PROPERTY INFORMATION	APPLICATION INFORMATION
Project Address: 3801 Jackson Street Cross Street(s): Cherry / Arguello Blvd. Block /Lot No.: 0990/001 Zoning District(s): RH-1 / 40-X Area Plan: n/a	Case No.: 2010.0731V Building Permit: 2010.06.25.5371 Applicant/Agent: Reba Jones Telephone: (415) 674-5554 E-Mail: jones@butlerarmsden.com

PROJECT DESCRIPTION

The proposal is to construct a two-story side horizontal addition along the south façade of the rear portion of the existing single-family residence. The ground floor is proposed to extend to the south side property line. An approximately 3'-6" wide by 11'-10" deep side setback is proposed in the area of the addition at the 2nd floor.

PER SECTION 134 OF THE PLANNING CODE the subject property is required to maintain a 25-percent rear yard depth of approximately 19 feet. The existing rear yard is approximately 15 feet deep at the midpoint of the width of the lot; the rear lot line runs at an angle to the rear wall and the front lot line of the subject property. The proposed rear yard would measure approximately 18 feet along the south side property line. The project would not extend further than the existing rear building wall.

PER SECTION 188 OF THE PLANNING CODE the rear portion of the existing structure is a noncomplying structure that may be altered provided no new discrepancy would be created. As approximately the last 4 feet (measured at the midpoint of the width of the lot) of the existing building projects into the required rear yard area, the building is a noncomplying structure. The proposal would project 3 feet, at its greatest depth, into the required rear yard and a new discrepancy would be created. The project would be contrary to Section 188.
