

A vision for Islais Creek that adapts to flood risks while ensuring healthy and resilient communities.

Community and Social Equity: *A socially and environmentally resilient neighborhood*

- Encourage neighborhood vitality, character & diversity with mixed-income housing
- Develop equitable solutions for a wide variety of community members
- Adapt buildings, open spaces & services for flooding that ensure safety & preparedness
- Support neighborhood social resilience efforts now and into the future

Governance: Authentic and transparent public engagement during & beyond Planning

- Identify & share individual histories & stories about Islais Creek
- Build a long-lasting basis of support with a transparent, authentic engagement process
- Engage across generations, especially with youth, to build long-term understanding, capacity & stewardship
- Acknowledge the significance of the newly designated African American Cultural District
- Establish a working group of public agencies to insure integrated capital planning, funding, financing and implementation of the Strategy

Transportation: A transportation system that is resilient and adaptable to flood risk

- Adapt key transportation facilities and assets in the near term, increase system capacity and resiliency in the long term
- Improve and expand transit, bicycle and pedestrian connections within and through the area
- Ensure accessible and equitable transportation between the waterfront, the City and region for people and goods

Environment: A healthy environment for residents, workers, visitors and ecologies

- Identify multi-purpose solutions and strategies that benefit the entire Islais Creek watershed
- Prioritize nature-based solutions & green infrastructure
- Improve access to and create new resilient open spaces along the creek & shoreline

Economy: A sustainable economy that benefits local residents, workers, and industries

- Support local, blue-collar industries, small businesses, and artists
- Maintain & increase women & minority-owned businesses
- Explore flexible land use regulations and building types that can accommodate future commerce and industry
- Prepare local workforce for the current and future economy through training & mentorship
