

LIVING ALLEYS

MARKET OCTAVIA

The SF Planning Department, Caltrans, SFMTA, and DPW invite you to the second public workshop to develop a plan for the alleys within the Market Octavia Plan Area.

Please join us to learn more about how alleys can be designed to improve safety, enjoyment, and comfort for all.

We will discuss:

- What you need to know to design a living alley.
- MTA presentation on potential mid-block crossings.

This project will help residents and business owners make a network of public places that strengthen the community, create a sense of identity, and make a more useful, safe, and attractive neighborhood.

We need your involvement. Please join us!
