**INFORMATION REGARDING THE PROPOSED CONVERSION**

Describe the nature of the conversion, to include current and proposed uses for all existing guest rooms, and identify the room numbers and location by floor, etc. of the guest rooms to be converted:

Each Residential Hotel room in 1080 Bush and 1153 Bush (30 certified rooms, 31 functional rooms per description of 1153 Bush above) would no longer be subject to Administrative Code Chapter 41, with replacement units provided in certified Tourist Hotel units at 860 Sutter, meaning that a total of 39 rooms would replace the 31 Residential Hotel rooms at 1080 Bush and 1153 Bush. The attached spreadsheet provides equivalency analysis intended to demonstrate that, even before factoring in the overall 8-room increase in the number of Residential Hotel units subject to Administrative Code Chapter 41 proposed, that for each of the rooms at 1080 Bush and 1153 Bush can be replaced by an existing Tourist Hotel room at 860 Sutter that will provide equivalent or superior quality of accommodation. Sponsor respectfully submits that the 4th through 6th floor replacement rooms at 860 Sutter will provide superior accommodation, including enhanced window unit exposure, better overall access to private and shared bathroom facilities and equal or taller ceiling heights. Detailed plan sets for each property are on file with the Planning Department, Case No 2008.0586.

Attach as Exhibit A, a floor plan showing existing and proposed uses for the guest room area to be converted. The floor plans must be drawn to scale and illustrate any proposed construction or installment of improvements or change.

If the construction is contemplated, please indicate the tentative schedule dates for the start of construction, to include any issued Building Permit Applications to perform said work:

No significant construction is contemplated. Instead, minor property improvements required by the above-described Development Agreement will be performed pursuant to a Schedule of Performance attached to the Development Agreement.

Provide the current rental rate for each residential guest room to be converted.

Room number	Rental rate	Room number	Rental rate
See attached			

Provide a statement indicating how the one-for-one replacement of the units to be converted (designated in Section 41.13 of this Code) will be accomplished, including sufficiently detailed financial information, such as letter of intent and contracts, establishing how the owner or operator is constructing or causing to construct replacement housing if it is to be provided off-site. Please designate which option you have selected pursuant to Section 41.13.

The replacement in excess of one-for-one required by Admin Code Section 41.13(a)(2) will be achieved pursuant to the above-described Development Agreement.

**FILING FEES**

The requisite filing fee of \$ 510.00 payable to the Department of Building Inspection is attached:

Yes                       No

NOTE: If you have chosen an option pursuant to Section 41.13 of this Code which requires Department of Real Estate determination, you must contact the Department of Real Estate at 25 Van Ness Avenue, Suite 400. The Department of Real Estate will be able to answer questions on additional fees to be paid by the applicant regarding the cost of the requisite two independent appraisals.

**NOTICE REQUIREMENTS**

The applicant shall on the same day this application is filed with the Department of Building Inspection, post in a conspicuous place at the subject property, a Notice indicating that an application to convert has been filed, informing permanent residents the procedures prescribed by Sections 41.12(c) and 41.17 of this Code.

**APPLICANT'S DECLARATION**
