• REDUCE PEAK STORMWATER FLOW RATE

LED globes on trees (safety + fun)
- solar
Too many trees already have fallen and continue to fall creating a safety hazard. City seems unable to maintain trees already in neighborhood.
Decorative tree guards and ~~less~~ more durable tree species
- Plant the right type of trees so they don't uproot/crack the sidewalk w/in years!

City DEPARTMENT BE RESPONSIBLE FOR CLEANING AND MAINTAINING THESE AREAS?
The new rain gardens on Oak/Fell are great examples!
Concrete removal

WHO WILL BE RESPONSIBLE FOR THEIR MAINTENANCE?
HOW WILL WE AVOID THIS NICE LANDSCAPING IDEAS FROM BECOMING DUMPSTERS?

better protect both cyclists + pedestrians along the wiggle → how to deal with stop signs?

Love the idea of ped. waystations through out L. Haight. Solidifies neighborhood as commercial corridor i. pedestrian 'play space'.

- Bike line on page from Webster east to Octavia
- Lots of bike share pools
