Public Workshop #3: Streetscapes!

*** This email bulletin previously went out with an incorrect version of the flyer image, above. The above image has been replaced ***

In the first workshop held in March 2016, you shared with us what your priorities are for the parks, streets and sidewalks in the Dogpatch. Join San Francisco Planning and the Municipal Transportation Agency to help make long-range design decisions about streets, sidewalks, and mobility in Dogpatch! For the third public workshop, you'll provide additional input on street parks and sidewalk planting, bikeshare and bike lanes, benches and street lighting across the entire neighborhood. We'll also focus on three specific corridors that were prioritized by the neighborhood at our [workshop in March](#) and through [an online poll](#): Minnesota Street North, Minnesota Street South, and 24th Street.

6:00 - Doors Open

6:15 - Brief Presentation and Orientation

6:30 - Small Group Table Charettes (rotate every 30 minutes)

8:00 - Report Back + Sharing from Small Groups

The interagency team will be on hand to provide updates on Indiana Street Bikeway and the Residential Parking District as well.

Refreshments will be provided!

Open Space & Parks Needs Assessment

We need your feedback on parks and open spaces in Dogpatch-Potrero! The Planning Department, Recreation and Parks Department, Port of SF and others would like you to take this brief survey of seven questions. The responses will help guide planning, design, and funding in Dogpatch and surrounding neighborhoods.

Coming Soon: Esprit Park Workshop

Public Workshop #2 in May focused on Parks and Open Spaces in Dogpatch. Esprit Park, Tunnel Top Park, and Warm Water Cove were the three sites prioritized by the neighborhood through our online poll and at the Public Workshop #1 in March. We are planning another workshop the late summer or early fall to delve deeper into the community's needs and wants for this special place. Please stay tuned for workshop dates!
