulated so as not to be a nuisance to nearby businesses or residents [No 2008.1072EC Condition #4 and Applicant's No. 1]~~
2. An enclosed waste storage area shall be provided within the establishment. All trash and recycling containers shall be kept within the building until pick-up by the disposal company. [No 2008.1072EC Condition #6] and Applicant's No. 2]

MAXIMUM OCCUPANCY AND EVENTS

3. ~~No more than 3,282 patrons shall be permitted for events in the auditorium on the main floor level and mezzanine of the Masonic Center. [No There shall be no increase to the current seating capacity and no seats shall be removed. [Modified and replace No. 2008.1072EC, Condition #9] because the seats are part of the historic uses.]~~
4. All events shall conclude by ~~10:00~~ 11:00 PM on weeknights (non-holiday Sunday-Thursday evenings) and 11:30 PM on weekends (Friday, Saturday, and pre-holiday evenings). Up to three events per year may extend until 1:00 AM on weekends (Friday, Saturday, and pre-holiday evenings), subject to prior consultation with and approval by the San Francisco Police Department and the Entertainment Commission a minimum of 30 days prior to the date of such an event. [Modified No. 2008.1072EC Condition #13] and Applicant's #4 by deleting all event ending after 11 PM because there is no historic precedent to events ending after 11 PM. Extending the hours to 1 PM even for a limited number of events will be a change to the historic use.]
5. All patron queuing for any and all events with general Admission attendance shall occur within the interior of the Masonic Center property, i.e. the main lobby and Exhibition Hall. [Modified No 2008.1072EC Condition #14 and Applicant's #5]

SECURITY AND SAFETY

6. ~~The petitioner shall maintain, update over time, provide to event personnel, and make available to the Planning Department, the Police Department and Entertainment Commission an event Operations Manual to include that includes:~~
 - ~~A security plan to ensure neighborhood safety before, during and after performances, including in Huntington Park and Near Grace Cathedral.~~
 - ~~A security plan to ensure neighborhood safety before, during and after performances, including in Huntington Park and Near Grace Cathedral. A traffic control plan, including deployment of traffic control personnel outside the venue to assist patron unloading and loading, queuing into the garage, and enforcement of the Parking, and Traffic, Loading and Performer Bus Parking.~~

conditions set forth below.

- Trash pick-up program within two hours after each event in the four blocks bounded by Sacramento, Jones, Pine and Mason Streets.
- ~~Direction to event personnel to assure~~ Written directions to ensure compliance with these conditions of approval by event personnel. [Modified No 2008.1072EC Condition ~~15~~ #15 and Applicant's #6]

p. 1 of 5

Exhibit C

PARKING AND TRAFFIC

7. The ~~petitioner~~ Applicant shall make available to the general public within the Masonic Center garage no less than number of off-street parking spaces required by Planning Code Section 151 for "theater or auditorium" uses (a minimum of 1 parking space per 8 patron occupancy for the first 1,000 patrons, plus 1 space per 10 patrons above ~~1,000~~ 1,000 patrons in the Auditorium). The number of spaces shall not be reduced or otherwise be made unavailable for the use of the Masonic Center due to monthly leases or other arrangements. [No 2008.1072EC Condition #16 and Applicant's #7]
8. There shall be a fixed parking fee for all events with more than 1,250 ticketed attendees. [Modified No 2008.1072EC Condition #17 and Applicant's #8]
9. The ~~petitioner~~ Applicant shall offer pre-paid parking to event attendees who purchase tickets in advance of the event date through an on-line ticket service. Such pre-paid parking passes shall specify the location of the garage for which the ticket has been paid (either the Masonic Center garage or any other nearby garage that enters into a cooperating agreement with the petitioner for pre-paid parking) and the location of the garage's entrance. [Modified No 2008.1072EC Condition #18 and Applicant's #9]
10. The ~~petitioner~~ Applicant shall allow access to the Masonic Center garage through the Pine Street loading dock prior to events in order to reduce vehicle queuing on California Street. The Pine Street loading dock shall also be used for exiting from the garage after events, ~~provided that it does not interfere with loading and unloading activities.~~ [Modified No 2008.1072EC Condition #19 and Applicant's #10]
11. ~~++~~ The ~~petitioner~~ Applicant shall minimize vehicular queuing on California Street by use of the following strategies for events with more than 1,250 ticketed patrons:
 - Increase traffic staffing inside the California Street garage entrance to increase the rate of vehicular entry to the garage. *
 - Position* security personnel (including San Francisco Police Department services when warranted) outside the garage to assist with controlling and

directing traffic, including directing patrons to other nearby garages if and when the Masonic Center garage is full.

- Convert the center lane of the existing garage entrance ramp to a second inbound lane to increase queuing room within the garage.
- Event staff shall ensure u-turns are prevented and that the cable car lane is free flowing. [Modified No 2008.1072EC Condition #20 and Applicant's #11. Eliminated the minimum number of attendees before triggering this condition because the number of attendees will not be known until the evening of the concert since some attendees will not purchase pre-paid tickets.]

~~12.~~ ~~The petitioner shall consult with~~ The Applicant shall provide information on-line and through security personnel at the Masonic Temple's garage entrance about the locations and entrances of nearby public garages to inform arriving patrons that those garages can be used to park for performances and events when the Center's garage is full. [Modified No 2008.1072EC Condition #21 and Applicant's #12]

13. The petitioner Applicant shall apply for designation of a truck and bus loading zone and passenger zone for to the SFPD or DPW to close the 5 spaces of the parking lane for passenger drop-off by taxis and other vehicles and additional garage queuing for the approximately 185-foot long curb zone on California Street for events between the entrance to the Center garage and Gramercy Tower (1177 California Street) driveway, to be in effect

p. 2 of 5 Exhibit C

Application for Conditional Use Authorization (Planning Code § 185(e): Continuation of Use)
1111 California Street, San Francisco, California only prior to and one hour prior to, during and one hour after events start time at the Masonic Center. The drop-off zone shall be sufficient to accommodate a minimum of three taxis or private vehicles dropping off passengers at one time. [Modified No 2008.1072EC Condition #22 and Applicant's #13]

~~14.~~ 14. The petitioner Applicant shall provide not no less than 26 Class I or Class III bicycle parking spaces at the property, consistent with Planning Code Section 155.2. [Modified No 2008.1072EC Condition #23 and Applicant's #24]

LOADING

~~15.~~ 15. The petitioner Applicant shall seek a special event "no parking" permit from the Police Department whenever it anticipates loading or bus operations on California Street and direct trucks to park in that zone. No double-parking of trucks or buses shall be permitted. The petitioner Applicant may load and unload from the California Street curb only stage sets, performance equipment, and related materials associated with specific events. [Modified No. 2008.1072EC Condition #26, modified to remove provision related to previously proposed alteration and Applicant's #15 by removing the second and third sentence of this condition as No. 18 herein.]

Application for Conditional Use Authorization (Planning Code § 185(e): Continuation of Use)
1111 California Street, San Francisco, California

16. All deliveries by vans and truck under 40', all food and beverage services and office supplies shall utilize the loading dock off Pine Street. [New]

17. Moved as No. 22.

18. Pursuant to the regulations of the Department of Building Inspection, a sign shall be posted on the access ramp during loading and unloading operations that notifies disabled persons of the duration of the loading and provides specific information about alternative means of disabled access into the building, which alternative access shall be maintained open to the public at all times during loading and unloading operations on California Street. [The handicapped ramp shall remain open 1 ½ hour before, during and 45 minutes after an event. [Modified No 2008.1072EC Condition #26.26 and Applicant's 15, modified to remove provision related to previously proposed alteration]

~~16-19.~~ To minimize noise during loading and unloading operations on California Street, the petitioner shall install prior to loading and unloading activities a resilient surface material, such as rubber or vinyl, on truck ramps, pavement, sidewalk and the ramp and incorporate transition strips between different surfaces and shall direct that truck engines be turned off except when moving the vehicle or functions that require engine power are occurring, such as lowering or raising of hydraulic ramps. [All loading after an event shall be completed within 90 minutes after the end of performance but in any event no later than 11:15 pm on weekdays or 12:30 am on weekends. [Modified No 2008.1072EC Condition #27 and Applicant's #16]

~~7.~~ Personnel conducting loading and unloading activities on California Street shall be

21. The Applicant shall enclose the freight loading area to minimize noise from loading, unloading and cars entering from and exiting the garage to Pine Street. [New]

22. Personnel conducting loading and unloading activities on California Street shall be instructed to minimize the volume of conversation and prohibit the playing of music, amplified music or otherwise, outside the building during loading and unloading, particularly during nighttime hours.

(a) There shall be no loading and unloading on California Street before 7:00am or after midnight during week days or after 12:30 PM on week ends.

(b) Scheduled event loading on California Street shall be limited to ~~125~~ (to be determined) days per year. [before 8pm and 30 days per year after 8pm. [Modified No 2008.1072EC Condition #28+28 and Applicant's 17]

~~18-23.~~ After the conclusion of unloading activities, trucks using the California Street curb loading zone shall depart the premises, park off-site, and not return for loading until near the conclusion of the performance, if necessary. No overnight ~~or for all day~~ parking of trucks shall be permitted on California Street. [Modified No 2008.1072EC Condition #29 and Applicant's #18]

~~19-24.~~ The petitioner shall make best available efforts to complete loading activities as efficiently and quietly as possible following the conclusion of an evening event.

[Modified Applicant's #19
p. 3 of 5 Exhibit C

Application for Conditional Use Authorization (Planning Code § 185(e): Continuation of Use)
1111 California Street, San Francisco, California

PERFORMER BUS PARKING

25. Deleted Applicant's proposed conditional of approval #20 and # 21.

~~20. During the one and one-half hour period prior to the start of events, no more than two performer buses shall park on the south side of California Street, so that the remainder of the 185-foot long curbside area is available for attendee unloading and loading and vehicle queuing into the garage. The petitioner shall direct any additional buses to park in other bus parking zone(s) the City chooses to designate near the corner of California and Taylor Streets, such as on Taylor Street adjacent to Huntington Park or on the north side of California Street. The petitioner shall make best available efforts to evaluate and demonstrate to the Zoning Administrator the physical and operational feasibility of storing performer buses at nearby off-street parking facilities during events. (a) The petitioner shall make commercially reasonable best efforts to secure space in the 26. There shall be no parking of performer's buses on California Street, except for loading and unloading. [New #20] closest parking garage to park the maximum number of performer buses that can fit inside that garage and if space is secured from the garage owner, that number of buses shall be parked inside the garage. [No 2008.1072EC Condition #31]~~

~~24. The petitioner shall provide electric power on the south side of California Street for event buses in order to ensure the quiet and clean powering of these vehicles and shall direct that all performer buses parking at this zone connect to his electric power and not run their engines or generators. [No 2008.1072EC Condition #32]~~

~~22-27. Overnight curb parking of buses or habitual trailers for performers, support staff, or other associated with the operations or productions at the property shall not be permitted on either side of California Street. The petitioner, nor on Jones, Taylor, Mason and Sacramento Streets between Pine and Clay Street. The Applicant shall include in any contract or agreement, or rules or guidance given to any performers, support staff, or others associated with the operations or productions at the property a requirement to abide by this condition. The petitioner shall remain responsible for compliance with this condition, regardless of such notice or contractual provisions. [Modified No 2008.1072EC Condition #34 and applicant's 22.]~~

FOOD AND BEVERAGE SERVICE:

~~23-28. The eating and drinking uses are limited to service to patrons of on-site assembly and entertainment events within the Nob Hill Masonic Center. This allows for the operation of a maximum of five concessiontwo temporary concession stands selling food and beverages, one located at the main lobby area and the second one located at the~~

lobby of the balcony seating area, which are the historic locations for such concessions. There shall be no operations of a restaurant, full-service or self-service, open to members of the public who are not patrons of assembly or entertainment uses within the Masonic Center. [Modified No 2008.1072EC Condition #35 and Applicant's #23.]

- ~~24.~~ Following the conclusion of the last intermission of an event, a maximum of two publicly-accessible concession stands and one "VIP" concession stand (not accessible by the general public) may serve alcoholic beverages. One hour prior to the conclusion of an event, line markers shall be placed at the end of each of the lines. No patron approaching a line for a concession stand after the placement of the line marker will be served an alcoholic beverage, with the intent that alcohol service will conclude 45 minutes prior to the end of an event.

p. 4 of 5 ~~Exhibit C~~

- ~~(a) 29.~~ There shall be no minimum purchase required and a maximum of two drinks served per order. [Modified No 2008.1072EC Condition #36 and Applicant's 24(a)]

(a) All liquor licenses shall be temporary similar to historic uses. [New]

PERFORMANCE AND ENFORCEMENT

- ~~25-30.~~ The petitionerApplicant shall appoint a community liaison officer to deal with issues of concern to the owners and occupants of nearby properties and shall give written notice of the name, business address and telephone number of the community liaison officer to the Zoning Administrator and the owners of properties in the area bounded by Sacramento Street, Mason Street, Pine Street and Jones Street. The telephone number of the community liaison shall be monitored for a reasonable period of time~~monitor the telephone~~ prior to, during and after events until patrons have disbursed~~dispersed~~ from the neighborhood. [to ensure that complaints are resolved rapidly and/or addressed. [Modified No 2008.1072EC Condition #38 and Applicant's #25]]

- ~~26-31.~~ The petitionerApplicant shall be required to comply with all noise ordinance limits in Municipal Police Code 29, or any successor ordinance. [No 2008.1072EC Condition #42 and Applicant's #26]

- ~~27-32.~~ If an event has presented a pattern of safety and security problems in previous concert seasons or at other venues, then the petitioner shall consult with the Police Department to determine whether the petitioner can provide adequate safety and through utilization of its security personnel, contracted private security, and/or on-duty or off-duty Police officers. To the extent that the Chief of Police reasonably

Application for Conditional Use Authorization (Planning Code § 185(e): Continuation of Use)
1111 California Street, San Francisco, California

determines, based entirely on the ability to provide safety and security and not on the expressive content of the event, that the petitioner cannot provide adequate safety and security for any proposed event or that the event's historical pattern establishes that safety and security issues cannot be adequately handled at the venue regardless of the petitioner's security plan, the Chief of Police may order that the event shall not be held. This provision does not supersede any subsequent regulations regarding place of entertainment permits. [No 2008.1072EC Condition #43 and Applicant's #27]

~~28-33.~~ The petitionerApplicant shall comply with Administrative Code Section 10-B, and if off-duty officers are hired pursuant to subsections thereof, a minimum of two officers be hired for events with 1,250 or more presold tickets; if SFPD determines that more than two officers are required, the petitioner shall provide the additional officers. [Modified No. 2008.1072EC Condition #44 and Applicant's #28]

~~29-34.~~ The petitionerApplicant shall encourage the use of public transit through its on-line marketing sites, including links to transit providers. [Modified No 2008.1072E,CEC Condition #45and Applicant's #29.]

Exhibit 11

1 the loading and unloading is a constant activity. The
2 other thing that I would like to highlight, perhaps
3 selfishly because of the location of my property, is that
4 after every event, because there is an exit on Pine
5 Street that the trash associated with the event, cleaning
6 bottles, beer cans, random materials that are distributed
7 at the Masonic Center event out from your front yard
8 every morning is -- is hopefully something that is
9 indicative of what the expanded use of the Masonic Center
10 is going to result on the community, something we'd
11 clearly like to avoid.

12 Again, I appreciate your consideration for this
13 and I appreciate that, on one hand, you've got everyone
14 in here wearing a green sticker that lives in Nob Hill,
15 is a resident of Nob Hill. And then you've got another
16 group of people wearing red stickers that are looking to
17 exploit that community. And we appreciate you in helping
18 protect our neighborhoods. Thank you.

19 PRESIDENT CHIU: Thank you. Next speaker.

20 MALE SPEAKER: President Chiu, Supervisors, I
21 come here tonight to tell you a personal experience I
22 had. On Friday, April 16th at 7:30 p.m. I was traveling
23 eastbound on the California Street cable car Number 54.
24 I found myself stuck on that cable car for 30 minutes due
25 to gridlock because of the traffic, the people going to

1 the Masonic. It took me ten minutes for the cable car to
2 go from Hyde to Masonic, which is only two blocks. The
3 conductor on the back of the cable car had to jump off
4 and direct the traffic, creating a very, very unsafe
5 position. This left a single gripsman and the passengers
6 on the cable car, which is very concerning.

7 Once the cable car reached the Masonic, the
8 traffic became even worse, with the cars trying to enter
9 the Masonic --

10 (New tape.)

11 MALE SPEAKER: It's too unsafe. His exact words
12 are, "We need to close this line down. It's too unsafe."
13 As you can see from my photo, the silver SUV is crossing
14 the yellow line, a clear violation. You can see,
15 crossing the yellow line, clear violation. I later
16 observed that the California cable line did shut down
17 completely because of the traffic going to the concert at
18 Masonic hill. I respectfully urge you to deny category
19 exemption and grant a full environmental impact report on
20 the 1111 California project. Thank you.

21 PRESIDENT CHIU: Next speaker, please.

22 MS. SESSA: My name is Rene Sessa and I am a Nob
23 Hill resident for six years now. And I want to -- I have
24 experienced on many occasions the overflow of noise in my
25 neighborhood. I have been woken up by the noise from the

November 9, 2011

Commissioner Christina Olague
President, San Francisco Planning Commission
1650 Mission Street, 4th Floor
San Francisco, CA 94103

Subject: California Masonic Memorial Temple (Case No. 2011.0471C)
Conditional Use to Continue Lawful nonconforming Use

Dear Commission Olague

I am writing on behalf of my client, the Nob Hill Coalition (“NHC”) to respond to the October 19, 2011 letter submitted by the California Masonic Memorial Temple (“Applicant” or “Temple”) supporting its conditional use application to continue the lawful non-conforming use at the Temple. The Applicant’s letter is misleading in that it references only the aspects of the Superior Court rulings that were favorable to the Applicant, and fails to inform this Commission of the rulings adverse to the Applicant or the limitations imposed on this Commission and the Applicant until the EIR is completed. The misleading omission of these limitations does this Commission no service, as they are critical to assist this Commission in arriving at a decision that would comply with Judge Goldsmith’s ruling.

Applicant’s October 19, 2011 letter is nothing but yet another attempt to intensify the existing uses for the following reasons:

1. **Number of Proposed Bars:**

Inasmuch as the Court specifically prohibits “the addition of new concessions,” the Applicant’s proposed five bars when *historically there were no more than two (2) temporary concessions* serving alcoholic beverages from time to time is not only an expansion, enlargement and intensification of alcoholic beverage services, but a clear violation of the court order.

Commissioner Christina Olague

November 9, 2011

Page 2 of 4

2. **Lawful Non-conforming Use Status of the Temple**

Purporting to rely on the Superior Court's decision that the entertainment and assembly uses at the Temple is a lawful non-conforming use, the Applicant jumps to the conclusion without any legal underpinning. The Applicant asserts that since there was no limitation on the entertainment use back in 1958, the continuance of the entertainment and assembly would not be subject to any limitation. If this is the case, then the Applicant did not need to apply for a conditional use application under Section 182(b)(2) in order to expand the lawful non-conforming use. The scope and intensity of a lawful non-conforming is defined by when its lawful use became a lawful non-conforming use. In this case, it could be argued that the intensity of use should be defined by the scope and intensity in 1968 when it first became a lawful non-conforming use. It defies logic to argue that no limitation should be imposed on the Temple's lawful non-conforming use. Any inference that the Temple should be allowed 245 days of entertainment should be summarily dismissed by this Commission.

3. **Reliance on the Opera House and the Davies Symphony Hall is misplaced.**

The Superior Court recognized that Applicant's prior conditional use applicant requesting 120 night time entertainment and other events constitutes an intensification of use. In this case, Applicant sought to support its summary table of 245 events per year¹ by pointing to the fact that the San Francisco War Memorial Opera House "Opera House" and the Davies Symphony Hall, which are part of the San Francisco War Memorial Performance Art Center Complex, have an average of 200 to 250 entertainment event with no significant negative impacts to the community. The Opera House and the Davies Symphony Hall are located in part of a large area zoned Public, which is surrounded by Downtown Commercial, neighborhood commercial districts and not in the middle of a residential zone or a Special Use District. Furthermore, unlike the Temple, the Opera House and the Davies Symphony Hall are easily accessible by public transit,² and these two venues are directly off of the six-lane wide Van Ness Avenue, one of the major north-south traffic arteries for regional vehicular traffic. These venues are also served by two public parking garages with a total

¹ As pointed out in NHC's October 19, 2011 letter to this Commission, the 245 per year average number is not supported by the base data supported by the Applicant.

² Both the Opera House and the Davies Symphony are within two to three blocks of BART and MUNI Metro stations. Additionally, these concert halls are served by to four (4) Muni lines (Nos. 5, 21, 47 and 49) within one block, three (3) MUNI lines (Nos. 6, 19, 71, and 76) and the F Line are within two blocks, and one Muni lines (no. 31) within three blocks.

Commissioner Christina Olague

November 9, 2011

Page 3 of 4

capacity of 1,432 off-street parking spaces compare to the limited number of spaces for events at the Temple, the hotels and Grace Cathedral.³

Additionally, these facilities were constructed for opera/ballet performances and as a concert hall with loading docks, rehearsal spaces, dressing rooms and other amenities required for such musical venues. Even a cursory examination of the plans attached to the Applicant's 10-19 11 letter shows the Temple was never designed architecturally as an entertainment venue.

Finally, it is legally irrelevant how many concerts, opera/ballet and other performance are held annually at the Opera House and the Davies Symphony Hall; these venues are public facilities and their uses are principally permitted. They are not the subject of a conditional use application to continue a lawful non-conforming use.

4. *Applicant's proposed conditions of approval:* While NHC has no objection to the proposed conditions of approval imposing good-neighbor policies, NHC objects to those conditions that either expressly or implicitly intensify, enlarge or extend the historic uses of the lawful non-conforming use, such as 5 bars and no limits on the type, time and number of events.

5. *Arts Element of the General Plan*

The Arts Element is not the only element of the City's General Plan and cannot be the sole basis for approving this project. The General Plan objectives and policies promoting public and private interest often conflict. The Applicant cannot rely solely on the Arts Element and ignore other applicable objectives and policies promoting the livability of residential neighborhoods. The Temple is but one of a multitude of music and performances venues.⁴ NHC and other neighbors do not want to see the Temple go dark and supports the continuation of the historic uses.

³ The Opera House and the Davies Symphony Hall are served by the 834-space Civic Center garage, the 598-space Performing Arts garage on Grove Street, and other surface parking lots.

⁴ The San Francisco Arts Performance Complex comprises the Opera House, Davies Hall, and the Herbst Theater in the War Memorial Veteran's building. The Bill Graham Auditorium and the Yerba Buena Center for the Arts are also publicly owned. The America Conservatory of Theatre, the Orpheum Theater and the Golden Gate Theater that are privately owned and present Broadway type performances. The 1200-person Fillmore auditorium, the 2250-person Warfield Theater and the Bill Graham Auditorium with capacities varying from 3,500 to 10,000+ persons are venues that present similar performance similar to those proposed by Live Nation, the lessee of the Temple. The City also has numerous smaller night clubs scattered through out the north east sector and in SOMA.

While NHC does not object to the application to continue the lawful non-conforming uses, ***it does object to intensification of such uses under the various guises advanced by the Applicant.*** Therefore, this Commission must reject the conditional use application as presented and only approve a conditional use that ensure the continuance of the scope and frequency of the Temple's historic uses without intensification.

Very truly yours,

Re: Nob Hill Masonic Center (Case No. 2011.0471C)
Conditional Use Authorization to extend legal nonconforming use status
Hearing Date: January 19, 2012

Dear Vice-President Miguel and Commissioners:

I am writing on behalf of the California Masonic Memorial Temple (“CMMT”), the non-profit charitable corporation that owns the Nob Hill Masonic Center at 1111 California Street (the “Masonic”). The Masonic is comprised of the 3,282-person capacity Masonic Auditorium; 1,392-person capacity Exhibition Hall and California Rooms on the ground floor; approximately 9,600 square feet of third floor offices; and a 565-space parking garage. Existing building plans are attached as Exhibit D. The Masonic has been in continuous operation as an entertainment and assembly venue since its completion in 1958.

You will recall that the Planning Commission in March 2010 granted conditional use authorization to convert the legal nonconforming status of the Masonic to a permitted conditional use and to authorize certain renovations, including tiering the main floor of the Auditorium and adding permanent food and beverage concession areas, in reliance on a Class 32 Categorical Exemption. The Board of Supervisors upheld your actions in May 2010.

In 2011, however, the San Francisco Superior Court found the Class 32 Exemption inappropriate, ordered preparation of a new CEQA document, and voided the 2010 conditional use authorization. The Planning Department is now preparing an Initial Study and focused EIR for the Masonic, and once that process is complete, we will return to the Commission for reconsideration of the 2010 conditional use authorization. Significantly, the Superior Court also upheld the Zoning Administrator’s 2009 determination that the Masonic was constructed in 1958 as a commercial assembly and entertainment venue and is a legal nonconforming use.

Because the Center is over 50 years old and within an R zoning district, under Planning Code Section 185, its current legal nonconforming status will expire unless the Commission extends it through a conditional use authorization for this interim period until the EIR is

completed. Accordingly, the hearing on January 19 is merely to seek approval for the *continuation of existing operations* pursuant to Planning Code section 185(e). That Code section authorizes the Planning Commission to grant conditional use authorization for continuation of the Masonic's legal nonconforming use as long the approval does not include any enlargement, intensification or physical extension of the use. Accordingly, the current conditional use is sought solely to permit the Masonic to continue to operate as it historically has with no enlargement, intensification or physical extension.

Current Lawful Status of Masonic. As noted above, the Zoning Administrator (2009), Board of Appeals (2010) and Superior Court (2011) have all determined that the Masonic was constructed in 1958 as a commercial venue, not a private Masonic Lodge. The 2009 Letter of Determination (Exhibit A) also determined that, because the Masonic was a principally permitted use in a Commercial zoning district, there were no conditions of approval imposed on its operations when it was entitled and built. Those who sued the City to overturn the determination have not appealed the Superior Court's judgment upholding the Zoning Administrator Determination on this point, and it is now final.

The Masonic's existing and historic operations have fluctuated over the years, but there is no dispute that a wide variety of concerts, ceremonies, exhibitions, corporate meetings and other special events have been hosted there since 1958. During the period 2002-2007, there were an average of about 229 total event-days per year distributed by type and time, with a wide variety of attendee figures, up to a maximum of 3,282 attendees. Of those 229 annual events, an average of 54 were live entertainment concerts. A listing of each of these events, plus a summary of types of uses, is attached at Exhibit B. This data is the most representative of the Masonic's existing operating level before event reservations were curtailed in anticipation of construction of the proposed renovation plans that were delayed from 2009 to 2010 while the Categorical Exemption Determination and Traffic Study was prepared, and then delayed further in 2011 when the Court voided the project approvals.

History of Alcoholic Beverage Service. In the past, alcoholic beverages were served at some events and not at others, depending on the type of event (concert vs. exhibitions, for example), the promoter, and caterer. Included in the Exhibit B table in the far right column is an indication of whether alcoholic beverages were available at each event during the 2002-2007 period. That data indicate such service was provided at 88% of live entertainment events and 34% of all events (30% if one includes a long-time museum exhibition (the Life Within) at which no alcoholic beverages were served).

Since 2009, the Masonic has had a permanent concessionaire, Avatar Foods International, Inc. (dba Global Gourmet Catering) and a full-time event management company, Live Nation. The data from 2009-2011 indicates the above percentages have persisted – essentially, all live entertainment events include alcoholic beverage service and about 1/3 of other events do as well. Also since 2010, the California Department of Alcoholic Beverage has issued interim general eating place Type 47 permits to Avatar Foods for the Masonic premises. Attached as Exhibit C is the most recent such ABC license. Once the Commission confirm this

Hon. Ron Miguel, Vice-President

January 11, 2012

Page 3

conditional use application for ongoing operations, the ABC will consider issuing a permanent license to Avatar. This data establishes that the Masonic's commercial assembly and entertainment uses have always included alcoholic beverage service at those events where such service was appropriate.

At events where alcoholic beverages are available, temporary bars are set up at about five locations within the venue, with multiple points of sale at each bar.

Potential Limitation on Number of Events and Alcoholic Beverage Service. The Nob Hill Coalition, through its attorney Alice Barkley's October 19 letter, is urging the Commission to impose stringent limitations on the number of events by type that can be hosted by the Masonic during this interim period, based on their ongoing contention that the Masonic is really only a private lodge with incidental entertainment uses, not a commercial entertainment venue, and on their highly prejudicial reading of past events. That contention was rejected by the Superior Court, which upheld the 2009 ZA Determination and the 2010 Board of Appeals decision that the Masonic is a fully entitled entertainment and assembly venue with no limits presently on the number or type of events that may be held there.

There is no dispute that the Masonic has not historically been used every night of the year, and there is no intention that it be in the future. Nonetheless, the venue must have the ability to book shows and other events in response to market demand, and an artificial ceiling on the number of events would hamper that needed flexibility. If any such limitation is considered in the context of this nonconforming use extension, we would urge the Commission to look to the Opera House and Davies Symphony Hall, the other two comparably sized concert halls in the City. Those venues average 200-250 live entertainment events a year without significant negative impacts to the community. The current calendar of events at those venues is available at <http://sfwmpac.org/topnav/calendar.html>.

Nonetheless, the Zoning Administrator is recommending that such a limit be imposed by the Commission, limiting use of the Masonic during this interim period to no more than a 25% increase over historic 2002-2007 levels: a maximum of 287 total events per year, no more than 68 of which may be live entertainment concerts. While do not believe a limit is necessary because you are considering only a simple extension of the current legal nonconforming use, which has *no* limits on the number or type of events, we are agreeable to the Department's recommendation.

In that same regard, we do not believe a further limitation imposing a maximum percentage of these up to 287 total events where alcoholic beverages may be served is warranted. Like in the past, some types of events (like concerts) lend themselves to beverage sales (and 88% of past concerts had such service), while others, such as exhibitions, do not. As the Exhibit B table indicates, alcoholic beverage service has always been a feature of the existing operations of the Masonic. The ABC recognizes this as well, and has issued interim licenses since 2010 to Avatar Foods, the current permanent caterer (Exhibit D).

CMMT and Live Nation do not foresee any significant change in the mix of events during this interim period. Accordingly, we urge the Commission to leave this issue in the hands of the state's Department of Alcoholic Beverage Control, which will consider granting Avatar Foods a permanent ABC license for the venue once this interim conditional use authorization is in place. That permanent ABC license will contain appropriate conditions concerning beverage sales, and Avatar will provide beverage services for events that lend themselves to such service (such as concerts) but not for those events that do not (such as exhibitions).

Conditions of Approval. As you will recall, the Commission and Board imposed 45 separate conditions of approval when it approved the renovation plans in 2010. We believe certain of those conditions of approval are appropriate for the ongoing operations (before alterations to the building are made), and CMMT would consent to those conditions relevant to the Masonic's ongoing (prior to renovation and intensification) operations being imposed as conditions of approval in this proceeding. The Planning Department's draft motion contains those proposed conditions of approval. They include conditions to manage traffic, parking and loading, noise reduction, neighborhood safety and security, alcoholic beverage service, and limits on hours of operation. Live Nation, who has managed all events at the Masonic since late 2008, has successfully implemented many of these operating conditions already, and there have been no incidents of violence or other unruly behavior or significant traffic, parking or loading issues at or near the venue during events since Live Nation took over event management.

City Policy Strongly Favors Permitting the Masonic to Continue to Operate.

Approval of this interim conditional use would directly contribute to the City's express goal of preserving performing arts spaces in the City and fostering, promoting, and sustaining music and culture:

- ◆ The General Plan Arts Element Policy VI-1.4 states: "Preserve existing performing spaces in San Francisco."
- ◆ The Music and Culture Sustainability Policy set forth in Chapter 90A of the Administration Code states: "San Francisco's music and performance venues and indoor and outdoor cultural events should be preserved and protected from displacement."

A successful Masonic is crucial to the health of the Nob Hill hotel industry, supports the visitor and tourism industry, employs union workers, and sustains the City's role as the cultural center of the region. The project enjoys broad support from business, labor, the visitor industry, Nob Hill institutions and music lovers.

Hon. Ron Miguel, Vice-President

January 11, 2012

Page 5

We urge the Commission to grant this interim conditional use to merely allow the existing operations at the Masonic to continue, while imposing a reasonable interim limit on the number of events and imposing operating conditions of approval appropriate for this ongoing use. Please contact me or our community liaison Jessica Berg (788-1000) in advance of the January 19 hearing if we can provide you with any further information or if you would like to meet or tour the facility.

Sincerely,

Steven L. Vettel

415.558.6409

Planning
Information:
415.558.6377

Dear Mr. Vettel:

This letter is in response to your request (dated July 8, 2009) for a determination regarding the present legal status of the Nob Hill Masonic Center ("Center"). I have also considered a letter dated August 26, 2009 from Alice Barkley, Esq. of Luce Forward regarding this issue. The Center was completed in 1958 and includes a 3,200-seat auditorium, an exhibition hall and several exhibition rooms, the Henry Wilson Coil Library & Museum of Freemasonry, offices, and a 565-space parking garage. It is located at 1111 California Street, within the RM-4 (Residential, Mixed, High-Density) Zoning District, the 65-A Height and Bulk District, and the Nob Hill Special Use District (SUD). You specifically request a determination on three topics, as quoted below:

- "...that the Center as currently operated is a legal nonconforming use fully in compliance with the Planning Code and with the Center's 1956 building permit, and that a pending change in management of the Auditorium, Exhibition Hall, and California Rooms pursuant to a lease to Live Nation has no bearing on that status;"
- "...that the Center is currently in compliance with all requirements regarding parking and loading facilities;"
- "...that there are no other conditions of approval that apply to the Center's assembly and entertainment uses."

Each of these topics in addressed individually below.

1) Legal Nonconforming Use: As discussed in the "Background" portion of your letter, the construction of the Center was enabled by a rezoning of the property from "Second Residential District" to "Commercial District" (Planning Commission Resolution No. 4171, dated July 9, 1953), and by the issuance of a building permit (No. 165699, issued on May 10, 1956). The building permit was approved subject to the conditions contained in the resolution associated with the 1953 rezoning. The Center operated as a permitted use until 1978, when the subject property was rezoned to the RM-4 District that

Steven Vettel
Farella Braun + Martel LLP
235 Montgomery Street
San Francisco CA 94104

September 10, 2009
Letter of Determination
1111 California Street

currently applies to the property. The RM-4 District does not permit assembly and entertainment uses, therefore, the functions within the Center became a non-conforming use as a result of the 1978 rezoning.

The Planning Code identifies two procedures that may be followed to seek continued operation of the Center. Pursuant to Planning Code Section ("Section") 185(e), the Planning Commission may grant Conditional Use authorization for the Center to continue operation in its current form, but "...no enlargement, intensification, or extension of the nonconforming use shall be permitted by the Commission." Pursuant to Section 182(b)(1), if a non-conforming use is located within 1/4 mile of any Individual Area Neighborhood Commercial District ("NCD"), the Planning Commission may grant Conditional Use authorization to change to another use within is permitted as a conditional use at the first story in an NC-1 District, and in the Individual Area NCD. The Center is located within 1/4 mile of the Polk Street NCD. Both the Polk Street NCD and the NC-1 District allow "Other Entertainment" uses with Conditional Use authorization. The types of activities conducted within the Center would be categorized as "Other Entertainment". Therefore, if the Center desires to enlarge or intensify the nature of the existing operations in a manner that would preclude Conditional Use authorization under Section 185(e), it may be appropriate to seek Conditional Use authorization through the process described in Section 182(b)(1). You have not requested, nor are we opining on any specific changes in operation to the Center that may constitute intensification, and therefore jeopardize the existing non-conforming status.

Your letter asks whether the leasing of portions of the Center to the concert promoter "Live Nation" would alter the non-conforming status of the Center. Section 180 explicitly states that, "A mere change of title or possession or right of possession of property, without any other change that is relevant to the restrictions of the Code, shall not terminate the status of a nonconforming use..." Therefore, the leasing of all or a portion of the facility to Live Nation, in and of itself, would not affect the non-conforming status of the Center.

2) Parking and Loading.

2.1) Off-Street Parking: The conditions of approval for the 1953 rezoning (which also apply to the 1956 building permit for the Center) require that off-street parking be provided at a ratio of one space for each eight seats up to the first 1,000 seats, and one space for each ten seats after the first 1,000 seats. The parking ratios cited in the conditions correspond with the current parking requirements of Section 151 for a "theater or auditorium). Based on the current 3,200-seat configuration, the auditorium of the Center requires 345 parking spaces. According to your letter, 206 of the 565 spaces in the garage for the Center are reserved for monthly parking. Therefore, 359 spaces are available for short-term parking. It appears that the auditorium, as currently configured, complies with the parking requirements imposed by the cited conditions of approval. It should be noted that these conditions do not specify parking requirements for the other uses within the Center, such as the Exhibition Hall and California Rooms, the library and museum, or the office uses

2.2) Off-Street Loading: It appears that the Planning Code did not require off-street loading spaces in 1956, when the building permit for the Center was issued. In addition, the conditions of approval do not

Farella Braun + Martel LLP
235 Montgomery Street
San Francisco CA 94104

Letter of Determination
1111 California Street

specify requirements for off-street loading spaces. The Center fails to conform to the following aspects of the current Planning Code requirements for off-street loading, including the following:

- Number of Spaces: The number of off-street loading spaces required by the Planning Code is calculated based on the gross square footage of the structure served by the spaces. According to your letter, the existing Center measures between 100,000 and 200,000 gross square feet. However, our Assessor's records indicate that the Center measures approximately 347,000 square feet. The actual gross square footage applicable to the loading requirements may be less than 347,000 square feet, because the definition of gross floor area in Section 102.9 excludes certain areas of the building (such as some spaces dedicated to mechanical equipment). Without a precise calculation of gross floor area based on the current floor plans for the Center, it is difficult to determine the applicable off-street loading requirements. However, if the gross square footage of the Center exceeds 200,000 square feet, two off-street loading spaces would be required. Therefore, the Center may not meet current Planning Code requirements for the number of off-street loading spaces.
- Dual-Use of Existing Space: Your letter indicates that the existing loading space sometimes serves a "dual use" as secondary ingress/egress for the parking garage from Pine Street. When being used in this configuration, this area is classified as a driveway and no longer qualifies as an off-street loading space.
- Enclosure of Existing Space: Section 155(p) requires that any off-street loading area within 50 feet of an R District be completely enclosed within a building if the loading area is used in regular night operation. The Center is located within an R District, and by the very nature of the Center, operates primarily for night time events. The existing off-street loading space is unenclosed, and therefore does not meet this requirement.

Because the Center fails to conform to the current Planning Code requirements for off-street loading, it is considered to be a non-complying structure under Section 180(a)(2). Therefore, the Center is subject to the regulations governing non-conforming uses and non-complying structures.

2.3: On-Street Loading: Your letter indicates that large trucks carrying stage equipment sometimes utilize on-street parking spaces on California Street for loading and unloading, and that the Center obtains temporary curbside loading permits from the Department of Public Works. Parking within the public right-of-way is controlled by other regulations such as the City's Police Code and Public Works Code, and the State Streets and Highways Code. There are no regulations within the Planning Code which address the type of temporary loading operations described in your letter.

2.4: On-Street Performer Bus Parking: Your letter indicates that performer buses sometimes utilize on-street parking spaces on California Street. As with the on-street loading discussed in item 2.3 above, this type of parking within the public right-of-way is controlled by other regulations such as the City's Police Code and Public Works Code, and the State Streets and Highways Code. There are no regulations within the Planning Code which address the type of temporary parking operations described in your letter.

Steven Vettel
Farella Braun + Martel LLP
235 Montgomery Street
San Francisco CA 94104

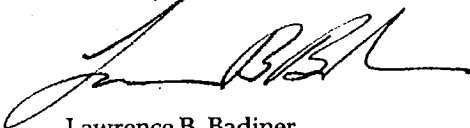

September 10, 2009
Letter of Determination
1111 California Street

3) Other Conditions: Your letter requests a determination "that there are no other permit or Code conditions that apply to the current assembly and entertainment uses of the Center." This is a very broad statement and there are a number of Planning Code provisions applying to the site. As described in this letter, the Center is subject to the Conditions of Approval from the 1953 rezoning (enumerated in Planning Commission Resolution No. 4171), and must substantially conform to the 1956 building permit approval (No. 165699, issued on May 10, 1956). It appears that there are no other Planning conditions of approval that apply to the operation of the Center.

However, there are a multitude of local, State, and Federal regulations which may apply to various aspects of the operation of the Center and the maintenance of the structure on the property. This includes, but it is not limited to the regulations in Sections 180-189 of the Planning Code, addressing non-conforming uses and non-complying structures. It is beyond the scope of this letter and the authority of the Zoning Administrator to exhaustively list every regulation which may apply to the operation of the Center and the uses and performances which may occur within.

If you believe this extension represents an error in interpretation of the Planning Code or abuse in discretion by the Zoning Administrator, an appeal may be filed with the Board of Appeals within 15 days of the date of this letter. For information regarding the appeals process, please contact the Board of Appeals located at 1650 Mission Street, Room 304, San Francisco, or call (415) 575-6880.

Sincerely,

Lawrence B. Badiner
Zoning Administrator

DEPARTMENT OF ALCOHOLIC BEVERAGE CONTROL
INTERIM OPERATING PERMIT (Non-Transferable)

STATE OF CALIFORNIA

Fee: \$100
Receipt Number: 2080947
Geo Code: 3800
License Number: 484162

APPLICATION:

The undersigned hereby applies for an Interim Operating Permit, as described above, to be issued in the following name for the premises described below:

AVATAR FOODS INTERNATIONAL INC

Premises Address:

**1111 CALIFORNIA ST
SAN FRANCISCO, CA 94108-2252**

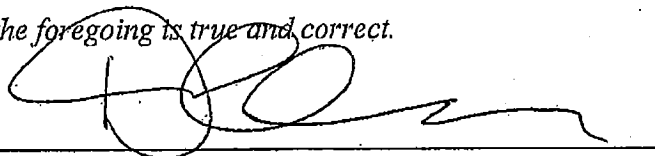

Type of License: **47 - On-Sale General Eating Place**

This Interim Operating Permit is a conditional permit and authorizes the holder to sell alcoholic beverages as would be permitted to be sold under the privileges of the license for which the application has been filed with the Department. This permit will expire 120 days from the date of issuance and may be cancelled or suspended by the Department of Alcoholic Beverage Control at any time for good cause.

DECLARATION:

Should this permit be issued, the undersigned declares that all obligations in connection with the purchase of alcoholic beverages under this Interim Operating Permit will be discharged, and that all checks issued in payment for alcoholic beverages purchased while holding the Temporary Permit will be honored on presentation.

I declare under penalty of perjury that the foregoing is true and correct.

(Applicant's Signature)

Executed at ABC SFDDO, this 13TH day of October, 2012

PERMIT:

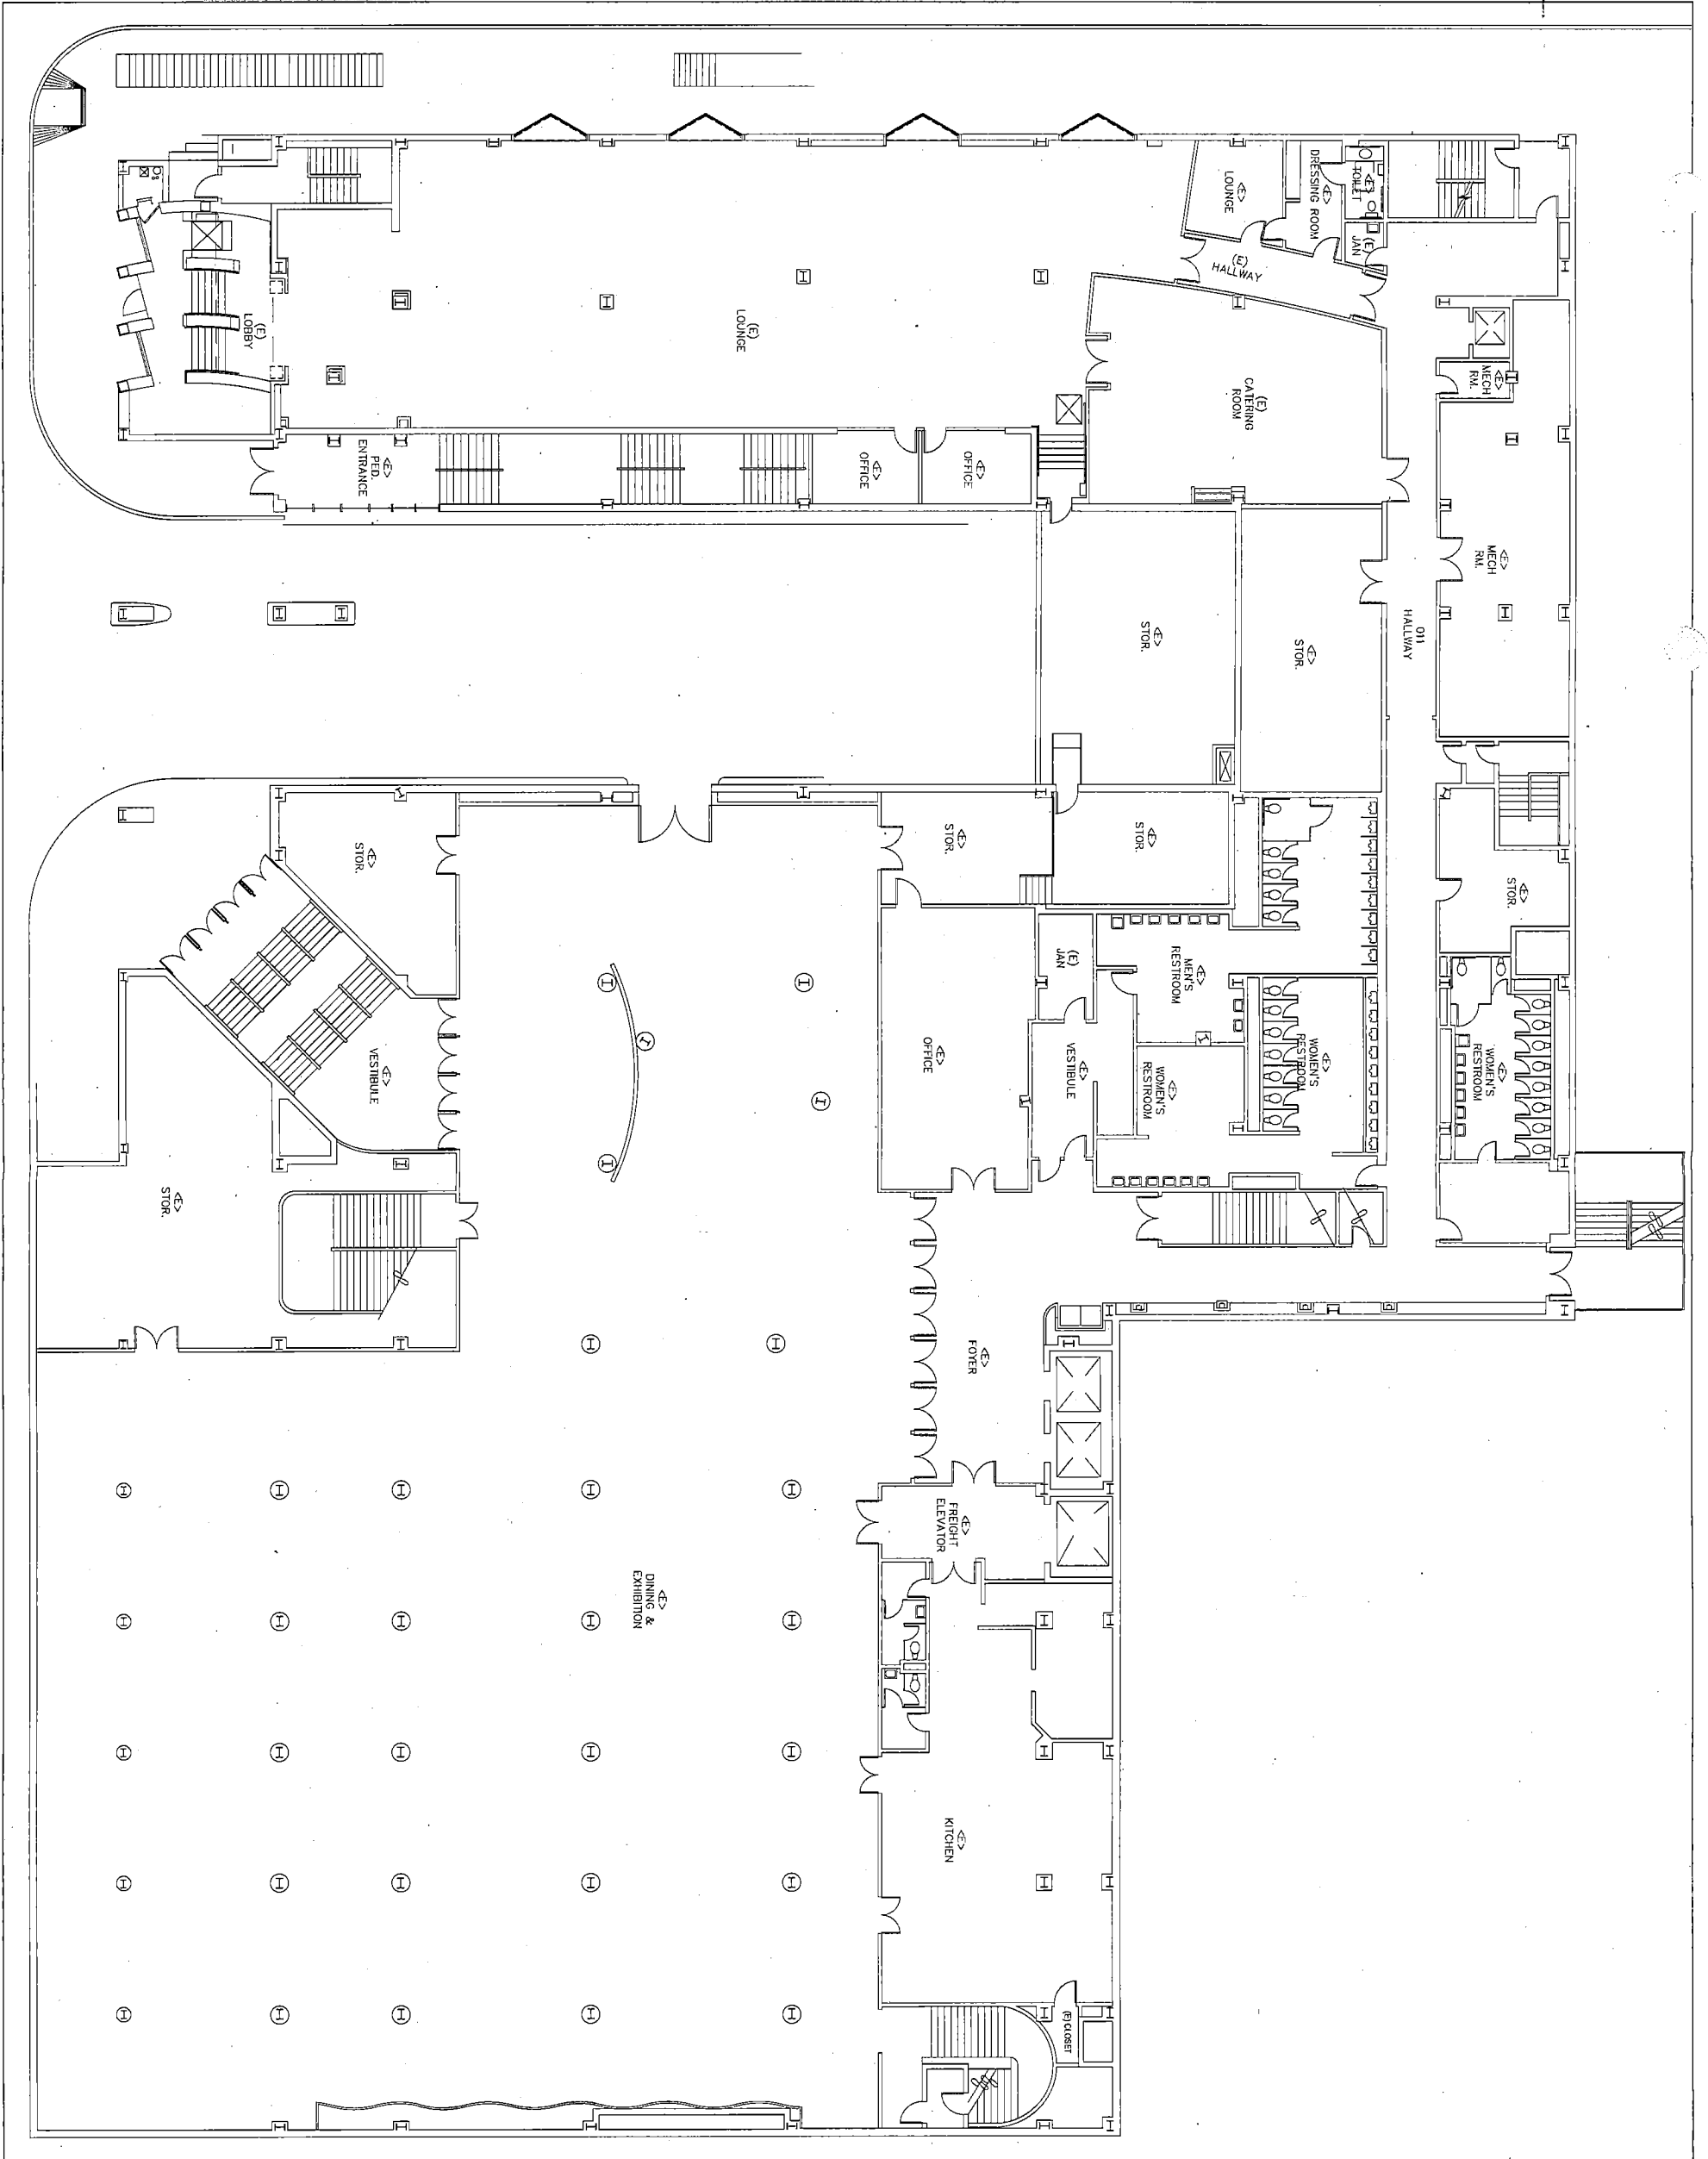

The above-named applicant and the above-named premises are hereby temporarily permitted to engage in the purchase and sale of alcoholic beverages, in accordance with the provisions of Section 24045.5 of the Alcoholic Beverage Control Act as it appears on this permit.

Effective 10/27/11 to 2/26/12

Director of Alcoholic Beverage
