FINDINGS

Having reviewed the materials identified in the preamble above, and having heard all testimony and arguments, this Commission finds, concludes, and determines as follows:

1. The 24th Street –Noe Valley NCD Controls have not been substantially revised since their adoption in 1987;
2. The 24th Street –Noe Valley NCD prohibits the opening of any new full-service restaurant and small self-service restaurant. Under Section 179(a) of the Planning Code, those full-service restaurants and small self-service restaurants which lawfully existed on the effective date of Ordinance No. 69-87, enacting the 24th Street –Noe Valley NCD, are either nonconforming or conditional uses and permitted to remain in use;
3. A Self-Service Specialty Food establishment is a new use definition that was enacted in December 2008. New self-service specialty food establishments are also prohibited in the 24th Street –Noe Valley NCD;
4. Since the establishment of the 24th Street –Noe Valley NCD in 1987, several restaurants have closed and have not been replaced with neighborhood-servicing businesses. In addition, there has been a shift in recent years more towards food and drink facilities as being integral components of a thriving neighborhood. The result of the prohibition of new restaurants has resulted in an accumulation of demand for these types of establishments;
5. In December 2009, there are approximately 15 vacant storefronts along 24th Street;
6. The proposed Ordinance would allow a proposed full-service restaurant, small self-service restaurant, or a specialty food, self-service establishment to apply for a Conditional Use Authorization in the 24th-Noe NCD;

7. Such new full-service restaurants, small self-service restaurants and/or Self-service specialty food establishments will attract patrons who would support existing and future local businesses within the 24th-Noe NCD.
8. **General Plan Compliance.** The proposed Ordinance is consistent with the following Objectives and Policies of the General Plan:

I. COMMERCE & INDUSTRY ELEMENT

THE COMMERCE AND INDUSTRY ELEMENT OF THE GENERAL PLAN SETS FORTH OBJECTIVES AND POLICIES THAT ADDRESS THE BROAD RANGE OF ECONOMIC ACTIVITIES, FACILITIES, AND SUPPORT SYSTEMS THAT CONSTITUTE SAN FRANCISCO'S EMPLOYMENT AND SERVICE BASE.

The proposed Ordinance promotes small business enterprises by fostering the growth of full-service restaurants, small self-service restaurants, and specialty food, self-service establishments in the 24th-Noe NCD.

POLICY 6.3

Preserve and promote the mixed commercial-residential character in neighborhood commercial districts. Strike a balance between the preservation of existing affordable housing and needed expansion of commercial activity.

The proposed Ordinance promotes the mixed commercial-residential character in the 24th-Noe NCD by allowing a limited number of new full-service restaurants, small self-service restaurants, and specialty food, self-service establishment uses via a Conditional Use Authorization that will serve the residents in the neighborhood and contribute to the mix of businesses in the 24th-Noe NCD.

POLICY 6.10

There are approximately 15 vacant storefronts along 24th Street and permitting a limited number of new full-service restaurants, small self-service restaurants, and specialty food, self-service establishment uses through the conditional use authorization process, should help address the vacancy issue along the 24th-Noe NCD. The proposed Ordinance seeks to remedy the existing conditions while also accommodating the demand for full-service restaurants, small self-service restaurants, and specialty food, self-service establishment uses for residents in the 24th-Noe NCD.

9. The proposed replacement project is consistent with the eight General Plan priority policies set forth in Section 101.1 in that:

A) The existing neighborhood-serving retail uses will be preserved and enhanced and future opportunities for resident employment in and ownership of such businesses will be enhanced:

The proposed Ordinance will encourage neighborhood-serving retail uses or opportunities for employment in or ownership of such businesses in the 24th-Noe NCD by allowing new eating and drinking uses through the Conditional Use Authorization process.

The proposed legislation contains requires the Planning Commission to use the conditional use criteria when evaluating each proposed full-service restaurants, small self-service restaurants and/or self-service specialty food establishments. The conditional use process will allow for the continued presence and economic viability of existing neighborhood establishments while not negatively affecting existing residential development, housing or neighborhood character.

C) The City's supply of affordable housing will be preserved and enhanced:

The proposed Ordinance will have no adverse effect on the City's supply of affordable housing.

D) The commuter traffic will not impede MUNI transit service or overburden our streets or neighborhood parking:

The proposed Ordinance will not result in commuter traffic impeding MUNI transit service or overburdening the streets or neighborhood parking.

E) A diverse economic base will be maintained by protecting our industrial and service sectors from displacement due to commercial office development. And future opportunities for resident employment and ownership in these sectors will be enhanced:

The proposed Ordinance would not adversely affect the industrial or service sectors or future opportunities for resident employment or ownership in these sectors.

- F) The City will achieve the greatest possible preparedness to protect against injury and loss of life in an earthquake.

Preparedness against injury and loss of life in an earthquake is unaffected by the proposed amendments. Any new construction or alteration associated with a use would be executed in compliance with all applicable construction and safety measures.

- G) That landmark and historic buildings will be preserved:

Landmarks and historic buildings would be unaffected by the proposed amendments. Should a proposed use be located within a landmark or historic building, such site would be evaluated under typical Planning Code provisions and comprehensive Planning Department policies.

- H) Parks and open space and their access to sunlight and vistas will be protected from development:

The City's parks and open space and their access to sunlight and vistas would be unaffected by the proposed amendments. It is not anticipated that permits would be such that sunlight access, to public or private property, would be adversely impacted.

I hereby certify that the Planning Commission ADOPTED the foregoing Resolution on January 14, 2010.
