#### MEMORADNUM

DATE:October 12, 2018TO:EN CAC MembersFROM:Mat SnyderSUBJECT:EN CAC October 12, 2018 Meeting – Item No. 5<br/>EN IPIC Expenditure Plan FY20 – FY24

At the October CAC meeting, we will discuss the progress on coming up with an impact fee- funded expenditure plan for FY20 through FY24.

At the July and August CAC meetings, staff indicated that, while revenue is expected to be about even relative to last year's projections over the course of five years, some is expected later than previously anticipated. As such, in coming up with an initial proposed Expenditure Plan (EP or Plan), staff established three -what staff thinks are – uncontroversial principals: (1) keep all of the line items whole over the course of the next five years; and (2) when funding needs to be deferred due to changes in timing of revenue projections, make those adjustments in the more general line items (i.e. pedestrian enhancement funds; Central Waterfront / Showplace Square streetscape, etc.); relatedly, keep all specific line items whole on a year-by-year basis. It should also be noted, that overall revenue has been reduced given a couple of projects that are known to have dropped out, and that the Expenditure Plan now limits the timeframe to five years rather than six as was shown on the July version of the EP.

In the attached spreadsheet (e.g. Expenditure Plan or EP or Plan) are a description of the changes made since the CAC last reviewed it. Changes are highlighted in yellow and their change is described below by line item number. The spreadsheet also shows the amounts that were appropriated from the previous year.

Line 15 (Transit enhancement Fund) - moved \$1.531M from FY 21; added back \$1.277M in FY22 and \$489K in FY 23

Lines 27 (Pedestrian Enhancement Fund) and Line 29.1 (Treat Plaza) – Last year, the IPIC report indicated that of the \$1.639M appropriated in FY18, \$989K would go to Treat Plaza, and \$650K would go to 22<sup>nd</sup> Street. Through the appropriation process, PW asked that of the \$989K for Treat, \$300K be re-designated for Central Waterfront Streetscape, more specifically for design and soft costs for Minnesota Street. Therefore, the footnote under the Complete Streets section has been revised to indicate the new breakdown of the \$1.639M (\$650K for 22<sup>nd</sup> Street, \$300K for Minnesota, and \$689K for Treat). In addition, \$300K is proposed to be added back to the Treat Plaza line item (Line 29.1) so that its full \$1.011M appropriation is maintained. The Central Waterfront / Showplace Streetscape line item has retained it full funding relative to last year.

- Line 45 (11<sup>th</sup> Street Park) This line item had \$8.8M funded through FY18. Several park projects including improvements at Franklin Square (Line 36), Potrero Recreation Center (Line 38), and Garfield Aquatic Center (Line 42) have a total of \$4.19 appropriation in the current fiscal year. Because these three park projects are ready to go out to bid while the 11<sup>th</sup> Street Park project is not, RPD staff is prioritizing cash received thus far to apply to these projects, with the understanding that the amount is due back to the 11<sup>th</sup> Street park project this year. This is being memorialized by showing a negative amount in FY18 for the 11<sup>th</sup> Street Park, and the same balance shown in the current fiscal year.
- Line 50 (Bond Planning and Implementation) -- moved \$4.082M from FY 21, added back \$1.415 in FY22 and \$2.667M in FY24.
- Lines 58 (H.S.A. Child Care NOFA Program) and 64 (admin) adjusted formulaically to account for revised projected income stream.

As always, let me know if you have any questions.
