

CHINATOWN BROADWAY STREET DESIGN

*The San Francisco Planning Department and Chinatown Community Development Center
Invite you to the third CHINATOWN BROADWAY STREET DESIGN WORKSHOP*

Please join us to discuss the future design of Broadway from Columbus Avenue to the Broadway Tunnel. This project will develop a community-based vision to improve pedestrian conditions, and develop a design plan that is safe, gracious and lively.

At the second community workshop in August, there was a presentation of three concept designs for Broadway. These options have been refined based on input received from community members and merchants. At this upcoming third workshop, there will be a brief presentation on the preferred community design, followed by an opportunity to provide feedback on the design and other streetscape elements.

Light refreshments and Cantonese translation will be provided. We want to hear from you! Please join us!

NOVEMBER 16, 2011
WEDNESDAY 4:00-5:30 PM

**GORDON J LAU ELEMENTARY SCHOOL
Cafeteria** 
950 Clay (between Powell and Stockton)
