

Please join us to discuss the future of Castro Street from Market Street to 19th Street.

On January 23, 2013 the first community workshop was held. At this meeting a preliminary conceptual design was presented. Since then the project team has been working to refine the design based on community feedback and technical analysis.

On April 3, 2013 a second community will be held. The workshop will include a presentation of the revised conceptual design followed by an opportunity to provide feedback on the design.

We want to hear from you! Please join us!

APRIL 3, 2013 WEDNESDAY 7:00-9:00 PM

Harvey Milk Civil Rights Academy
Auditorium

4235 19th Street (between Diamond & Collingwood)
