PROJECT DESCRIPTION			
<p>The proposal is to extend the existing 2-story single-family dwelling approximately 9 feet towards the rear property line.</p> <p><b>PER SECTION 134 OF THE PLANNING CODE</b> the subject property is required to maintain a rear yard of approximately 21 feet. The proposed rear addition would encroach approximately 6 feet into the required rear yard on the west side of the property because the required rear yard line is at an angle to the building, creating a triangular portion within the rear yard. Therefore, the project requires a variance from the rear yard requirement (Section 134) of the Planning Code.</p>
