Disclaimer for Review of Plans

The San Francisco Planning Code requires that the plans of certain proposed projects be provided to members of the public prior to the City's approval action on the project. Accordingly, any images of plans featured on this website are provided for the primary purpose of facilitating public input prior to the City's action. The City and County of San Francisco does not own the copyright to these images. Please be aware that the unauthorized reproduction, distribution, or alteration of these images may result in a violation of Federal Copyright Law (17 U.S.C.A. Sections 101 et seq.) and that any party who seeks to reproduce or alter these images does so at his or her own risk.

Additionally, plans provided on this website are limited to site plans, elevations and/or section details (floor plans and structural details may not be included). These are DRAFT PLANS being provided for public review PRIOR to the City's approval action on the project. Final plans may differ from those that are currently available for review.

Project Address: Cross Street(s): Block /Lot No.: Zoning District(s):	23 Porter Street Crescent & Benton Avenues 5808/012 RH-2 / 40-X	Case No.: Building Permit: Applicant/Agent: Telephone: E-Mail:	2010.0196V N/A Sven Lavine (415) 647-7061 sven@slarchitecture.com

PROJECT DESCRIPTION

The proposal is to construct a new one-story vertical addition on top of the existing rear one-story portion of a single-family dwelling.

PLANNING CODE SECTION 242(e)(2) requires a rear yard for a lot located in the RH-2 District. The required minimum rear yard at the subject property is approximately 21'-0" at all levels. The existing building encroaches approximately 10'-0" into the required rear yard, leaving a rear yard of approximately 11'-0". The proposal adds one floor above the existing one-story rear extension but maintains the existing rear yard depth.

Planning Code Section 242(e)(4) requires two of off-street parking spaces for projects with usable floor area between 1,301 to 2,250 square feet. Each space must be independently accessible and allow maneuvering space. The project proposes a usable floor area of approximately 1,580 square feet; therefore, two spaces are required. Only one off-street parking space exists and no additional spaces are proposed.

PER PLANNING CODE SECTION 188, a non-complying structure is prohibited from intensification or increase in discrepancy at any level. The existing building is a non-complying structure in terms of rear yard. The proposed addition enlarges the existing non-complying building envelope.

Therefore, the project requires a Variance from the rear yard and off-street parking requirements.
