## Planning Commission Motion No. 18269 Environmental Impact Report Certification

HEARING DATE: FEBRUARY 10, 2011

*Hearing Date:* February 10, 2011  
*Case No.:* 2008.0021E  
*Project Address:* 3711 19<sup>th</sup> Avenue  
*Zoning:* RM-4, RM-1 and RH-1(D)  
40-X and 1Height and Bulk District  
*Block/Lot:* 7303-001, 7303-A-001, 7308-001, 7309-001, 7309-A-001, 7310-001, 7311-001, 7315-001, 7316-001, 7317-001, 7318-001, 7319-001, 7320-003, 7321-001, 7322-001, 7323-001, 7325-001, 7326-001, 7330-001, 7331-004, 7332-004, 7333-001, 7333-003, 7333-A-001, 7333-B-001, 7333-C-001, 7333-D-001, 7333-E-001, 7334-001, 7335-001, 7336-001, 7337-001, 7338-001, 7339-001, 7340-001, 7341-001, 7342-001, 7343-001, 7344-001, 7345-001, 7345-A-001, 7345-B-001, 7345-C-001, 7356-001, 7357-001, 7358-001, 7359-001, 7360-001, 7361-001, 7362-001, 7363-001, 7364-001, 7365-001, 7366-001, 7367-001, 7368-001, 7369-001, and 7370-001  
*Project Sponsor:* Seth Mallen, Parkmerced Investors, LLC  
3711 19<sup>th</sup> Avenue  
San Francisco, CA 94132  
*Staff Contact:* Rick Cooper – (415) 575-9027

### ADOPTING FINDINGS RELATED TO THE CERTIFICATION OF A FINAL ENVIRONMENTAL IMPACT REPORT FOR THE PROPOSED PARKMERCED PROJECT

MOVED, that the San Francisco Planning Commission (“Commission”) hereby CERTIFIES the Final Environmental Impact Report identified as Case No. 2008.0021E, Parkmerced Project, 3711 19th Avenue (“Project”), based upon the following findings:

1. The City and County of San Francisco, acting through the Planning Department (“Department”) fulfilled all procedural requirements of the California Environmental Quality Act (Cal. Pub. Res. Code Section 21000 *et seq.*, “CEQA”), the State CEQA Guidelines (Cal. Code of Regulations Title 14, Section 15000 *et seq.*, (“CEQA Guidelines”) and Chapter 31 of the San Francisco Administrative Code (“Chapter 31”).

- A. The Department determined that an Environmental Impact Report ( "EIR") was required and provided public notice of that determination by publication in a newspaper of general circulation on May 20, 2009
  - B. On May 12, 2010, the Department published the Draft Environmental Impact Report ("DEIR") and provided public notice in a newspaper of general circulation of the availability of the DEIR for public review and comment and of the date and time of the Planning Commission public hearing on the DEIR; this notice was mailed to the Department's list of persons requesting such notice.
  - C. Notices of availability of the DEIR and of the date and time of the public hearing were posted near the project site by Department staff on May 12, 2010.
  - D. On May 12, 2010, copies of the DEIR were mailed or otherwise delivered to a list of persons requesting it, to those noted on the distribution list in the DEIR, to adjacent property owners, and to government agencies, the latter both directly and through the State Clearinghouse.
  - E. Notice of Completion was filed with the State Secretary of Resources via the State Clearinghouse on May 12, 2010.
2. The Commission held a duly noticed public hearing on the DEIR on June 17, 2010, and received public comment. The period for acceptance of written comments ended on July 12, 2010.
  3. The Department prepared responses to comments on environmental issues received at the public hearing and in writing during the 61-day public review period for the DEIR, prepared revisions to the text of the DEIR in response to comments received and based on additional information that became available during the public review period, and corrected errors in the DEIR. This material was presented in a Comments and Responses document, published on October 28, 2010, distributed to the Commission and all parties who commented on the DEIR, and made available to the public at the Department at 1650 Mission Street.
  4. The Department has prepared a Final Environmental Impact Report (FEIR), consisting of the DEIR, any consultations and comments received during the review process, any additional information that became available, and the Comments and Responses document, all as required by law.
  5. Project Environmental Impact Report files have been made available for review by the Commission and the public. These files are available for public review at the Department at 1650 Mission Street, and are part of the record before the Commission.
  6. On February 10, 2011 the Commission reviewed and considered the FEIR and finds that the contents of the FEIR and the procedures through which the FEIR was prepared, publicized, and reviewed comply with the provisions of CEQA, the CEQA Guidelines, and Chapter 31.

7. The Planning Commission finds that the FEIR reflects the independent judgment and analysis of the City and County of San Francisco, is adequate, accurate and objective, and that the Comments and Responses document contains no significant revisions to the DEIR, and hereby CERTIFIES THE COMPLETION of the FEIR in compliance with CEQA and the CEQA Guidelines.

8. The Commission, in certifying the completion of the FEIR, finds that the project described in it:

A. Will result in the following significant and unavoidable project-specific environmental impacts:

1) Elimination of a visual/scenic resource of the built environment through the demolition of the existing garden apartment buildings and the removal of the existing landscaping;

2) Impairment of the significance of the Parkmerced historic district, an historical resource, through the demolition of the existing garden apartment buildings and removal of existing landscape features on the Project Site;

3) Construction-related transportation impacts in the project vicinity due to construction vehicle traffic and road construction associated with the realignment of the existing light rail tracks;

4) Traffic impacts at 8 intersections, including:

- Junipero Serra Boulevard/Sloat Boulevard/St. Francisco Boulevard/Portola Drive – Significant contribution to LOS F conditions during the weekday PM peak hour and weekend midday peak hour;
- Junipero Serra Boulevard/John Daly Boulevard/I-280 Northbound On-Ramp/I-280 Southbound Off-Ramp/SR 1 Northbound On-Ramp – Significant contribution to LOS F conditions during the weekday PM peak hour;
- 19<sup>th</sup> Avenue/Sloat Boulevard – LOS E to LOS F in the AM peak hour;
- 19<sup>th</sup> Avenue/Winston Drive – LOS D to LOS E in the weekend midday peak hour and significant contribution to LOS F conditions during the PM peak hour;
- Sunset Boulevard/Lake Merced Boulevard – LOS C to LOS E in the PM peak hour;
- Lake Merced Boulevard/Winston Drive – LOS C to LOS E in the AM peak hour and LOS D to LOS F in the PM peak hour;
- Lake Merced Boulevard/Font Boulevard – LOS D to LOS F in the AM peak hour and LOS C to LOS F in the PM peak hour; and
- Lake Merced Boulevard/Brotherhood Way – LOS D to LOS E in the AM peak hour, LOS C to LOS F in the PM peak hour, and LOS C to LOS E in the weekend midday peak hour;

- 5) Traffic impacts on the following freeway segments:
  - Southbound State Route 1 (Junipero Serra Boulevard) weaving segment between the on-ramp from Brotherhood Way and the off-ramp to John Daly Boulevard – Significant contribution to LOS E conditions during the AM peak hour, and LOS E to LOS F during the PM peak hour; and
  - Northbound State Route 1 (Junipero Serra Boulevard) weaving segment between the Brotherhood Way on-ramp and Brotherhood Way off-ramp, due to uncertainty of proposed mitigation to remove the loop onramp and replace it with a left-turn onramp, which is subject to Caltrans' jurisdiction.
- 6) Potential transit impacts due to the exceedance of the available transit capacity of Muni transit routes serving the Project Study Area, due to uncertainty of proposed mitigation to provide additional transit vehicles, which is subject to SFMTA's jurisdiction;
- 7) Potential transit impacts to the M Ocean View light rail due to route realignment and subsequent increased travel time, due to uncertainty of proposed mitigation to provide additional light rail vehicles or install transit signal priority, which are both subject to the SFMTA's jurisdiction;
- 8) Potential transit impacts due to increased vehicular traffic resulting in increased travel times for operations of the Muni 17-Parkmerced, 18-48<sup>th</sup> Avenue, 28-19<sup>th</sup> Avenue, 28L-19<sup>th</sup> Avenue Limited and 29-Sunset bus lines, as well as SamTrans bus service along the Lake Merced Boulevard corridor, due to uncertainty of proposed mitigation to provide additional transit vehicles or install transit preferential treatments, which are both subject to SFMTA's jurisdiction;
- 9) Transit impacts due to increased travel times and effects to operations of the Muni 17-Parkmerced, 28-19<sup>th</sup> Avenue and 28L-19<sup>th</sup> Avenue Limited and 29-Sunset bus lines, as well as SamTrans bus service along the Lake Merced Boulevard corridor;
- 10) Noise impacts due to increased traffic;
- 11) Light rail noise and vibration impacts;
- 12) Noise impacts due to operation of stationary noise sources potentially exceeding noise level standards;
- 13) Construction-related toxic air contaminates impact;
- 14) Operational regional air quality impacts;
- 15) Temporary wind impacts during phased construction;

16) Potential wind impacts due to the proposed Special Use District, which could result in exceedances of the wind hazard criterion or increases in the area subject to winds greater than 26 mph;

17): Operational biological impacts to special-status species, including interference with bird or bat movement and migration corridors and raptor nest sites due to operation of the 51 wind turbines on the western periphery of the Project Site;

B. Will contribute considerably to the following cumulative environmental impacts:

1) A cumulative impact to the Parkmerced historic district, an historical resource, through the demolition of the existing garden apartment buildings and removal of existing landscape features.

2) Cumulative traffic impacts at 13 intersections, including:

- Junipero Serra Boulevard/Sloat Boulevard/St. Francis Boulevard/Portola Drive;
- Junipero Serra Boulevard/John Daly Boulevard/I-280 Northbound On-Ramp/I-280 Southbound Off-Ramp/SR 1 Northbound On-Ramp;
- 19<sup>th</sup> Avenue/Sloat Boulevard;
- 19<sup>th</sup> Avenue/Winston Drive;
- 19<sup>th</sup> Avenue/Holloway Avenue;
- Brotherhood Way/Chumasero Drive;
- Sunset Boulevard/Lake Merced Boulevard;
- Lake Merced Boulevard/Winston Drive;
- Lake Merced Boulevard/Font Boulevard;
- Lake Merced Boulevard/Brotherhood Way;
- Lake Merced Boulevard/John Muir Drive;
- John Daly Boulevard/Lake Merced Boulevard; and
- Lake Merced Boulevard/Gonzalez Drive;

3) Cumulative impacts to traffic at four freeway segments on State Route 1 (Junipero Serra Boulevard):

- Southbound between the Brotherhood Way on-ramp and John Daly Boulevard off-ramp;
- Northbound between the off-ramp to Northbound I-280 and the John Daly Boulevard on-ramp;
- Northbound between the John Daly Boulevard on-ramp and the Alemany Boulevard off-ramp; and

- Northbound between the Brotherhood Way loop on- and off-ramps, due to uncertainty of proposed mitigation to remove the loop onramp and replace it with a left-turn onramp, which is subject to Caltrans' jurisdiction;
- 4) Cumulative impact to transit capacity under 2030 cumulative conditions by contributing transit ridership to screenlines expected to exceed available transit capacity;
  - 5) Cumulative noise impacts due to increases in traffic from the Project in combination with other development; and
  - 6) Cumulative air quality impacts;

I hereby certify that the foregoing Motion was ADOPTED by the Planning Commission at its regular meeting of February 10, 2011.

Linda D. Avery  
Commission Secretary

AYES: Commissioners Antonini, Borden, Fong, and Miguel

NAYS: Commissioners Moore, Olague, and Sugaya
