

SAN FRANCISCO PLANNING DEPARTMENT

SCHEDULE OF APPLICATION FEES Effective August 30, 2013

Introduction: Fees shall be imposed in order to compensate the Planning Department for the cost of processing applications and for the development and revision of land use controls. Fees shall be charged and collected as indicated for each class of application, permit, filing request, or activity listed on this Fee Schedule and authorized in the San Francisco Planning and Administrative Codes.

CPI Indexing: The City Controller will annually adjust the fee amounts on this fee schedule by the two-year average consumer price index (CPI) change for the San Francisco/San Jose Primary Metropolitan Statistical Area (PMSA). A new fee schedule showing these adjusted rates and any other fee changes will be published in late August or early September each year.

Time and Materials: All applications (except Appeals, Discretionary Reviews, and Landmarks Designations) will be subject to time and materials billing if the cost of reviewing the application exceeds the initial fee charged on this fee schedule.

Fee Calculators: To estimate the intake fee for your project, please use the [Fee Calculator for Environmental Review and Entitlements](#) and the [Fee Calculator for Building Permit Applications](#).

Development Impact Fee Register: All [Citywide Development Impact Fees](#) are collected by the Department of Building Inspection (DBI) located at 1660 Mission Street. Development Impact Fees will be adjusted annually in January by the Controller's Office and will be based on Annual Infrastructure Construction Cost Inflation Estimates.

Contact Information: For all other information, including Planning Application Forms, please visit the [Planning Department website](#) or contact the Planning Information Center (PIC) at 415-558-6377 or pic@sfgov.org.
