## **Take the Open Space & Park Survey!**

**We got word that the survey form was malfunctioning! The survey glitch has been fixed and should not give you any problems. Please click on the link below to complete the Open Space & Park Survey!**

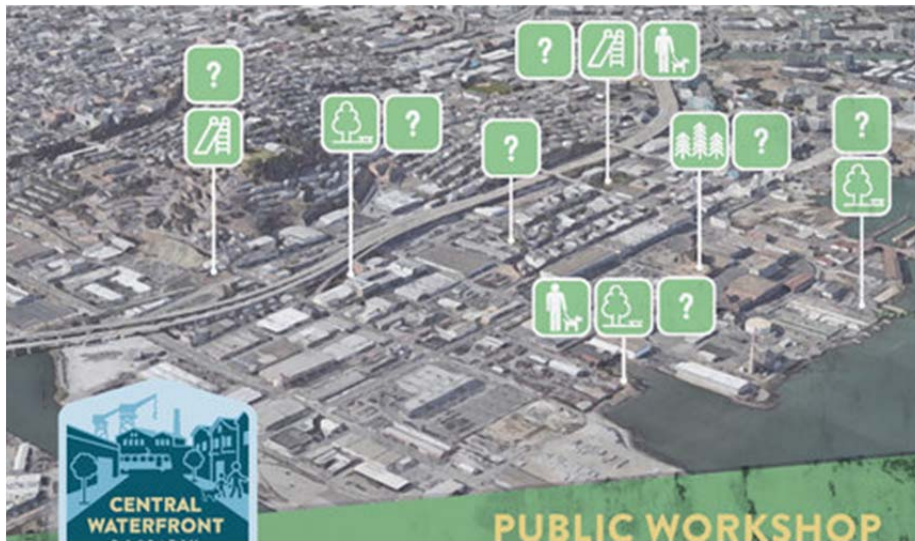

We'd like your feedback on parks and open spaces in Dogpatch! The Planning Department, Recreation and Parks Department, Port of SF and others would like you to take this brief survey of seven questions. The responses will help guide planning, design, and funding in Dogpatch and surrounding neighborhoods.

## **Public Workshop #2: Open Space & Parks**

Help us make decisions about open space and park programming in Dogpatch! The neighborhood has some beautiful and highly used open spaces and parks. At this workshop we'll begin to re-envision these assets and how they can better serve community needs. We'll focus on three open spaces that were prioritized by the public at our last workshop in March. Refreshments will be provided!

## Update on 22nd Street Project

The 22nd Street Green Connection community workshop on March 30th was a success! Thanks to all who attended and those who completed the on line survey; we received over 60 surveys total, giving the design team clear feedback. The feedback enabled us to kick off the detailed design phase in late April. We will be in touch with project updates in the future.
