The Planning Department has prepared an updated draft of the Glen Park Community Plan based on discussions with the Glen Park community over the past year. We are holding a meeting to distribute and present this new version. Come by, pick up a copy and join in the discussion!

The Glen Park Community Plan is a product of a sustained community process to address issues and opportunities facing downtown Glen Park (the "village"). The Plan provides policies and strategies in the areas of Land Use, Transportation and Open Space to preserve and enhance Glen Park's unique character.
