

SAN FRANCISCO PLANNING DEPARTMENT

SCHEDULE OF APPLICATION FEES Effective August 31, 2012

Fees shall be imposed in order to compensate the Planning Department for the cost of processing applications and for the development and revision of land use controls. Fees shall be charged and collected as indicated for each class of application, permit, filing request, or activity listed on this Fee Schedule.

The City Controller will annually adjust the fee amounts on this fee schedule by the two-year average consumer price index (CPI) change for the San Francisco/San Jose Primary Metropolitan Statistical Area (PMSA). A new fee schedule showing these adjusted rates and any other fee changes will be published in late August or early September each year.

Time and Materials: All applications (except Appeals, Discretionary Reviews, and Landmarks Designations) will be subject to time and materials billing if the cost of reviewing the application exceeds the initial fee charged.

All Citywide **Development Impact Fees**¹ are collected by the Department of Building Inspection (DBI) located at 1660 Mission Street. Development Impact Fees will be adjusted annually in January by the Controller's Office and will be based on Annual Infrastructure Construction Cost Inflation Estimates.
