**Baseline Investment Policy**

**Investment Needs and Options**

**Budget Czar Website and Public Feedback**

**Investment Scenarios**

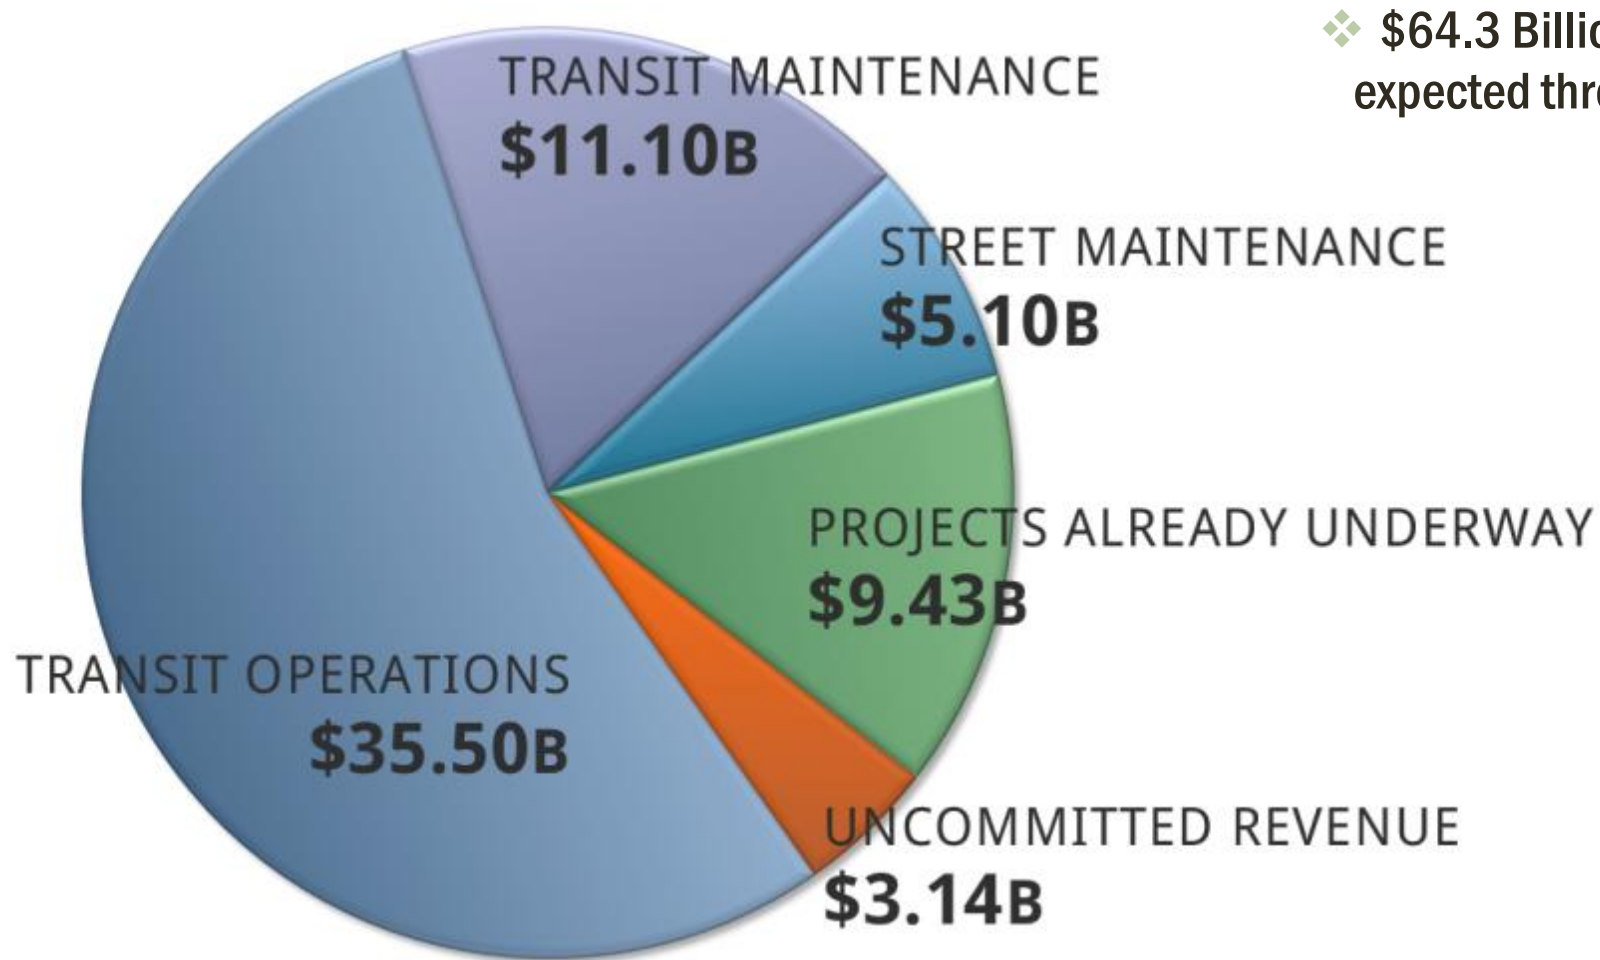

# Revenue Estimate

[www.sfcta.org/MoveSmartSF](http://www.sfcta.org/MoveSmartSF) | [twitter.com/SanFranciscoTA](https://twitter.com/SanFranciscoTA) |  
[www.facebook.com/MoveSmartSF](https://www.facebook.com/MoveSmartSF)

# Expected transportation revenue for San Francisco through 2040

❖ \$64.3 Billion total expected through 2040

# Anticipate Revenue Through 2040

## Anticipated Revenue Sources Through 2040

REVENUE SOURCE	ESTIMATED REVENUES FOR SAN FRANCISCO
Local	\$37.8 billion
I Federal	\$12.3 billion
State	\$7.6 billion
Regional	\$5.0 billion
Anticipated Unspecified*	\$1.7 billion
<b>TOTAL</b>	<b>\$64.3 billion</b>

---

\* Additional funding that San Francisco can expect to receive over the next 28 years based on historic trends. This category could include funds from a variety of sources including bonds, new state and federal programs, and/or private contributions.

# Baseline Projects Policy

[www.sfcta.org/MoveSmartSF](http://www.sfcta.org/MoveSmartSF) | [twitter.com/SanFranciscoTA](https://twitter.com/SanFranciscoTA) |  
[www.facebook.com/MoveSmartSF](https://www.facebook.com/MoveSmartSF)

# SFTP Baseline Projects Methodology

**Four criteria are used to determine if a project is included in the baseline when developing the investment scenarios:**

- ▶ Project is under construction
- ▶ Project is fully-funded and all funding for the project is committed
- ▶ Project is identified as a regional transit expansion priority in the Metropolitan Transportation Commission's Regional Transportation Plan/Sustainable Communities Strategy Transportation Investment Strategy
- ▶ Project is included in the Inter-related Program of Projects within the signed Memorandum of Understanding: High-Speed Rail Early Investment Strategy for a Blended System on the Peninsula Corridor (HSR MOU)

[Download](#) the SFTP Baseline Policy

# SFTP Baseline Projects

## SFTP Baseline Project Costs (as shown in RTP/SCS)

	Project	Cost (YOE\$)	Basis for inclusion in baseline
1	Presidio Parkway	\$2,052.6	Under construction
2	Transbay Transit Center, Phase 1	\$1,589.0	Under construction
3	Transbay Transit Center, Phase 2/Downtown Extension of High Speed Rail/Caltrain Improvements	\$2,596.0	Regional transit expansion priority
4	Central Subway	\$1,578.3	Under construction
5	High Speed Rail MOU projects – Caltrain Electrification/EMU vehicles/Advance Signal System	\$485.0	Included in HSR MOU
6	Van Ness Avenue BRT	\$126.00	Regional transit expansion priority
7	Fully-funded developer projects (Parkmerced local streets, Parkmerced LRT extension, Treasure Island local streets and bus facility)	\$99.0	Fully-funded
8	Yerba Buena Island Ramp Improvements	\$103.0	Fully-funded
Total		\$8,628.9	

<sup>1</sup>Includes 30 years of operations and maintenance costs and TIFIA repayments.

# Baseline Projects - \$9.43 Billion

- Projects that are:
- Under construction
  - Identified as a regional transit expansion priority by region
  - Fully Funded
  - Committed under the high-speed rail early investment strategy

# Investment Needs and Options

[www.sfcta.org/MoveSmartSF](http://www.sfcta.org/MoveSmartSF) | [twitter.com/SanFranciscoTA](https://twitter.com/SanFranciscoTA) |  
[www.facebook.com/MoveSmartSF](https://www.facebook.com/MoveSmartSF)

# Financially constrained investment scenarios

How should we prioritize \$3.14Billion in uncommitted funds?

## State of Good Repair / Operations & Maintenance (SOGR/O&M)

- ▶ O&M to relieve crowding, improve reliability
- ▶ Pavement quality, structures

## Transportation enhancements and programs

- ▶ Pedestrian safety, traffic calming
- ▶ Bicycle facilities

## Expansion projects

- ▶ Improve transit for existing and new travel markets
- ▶ Develop freeway management strategies (US101, HWY280)

# How should we prioritize \$3.14 Billion?

## Candidate Investment: Operations and Maintenance

- \$51.7 B must be spent on Operations and Maintenance
- \$4 B more needed just to maintain today's levels of repair and transit service
- \$3 billion to increase transit frequency to address crowding and growth

# How should we prioritize \$3.14 Billion?

## Candidate Investment: Programs

- \$764 mil to continue funding at today's levels
- Several billion for more ambitious goals: citywide cycletrack\* network, pedestrian safety strategy

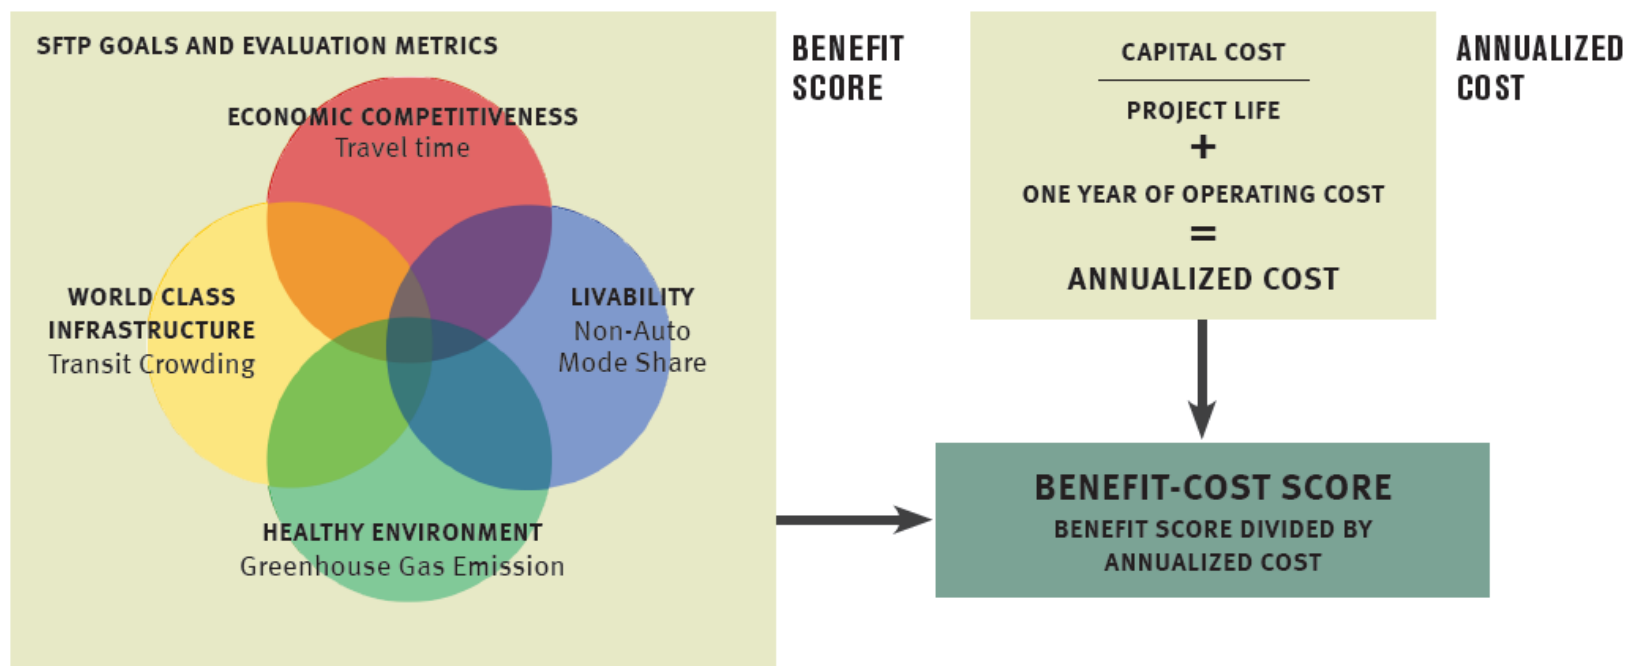

\* Cycletracks are grade-separated, buffered bike lanes

# How should we prioritize \$3.14 Billion?

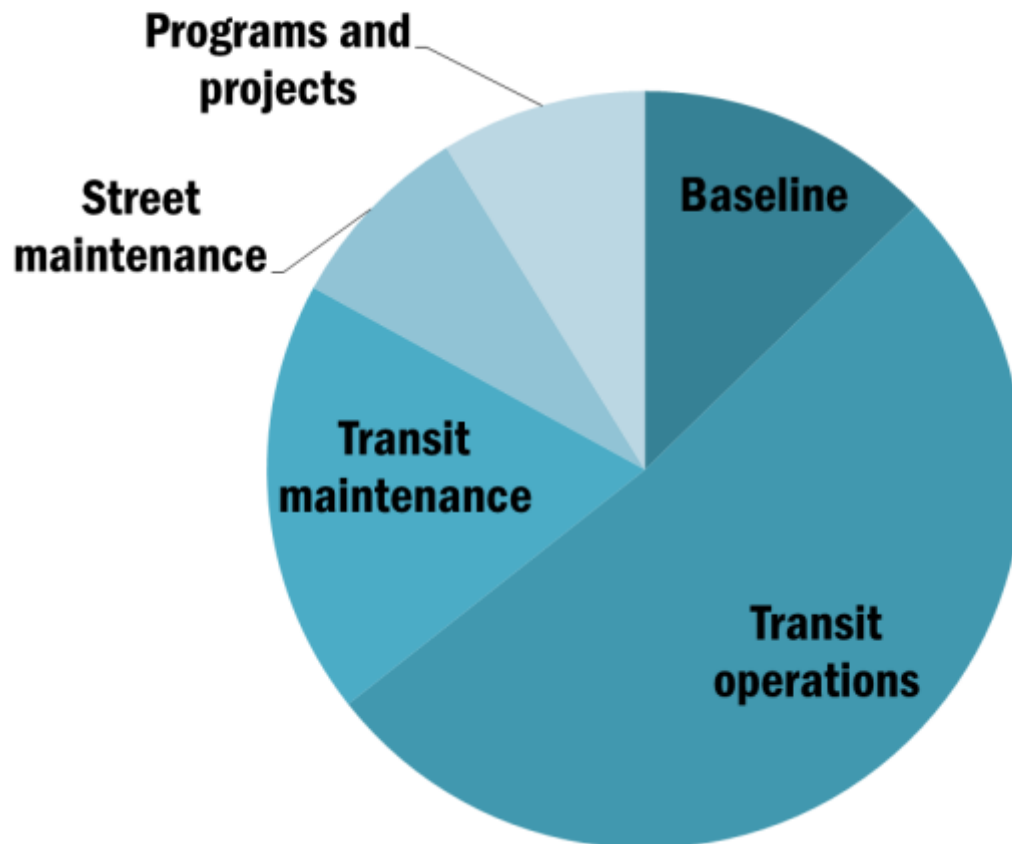

## Candidate Investment: Projects

- Over 40 projects evaluated for cost effective contribution to plan goals
- Total cost of \$14 billion, top tier cost of ~\$1.3 billion in projects

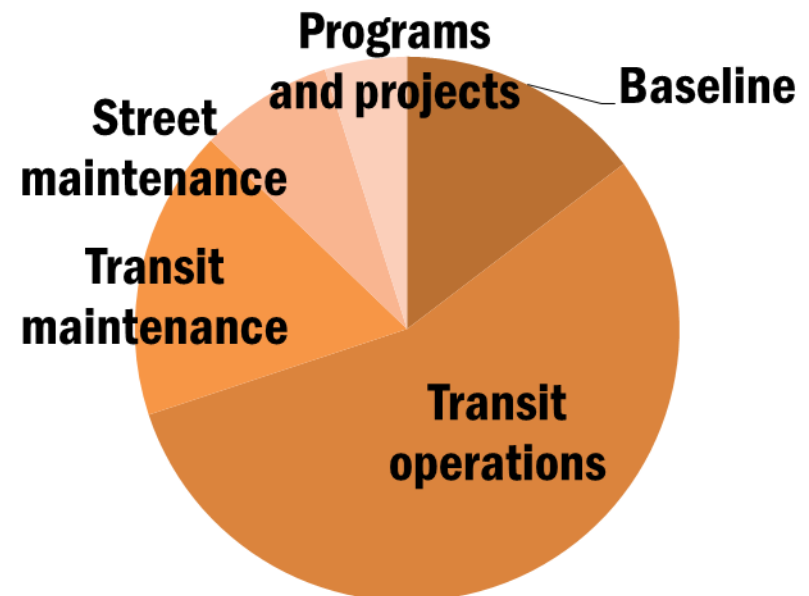

# Transportation system needs relative to revenue

## Transportation System Investment Need through 2040: \$74 Billion

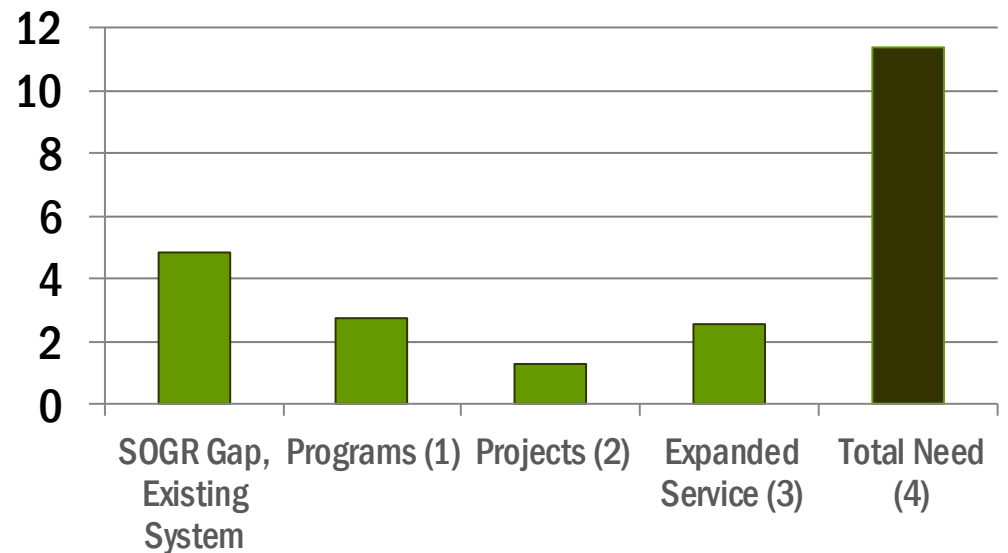

## Estimated Revenues through 2040: \$64 Billion

# Demand for transportation funding exceeds revenue

- ▶ SOGR Need - \$56B to maintain existing conditions (vs. \$51.7 expected)
- ▶ Programs - \$2.6B for agencies' top priority Capital Improvement Program investments
- ▶ Projects - \$1.3B in “highest” performing capital or expansion projects
- ▶ Expanded service - \$2.5B to address crowding and accommodate growth

## Need for Discretionary Transportation Funds (Billions)

(1) Based on Agency top priority CIP needs

(2) Based on Highest Tier, Benefit Cost Proxy Index

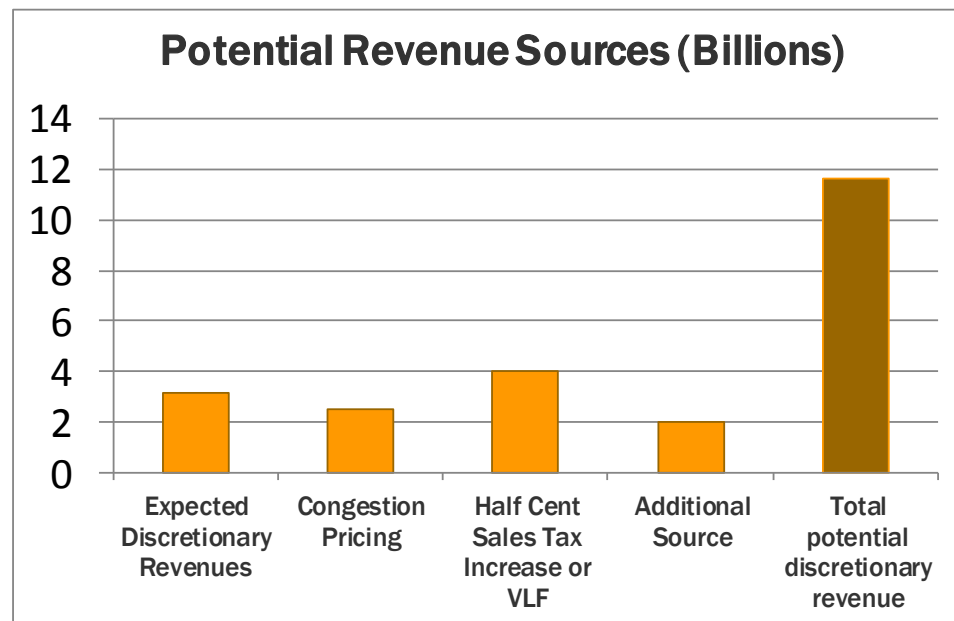

(3) Service expansion to accommodate growth, meet latent demand

(4) Total top priority estimated need for discretionary funding

# Potential new revenue options

- ▶ Expected discretionary revenues - \$3.14B
- ▶ Congestion pricing - \$2.5B for both Treasure Island and Downtown Cordon
- ▶ Half cent sales tax increase or vehicle license fee (VLF) - ~\$4B
- ▶ Total potential discretionary revenue - ~\$11.5B

Potential revenue sources include, but are not limited to:

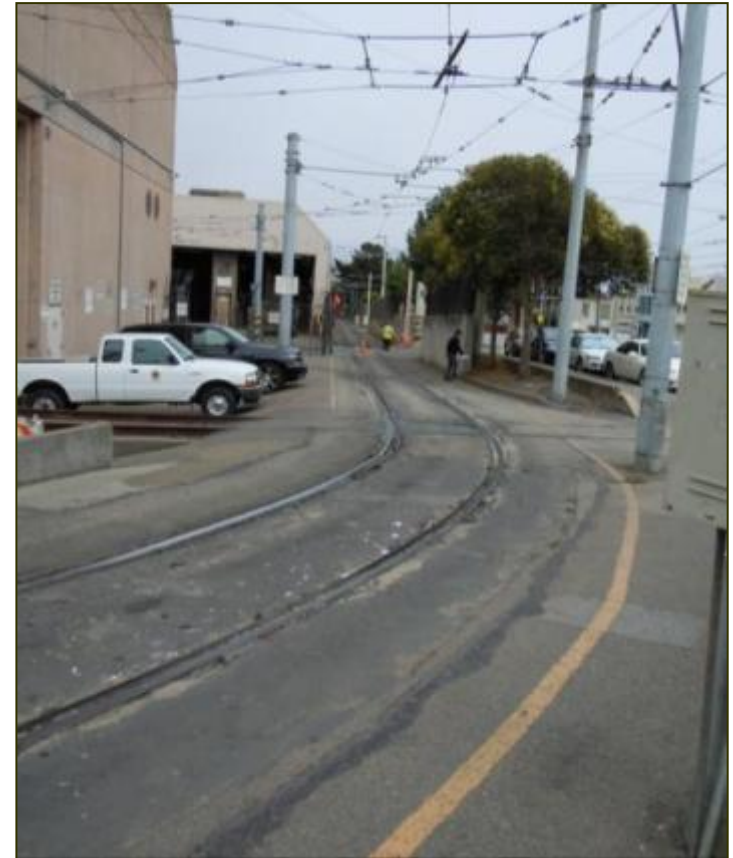

- Half-cent sales tax increase
- Transportation user fees (parking pricing, high-occupancy toll (HOT) lanes on freeways, increased bridge tolls
- Increase Vehicle License Fee (VLF)
- Parcel tax
- Community benefits district property assessment (Mello-Roos)
- Local motor fuel (gas) tax

# Cost Saving Strategies

Use available resources more efficiently

- ▶ Innovative project and service delivery approaches
- ▶ Employer / private sector participation
- ▶ Infrastructure bank financing

# Under Development: Investment Scenarios

- **Potential Scenario Frameworks for the Constrained Plan:**
- **Options for how to allocate investment funds across the range of needs (maintenance and operations, programs, and projects):**
  - Even Split
  - % Need
  - Bang for the Buck
  - Fix it First/Back to Basics
  - Safety
  - Crowd-sourced plan (public feedback from Budget Czar game)

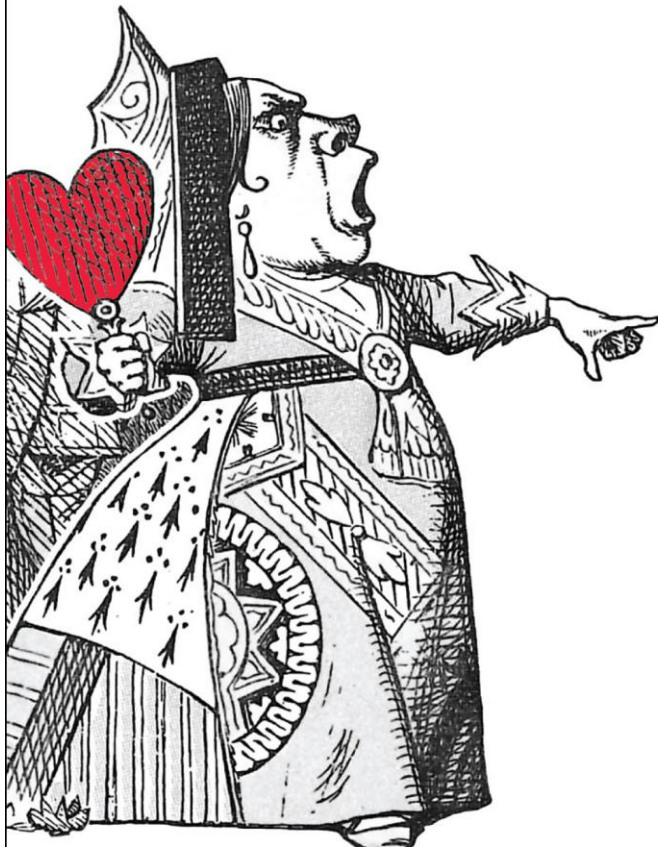

# Public Input on Investment Priorities

[www.sfcta.org/MoveSmartSF](http://www.sfcta.org/MoveSmartSF) | [twitter.com/SanFranciscoTA](https://twitter.com/SanFranciscoTA) |  
[www.facebook.com/MoveSmartSF](https://www.facebook.com/MoveSmartSF)

# San Francisco Transportation Plan – Fall Outreach

## Objectives:

1. Educate the public about transportation needs and available revenues
2. Use “Budget Game” to gather input on how best to prioritize available funds
  - Maintenance and operations vs. smaller programs vs. larger expansion projects
3. Reach a broad cross-section of San Francisco stakeholders
  - Geographic, ethnic, racial, income diversity
  - Residents, employees, business owners

*SFTP Budget Game Queen became a popular image around town*

# Getting the Word Out

- Email notification
  - 500+ SFTP email list, 3,500+ Authority-wide list
- Fact sheets
  - ~1000 (English, Chinese, Spanish) distributed at 14 locations
- Advertisements on buses/shelters + in newspapers
  - 1100 on buses, 450 in shelters, 10 newspaper ads
- Community events and presentations
  - ~2000 postcards distributed at 11 events citywide
  - 18 presentations to Boards, Commissions, various groups
- Social Media (facebook/twitter)
- Press release and media coverage

SF Business Times, SF Examiner, Bay Citizen, SF Streetsblog

## 做一天市府 財政預算的 沙皇！

你將如何支配三藩市用於交通服務的資金？

從現在起至2040年，將有\$640億的可用資金用來扶持三藩市的交通服務。三藩市縣交通管理機構希望得到你怎樣最好地支配這筆資金的意見。重鋪街道、建立更好的自行車道、建設快速公交線路，或改善行人的安全，這些只是其中的幾種可能。

想要創建並提交你自己的投資計劃，請上網：

[www.sfcta.org/mybudget](http://www.sfcta.org/mybudget)

你將會有機會抽獎贏得價值\$50的三種Clipper卡中的其中一種卡。

想了解更多參與方式，請上網站：[www.movesmartsf.com](http://www.movesmartsf.com)  
查詢或致電 415.593.1670

SAN FRANCISCO  
TRANSPORTATION PLAN  
2040

# A Strong Response

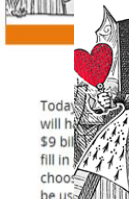

- The public response was strong:
  - ~800 submittals for the Budget Czar Game
  - Engaged audiences at presentations to community groups and Boards/Commissions
  - Appreciation for the informative content of the Game
  - Desire for another round relating to revenue options

## How would you spend SF's transportation dollars?

Be the City's Budget Czar for a Day!

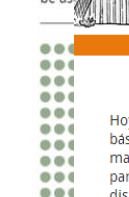

Today will have \$9 billion to fill in choices to be used

## ¡Sea el rey del presupuesto municipal por un día!

¿Cómo invertiría usted los dólares del transporte de San Francisco?

Hoy básicamente para disponer el Plan

## 做一天市府財政預算的沙皇！

你將如何支配三藩市用於交通服務的資金？

English | 尋求幫助: [MoveSmartSF@sfcta.org](mailto:MoveSmartSF@sfcta.org) 或 415.593.1670

今天，你在負責計劃三藩市未來的交通。在完成基本的運營和維修後，你將有\$32億資金可花費在各項目、各專案和額外的維修上（見註釋）。下面，綠色的圖圈顯示有\$90億資金已用於正在進行的各種具體專案（更多英文資訊）。灰色的圖圈是你可以用動的資金，當你做出資金支配選擇時，它們將被填為綠色。如果你選擇增加新的收入，白色圖圈將被填為灰色，並給你更多的資金去支配。你可以在提交預算前的任何時候改變你的選擇。你的預算將被用於幫助開發三藩市交通計劃。

總金額(億)

剩餘額(億)	

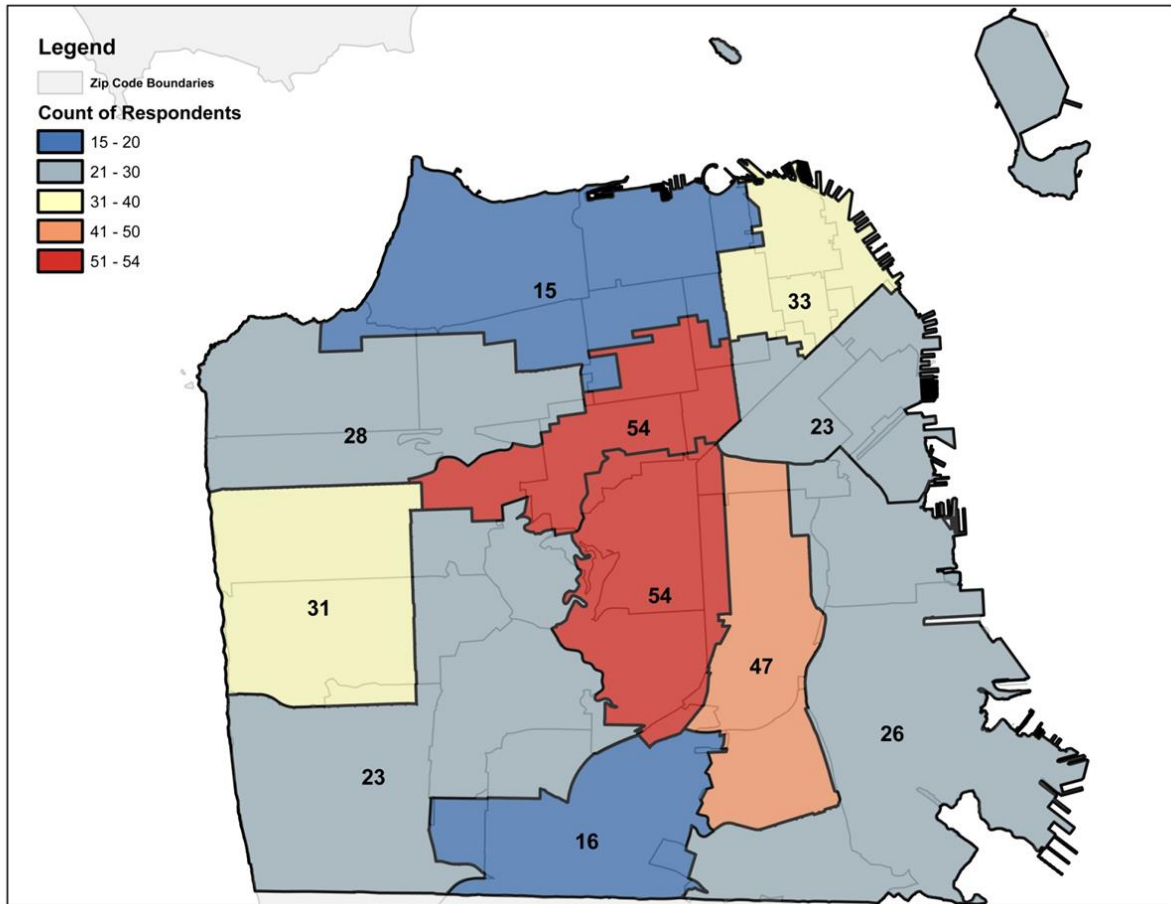

# Who We Reached

## Budget Game Results –

### Demographics:

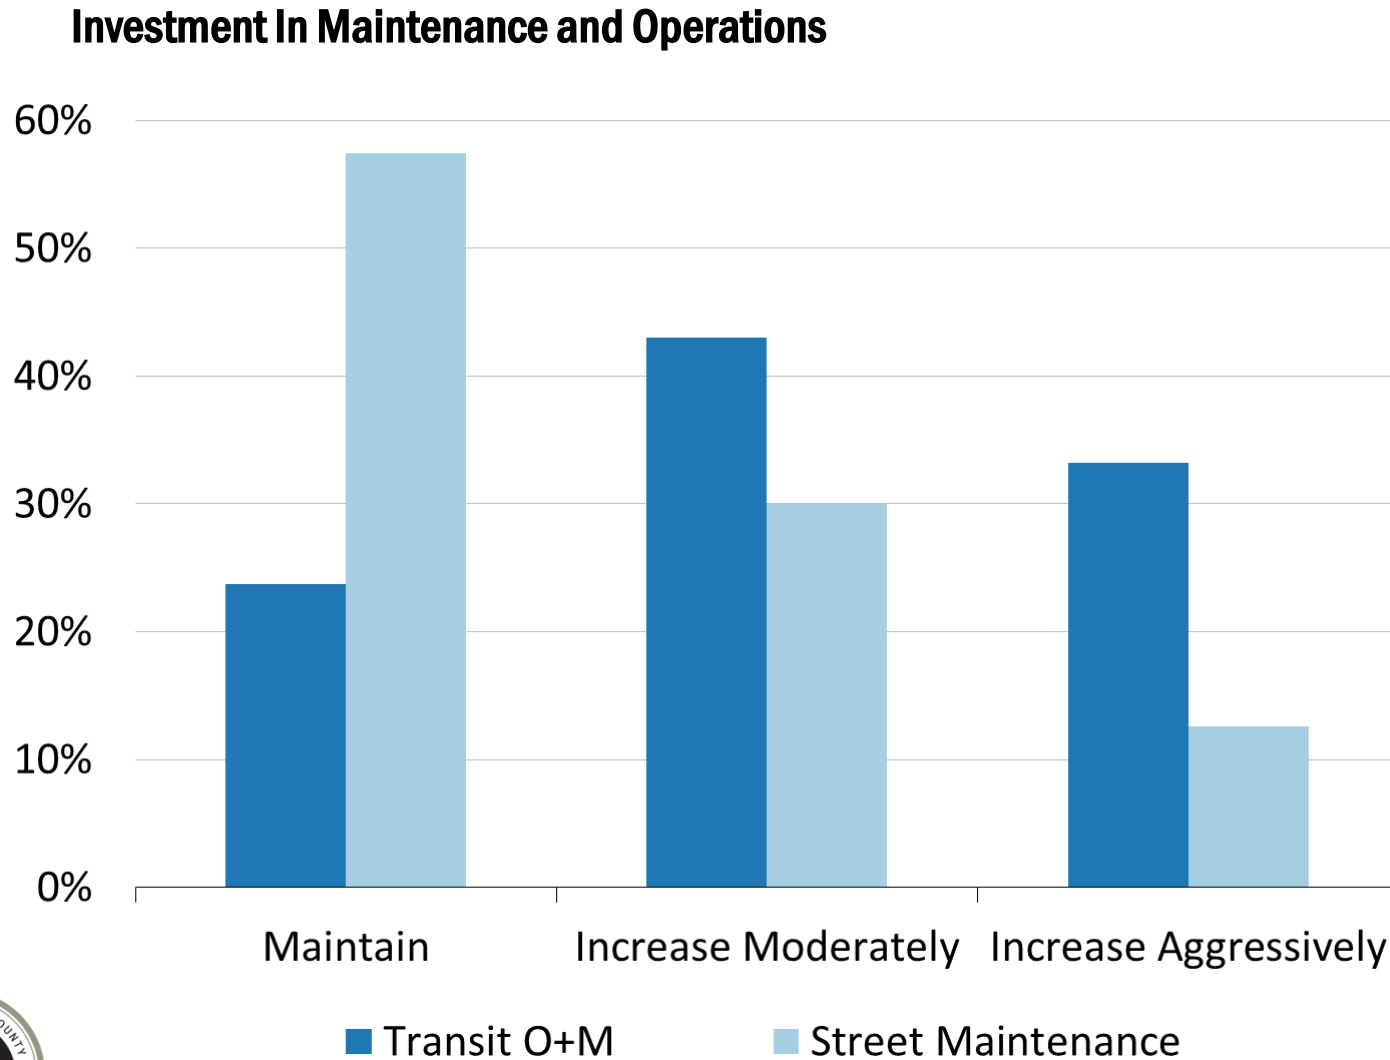

- All age, racial, ethnic and income groups reached, but
- Over-representation of:
  - Ages 25-40
  - White
  - Higher-Income
  - Central Supervisorial districts (5, 8, 9)

**SF Zip Code: 350 | Non-SF Zip Code: 57 | Did not report: 331**

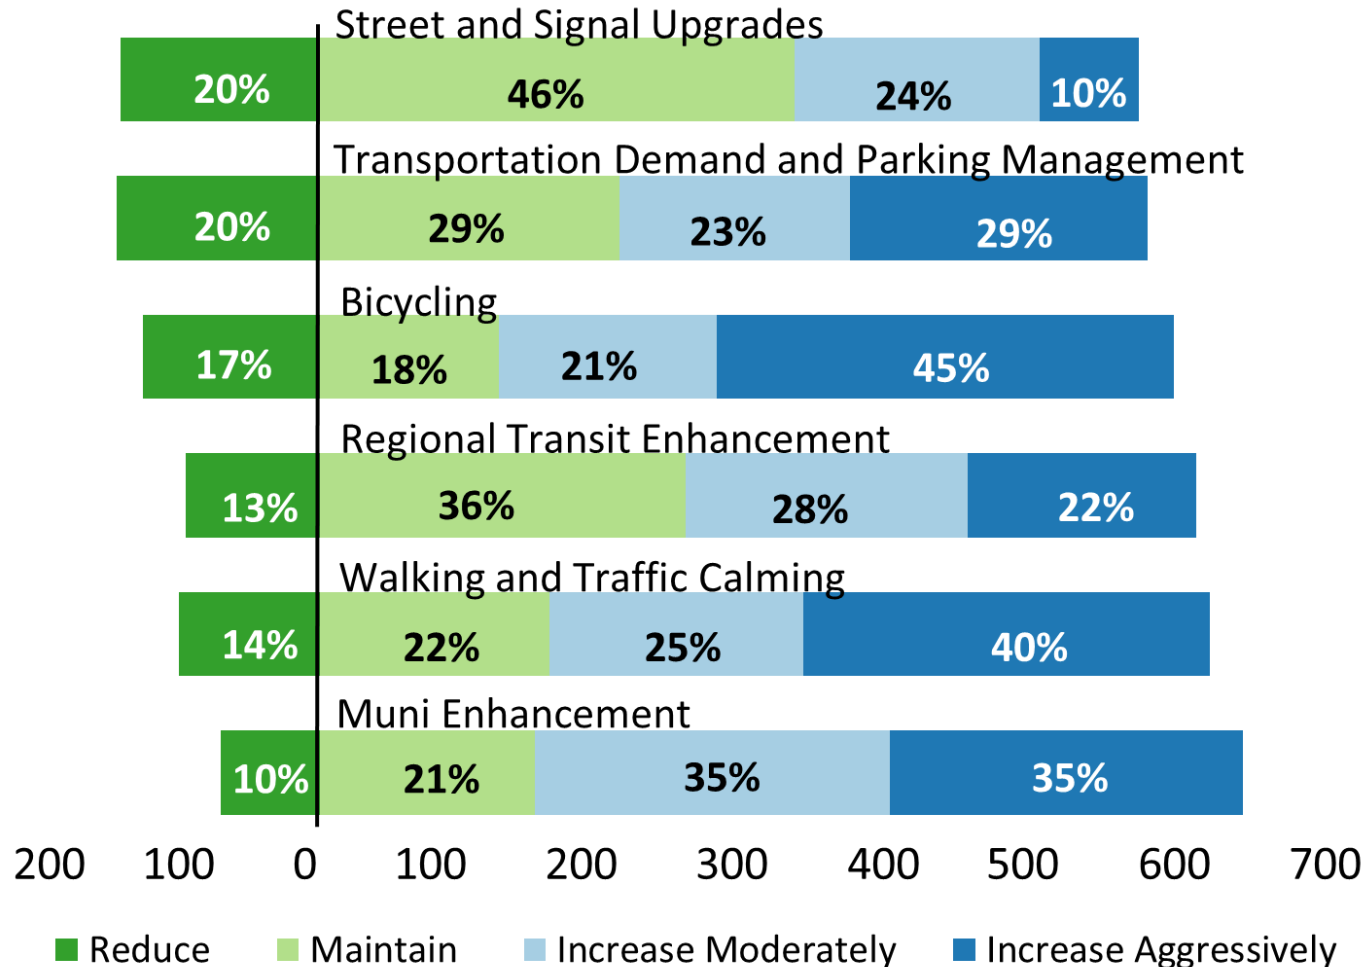

# Desire for increase in transit O&M (80%)

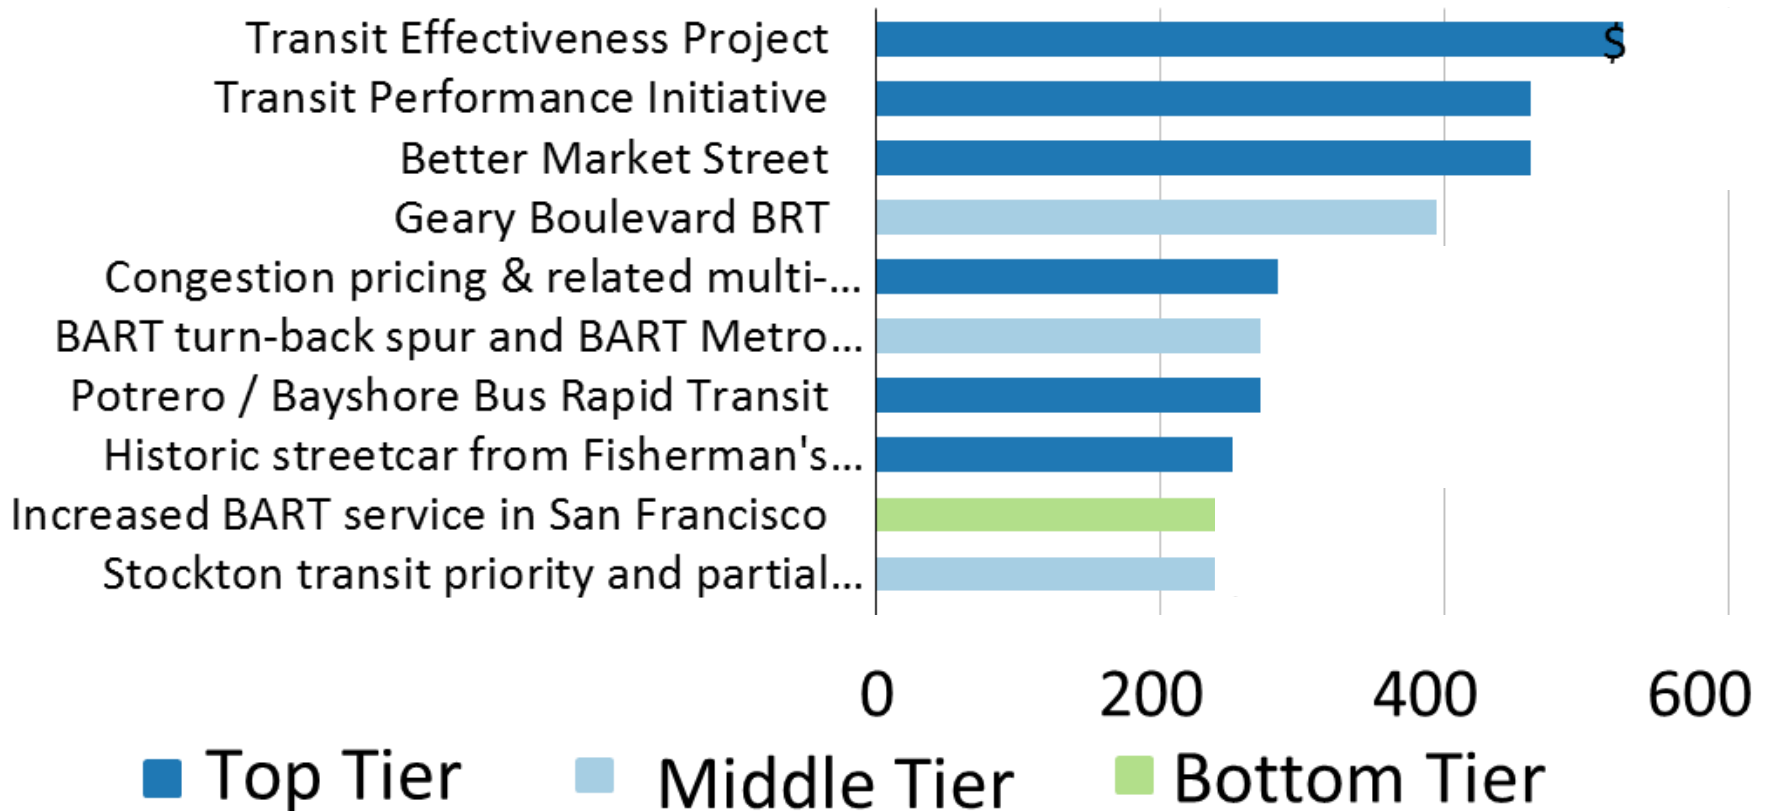

# Desire for more investment in walking, cycling, + Muni Enhancements

## Investment in Programs

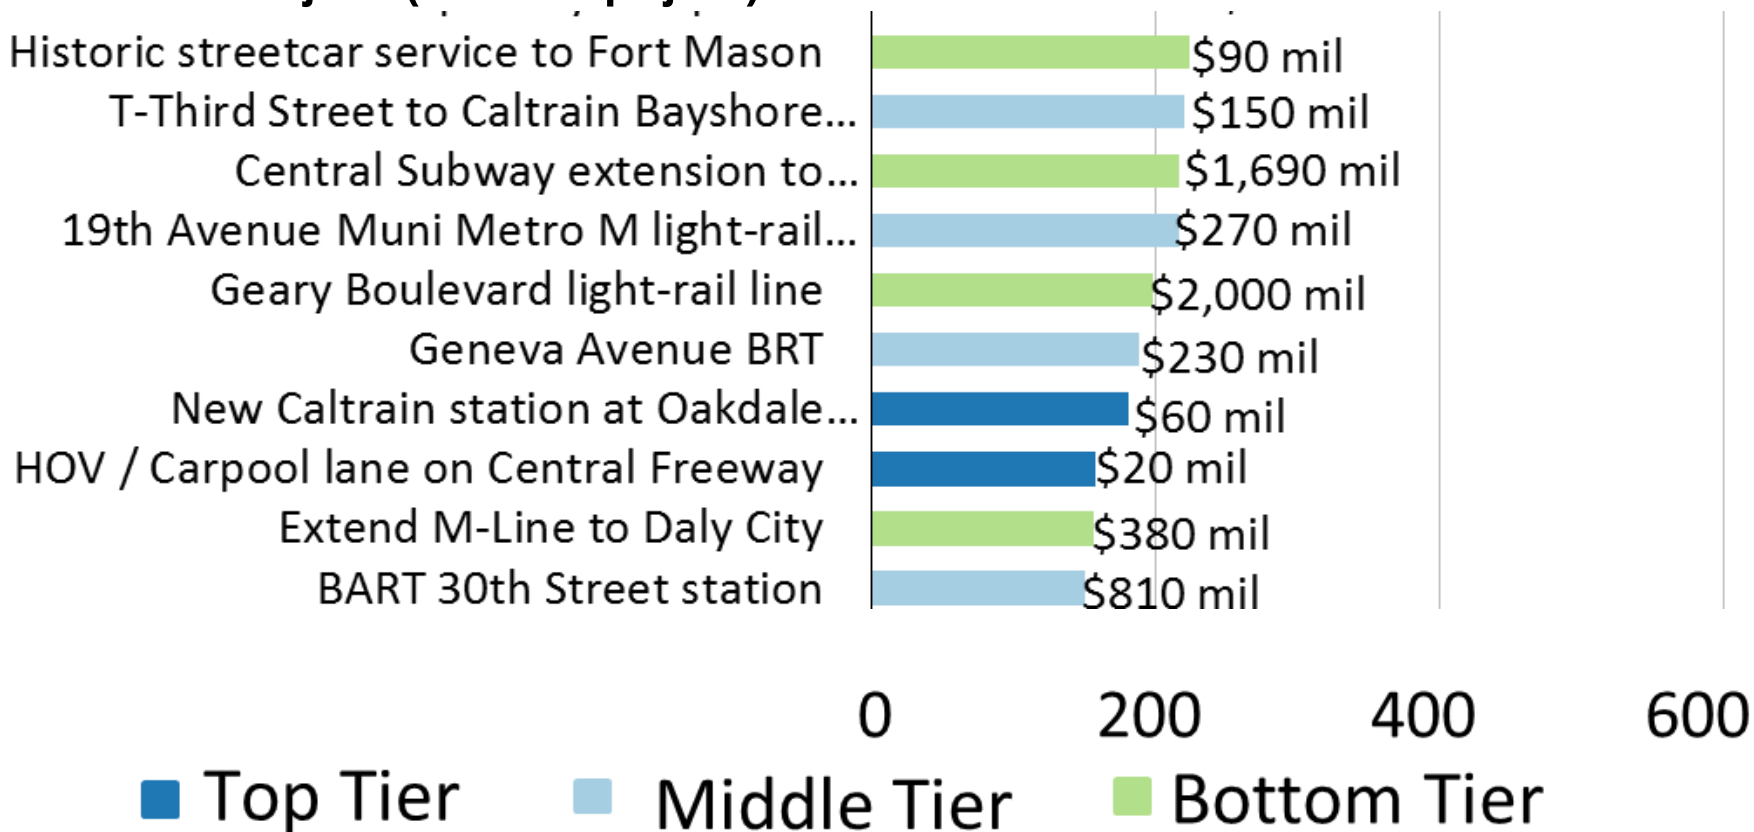

# High-Performing Transit Efficiency Projects Lead the Pack

## Demand for Projects (top 10 vote-getters)

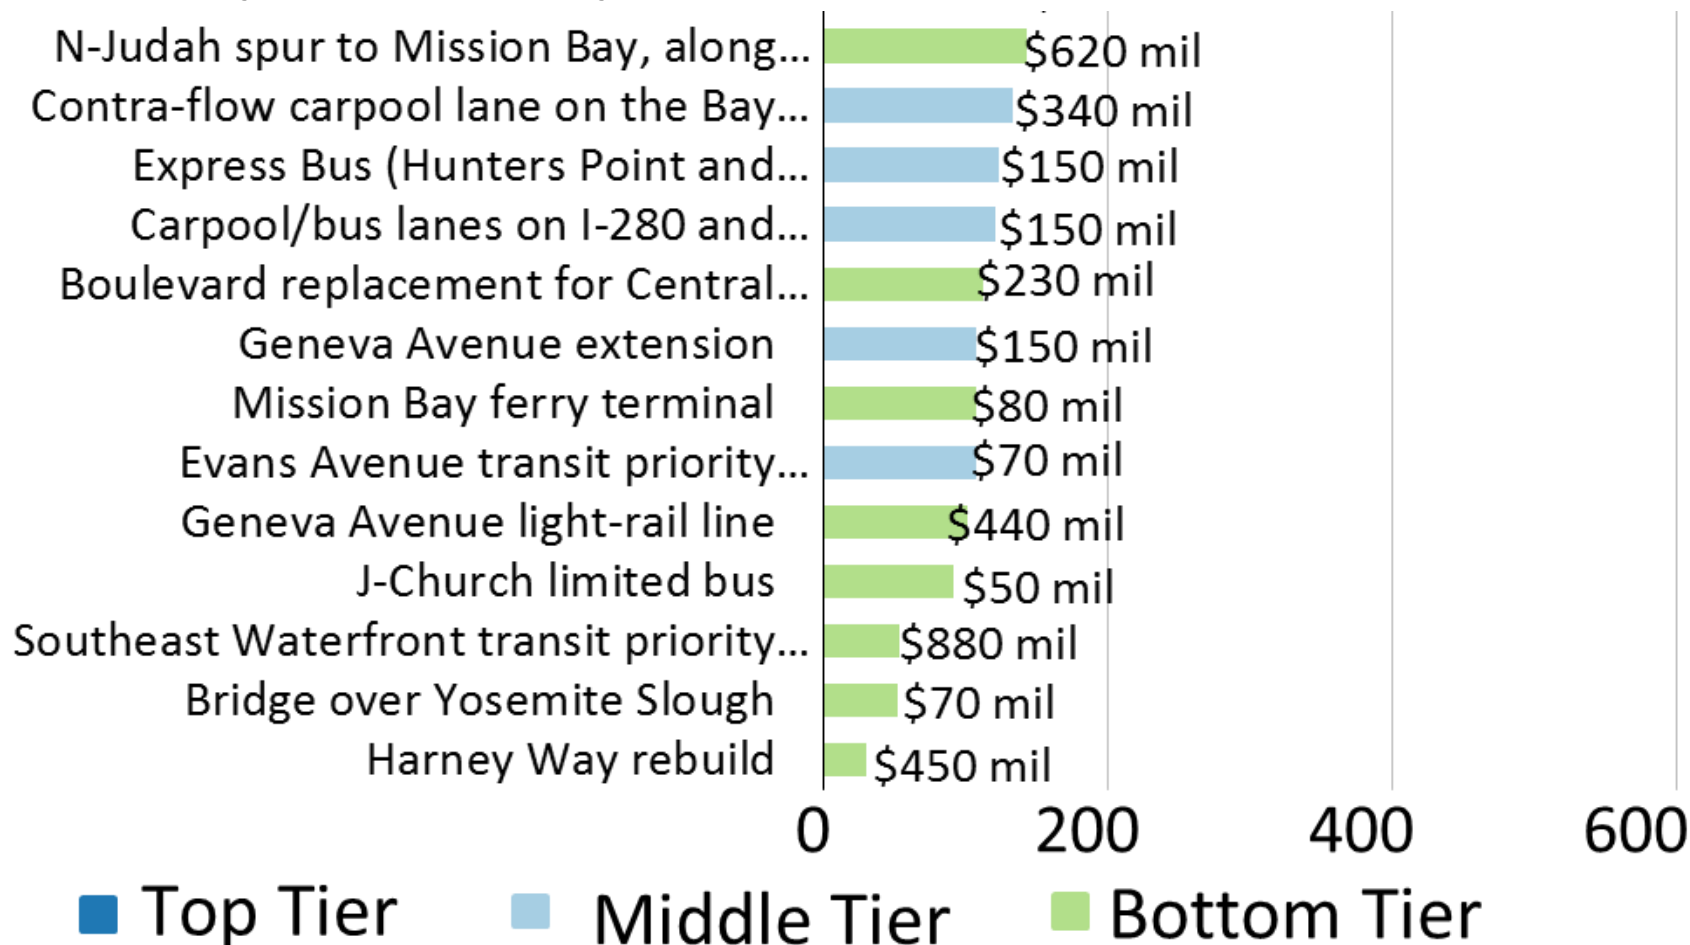

# Middle 10 projects

## Investment in Projects (middle 10 projects)

# Least frequently chosen projects

## Investment in Projects (bottom 13 projects)

# What We Heard - Key Themes

1. Appreciation for Budget Game as a useful tool for public engagement.
2. Strong desire to get back to the basics: prioritize maintenance and operations of the existing Muni system, improve its reliability, and address crowding
3. Conviction that San Francisco deserves a world-class public transportation system, with faster, more frequent service
4. Strong desire to improve cycling and walking conditions.
5. High priority for a focus on core capacity improvements
6. Quite a bit of support, but also some skepticism about congestion pricing; interest in parking-based alternatives.
7. Desire for cost savings, faster project delivery
8. Support for more revenue, and more discussion about new revenue options
