

*The San Francisco Planning Department and  
the San Francisco Municipal Transportation Agency  
invite you to a **COMMUNITY OPEN HOUSE***

The Green Connections project team has developed a streetscape design to improve walking and biking on Oakdale Avenue between Joseph Lee Recreation Center and the Southeast Community Facility. The design builds on the Bayview Hunters Point Community Revitalization Concept Plan.

The City has dedicated \$300,000 to pedestrian and bike improvements on Oakdale through the 2011 Road Repaving and Street Safety Bond, and is pursuing additional grant funds.

The Planning Department and the San Francisco Municipal Transportation Agency would like to hear from you on how to prioritize the use of this funding on Oakdale Ave. We want to understand your priorities for this street.

Join us for an open house. Stop by for a few minutes. We want to hear from you!

**JUNE 11, 2013**  
**TUESDAY 3:30-6:30 PM**

**JOSEPH LEE RECREATION CENTER**  
**Multipurpose Room 2**

**1395 Mendell Street**  
**(between Oakdale Ave and Newcomb Ave)**
