Public Outreach and Engagement Website Now Available

In 2011, the department conducted a Public Outreach and Engagement Effectiveness survey to evaluate the department's outreach efforts. Based on these results, the department created a Public Outreach and Engagement (POE) Program to better serve staff, stakeholders and the community at-large through a comprehensive, supported and thorough outreach and engagement program.

Recently, the department launched its Public Outreach and Engagement webpage. To learn more about the department's POE goals, visit the [Public Outreach and Engagement](#) page on SF Planning's website.
