

Workshop Comment Form

NAME (Optional): _____

ZIP CODE (Optional): _____

Thank you for participating in this workshop! Please take a moment to review the boards posted around the room and ask City staff any questions you may have. When you are ready, we invite you to fill out this form and share your comments on the following topics:

1. Project Overview:

Do you agree with the project goals? Is there anything missing?

2. Land Use:

As part of this project we are considering making changes to existing zoning districts to better align with project goals and create consistent requirements across the project area. The Land Use Board illustrates the main differences between the two zoning districts. Do you think the land use requirements be the same within the Hub? What are your thoughts on changes to requirements for parking, open space, public art, and land use mix?

Email:
lily.langlois@sfgov.org

3. Urban Form:

What do you think about the proposed height limits? Are there locations where you think higher heights might be appropriate? Are there locations where you think lower heights might be appropriate?

4. Public Benefits:

Do you have ideas for new capital projects in the Hub? Complete Street Projects? Open Spaces? Transit Projects?

5. Please use the space below to write any additional comments or thoughts you might have.

Please return this form to a member of the Project team or drop it off in the box at the sign-in table. You can also e-mail this form or comments to us via the contact info below by April 27, 2016. Thank you!
