POTENTIAL LAND USE SCENARIOS

* NATURAL PLAYSCAPE, EXERCISE EQUIPMENT, AND OTHER PROGRAMS WOULD BE LOCATED IN THE PARK. LOCATION TBD.

Dog off-leash area has to be big enough for large dogs 2 their owners. Preferably, this the only large space we have we should consider fencing, AND ADD NEW GREEN SPACES FOR OTHER USES... MAKE THE PIE BIGGER INSTEAD OF CARVING IT UP!

w/dogs allowed as per long-standing usage

SCENARIO 1: EXISTING MEADOW SIZES, DOG PLAY AREA IN NORTH MEADOW

NO NO- bit better than dogs in so much area!

- INTERIOR PATH
- FORMAL ENTRY
- INFORMAL ENTRY
- LAWN AREA
- DOG PLAY AREA (20% OF 1.8 AC-PARK AREA)
- EXISTING TREES
- NEW SEATING

QUESTION: CURRENTLY THE WHOLE PARK IS USED FOR DOGS; THE FIELD IS ROTATED DUE TO THE DOGS DISTRUCTIVENESS — WON'T THIS BE NEEDED IN FUTURE?

CONSIDER
1. ROTATING DESIGN FOR TURF UPKEEP.
2. LIMITED PLAZA AREA FOR PEOPLE ONLY- (EATING, SUNNING.)
3. EXPAND PUBLIC REALM VIA SHARED STREET.

JC - voted the worst.

yes,

COMMENTS: This approach doesn't align with current usage = Bad

North meadow too small and most frequently used by kids.

BEST OPTION

Yes better proportion for population that will triple by 2020

Yes, less dog play area — don't dog-mingle if too heavily fenced

this is too restrictive for dogs (LR)

More no-kid families moving in. Dogs more likely. Young professionals, too.

More dogs coming to "dog" less families, more tech.

Yes, too small.

BETTER, MORE EQUITABLE DIVISION NEEDED.

SCENARIO 2: EXISTING MEADOW SIZES, DOG PLAY AREA IN SOUTH MEADOW

- INFORMAL ENTRY
- LAWN AREA
- NEW LAWN AREA
